

The District Download April 2023

Behind the Scenes:

Phishing attacks are a serious threat to school districts. Hackers are targeting school districts now more than ever before.

There is an easy and simple way to combat these attacks on our district's data. 2 step account verification prevents 99.5% of attacks caused by a compromised account.

In addition to phishing email scams, hackers will target cell phones for text message scams (smishing) and phone scams (vishing). These can only be prevented by your vigilance.

2 step Google Verification will be required by June 1st for all staff with access to student data.

Set up your 2 step verification today!

Tip of the Month:

Take Advantage of FREE Professional Development from our education partners.

Explore virtual training with SMART!

Register and explore all the sessions at Nearpod's virtual Camp Engage!

PowerSchool Honor Roll Awards nominations are open for PowerSchool champions making a difference at their school or district in four categories.

1. Empowering Educator - Teachers
2. Unified Impact - Schools & Districts
3. Excellence in Innovation - Problem Solvers
4. Technical Hero - Tech Admins

STAFF REPLACEMENTS

Every 5 years we replace staff devices to keep the equipment up to date. If you are on the 2023-2024 device replacement list, you will receive an email with more information.

2024 -2025 Device Replacement Check List
