CAITLYN PASCUAL, SEAN RYAN, JORDYN MCKEE,
MADELINE WRIGHT, LEHIA TANNER, & DAKOTA DASH
(GRADE 9)

DAMON HALL

"Join us in our exploration of art for public places. We produced image proposals for artwork to be displayed in different locations on campus and we will share with you our experience visiting the State Museum. We learned about the State Foundation on Culture and the Arts as well as the Art in State Buildings Law."

THE GOOD, THE BAD, & THE FLUFFY (INFORMATIVE AND DEMONSTRATION)

KYLE TYAU-BEAM (GRADE 12)

HS 11 - MRS. YOUNG'S ROOM

"Come and learn the ins and outs of the world of veterinary medicine and about my journey from not knowing anything to being an important member of VCA Gentle Vets. I learned valuable techniques and skills that helped me get to where I am now, the good and the bad."

RELIVING THE PAST FROM A DIFFERENT PERSPECTIVE (INFORMATIVE)

NIC DUNKEL-JONES (GRADE 12)

HS 2 - DR. HUDSON'S ROOM

"I went back to my middle school, SEEQS, but not as a student this time around, as an education assistant. I got to learn about the inner workings that I never saw when I was there before. Please join me to see what it feels like to look behind the curtain!"

BREAKING INTO THE FILM INDUSTRY (INFORMATIVE)

MEGAN UNRUH (GRADE 12)

HS 6 - MRS. FULLMER'S ROOM

"My presentation is about a day in the life of being on the set of movies and helping out movie directors. Join me as a movie director's assistant and I will show you the responsibilities that I have to do at Sight and Sound Productions."

USED CAR DEALERSHIP EXPERIENCE (INFORMATIVE)

NOAH KAM (GRADE 10)

HS 15 - MS. EMI'S ROOM

"During mentorship, I got to experience the different job titles that employees have at Auto X Change. I set a goal at the beginning of the mentorship- I wanted to be the best employee possible by working hard and helping my co-workers. Now I am so proud of what I have achieved. I will be showing a slideshow to the audience of what I did at the dealership and how I achieved my goals."

SESSION 2

8:35 – 8:50

PHOTOGRAPHY & AERIAL VIDEOGRAPHY (INFORMATIVE)

MAX MORELLI-VINE (GRADE 11)

DAMON HALL

"Enjoy a presentation about my experience at the Photography and Aerial Videography mentorship. I will showcase a gallery of pictures and drone videos taken throughout the year."

SESSION SUNFLOWERS (INFORMATIVE)

LEILANI BLUE (GRADE 10)

HS 2 - DR. HUDSON'S ROOM

"Have you ever wondered what's it like to work in a preschool? The main goal is to develop student independence and advocacy. So let me tell you what it's like. I'll be introducing my job at the Sunshine School. My days are filled with laughter and I will share my experiences at this job. I will show you interesting events and talk about what it is like working as a Teacher's Assistant."

I SCREAM FOR ICE CREAM (INFORMATIVE)

NOAH CACHOLA
(GRADE 12)

**HS 11 - MRS.
YOUNG'S ROOM**

"Have you wondered what it's like to work at an ice cream store? I will show you all the responsibilities of working at Dave's Ice Cream and demonstrate the safety precautions for working there. I will also talk about the importance of communicating clearly and effectively in the workplace. My presentation will include a review of some of our most popular flavors and toppings."

IT'S OUR TEE TIME, GUYS! (INFORMATIVE)

BRENDEN LOCQUIAO (GRADE 12)

HS 7 - MR. GIDDINGS'S ROOM

RUCKUS FISHING (INFORMATIVE)

OLIVER WHITLEY (GRADE 10)
HS 11 - MRS. YOUNG'S ROOM

"I learned everything from scuba to fishing. Our two boats, Makai and Ruckus, taught me many things. I will show you BCDs (buoyancy control devices), how to tie off on a cleat, how to drive the boat, the shifting process, rules of the ocean, fishing lines, dive flags, and adapting to what the business needs."

THE WORLD OF TECHNOLOGY AT HAWAII SPACE FLIGHT LABORATORY (INFORMATIVE)

BLAKE VASCONCELLOS (GRADE 10)
HS 7 - MR. GIDDINGS'S ROOM

"Technology is everywhere in our modern world. At Hawaii Space Flight Laboratory, technology is an integral part of what we do. Follow along with me as I teach you about what I have learned from my mentors, especially in the field of construction and robotics."

IS CAT CAFE WORK THAT PURRR-FECT? (INTERACTIVE & INFORMATIVE)

STEPHANY KANNO (GRADE 11)
HS 6 - MRS. FULLMER'S ROOM

"Toe Beans and Dreams is my cat cafe mentorship. Come to learn how we enhance human lives while saving cat lives too. Come meet one of our kittens, who will be available for adoption."

HELPING A HERO (INFORMATIVE)

GARIN YOUNG (GRADE 10)
HS 22 - MR. YUEN'S ROOM

"I will show a video interview with a World War II photographer. He is actually my grandpa, whom I cared for while learning about his job in the military and as a diner owner. For my mentorship, I also helped him to get exercise, eat, and have fun while talking about his history."

THE CURRENT SHUTTERS OF OUR FUTURE (INFORMATIVE)

LOGAN CHAN (GRADE 11)
HS 15 - MS. EMI'S ROOM

"Previous years of robotics have culminated into this year in particular, where we, as a robotics program, excelled. With a great deal of action, comes a great deal of documentation. Join me as I share my process in documenting our robotics program's growth and journey in First Tech Challenge and First Robotics Challenge, covering each gear that powers our school's STEM future and our efforts to share our own ideas with others."

SESSION 13

2:25 – 2:40

THE SECRET LIFE OF PLANTS (INFORMATIVE & INTERACTIVE)

ARMANDO GRANNIS (GRADE 10); NOA THOMPSON, MAILE MATSUOKA, MATTHEW STEPANIC, BAILEY CHUN, CASSIDEE HIGA, & KENNEDY BHATTACHARYYA (GRADE 9)

DAMON HALL

"We will journey into the secret life of plants through an informative presentation about our gardens and the different types of native plants that grow there. We will talk about some of the activities that we engaged in including our first plant sale. You will also learn about some of what it takes to maintain the gardens, propagate the plants, and the importance of the 3 W's. At the end of our presentation, we will play a game and you can potentially win a prize."

ASTAR: ASSETS STUDENTS TALKING ABOUT ROCKETRY (INFORMATIVE & DEMONSTRATION)

ANDREW "BO" LASHER, JACE LUCAS, EVAN ING, KYLE HUNG, TYLER LEE, SPENCER ALLEN, ORVILLE SMITH, & EVAN KAWASAKI (GRADE 9)

HS 2 - DR. HUDSON'S ROOM

"The Assets Rocketry mentorship will talk about rocketry's past, present, and future. We will discuss how different methods of propulsion have been used, and how rocketry has been applied to gather information about Earth, space, and our environment. There may even be a small-scale rocket launch, weather permitting."

DLNR: URCHINS & ALGAE (INFORMATIVE & INTERACTIVE)

GENEYA & DARIA MILANA (GRADE 12)

HS 11 - MRS. YOUNG'S ROOM

"Aloha from the Department of Land and Natural Resources Sea Urchin Hatchery! We will talk about one of Hawaii's keystone species, the sea urchin, and how our mentorship helps protect the environment by raising them. We will show a video of us at work and what a normal day at the hatchery is like. After the presentation, we will have an interactive celebration of knowledge."

MY FORAY INTO THE WORKING WORLD (INFORMATIVE)

ELLIS PANG (GRADE 11) **HS 7 - MR. GIDDINGS'S ROOM**

"At Foodland Farms Ala Moana, I worked as a deli assistant. I helped prepare "cold bar" foods like salads and other prepackaged items. After working for several months, I realized how hard it can be to earn a living and how tiring it can be to stand on your feet for the whole day."

FINDING OUT ABOUT YOURSELF (INFORMATIVE & DEMONSTRATION)

JAMISON HAGER (GRADE 11)

HS 6 - MRS. FULLMER'S ROOM

"Under the guidance of Dr. Karen Tyson, I will be sharing about the LD-ADHD Center of Hawaii. The LD-ADHD Center of Hawaii offers a wide range of services, but I will be focusing on neuropsychological evaluations, which are tests given to children to find out what is going on with their learning and social interactions. I will be demonstrating a sample test that we give to some of our students."

ABOARD THE MISSOURI (INFORMATIVE)

WILLIAM MORAN-MARKO (GRADE 12) & CODY LOPES (GRADE 11) **HS 22 - MR. YUEN'S ROOM**

"Using experience as a reference, we will show you a retelling of our activities on the USS Missouri battleship. Such activities include tying safety ropes together, maintaining and painting several large tools, and moving items around the ship. We will also retell the compelling tale of the USS Missouri in our presentation."
