COMMUNITY ENGAGEMENT AND VISION

The schools within the Washington Central Unified Union School District are an integral part of their communities. Community support, financial and advisory, is necessary for the schools' operation and achievement of excellence. The WCUUSD understands the success of its vision is inextricably intertwined with the vibrant communities it serves. This partnership should be mutually beneficial. Community support is based on a mutual exchange, a dynamic process in which the WCUUSD contributes to the community's success and, in turn, benefits from the community's resources.

In order to maintain productive relationships with the community, the board will clearly articulate a vision for the school district. The board will also adopt a strategic plan to implement the vision which moves the district forward in its goals for student achievement. The board will closely monitor progress toward the vision and refine it as necessary.

Establishing the Vision

When creating a vision for the district and the communities served, the board will solicit community input in a variety of settings and contexts to ensure participation that is representative of the community itself. The vision will be informed by community input into values for use in creating the district's vision and goals. The superintendent will provide the board with data and research-based best practice.

Implementation

The board vision should inform the board's decision making. The board will budget sufficient resources to implement the strategic plan, and will receive monitoring reports on a quarterly basis to ensure effective implementation of the strategic plan. On an annual basis, the board will revisit the vision and strategic plan and make adjustments according to input from the community and the superintendent.
