Q4 Please provide us with your feedback on this issue as a parent or staff member.

Answered: 1,611 Skipped: 840

#	RESPONSES	DATE
1	As a parent, I am scared for my child's life to go to public school and hope that this could help keep our children safe.	7/18/2022 8:49 PM
2	Adding weapons to a school would be a disaster. The possibility of an accidental shooting is exponentially greater than any so called security that would be gained. Even the best intended staff member would not have training or capacity to adequately deter a shooting situation. School employees are educators, not armed guards. Please do not be influenced by the uneducated gun nuts who are pushing this idea.	7/18/2022 7:56 PM
3	I am under the assumption that there would be thorough training for the staff member, but I hesitate to think bringing more guns into the school is the right answer. There is such liability and risk involved that. I would not take my children out of CISD because of it, but I do not agree with arming teachers in school.	7/17/2022 3:03 PM
4	We need more security measures in place. doors are left unlocked. during events sign out sheets are just placed on a table allowing Anyone to sign my child out because it's easier for the staff.	7/17/2022 9:41 AM
5	b	7/17/2022 1:52 AM
6	As long as the gun is safely secured from the reach of kids to the best ability possible due to some troubled kids. And to do some kind of screening to the people/teachers/staff who will carry to be in some stable mental condition before and during the carry and/or possession of a firearm. All to the best ability possible. I know we only human but trying to prevent or simple protection to the best of our ability of any possible incident or situation occurring. And for som tax money to go to better door systems to help aide in unwanted entry.	7/16/2022 9:36 PM
7	They really need to wear it so students know it's there. But will it be secure?? I guess it all comes down to training. I do feel that the knowledge that teachers carry firearms needs to be part of the deterrent. And maybe all the students need to believe all the teachers carry guns? It's a complicated issue.	7/16/2022 12:33 AM
8	At least we'll have firepower in place if a shooter comes to call	7/16/2022 12:32 AM
9	The carrier not having a history of using SSRI drugs or any medication for mood disorders, anxiety, depression, etc. a thorough mental health exam and work up as well. Anyone with a history of either issues shouldn't be authorized to carry a weapon on school property.	7/15/2022 2:21 PM
10	I would feel safer for my son In today's time it's hard to send a child to school the not knowing all day I also would like to say that there should be only one entrance and exit for the children to enter for school daily I recommend that all schools should invest in a walk through security and a X-ray for backpacks and purses We have them in airports and court houses And how many shootings do you here of in those places Our childrens lives should mean a lot more than we are providing security for	7/15/2022 11:01 AM
11	Must have experience with guns and have carry license on top of cisd training	7/15/2022 9:38 AM
12	While I am not opposed to staff having guns to protect all of us I am very hesitant to put that responsibility on already over loaded teachers and coaches. I am all for hiring trained officers who are armed to be highly visible and stationed throughout each area of the high school.	7/15/2022 9:27 AM
13	Would need more info on "appropriately trained"	7/15/2022 2:00 AM
14	Uvalde had its own district police, we saw how well that worked out. Wrong answer to the problem, increases risks instead of decreasing.	7/14/2022 10:59 PM
15	I don't like the thought of a gun near my children.	7/14/2022 10:53 PM

Cleburne ISD Guardian Program Survey

16	Too many crazy people can not trust nobody the staff member can get angry and shot a student or a student can take the gun away from staff and shot I don't like the idea	7/14/2022 6:56 PM
17	I think it's amazing!	7/14/2022 6:30 PM
18	We need qualified persons protecting our kids	7/14/2022 5:54 PM
19	Parent	7/14/2022 9:43 AM
20	As long as they have mental health evaluation checked often and proper training I am ok with it. Anything to protect our innocent children.	7/14/2022 9:23 AM
21	Immediate Protection	7/14/2022 9:09 AM
22	I want my child protected from unwanted intruders carrying guns. I feel all campuses and teachers should carry to protect our children even down to the Principle Carrying.	7/14/2022 7:40 AM
23	Unfortunately, these times now call for educators to be armed, to protect our students and staff. It's important that all of us in school feel safe.	7/14/2022 3:43 AM
24	As long as it's a trained staff member. I think it's a great idea to be proactive to protect the students as well as the other staff members.	7/13/2022 10:13 PM
25	I would feel a million times better about my children attending school knowing there was some one there armed and able to step in at any moment. I am from Houston and our high school had police patrolling the school and campus and with how the world is now we should have that at every single school.	7/13/2022 8:42 PM
26	I agree as long as they are trained with firearms..	7/13/2022 8:30 PM
27	I conceal carry wherever I go to protect me and my family. I constantly worry about what would happen if something were to happen at my sons school and I were not there to protect him. Please take this guardian program into consideration to help ease parents minds while they are trying to make a living in this cruel world.	7/13/2022 7:32 PM
28	Please implement the guardian program! We are 100% for cleburne ISD staff being trained and have the ability to carry in order to protect our children and stop an active shooter.	7/13/2022 7:28 PM
29	I support this 100000%!!!!	7/13/2022 6:01 PM
30	I'm not for arming staff UNLESS I understood how such an effort was part of a comprehensive effort at prevention/early intervention. I can see the benefit, but also huge risks. I want a whole-child-school approach. I'd also like to know if children feel safer seeing their school officials armed.	7/13/2022 4:51 PM
31	I would support this program as a parent because it would give me a little bit more peace of mind if I knew someone else along with the police officer on duty was there protecting my child and other children.	7/13/2022 3:36 PM
32	I support under the condition that the staff member would be HIGHLY trained, VERY confidential (word tends to travel fast even among adults), and THOROUGHLY vetted to make sure the individual is emotionally stable and capable to handle a situation that may arise.	7/13/2022 3:14 PM
33	I feel it would only be appropriate for staff to carry depending on the guidelines of being able too.	7/13/2022 2:48 PM
34	Adding additional firearms to schools in the hands of teachers only increases the likelihood of a firearm related incident at a school. Not to minimize the tragic school shootings that have happened but there are roughly 49.4 million pre-k through 12th grade students in the US and there were roughly 83 students that were injured or killed in school shootings this year. That puts the likelihood of my child being involved in a school shooting at 0.000168%, I'll take those odds versus adding more firearms to a problem that does not currently exist on CISD campuses and may never exist on them. Beware of the law of unintended consequences. Instead make sure safety protocols are followed and update as needed per lessons learned from the recent tragic events. Add more trained law enforcement officers from local agencies to campuses as the district and local law enforcement officials see fit. Make this decision a logical one based on facts not an emotional one based on feelings.	7/13/2022 2:48 PM
35	As long as that person is COMPLETELY comfortable carrying, has had ALL training possible. And NO one is pressured or forced to carry. They need to be 10000000% comfortable and	7/13/2022 2:13 PM

Cleburne ISD Guardian Program Survey

trained to make carrying a firearm useful and successful.

36	I am a parent of a special needs child and I very much support staff carrying a concealed weapon! Our children need to be protected against crazy people!!	7/13/2022 12:58 PM
37	I am a police officer and served as a SWAT member for over 13 years. My wife teaches at a local elementary school for over 20 years and we have three children which all attend CISD. I strongly agree in having armed personnel on campuses IF and only IF they continually train. Training should include static as well as move and shoot. The halls could be chaotic in a active shooter situation. The armed person needs to have their heart rate highly elevated while training as it will be in a real life situation. Shooting alone is a very perishable skill and then add into the equation all the chaos of an event like this were to happen.	7/13/2022 12:47 PM
38	I strongly support having a trained staff member carrying to protect my children if any dangerous situations were to happen. I feel more comfortable having that then not having that.	7/13/2022 11:59 AM
39	For anyone to carry a gun they'd have to under go a strict and open fbi/Cia investation and my approval first and no cover ups by so called school rules or reasons .. everything would have to be an above/beyond and over the hill strictly open concepts to parents and whoever the so called law is...	7/13/2022 8:38 AM
40	Na	7/13/2022 7:53 AM
41	Our children need some kind of protection when eviil seeks them. Right now no one is able to defend them.	7/13/2022 7:52 AM
42	We have guns in our home to protect our family. But, when they are in school we can't. Our schools should be able too protect them the same way....	7/13/2022 7:46 AM
43	I feel that the 2nd amendment is crucial, and that a trained person with a firearm would help protect our children. Since the recent events at another school where officers did not help. Having a staff memeber inside the school would help in the rescue and unharm of children and staff.	7/13/2022 7:37 AM
44	Property trained with on going training I would support. Also have a full time CISD police officer on staff for the school year would be a major benefit.	7/13/2022 7:32 AM
45	Would one person be enough in high school? The school is quite large. Also, I think having a clear backpacks rule and metal detectors is another safety precaution that needs to be considered for high school and perhaps even middle school.	7/13/2022 7:08 AM
46	Having teachers armed will afford a better line of defense against a school shooting by having a defender knowledgeable of the location on site and not having to wait for LLEA to arrive which can save lives.	7/13/2022 6:57 AM
47	I don't believe that an employee of the school district should be concerned or taking on the responsibility of carrying a firearm that is what your Police department is for or hiring an outside law enforcement person for the school is something I'm okay with. I believe it puts and can put too much stress on the individual who is trained but doesn't utilize that training given on a daily basis	7/13/2022 6:06 AM
48	Our children deserve to be protected as we send them to the schools that we trust to keep them safe on a daily basis. There needs to be guns on campus with the teachers who are trained to take down potential school shooters.	7/13/2022 5:20 AM
49	Teachers who are trained with the skills to carry. Have a license to carry. Gone through training. Background checks to protect my child. I'm grateful that there are teachers willing to protect my child and any other child within the school district. It's a shame we have to look at this measure for protection. But I'm grateful for the teachers willing to protect our youth	7/13/2022 5:07 AM
50	This is not the job of a teacher. There are other security measures that can be put into place without arming civilian teachers. An armed teacher changes the dynamic of helping children.	7/12/2022 9:54 PM
51	As a parent i completely feel this is a good move on cisd and makes me want to stand behind them even more. If we're trusting you with our children and trusting you to keep them safe, that should be to the fullest.	7/12/2022 9:34 PM
52	I have no issue with it especially with how the world is turning it to be	7/12/2022 9:32 PM
53	My concern is if it's a student can they take down a student I'm not sure if they would be able	7/12/2022 9:29 PM

Cleburne ISD Guardian Program Survey

to especially if they've gotten close to that student another thing is are there going to be properly trained for that so that you don't hit an innocent student or innocent teacher or staff member

54	Strongly support staff carrying!	7/12/2022 9:10 PM
55	A staff member should never take on both the role of a police officer and a school employee. I am vehemently against this and I am also vehemently against my childrens teachers carrying a gun in my child's class. Accidents happen far too frequently and our children should never pay the price. I would be very disappointed in CISD and our board if they instituted this program.	7/12/2022 7:56 PM
56	Love the idea	7/12/2022 7:53 PM
57	I believe it is a great idea. If not that then use armed volunteer veterans they will gladly help	7/12/2022 7:19 PM
58	We need to do whatever we can to protect our kids.	7/12/2022 7:19 PM
59	I just have mixed feelings about having some carrying guns in a school around children	7/12/2022 7:06 PM
60	As a parent, I would feel safer with my child being protected to the fullest while in the care of Marti Elementary. I'm surprised that we haven't already had teachers carry and understand the safety of handling a firearm to protect the children that they are with 90 percent of the time.	7/12/2022 7:05 PM
61	As a parent I am thankful this is being considered and I pray it is implemented.	7/12/2022 6:37 PM
62	I believe that staff inside the building should have all the training they can get and the right to carry a firearm to protect themselves and students under their care. Please do all the necessary to make this happen for your safety and our children's safety. Thank you.	7/12/2022 6:12 PM
63	This should have been implemented throughout the education systems a long time ago. Very strongly support this!	7/12/2022 6:10 PM
64	None	7/12/2022 6:02 PM
65	I strongly believe in this. We need to retired vets or retired police to come keep our schools safe. Please do this and if any other parents disagree, then thier kids can go to school somewhere else.	7/12/2022 5:54 PM
66	Trained police and responding officers could be confused or uncertain as to who or why an individual is armed upon arrival.	7/12/2022 5:45 PM
67	Hire security guards. Teachers have enough to do. Police are not the answer. Have dedicated security guards solely for responding to active shooters.	7/12/2022 5:32 PM
68	As a parent with a child in elementary school I am just very unsure about how I feel about this	7/12/2022 5:30 PM
69	Staff members that want to carry a gun should undergo a psychological evaluation as well as be approved by a committee. Not just meet the requirements.	7/12/2022 5:28 PM
70	Que sean más amables	7/12/2022 5:23 PM
71	I strongly believe in our second amendment. I also have seen too many times a bad guy with a gun does not obey a "gun free zone". The only way to stop a bad guy with a gun is a good guy with a gun.	7/12/2022 5:02 PM
72	Yes I don't mind but the staff would have to be licensed and we'll train.	7/12/2022 4:37 PM
73	As a parent, I would very much agree. When I pick up my daughter from school, I see children going in and out of unlocked doors constantly before the last bell rings. This is especially true at Wheat with all of the construction going on and the unlocked temporary buildings they are using.	7/12/2022 4:23 PM
74	Designates staff member MUST remain anonymous and be trained to understand childhood development and behavior among the proper firearm training.	7/12/2022 4:18 PM
75	I feel that if there were a shooter, I would want more than our school officers to be armed. Cleburne High School is a very big school where many lives could be lost if not properly protected. Last year at Lowell Smith Middle School my son was threatened with a gun and it was ignored. I would want someone to be there if the person who threatened my son actually brought a gun to school after it was dismissed.	7/12/2022 4:05 PM

Cleburne ISD Guardian Program Survey

76	Training training training Protect our kids and staff please	7/12/2022 3:53 PM
77	If the person has training to carry a gun and has a background check then yes I support this	7/12/2022 3:52 PM
78	As a parent, I very strongly believe this is an important issue for our nation as a whole. If there are willing and competent staff members, I very strongly support them being able to carry a firearm for the protection and defense of school age children. I believe every child is entitled to a safe and carefree learning environment in their school setting.	7/12/2022 3:10 PM
79	I am all for anything that keeps our children safe	7/12/2022 3:02 PM
80	I believe it would help to make me as a parent for like my children are a little more protected during the moment of an incident	7/12/2022 3:01 PM
81	We have one officer for seven elementary schools. Same as Uvalde ISD and that officer was at a different school. We have two officers at the high school. The foot print of the HS is too big for two officers. If anything happens in CTE it will take two to three minutes to get from the far side of the school to CTE and vise-versa. That will be disastrous in that time frame. I'm not saying that teachers carrying is the right thing to do. I see where we should have minimum of four officers, we have five AP's spread out and that's not enough.	7/12/2022 2:53 PM
82	This should have already been in place in my opinion but thank you for trying to do it now	7/12/2022 2:44 PM
83	We need to protect our kids. The campus is too lax on security so it needs to be more secure. This is a different world we live in sadly.	7/12/2022 2:29 PM
84	I believe that having a guardian presence on campus ,properly trained, could save lives in an active shooter scenario due to response time of the authorities (Law enforcement) and other factors. I also think that with knowledge of there being armed staff it could work as a deterrent as well.	7/12/2022 2:20 PM
85	I disagree	7/12/2022 2:15 PM
86	I don't want someone I don't know carrying a firearm around my child. Your school has a good safety system in place already.	7/12/2022 2:13 PM
87	I'm in full support of trained staff members protecting our children and fellow teachers on campus and at school events.	7/12/2022 2:08 PM
88	I would feel more comfortable with a guardian at school for our kids at all times	7/12/2022 2:03 PM
89	Our children need to be protected at all cost!	7/12/2022 1:51 PM
90	It makes me sad and a little worried to have extra guns on campus, but I think that perhaps the pros outweigh the cons. The high likelihood that it could protect instead of cause additional harm causes me to lean toward supporting the program.	7/12/2022 1:46 PM
91	I think any step in the direction of protecting students and staff members is a great idea. In today's world one never knows what's coming. This kind of program is being instituted across the country, and I thank you for considering it.	7/12/2022 1:27 PM
92	I think you all need to open carry on every campus. Our kids need to be protected!	7/12/2022 1:09 PM
93	I think this would be a great deterrent to someone who was thinking about harming our children. I know other school districts that have this program and it works well for them.	7/12/2022 1:01 PM
94	We should be able to defend ourselves and our children.	7/12/2022 12:58 PM
95	We trust teachers to educate and protect our kids for about 8 hours a day, 5 days a week. I would love to know that if a shooter was on or near school property, the kids would be properly protected with possible deadly force.	7/12/2022 12:55 PM
96	I have no issue with armed people at the schools protecting our children. I would like to see a veteran program that hires prior service military to also help with that.	7/12/2022 12:52 PM
97	I will feel much more comfortable sending my child to school now at least a Faculty member can defend the school campus in all the children's that can come home to mommy and daddy at night it so my kids don't have a fear of going to school	7/12/2022 12:46 PM
98	I am good with trained people carrying a gun to protect our children. Because I believe that someone who comes into the school trying to do harm will find a way to do so, no matter how	7/12/2022 12:42 PM

Cleburne ISD Guardian Program Survey

many "gun laws" are passed. Because that person is unstable so they will find a way to do harm no matter what.

99	I agree as you said be trained and of course should be check the mental and background, our kids need protection, thank you so much to take it so seriously I appreciate it	7/12/2022 12:39 PM
100	Teachers have bad days as well as anyone and arming them with a gun can be dangerous as well. You never know what's going on in someone's personal life they might seem fine and one day they can just snap and do something they might regret.	7/12/2022 12:32 PM
101	I can see this as a solution for certain situations but I am worried that people would be racially profiled and there would be more harm done then there being a solution. Not say that I would feel comfortable with there being guns in school and my child attending it. Because there is also the possibility of having easy access on a weapon if someone where to retrieve It with malintent	7/12/2022 12:28 PM
102	Anything that improves the safety of the school, I am for	7/12/2022 12:21 PM
103	I strongly support this Guardian Program. It would give me more assurance of the safety of my child, other children and also staff members.	7/12/2022 12:18 PM
104	I believe this will help to prevent from a student or random stranger from committing a malicious act.	7/12/2022 12:18 PM
105	I believe it's a great idea to have trained staff on the property to protect the children and them selfs. I highly recommend sheep dog training for the training portion of it.	7/12/2022 12:16 PM
106	Want them to pass a psych test and police level background check.	7/12/2022 12:16 PM
107	As a parent of 3 students my experience with the CISD Employees has not been positive. There are some major issues that aren't address that directly effect implementing a "Guardian" or license to carry staff members. Having a firearm is a privilege that I feel requires a mental evaluation. Rather than implementing a Guardian schools need a better security system. The new construction within the school is not safe for students I feel the construction leaves students vulnerable.	7/12/2022 12:13 PM
108	Good support	7/12/2022 12:12 PM
109	Seems like a good idea for extra protection for our children and staff.	7/12/2022 12:11 PM
110	I feel That it is absolutely necessary to protect our children.	7/12/2022 12:11 PM
111	N/A	7/12/2022 12:11 PM
112	Additional security upgrades to the campuses are useless if proper protocol is not adhered to. On many occasions, at several of our schools, I have been able to walk directly into the school, completely unchecked during school events, such as field day or graduations, without having my ID looked at to verify my child attends or a name badge issued. I assume this is due to the high volume of visitors arriving around the same time and a desire to keep lines from forming, but these are the worst times conceivable for an armed assailant to gain entry and do harm. Not only would it be easier for someone to blend in with a crowd unnoticed, but larger groups of children are gathered in the same place, typically out in the open in close proximity to each other. Whether or not anyone actually chooses to carry, allowing the option, publicly announcing the decision, and posting signage would be enough of a deterrent (in my opinion) to prevent the situation from occurring in the first place. These gunmen are typically untrained and are trying to avoid resistance. If they were just looking to "suicide by cop", they would step into the police department and open fire, instead. However, should someone choose to be armed, they would be able to act much faster than waiting on police to arrive and decide when and how to enter the school. Whether or not they successfully stop the shooter doesn't matter, as resistance by itself is enough to slow down an assault and buy more time for police to respond. Even if it isn't to play the hero and save students, self preservation is enough motivation for a staff member to take action. I guarantee that if you were able to ask any faculty that has died during an active shooter event whether or not they would have preferred to have been armed, their answer would be an enthusiastic "yes". Unfortunately, however, they do not get a vote in the matter. Otherwise, this subject wouldn't even be up for debate.	7/12/2022 12:07 PM
113	We need trained licensed to carry firearms in school extra security	7/12/2022 12:05 PM

Cleburne ISD Guardian Program Survey

114	Gun laws are ridiculous and Staff need protection as well as our children I am for this!	7/12/2022 12:04 PM
115	I believe all members should be trained and have a gun somewhere safe and only the teacher knows where it is. So if someone is coming down the hall the teacher in any class room can protect their students	7/12/2022 12:03 PM
116	Teachers or candidates that would be armed in such a manner should have psychological testing and preferably be veterans. The ability to go directly into the Coleman office and enter the student area undeterred has long been a concern.	7/12/2022 11:56 AM
117	Don't have any	7/12/2022 11:52 AM
118	i would feel better about my kid being in school knowing he's protected	7/12/2022 11:52 AM
119	I would support this as long as there is an officer at the school also.	7/12/2022 11:46 AM
120	Every child needs to be safe.	7/12/2022 11:44 AM
121	I shouldn't have to be scared to send my child to school, worried that some lunatic is going to shoot up the school. If we had someone there that is trained and certified with a gun to protect our kids I would feel better because there would be someone there protecting the kids.	7/12/2022 11:42 AM
122	I think its very important to protect our students and staff. Locked doors are not enough as history has shown.	7/12/2022 11:38 AM
123	The majority of staff in every classroom/office, in all schools should be trained and armed. While unlikely to eliminate the possibility of these tragedies entirely, it WOULD serve as a stronger deterrent. It would also give faculty the best chance to minimize tragic loss of life. Children and staff alike need peace of mind. Their safety is priority one, and I support any effort to ensure that to be true.	7/12/2022 11:36 AM
124	Afraid kids will get a hold of gun and use if it's set down somewhere or hidden somewhere. Or staff member losing temper and using gun against students (mostly see this happening in high school or maybe middle school).	7/12/2022 11:34 AM
125	I am a parent and I totally agree with this program,	7/12/2022 11:33 AM
126	Current policy isn't working trying something new is a step in a new direction	7/12/2022 11:32 AM
127	7/12/2022 11:30 AM
128	I would feel better knowing that CISD hires trained police or security to protect our children.	7/12/2022 11:29 AM
129	As a parent I want my daughter to be protected at all times so having an on campus guardian is strongly recommended in my opinion. As long as they do an extensive background check on the person carrying the weapon.	7/12/2022 11:28 AM
130	I'm very glad this is being considered. I fear for my grandchildren safety every time they walk through school doors. Deeply in favor.	7/12/2022 11:27 AM
131	Bringing more guns onto campus is a horrible idea. https://everytownresearch.org/report/guns-on-campus/	7/12/2022 11:27 AM
132	Security needs to be high priority	7/12/2022 11:26 AM
133	Guns have no place on our school campuses. We have multiple examples of school shootings in which trained law enforcement was insufficient to protect our children. Outsourcing this responsibility to teachers is not the answer. Intentionally adding guns to the classroom experience will inevitably lead to more problems than solutions. Individual teachers and the district will increase its liability with this program. I do not support a guardian program.	7/12/2022 11:25 AM
134	I'm really big on protecting our students & community installing more cameras and metal detectors would be even greater just my opinion	7/12/2022 11:20 AM
135	I support having an armed staff member as long as the staff member voluntarily wishes to carry, has the proper temperament, and is properly trained (at no cost to the staff member) to use the weapon in a potentially extremely chaotic situation. And of course the students never know who is armed and never have access to the weapon.	7/12/2022 11:19 AM
136	As of right now, my answer would be "no I don't approve!" Need more info! To many accidents will be out there. Too many other problems as well.	7/12/2022 11:18 AM

Cleburne ISD Guardian Program Survey

137	Isn't safe	7/12/2022 11:18 AM
138	I do not want my children around teachers who carry guns. Mental health is a really issue and the district cannot speak to mental health and well being of these individuals. We already have issues with racism among current teachers. There's no way I want those same people procuring a gun and marching around MY children with their beliefs.	7/12/2022 11:18 AM
139	I would prefer more trained officers or law enforcement rather than a civilian protect my child and more security measures be placed in the schools.	7/12/2022 11:17 AM
140	My husband is a police officer. I strongly encourage and support police presence at our children's schools to keep them safe. 100%	7/12/2022 11:16 AM
141	Please do...and make sure all exterior doors are locked	7/12/2022 11:16 AM
142	I vote a resounding NO to arming teachers and staff.	7/12/2022 11:15 AM
143	I would feel alot better about sending my child to school knowing that you are taking every possible precaution to our children	7/12/2022 11:14 AM
144	I am not comfortable with anyone, training or not, carrying a deadly weapon in the school	7/12/2022 11:13 AM
145	The safety of the children and staff should always be #1 priority.	7/12/2022 11:12 AM
146	Gun-free zones are proven targets for criminals, again and again. As criminals don't abide by laws, this makes sense. Trained guardians are one solution to ensuring our students' safety. Questions that remain are: due to the size of some campuses (high school specifically) one guardian is NOT sufficient, plus who will provide back-up when this guardian is off duty (vacation, sick days, etc.)? As cell service is practically non-existent at the high school, will they be equipped with radios to ensure communication? Will there be a working relationship and adequate communication with Cleburne PD SRO officers to ensure a coordinated response? Who does the guardian answer to (chain of command) and how are they vetted? Veterans have the training and experience, so would be a feasible choice. While I support Cleburne ISD's attempt to respond to our nation's violence crisis, a more thorough response would be to offer all interested teachers gun-safety training, then when completed the authority to conceal carry so they may also provide a line of defense for our students, while clearly posting on each campus that they are protected in this manner which would create a first-line deterrent to any criminal activity. Other states and other Texas districts have done so. We have the legal standing to do so as a district, so why not do everything possible to protect our students and staff? Thank you for the opportunity to respond.	7/12/2022 11:12 AM
147	Training and arming anonymous staff is a good start. There needs to be more full time police presence at each school location, or hire an armed security firm.	7/12/2022 11:12 AM
148	Gun free zones are the most dangerous zones with the highest crime rate. So YES good people with guns is a MUST. Thank you!	7/12/2022 11:10 AM
149	I am in favor of this program but my only worry is the level of training provided to these Guardians. Also should require extensive background checks and mental health evaluation.	7/12/2022 11:10 AM
150	It all starts with proper training of staff. Secure each campus and do it well for the safety of everyone.	7/12/2022 11:08 AM
151	I would feel extremely better knowing the students and staff are a little more protected in this scary world.	7/12/2022 11:08 AM
152	Strongly support as long as it's an employee that is trusted and is not a brand new employee.	7/12/2022 11:07 AM
153	Strongly recommend armed security for all schools	7/12/2022 11:07 AM
154	Yes. They should be allowed with the proper training and licenses.	7/12/2022 11:05 AM
155	i agree with this and bringing back corporal punishment	7/12/2022 11:05 AM
156	As a veteran and gun owner, I support 100 percent a staff member carrying a concealed weapon in our school. This would be a benifit to the students and staff in a time of emergency. It would put someone on scene to deal with an intruder and stop any threat immediately. It would also deter anyone from thinking about it in the future too. Please consider what has happened around the state and the country when making your decision on this matter. One last	7/12/2022 11:03 AM

Cleburne ISD Guardian Program Survey

thing have you considered putting ex veterans at the front door for added protection! Thank you!!!

157	Protection is a first priority of our kids.	7/12/2022 11:00 AM
158	I would love as a parent to know that there is someone in my child's school that could defend her and WOULD defend her with a weapon if it ever happened. Same goes for me as an employee, I would love to know someone in my school has the ability to defend our school more than some locked doors and glass that would break with a single shot.	7/12/2022 10:59 AM
159	Knowing that someone is on campus who can fight for my children makes me feel safer. The way the world has become, it may be possible for this to occur in Cleburne, sadly.	7/12/2022 10:55 AM
160	I just want all kids to feel safe at school. No child should have to worry about getting killed at school. No parent should have to worry if their child is safe.	7/12/2022 10:53 AM
161	It's unfortunate that we need to do this, but I feel that armed teachers and staff could save the lives of kids if a mass shooting were to happen. We have to protect these kids and having a perpetrator be the only armed person is a huge disadvantage. Please do everything possible to protect our kids.	7/12/2022 10:53 AM
162	I want my kids to be protected when something happens not a hour later.	7/12/2022 10:52 AM
163	I feel that if there were trained staff members that were willing to conceal carry, not only parents, but students would safer as well. We live in crazy times, and I would rather be safe than sorry.	7/12/2022 10:51 AM
164	Safety	7/12/2022 10:50 AM
165	Guard program should carry firearms but they should have a very good background check to make sure our kids and staff membres are safe, clear backpacks can also be a good idea for kids and teachers to make sure they are not caring wepons, also a medal detector in school entrance, police officers around school campus at all times inside and outside school, school doors locked at all times and security cards for staff and students to go in school campus can also be provided	7/12/2022 10:50 AM
166	What ever helps keep out kids and teachers safe. I believe if the school has multiple floors that one or two Guardians should be appointed to each floor.	7/12/2022 10:49 AM
167	My biggest worry is how will this person make a determination of who is suspicious. Will she or he be only looking at race/ age / gender. We need someone who will be neutral to all persons entering campuses.	7/12/2022 10:48 AM
168	No issues with adults carrying guns.	7/12/2022 10:46 AM
169	I would want my child to be protected at all times.	7/12/2022 10:46 AM
170	As long as they were well trained both physically and mentality	7/12/2022 10:44 AM
171	I fully support a guardian program and would prefer it.I did not send my child the last day of school because of the school shooting in Texas the day before. I think this could give a lot of parents peace of mind during the school day as long as it is properly carried out.	7/12/2022 10:44 AM
172	This needs to be a priority to implement.	7/12/2022 10:43 AM
173	As a parent I want my child to be protected at school at all cost. In the world we live in today unfortunately children are being attacked at schools. For this reason I have no other choice but to trust other adults with my child. So I support the lawful carry of a firearm by staff.	7/12/2022 10:43 AM
174	All for properly trained staff to carry.	7/12/2022 10:43 AM
175	I think that this is needed in our schools. I appreciate the efforts that the school board is taking to make our children safer.	7/12/2022 10:43 AM
176	adding a level of protection for our children is always a good thing, especially with as many school shootings happening these days.	7/12/2022 10:42 AM
177	I already trust you to watch after and teach my child 5 days a week. I am trusting you with their life already, this gives me greater security in you protecting them if the worst were to happen. I would want to see that any chosen teacher has a secure place for the firearm so there are no accidental discharges of firearms possible. I would also like to see that a	7/12/2022 10:42 AM

Cleburne ISD Guardian Program Survey

background check along with a check on past and current relationship issues with parents and children are reviewed to ensure the individual has a calm and collected demeanor. That they are not quick to aggressive reactions. In other words level headed under stress. We live in a very stressful world with many rules and regulations that limit the way a teacher can interact with their surroundings and this is frustrating for many teachers and the ones who preform exemplary at this would be a smart choice for the program. I would like to see a program paired with the CPD to ensure these teachers aren't just thrown into a possible situation without much needed and possibly life saving guidance for them and their students. That being said a retired stable veteran would also suffice as a school guardian and it would give them a honorable and much needed place in the community.

178	Student safety should be number 1 priority	7/12/2022 10:42 AM
179	Are them all	7/12/2022 10:40 AM
180	As long as the person that is wearing the conceal secured weapon is trained and registered I'm okay.	7/12/2022 10:40 AM
181	Concern about children accidentally obtaining the weapon.	7/12/2022 10:39 AM
182	Trust issues for me, I wouldn't trust that the person carrying a handgun in school to protect our kids, simply for the fact of mental illness. What makes y'all think the person carrying the gum won't get mad one day and use it against anyone	7/12/2022 10:37 AM
183	We need to protect our children	7/12/2022 10:37 AM
184	I believe additional security at our schools should be in the form of additional police resource officers. Teachers and staff cannot be adequately trained to handle such events.	7/12/2022 10:36 AM
185	I firmly believe that properly trained and vetted school personnel are the most essential piece to properly protecting our children. Along with firearms training, basic first aid and trauma care also needs to be learned. A gun free zone is only a target for those who would cause harm to our students. Proper communication and cooperation with local law enforcement is also a key factor. If there is no protection on any campus, response times from the police department is going to be 4-5 minutes, at best, and that is nothing more than time and lives lost. Please put this plan into place!	7/12/2022 10:36 AM
186	More guns on campus allow for more opportunities for accidents, add more trained police officers on campuses if you want more guns on campus do not put the additional burdens on the teachers.	7/12/2022 10:34 AM
187	If someone on campus had the ability to defend my child in the event of a mass casualty situation, I'd support it 100%	7/12/2022 10:34 AM
188	I think this is absolutely necessary in this day and age...and especially at the high school we need multiple trained, concealed carry "guardians." PLEASE!!!	7/12/2022 10:33 AM
189	I think the district should hire someone to do this instead of teachers having to do it. However, if that's the only option, then I'm ok with it.	7/12/2022 10:33 AM
190	This program couldn't happen any sooner. I'd be more inclined to rewarding staff members who become certified in carrying on campus.	7/12/2022 10:32 AM
191	Yes, I think it is a wonderful idea to have highly trained and trusted individuals on each CISD campus have concealed handguns. Unfortunately with the eroding culture of our world, this is a necessity for student and staff protection and safety.	7/12/2022 10:31 AM
192	I support it based on perceived need. I hesitate based on many factors: competence, true necessity, politics, and more. You have to ask yourself in the unfortunate event of such activity are your ready to go from educator to the ultimate defender. If someone isn't committed to that, better "convicted" of it, they don't need to be a guardian. There's a true difference!! It's not about being a hero. It is about truly being capable of the ultimate sacrifice. We all would like to say we are; however, are they? Are teachers prepared to go from a loving teacher to a defense killer right in front of all you hold dear, likely sacrificing yourself and more? (Whether it is peace of mind, or life and limb) This is a big, big responsibility. I'd be remiss if I did not share, I believe, simply many teachers are not ready for that! Outside of fear and bravado have they truly thought through that scenario many levels. Have they walked through and thought over and over, "What would I do if?" If they haven't been chilled by walking through such occurrence within their own psyche, let me ask you, do you want to train them for	7/12/2022 10:31 AM

Cleburne ISD Guardian Program Survey

that exact event? Now, if such persons are ready and convicted of that exact reality, then trained. How do you maintain the balance and spread of such employees on each campus? There are so many facets to such an endeavor. It is not a band-aid nor quick fix, knee-jerk based on current climate. A Guardian Program truly is a massive social change. (Mindsets, skills, and operations) May God Bless Us All Sincerely, Ellen Riddell

193	I am a strong supporter of this plan. It is reactive as well as proactive and lets face the facts. With a program like this there is immediate response instead of waiting on law enforcement to arrive so much better chance of eliminating the threat before harm is done!!!!	7/12/2022 10:31 AM
194	Needs to happen	7/12/2022 10:29 AM
195	I would also support having police officers at each campus while school is in session. I think a SRO as well as trained teachers could strongly benefit each campus	7/12/2022 10:27 AM
196	I strongly support this to protect my children	7/12/2022 10:27 AM
197	Teachers have enough on their plate. We can get a police officer at every campus if need be but stop adding to teachers.	7/12/2022 10:26 AM
198	Must be adequately trained	7/12/2022 10:26 AM
199	As a teacher and licensed school marshal within another local district, I firmly believe that properly trained and vetted school personnel are the most essential piece to properly protecting our children. Along with firearms training, basic first aid and trauma care also needs to be learned. A gun free zone is only a target for those who would cause harm to our students. Proper communication and cooperation with local law enforcement is also a key factor. If there is no protection on any campus, response times from the police department is going to be 4-5 minutes, at best, and that is nothing more than time and lives lost. Please put this plan into place!	7/12/2022 10:26 AM
200	I believe it's a good idea is the educational environment we now live in. It would give parents & staff a little more assurance their children are protected. We have a lot of Ex military that would be a good choice. My only concern is most teachers are kind hearted & guns on campus or carrying a gun was not ever in their career choice. Lots of training & psychological background checks should be done.	7/12/2022 10:26 AM
201	I strongly support the Guardian Program but there is need for a first line of defense at the front doors at every campus. Axis Protection is an armed security company that is trusted by many churches in the area and would make a great addition to CISD.	7/12/2022 10:25 AM
202	I strongly support the program. If a teacher is willing to be the first line of defense against ignorance and against eminent threat they should be allowed to do so.	7/12/2022 10:25 AM
203	If I knew my children were in danger, I would like to know that they have a 1st line of defense there until police are able to get to them. Anything can happen in a matter of seconds. Also as a staff member, I feel like we will do what we have to do to help protect innocent children and fellow staff. So if I knew we had someone in the school carrying a concealed weapon, then we have extra help taking care that our children are just that much more safer. I think having a veteran as a staff member would be a great idea as well. They understand what it is to be under pressure and how to protect. Plus it will help open up a few job opportunities for them.	7/12/2022 10:24 AM
204	It is comforting to know that a trained person would be there for their safety.	7/12/2022 10:24 AM
205	It is getting harder and harder to keep our kids safe. I feel like this would be a great program for our district. If we can prevent it from the start why not do it? Anything to protect our children from harm at school is a must-have!!	7/12/2022 10:24 AM
206	Please don't have teachers carry guns in class.	7/12/2022 10:23 AM
207	More guns will not solve the gun issue in our county. If the trained officers in Uvalde didn't protect those children and staff why would teachers be trusted to. On top of everything teachers are too underpaid to take on the burden of being responsible for lives.	7/12/2022 10:23 AM
208	It's so incredibly sad that this has to be a consideration but due to how the world is today, having a teacher or member of the staff carrying would make me feel much safer about my children being at school. Our children need that safety blanket. Us as parents need that safety blanket. Staff members need that safety blanket. Our children, teachers, or staff members shouldn't have the burden to make the decision between their lives and the lives of our	7/12/2022 10:23 AM

Cleburne ISD Guardian Program Survey

children. I hate that every single morning I have to triple check to make sure I've said all of my I love yous and see you later. So I'm in full support of anything that makes our children, teachers, and staff members feel safer in our schools. As long as they all feel safer, I feel safer for my babies.

209	For their safety	7/12/2022 10:23 AM
210	I don't believe more guns is the answer. Just because a person is armed does not give them the courage to confront a shooter with an AR-15	7/12/2022 10:21 AM
211	We need to do everything we can to protect our students and staff.	7/12/2022 10:21 AM
212	It would be a good idea if they are properly trained and a strong back ground check approved by a school board vote	7/12/2022 10:21 AM
213	Have a gun in the front office as well as bullet proof glass	7/12/2022 10:20 AM
214	I mostly support this program because police officers will not put themselves in harms way. The school will not allow me to get to my kid with lockdowns so I can protect them. One other thought to this is that the lockdowns themselves do not work if police are going to come in the school to take out a shooter. If that's their protocol then something else needs to be done, like finding escape routes, or building escape routes. Not just sit a wait.	7/12/2022 10:20 AM
215	I strongly support this for the safety of all of our children.	7/12/2022 10:20 AM
216	None.	7/12/2022 10:20 AM
217	As long as the individual feels confident of themselves in taking on the responsibility, and goes through the training	7/12/2022 10:19 AM
218	I would definitely love to have a trained staff employee to ensure if anything were to happen my child is protected.	7/12/2022 10:19 AM
219	I am 100 percent in support for there to be trained individuals with guns at my daughters school.	7/12/2022 10:19 AM
220	In the environment we live in today, it is a must to have people on campus that could do more than just throw books at an intruder. It may or may not save a like but, we must at least have more protection for our kids and ourselves.	7/12/2022 10:18 AM
221	Strongly support this!	7/12/2022 10:18 AM
222	I think everyone needs to carry . This world has come to this . Our children are safe wherever we go . It takes that special someone that is having a bad day or just gets the kicks out of hurting people so yes our teachers and staff should be able to protect our kids cause the way things are going if they want to come in there coming in it doesn't matter if door secured our what have u so I'll stand for everyone needing to carry .	7/12/2022 10:18 AM
223	I'm ok more protection on campus for our kids	7/12/2022 10:18 AM
224	I strongly believe that if someone trained and trusted were armed (unknown to others) they could act swiftly to immediately de-escalate a shooter situation.	7/12/2022 10:17 AM
225	Kids should feel safe to go to school and should be protected by any means necessary. I strongly agree to the guardian program and keeping our kids safe.	7/12/2022 10:17 AM
226	As a parent I love this idea.	7/12/2022 10:17 AM
227	I would feel my kids would be safer at school	7/12/2022 10:16 AM
228	I have two kids going to Santa Fa Elementary. I 100% on board with my children being safe and the staff members carrying to protect our children.	7/12/2022 10:16 AM
229	Having a reaction time less than 7-8 minutes in certain situations can save lives. Waiting to react can cost them.	7/12/2022 10:16 AM
230	I don't support this completely but as a security measure while the federal government comes up with a better plan for the safety of our children and cisd staff members I will vote yes	7/12/2022 10:16 AM
231	I feel other options should explored such as a district police force before we arm teachers.	7/12/2022 10:16 AM
232	I would feel more confident sending my child to school knowing there are people there who can	7/12/2022 10:15 AM

Cleburne ISD Guardian Program Survey

save her from a possible shooter.

233	1. It is not what teachers went to school for, let them be police officers if they want to have guns at work. 2. How often will the "guardians" metal fitness be reassessed? 3. What if a "guardian" gets it wrong what is their and the districts liability for the multi-million dollar lawsuits that will be filed? 4. Will parents or students or administrators truly feel safe to advocate for the child if in the back of their minds they know that this teacher may have access to a gun?	7/12/2022 10:15 AM
234	Instead of teachers having to carry a weapon the school district should have several police working in camps or hire private security services That are well trained and will act immediately (more budget for our school security)	7/12/2022 10:15 AM
235	I am 100% in favor of this program! Our children and the educational staff members deserve to have every opportunity to protect their well-being should the need arise. This program is long overdue!	7/12/2022 10:15 AM
236	It's great idea...protecting our children is first and foremost...thanks	7/12/2022 10:15 AM
237	I'd love for this to take place	7/12/2022 10:15 AM
238	Only law officials and campus police should carry and operate firearms especially in a school environment. No weapons should be concealed.	7/12/2022 10:15 AM
239	I would love to see staff in school	7/12/2022 10:15 AM
240	I want to know that when my child goes to school, they will be coming home at the end of the day. I want my child protected at all times. Therefore, I strongly support the implementation of a guardian.	7/12/2022 10:14 AM
241	As long as the guardian program is coordinated with local law enforcement, properly trained and supported, I would support the program.	7/12/2022 10:14 AM
242	Great idea! I will always support protecting our kids!	7/12/2022 10:14 AM
243	I am for having a properly trained individual on campus.	7/12/2022 10:13 AM
244	I feel like that is an adequate way to deter violent issues in our schools.	7/12/2022 10:13 AM
245	With all the previous events happening in school I would strongly support the concealed gun carry program for the best of children, teachers and everyone in the staff.	7/12/2022 10:13 AM
246	I want my children protected	7/12/2022 10:13 AM
247	I'm actually the grandparent of a sophomore student, I take her and pick her up	7/12/2022 10:13 AM
248	I think adding more guns to be available in the school isn't the answer or will help. We all know it won't stay a secret as to which staff members have them. As well as it would make them possibly accessible to students that are focused on getting them. Or even in younger grades there could be possible accidents	7/12/2022 10:13 AM
249	I fully support this program!	7/12/2022 10:13 AM
250	Please do whatever you can to protect our babies.	7/12/2022 10:12 AM
251	I don't want to be in fear of my children going to school everyday. With the guardian program it will give parents a peace of mind knowing if something horrible does happen our children and their teachers have protection.	7/12/2022 10:12 AM
252	Than you	7/12/2022 10:12 AM
253	I don't think this would be a good solution for anything. There is not enough data to prove this will help anything.	7/12/2022 10:12 AM
254	As a former soldier in the US army I fully believe the only thing that can stop a bad person with a gun is a good person with a gun. Our children deserve to be protected, if it's good enough to protect the president shouldn't our children have that protection. Also look into the program on cbs11 news about school safety	7/12/2022 10:12 AM
255	I like the idea of a staff member being able to protect the students but at the same time I'm having mixed feelings because of racial hate you cannot weed out Racial hate.	7/12/2022 10:12 AM
256	I support, however I feel like the person carrying should have great mental health, strong	7/12/2022 10:12 AM

Cleburne ISD Guardian Program Survey

ethics and we very well trained.

257	As long as an extensive back ground check, and mental health check are up to date and re done often. I'm whole heartedly ok with people protecting my child to the best of their ability's, with any means available to them.	7/12/2022 10:12 AM
258	I need my child to be safe when I am unable to be there to do so. I feel this would be a good way to accomplish that.	7/12/2022 10:11 AM
259	Every available security option should be utilized. This program would be very little cost. Seems it would negligent for an ISD not to utilize everything the law allows for school security.	7/12/2022 10:11 AM
260	100000%! Protect my babies!	7/12/2022 10:11 AM
261	Our kids in the elementary realm are sitting ducks. Please provide the protection they deserve.	7/12/2022 10:11 AM
262	I do not feel comfortable having my child around strangers with guns. The police are one thing but I do not know the amount of training or the mental status of the people involved. How limited is their role around students? Are they just there for active shooters or will they be security for students and disgruntled parents? If I am unhappy with an issue involving my child I want to voice my frustration and concerns without being intimidated by someone with a firearm. And who is responsible if a child is hurt by one of these individuals? It seems like a bad idea.	7/12/2022 10:11 AM
263	100% in favor or properly trained and armed staff members.	7/12/2022 10:11 AM
264	Highest standard of continued training and mental evaluations are must. This is not a panaceas to a complex problem. Each classroom should have effective locking mechanisms	7/12/2022 10:11 AM
265	My concern is that the teachers will not be properly trained and also when did it become the teachers job to carry a firearms. I feel that property security of doors and the fencing of perimeter of the site should be the first priority. My other concern is that there is not a patrol of the parking lot and the hallways this should be done by someone other than the teachers their job is to educate not police or security!	7/12/2022 10:11 AM
266	I'm ok with as long as kids have no idea or access to firearms, for we are not familiar if all kids are properly educated of firearms.	7/12/2022 10:11 AM
267	With the way this world is now, I strongly agree having an armed staff would put us parents at ease, knowing it could possibly save our children's lives.	7/12/2022 10:11 AM
268	I want my children protected , whatever it takes.	7/12/2022 10:11 AM
269	With proper training it would be a great relief to parents and students THANK YOU for your foresight	7/12/2022 10:11 AM
270	First would like to see those that bring guns on campus properly punished. I know of two shootings on chs campus last year that were covered up. One was a drive by outside the arena with orbi guns hitting numerous girls. The girls turned them in and they were back in 20 days, boys shooting others between classes and no punishment. Need to get that under control before we arm teachers and they shoot one .	7/12/2022 10:10 AM
271	The primary job of a teacher is to teach my children. If they have a weapon on them, teaching becomes a secondary job. If you feel that campuses aren't safe, hire more police officers or school marshals, someone whose only job is security and maintaining the safety of their weapon.	7/12/2022 10:10 AM
272	I want my child safe. I want to feel comfortable sending them to school knowing they're going to be protected. I fully support this plan.	7/12/2022 10:10 AM
273	This would give me a much greater peace of mind knowing that the school had trained individuals that are armed in the case of an active shooter.	7/12/2022 10:10 AM
274	I want my child protected, not just told to run.	7/12/2022 10:10 AM
275	Strongly support	7/12/2022 10:10 AM
276	I believe this would be helpful and would keep anything like what has happened at other districts from happening here if we were able to display the sign that we have trained staff that conceal carry on the school grounds in the event that something were to happen.	7/12/2022 10:10 AM

Cleburne ISD Guardian Program Survey

277	As a parent knowing there are trained and certified teachers on campus who can immediately protect the children makes Mr feel more comfortable	7/12/2022 10:10 AM
278	I'd love to help implement this program. I have a LTC.	7/12/2022 10:10 AM
279	I personally feel good about this decision as long as the person has had an intense background check .I think with the world being the way it is having someone there to help protect children is in all of our best interest.	7/12/2022 10:10 AM
280	These teachers should have the same training schedule as the police as far as qualifications go. I would prefer even more but asking that would be a little unreasonable. Anything less and I will whole heartedly and vehemently oppose it	7/12/2022 10:10 AM
281	This is absolutely offensive and dangerous idea. We need gun control- not armed teachers. They are educators- not a SWAT team.	7/12/2022 10:10 AM
282	I feel school safety is very important. The only way to stop a person shooting is w/a gun. Training staff & allowing them to carry could be the difference in the loss of lives should a mass shooting incidence occur!	7/12/2022 10:10 AM
283	Please keep our children safe, protect yourself and the kids that is all a parent wishes.	7/12/2022 10:09 AM
284	I think it's a good idea	7/12/2022 10:09 AM
285	Do whatever is needed to protect our children.	7/12/2022 10:09 AM
286	I believe it would be appropriate. We are surrounded by guns all of the time. We have armed personnel at courthouses to protect those that work there. Why not have armed personnel to protect our most important assets: our children and teachers/staff? Thank you!	7/12/2022 10:09 AM
287	I feel as though properly trained, and armed, individuals are needed to protect our children. It's horrible to consider, but ultimately necessary. I would strongly encourage multiple assessments prior to implementing this drastic step, to include psychological assessments prior to and during employment.	7/12/2022 10:09 AM
288	Need more information about training procedures and screening process	7/12/2022 10:09 AM
289	I strongly support the carry of a concealed weapon to support and protect my children while at school. I think this is a great idea and should be at the top of the list of new things to be implemented. With everything going on these days I do NOT want cleburne ISD to be the next victim of a school shooting.	7/12/2022 10:09 AM
290	Every person that is willing to be vetted, and pass qualifications should be allowed to become a guardian. I urge to not restrict the amount of guardians. Never know when tragedy will strike or where it will strike. Spread out the odds by allowing ALL volunteers whom pass standards to become guardians. Go into this full force, no bars held mentality. Janitors, cafeteria l, aides, etc. the more the better. Of course pass standards	7/12/2022 10:09 AM
291	I think is a great idea I hope it happens	7/12/2022 10:09 AM
292	I am all for the safety of my children and other children. I believe a school should be a safe place for them to learn and excel. Trained personnel carrying a weapon is not a problem.	7/12/2022 10:09 AM
293	As a parent we trust the schools to protect our kiddos. We are strong supporters of concealed licensing and fully support the school boards effort to implement this action	7/12/2022 10:08 AM
294	I strongly support the concept of this program as long as it entails rigorous and regular training.	7/12/2022 10:08 AM
295	I do support staff member having firearm on campus however knowing that a full background check has been done, trained and licensed.	7/12/2022 10:08 AM
296	Let parents protect the school too. It should not be a gun free zone	7/12/2022 10:08 AM
297	As long as teachers are vetted and trained, it needs to happen.	7/12/2022 10:08 AM
298	Protect our students.	7/12/2022 10:08 AM
299	I believe each school should have a security guard though if not I agree with teaching carrying as long as it's concealed and safely to wear children can't get ahold of.	7/12/2022 10:08 AM
300	I feel a trained more qualified police officer should have that responsibility. Not a civil licensed to carry a weapon around children.	7/12/2022 10:08 AM

Cleburne ISD Guardian Program Survey

301	I believe that a it is a deterrent for an intruder to know that ransoms people are armed rather than believing s/he is walking into "sitting ducks." The quicker the threat can be eliminated, the better. An SRO can't cover an entire campus quick enough, especially at the middle schools or high school.	7/12/2022 10:08 AM
302	I'm not there to protect my kids so I would feel more comfortable knowing that the staff were carrying.	7/12/2022 10:08 AM
303	Highly recommend this happens! We need our children safe when us parents are not around to protect them ourselves!	7/12/2022 10:08 AM
304	If not the guardian program then we need an officer at every campus	7/12/2022 10:08 AM
305	I would prefer all staff have a firm background check before carrying anything as well as a more campus	7/12/2022 10:08 AM
306	Yes I agree	7/12/2022 10:08 AM
307	Our children need to be protected to the best of the school's ability. We trust you to do that, however it has to be done. I think the guardian program is a good idea.	7/12/2022 10:08 AM
308	Sounds good on paper but not this would really work in a real crisis	7/12/2022 10:08 AM
309	Would want them to be fully trained and mentally be able to handle the situation.	7/12/2022 10:07 AM
310	I support this program. I feel it is important that the person or persons carrying is educated and qualified with ample amount of practice.	7/12/2022 10:07 AM
311	I actually do some work with a company that trains teachers (Guardian Program) and highly recommend. I do think those assigned should be prepared and ready for any situation. Definately not for everyone. Also, please do quarterly training for those teachers if you're going to implement. It so important for them to train appropriately for situations in order to safely and properly use a firearm	7/12/2022 10:07 AM
312	Na	7/12/2022 10:07 AM
313	It would be more efficient and cost the school district less, plus give us comfort in knowing. As long as they or very knowledgeable about how to carry and trained on that type of situation	7/12/2022 10:07 AM
314	I would be happy to know our children were better protected by a trained qualified staff member in the unfortunate event if needed.	7/12/2022 10:07 AM
315	As a mom, I would feel a lot more comfortable, but that they make sure they know the staff member can be trusted.	7/12/2022 10:07 AM
316	Given appropriate training, and careful selection of personnel, I think this is a strong deterrent.	7/12/2022 10:07 AM
317	Que una persona porte un arma con autorización dentro de la escuela no soluciona el problema de raíz que es la venta deliberada y sin controles a personas con posibles problemas psicológicos u otro	7/12/2022 10:07 AM
318	I fully support a guardian program. I carry to protect myself & children every day. I support teachers being able to protect our children at whatever cost is necessary when they are not with us.	7/12/2022 10:07 AM
319	Protect the children	7/12/2022 10:07 AM
320	We need to provide every safety measure we have to protect our children.... please train staff who are comfortable caring a firearm or please hire retired veterans to protect our halls during school hours	7/12/2022 10:07 AM
321	Hard-core training is the key to keeping our families safe	7/12/2022 10:07 AM
322	Protect our kids!	7/12/2022 10:07 AM
323	I don't want my kid around more guns. I don't feel safe with my child around guns. I am extremely against this and will pull my child out of cleburne elementary if this passes.	7/12/2022 10:07 AM
324	I would love to have someone protecting all the kids as anything can happen at any time! I support this so so much	7/12/2022 10:07 AM

Cleburne ISD Guardian Program Survey

325	It's extremely unfortunate that these are the times we live in, but I think if we have responsible staff members willing to go through the training and follow it accordingly, this will put staff, students, and parents at ease with a way to defend our classrooms, just in case we have to face this absolutely horrible scenario.	7/12/2022 10:07 AM
326	Follow the example set by Keene ISD.	7/12/2022 10:06 AM
327	I would want more information about how this would be implemented and what steps what needs taken to keep my children safe.	7/12/2022 10:06 AM
328	Totally agree	7/12/2022 10:06 AM
329	As a parent I am concerned everyday for my child's safety and all students. As a teacher I worry if the training I have received is enough to protect my students. I have had my LTC since 2014. I am in support of armed individuals/teachers on all campuses and also am in support of being a trained armed teacher on my campus.	7/12/2022 10:06 AM
330	I 100% agree with this program.	7/12/2022 10:06 AM
331	I feel like it would put my mind at ease knowing the staff has a way of protecting our children other than just throwing random things at an armed intruder	7/12/2022 10:06 AM
332	School shootings are becoming more and more frequent. Someone who is competent and properly trained, who works on campus should carry a firearm.	7/12/2022 10:06 AM
333	I think it would be a great idea if the said staff member(s) had significant and adequate training with firearms and when and where to use that measure of defense. I would want to be secure in knowing those people would have an extensive background check before allowing them the responsibility.	7/12/2022 10:06 AM
334	I think if they are well trained then it's a no brainer.	7/12/2022 10:06 AM
335	I think it's a good idea to ensure the childrens safety as long as proper training is conducted	7/12/2022 10:06 AM
336	Officers should be placed on school campuses instead of having teachers carry firearms.	7/12/2022 10:06 AM
337	I would not be ok with this because of "accidental"	7/12/2022 10:06 AM
338	I think this is a must! Its to dangerous to have all those kids in a place that cant protect them.	7/12/2022 10:06 AM
339	Keep my twins safe please that's all I ask	7/12/2022 10:06 AM
340	I support this completely	7/12/2022 10:06 AM
341	I firmly believe that training and arming staff is a great idea.	7/12/2022 10:06 AM
342	I want our children to be as safe as possible without them having to be in an atmosphere of prison like circumstances.	7/12/2022 10:06 AM
343	I think it is a Great idea & Very Strongly support this. Thank you	7/12/2022 10:05 AM
344	Old CHS buildings block cell signal, and the last time I checked there were no landlines in the classrooms. Teachers can't even call for help. The guardian program sounds like a good way to add some protection.	7/12/2022 10:05 AM
345	I think it's a great idea.	7/12/2022 10:05 AM
346	Protect our kids.	7/12/2022 10:05 AM
347	Love to suuprt in anyway is possible	7/12/2022 10:05 AM
348	If you can't do the guardian program, then at least do concealed permits for teachers & staff members and pepper training for ALL staff including Bus Drivers!	7/12/2022 10:05 AM
349	As a CHL holder I believe that everyone should exercise their right to the 2nd amendment. No place should we prohibit the ability to carry	7/12/2022 10:05 AM
350	I have strong thoughts on this. I believe it should be an individual that is fully trained, prefer an off duty police officer. I don't believe they should have kids that attend the school at all. If not an off duty police officer then I believe they should put an on duty officer at every school.	7/12/2022 10:05 AM
351	I think the guardian should have an understanding of healthy psychology and also be tested for	7/12/2022 10:05 AM

Cleburne ISD Guardian Program Survey

	mental illness. They should not be in mind-altering medication.	
352	If they're legally able to carry it and able to use it I would be very proud to be part of it because most people don't understand how other people feel and where the other school shooting happened I lost two best friends one as a teacher and her husband passed away afterwards	7/12/2022 10:05 AM
353	Should have happened years ago. Metal detectors, single point entry/exit, armed teachers, etc... YES	7/12/2022 10:05 AM
354	Our children need locked doors and gun safety in our schools. We need someone to stand up for our babies at all cost	7/12/2022 10:05 AM
355	For the safety of our children I support this program.	7/12/2022 10:05 AM
356	I feel my child would be safer in a school where faculty and staff were trained and allowed to keep a weapon on them during the school day.	7/12/2022 10:05 AM
357	There are a lot of former military that are qualified for such a job, I hope you would consider them.	7/12/2022 10:05 AM
358	N/A	7/12/2022 10:05 AM
359	I'm ok with Whatever needs to be done to protect our children.	7/12/2022 10:05 AM
360	I support bolstering the schools security staff, not arming teachers. Security staff should also go through regular training.	7/12/2022 10:05 AM
361	We need to protect our future (kids) with equal or greater means than we protect banks and politicians.	7/12/2022 10:05 AM
362	I love this idea and I believe it should be implemented in every single school!	7/12/2022 10:05 AM
363	I strongly support 100% staff members carrying firearms for the safety of the children and themselves.	7/12/2022 10:05 AM
364	There is no place for ANY gun on our school campuses. This is not the answer to school safety.	7/12/2022 10:05 AM
365	Strongly agree	7/12/2022 10:05 AM
366	I support this 100%, I'd feel my child was safe if the teachers after going through a safety course carried.	7/12/2022 10:05 AM
367	The more protection for our children the better.	7/12/2022 10:04 AM
368	If I can't be there to protect my kids, I feel someone needs to!	7/12/2022 10:04 AM
369	Training is very important.	7/12/2022 10:04 AM
370	We need to protect our children please pass this	7/12/2022 10:04 AM
371	With proper training I am strongly for this.	7/12/2022 10:04 AM
372	As long as the individual is properly trained I agree with the program	7/12/2022 10:04 AM
373	Sounds good to me	7/12/2022 10:04 AM
374	Let's protect our children!	7/12/2022 10:04 AM
375	I think it is a good thing.	7/12/2022 10:04 AM
376	While I am absolutely for this, a lot of consideration needs to go into who will be allowed to do it. That person should be trained not only physically, but mentally and psychologically, too.	7/12/2022 10:04 AM
377	Absolutely! About time someone tries to protect our kids instead of teaching them to simply hide and pray the bad guy goes away.	7/12/2022 10:04 AM
378	Complete support	7/12/2022 10:04 AM
379	There is too many chances of a kid getting ahold of the gun and going crazy in the school.	7/12/2022 10:04 AM
380	I believe they should be able to carry. For the safety of our children	7/12/2022 10:04 AM
381	Great ideas	7/12/2022 10:04 AM

Cleburne ISD Guardian Program Survey

382	This program is a horrible idea and I do NOT support it at all. Please don't give in to the fascist idiots pushing for it.	7/12/2022 10:04 AM
383	The good guy with a gun trope has been proven to not be effective in most situations.	7/12/2022 10:04 AM
384	I think there should be more than 1 armed staff member! I fully support this	7/12/2022 10:04 AM
385	I support this totally	7/12/2022 10:04 AM
386	As a concealed carry owner now I feel this would add an extra layer of support.	7/12/2022 10:04 AM
387	It would make me feel safer to send my kiddos to school	7/12/2022 10:04 AM
388	Keep our kids safe. Armed staff I feel is best.	7/12/2022 10:04 AM
389	This would make us feel safer.	7/12/2022 10:04 AM
390	Strongly support this.	7/12/2022 10:03 AM
391	I would feel safer if there were armed people at the school.	7/12/2022 10:03 AM
392	I would feel more secure knowing that a "Guardian Program" is in place	7/12/2022 9:54 AM
393	Need to check mental state of staff members before training or license to carry.	7/11/2022 10:22 PM
394	I have a LTC and I would feel safer knowing I can help keep our children safe.	7/11/2022 11:47 AM
395	I believe the appropriate individuals such as police officers and other law enforcement officials should carry but other than that it would be putting people in positions to make decisions that would lead to trouble.	7/11/2022 11:25 AM
396	I believe it would be in the best interest for the safety of our students.	7/11/2022 10:02 AM
397	Staff must be trained, have a background in using firearms and they should be anonymous except for a few people such as admin.	7/11/2022 9:16 AM
398	I would feel better if this program was in place,	7/11/2022 7:41 AM
399	Those teachers that want to should be allowed to and provided training like Keene does.	7/10/2022 3:18 PM
400	Great Idea !	7/9/2022 11:36 PM
401	As a parent you will or want to do everything in your power to protect your children. But unfortunately sometimes that is not a option. So yes I support teachers or school staff to carry firearms. Because if it came down to it I know without a doubt they would try everything to protect the kids!	7/8/2022 10:06 AM
402	I Would much rather be protected by someone carrying. If they carry and its not needed, ok, however, if needed and we didn't have someone carrying we could be in a Uvalde ISD situation.	7/7/2022 1:59 PM
403	I do not feel it is fair to ask staff to carry this additional responsibility. As educators our skills are to nature and grow students and I feel we would be hesitant to use force on a prior student which could cause more problems in the situation. Additionally, I feel it is a huge risk and liability to have weapons in a classroom where the educators may not be able to focus on the security of that weapon. I'd they are focused on the security then are they 100% focused on educating the student? Teachers are NOT the police and we should not act as if we are. There needs to be more police presence before we move to arming educators. We already wear enough hats.	7/6/2022 9:48 PM
404	I do not feel comfortable at all knowing that my child, and my students, would be on campus with loaded guns.	7/6/2022 9:37 PM
405	This is a great idea	7/6/2022 9:06 PM
406	I think it is sad that this has to be a topic regarding our schools but I believe it is necessary and I 100% support this	7/6/2022 7:10 PM
407	I don't feel confident in the ability of a staff member at an elementary school to be able to conceal carry a weapon with 100% guarantee it would not fall into the hands of a student, or that a student would accidentally touch it when hugging their favorite teacher. Secondly, even with extensive background checks, how can you guarantee a person who is approved to	7/6/2022 3:06 PM

Cleburne ISD Guardian Program Survey

conceal carry, would not have a mental health crisis or breakdown that would then allow them to carry a gun onto a campus. I feel like there are just too many variables to allow someone to carry on campus.

408	I have always been terrified of my child going to school especially with mass shootings happening that every other day at every other different School in every other different school district all over the United States. THIS will help put my mind at ease especially since my father is a retired Marine who agrees with this Texas guardian program and I would feel more safer for my father was one of the people who were guarding the schools.	7/6/2022 8:02 AM
409	Do whatever it takes to protect our kids	7/6/2022 1:30 AM
410	I think this would make the staff and students feel more protected at school. This would be beneficial if done correctly	7/5/2022 10:41 PM
411	I am a gun owner and proudly support the 2nd Amendment. I would feel much safer if teachers were allowed to carry to protect our children while at school.	7/5/2022 5:01 PM
412	A very good idea as long as there are signs posted and all are informed	7/5/2022 4:00 PM
413	Will they be paid extra or would it be mostly volunteer	7/5/2022 3:56 PM
414	It would be a proactive thing to do. Don't want to be waiting for help to arrive. I prefer help is already on campus.	7/5/2022 12:42 PM
415	I support the Guardian Program.	7/5/2022 12:41 PM
416	I support this because it is extra protection for both staff and students. I also trust that ongoing training for those carrying will happen.	7/5/2022 12:32 PM
417	In my opinion it would need to be someone that is VERY trained with firearms and continue to be trained. These people would need to be chosen very carefully. Previous military experience would be a big plus.	7/5/2022 8:39 AM
418	I support the use of firearms by SROs because they are trained professionals, that are also psychologically prepared to handle stressful situations. They are experienced individuals that have confronted stressful situations. I would only support the use of firearms by staff members, if those that were selected were psychologically trained, not just trained in the use of firearms. As a staff member, I'm privy to the "behind- the -scenes" situations and stresses that teachers undergo on a daily, and because of this, my only true concern is that some of the staff should not be around kids because they don't handle stress well, so I would be gravely concerned if one of these individuals now had a firearm. Again, having guns in school in not the issue for me, it is WHO and want procedures and safety measures will be put into place.	7/4/2022 7:26 AM
419	In strong agreement with this at all campuses. I also agree that it should be posted outside all schools that staff members are armed.	7/3/2022 1:54 PM
420	I feel like it should be a confidentiality thing as to who that person is and possibly a-retired vet or officer that if highly qualified.	7/3/2022 1:15 PM
421	I think we should have more security in school like locked doors first of all and also a security that has experience with gun	7/3/2022 8:03 AM
422	I would support someone being able to be armed on our campus, and I think the sign at the front of the school stating that there are armed teachers is a deterrent to anyone coming to our school that would want to do harm to our staff and students.	7/2/2022 7:39 PM
423	i am definitely approve that, so they can protect my child.	7/2/2022 6:17 PM
424	Teachers need to teach and children need to learn and enjoy being children. Pass better legislation.	7/2/2022 10:26 AM
425	Children to Be protected and safe!!	7/2/2022 9:52 AM
426	It's sad, but necessary to have someone inside the schools that can defend students, employees and faculty.	7/2/2022 7:54 AM
427	I would love for the guardian program to be implemented at CISD to protect our kids! Why wouldn't CISD do everything in their power to protect our kids?	7/2/2022 2:26 AM
428	As long as there is checks and balances on those individuals (mental status as personal	7/1/2022 10:39 PM

Cleburne ISD Guardian Program Survey

issues can potentially develop over time). Ideally those that have somehow proven calmness in face of chaos- as not many can remain cool Under the simplest of pressures but some react with logic and keep emotions in check. But overall yes, allowing a staff person to further and easier protect themselves and my child/children is absolutely something I'd support.

429	we as parents,teachers,faculty, and the community should go above and beyond to provide better quality of protection and peace of mind for the parents and children	7/1/2022 7:54 AM
430	I would feel better knowing someone who is trained and prepared is always prepared to react to protect my children and the children of the Adams gator community.	7/1/2022 12:08 AM
431	Absolutely	6/30/2022 7:40 PM
432	I feel the benefits of this out weigh the risks as long as the students are not aware of the staff member approved to carry on campus.	6/30/2022 6:38 PM
433	I don't feel comfortable knowing there are people - trained or not with firearms in the elementary schools.	6/30/2022 3:34 PM
434	I feel what ever we need to do to keep our kids safe should be our top priority no matter what!	6/30/2022 3:02 PM
435	For the safety of our children I would definitely agree with this it's would make me very happy my kids would be safe.	6/30/2022 12:54 PM
436	We should harden our schools to prevent access to just anyone. I believe you should have a Shooter response team at each campus, but a weapon limit should exist for that team. The team should have access to a limited amount of firearms. I do realize police respond quickly, but response is critical early in an incident. There are two main hallways at Irving Elementary. Two firearms could protect those hallways. More firearms would be necessary at other school campuses. Please understand these weapons would be a last resort, not first response.	6/30/2022 10:08 AM
437	A gun should not be around our students. It is a liability for the educator who is responsible for it and potentially lethal on elementary campuses where there are small and curious children. Teachers should focus on teaching, not having to protect the staff and students on campus. Hire more police officers, hire K9 units, put more security measures in place. Carrying a weapon is not a teacher's job. We already have enough on our plate please stop adding to it. Teachers are teachers, not trained officers to respond in active shooters scenarios. There is a possibility that putting weapons on campuses will result in an intruder disarming and having an additional weapon(s) in which to harm staff and students. Also, what will be the repercussion of an educator that unintentionally shoots a students or staff member while exchanging gunfire with an intruder. Guns on campus are not the answer!	6/30/2022 10:00 AM
438	Properly vetted and trained staff are what is needed for this kind of position. These individuals need to train throughout the year, not just do a marksmanship introduction and qualifier and just wear a gun as a self prophylactic. This is a stressful assignment that should push them to better self discipline and awareness that they will have to remain hyper vigilant the entire time they are in school. L I support this initiative, but this cannot be a slap dash program. Careful thought and wisdom needs to be applied to the implementation and careful maintenance throughout this scenario.	6/30/2022 5:25 AM
439	I agree with staff carrying hands gun to save our children but also sacred that a child might take it away on accident and hurt someone	6/29/2022 10:29 PM
440	I support the idea, but with proper training and evaluation of the staff member. Proper shooting and safety training, scenario training/drills, personality and psychological assessment, etc.. It would potentially put the person in a high pressure situation, so the ability to de-escalate a situation is necessary, as well as the awareness of when to turn aggressive and take action. (It is important the person knows when to draw and when to pull the trigger, and not be "trigger happy". Additional law enforcement on-site is a great answer as well, but I understand the additional costs associated. I would be concerned about the possible imbalance between campuses as this would have to be a volunteer program in my opinion, and all campuses may not have an acceptable number of qualified applicants. Also, it's just "one more thing" to add on to a teacher's responsibilities. Although I am not at a student site, I would still consider applying to be one of the trained staff members.	6/29/2022 4:00 PM
441	As long as the person carrying said weapon could pass a physiological exam to prove they are not a danger to students carrying said weapon.	6/29/2022 2:00 PM
442	1. 15-20 hours training is insufficient 2. Teachers already have a magnitude of duties to watch	6/29/2022 11:32 AM

Cleburne ISD Guardian Program Survey

over in the classroom; we do not need to be police officers on top of that, even voluntarily. 3. There is not enough emphasis in this dialogue stating we are talking about taking the life of a human being, however horrible the situation; we are asking teachers to contemplate that. 4. No mention of mental health support or training for teachers who decide to carry firearms. 5. I would consider teachers with a police or military background to be the best and maybe only candidates for this type of program. 6. Why aren't we talking about just expanding the actual number of school resource officers and following their recommendations which I think would be a step towards a more comprehensive solution. 7. We should increase active shooter training with every teacher (random evaluations, maybe?), and a mutual understanding between teachers and the community regarding a comprehensive program as to how to keep our students safe, which this program can be one piece of, but should be stated as such. 8. Teacher training and support on how to report a concern about specific students, and understanding that this reporting is part of a team response that includes Teacher, Parent, Counselor, and Resource Officers, etc.

443	Protecting students and staff should be every public schools priority. Unfortunately in today's world our schools are being targeted. Most incidents accure with armed offenders looking to take as many life's they can. Believing few if any will be armed to stop them in taking numbers first before authorities arrive. If more staff are armed, trained, and special planning is made in advance and followed consistently. An incident if it arrises could be stopped and possibly more/or all life's saved. The unarmed are an easy target. Only way to stop it is quickly. Protections from within. If someone broke into your home and had a gun. Would you/your family be safe just sitting in your home or hiding in the closet? Grabbing your gun to stop the intruder and protect yourself and your family makes more sense? I'd rather have a gun at the ready.	6/29/2022 11:15 AM
444	After more recent events I fear for my kids safety even more than I typically would & I think this is a great way to ensure their safety & their lives. Thank you for considering this.	6/29/2022 10:22 AM
445	I am A Grandparent raising my Grand kids, I believe there are many RETIRED Gun carrying Grand Father's with a permit that would sit and walk the School Grounds. If we can't have Prayer and God in schools I guess we need to protect all of the kids someway!	6/28/2022 10:10 PM
446	I would be for any measure that protects my (and other) children in the event of any emergency, including active shooter.	6/28/2022 6:21 PM
447	Agree	6/28/2022 6:11 PM
448	At Marti anyone can walk into the front doors in the lobby area vs at Santa Fe you have to ring the door bell outside. This needs to be changed at Marti	6/28/2022 5:35 PM
449	I don't feel that additional guns in our schools will make the schools safer. I Don't really have enough information about this program to safely support it in our schools. I don't trust any non-police official to carry a loaded weapon in a school whether they are fully trained or not. I cannot believe we are even entertaining the idea as a district. We need to focus on ensuring that doors that are suppose to be shut and locked are shut and locked.	6/28/2022 5:10 PM
450	I understand the benefits of having people trained to carry firearms, but there could be some unfortunate consequences as well.	6/28/2022 4:19 PM
451	I strongly support this idea of trained staff carrying concealed weapons. I am mostly at Cleburne High School, and there is no way our small staff of SROs could secure that large of a building in a shooting situation. I support more trained people who can assist with weapons as needed (hopefully never, but we must face the reality of our world). Thank you for considering this important option.	6/28/2022 2:17 PM
452	I know it is a pretty radical idea, but this is a radical world. We are responsible for the safety of children.	6/28/2022 2:02 PM
453	We have to keep our kids safe!	6/28/2022 1:43 PM
454	I feel that if there's someone who is properly trained in tactical situations and can prevent the loss of children's lives I am strongly for the carrying of a weapon on campus to keep my babies safe.	6/28/2022 12:49 PM
455	My daughter went to a high school that had a program like this. Every teacher had a safe in their room and the teachers that chose to be armed had to keep their gun in the safe. All the safes had the same code and after a couple of weeks one of the staffs child posted the code	6/28/2022 10:13 AM

Cleburne ISD Guardian Program Survey

on snap chat and several safes were open. Teachers have had a really hard time these last couple of years and I don't think this needs to be added to it.

456	wonderful and patient with my child	6/28/2022 8:56 AM
457	I think this is a good thing to have, but only if the trained staff are highly trained.	6/28/2022 8:16 AM
458	With as many people are becoming more depressed and feel that they are out of options this is needed to protect these kids from those that don't know how to handle life.	6/27/2022 9:00 PM
459	It's very necessary now this day , I want my child to be safe at school	6/27/2022 8:49 PM
460	I believe that if we implement this program I will feel more secure on my working environment	6/27/2022 4:00 PM
461	Putting guns on teachers in our schools is NOT the answer. I would much rather have an SRO stationed on each campus. Should CISD implement this, I will be seeking employment elsewhere.	6/27/2022 3:20 PM
462	To feel safe that my children are not worried about their safety	6/27/2022 2:47 PM
463	As a parent, safety is essential. I would like to see more SROs at the campuses. I would also like more campus safety training for employees.	6/27/2022 12:52 PM
464	I would rather have more employees whose primary focus/job was school safety. Asking teachers to participate in an initiative of this nature is beyond their scope. I do believe we need to provide training to our teachers making them more prepared for a variety of safety situations, but I would rather have more SROs or safety/security professionals who are prepared to handle active shooters. If campus admin is willing to have a more engaged role in campus security, I support this.	6/27/2022 12:46 PM
465	I want someone to be able to immediate protect my child.	6/27/2022 12:38 PM
466	Need to request high evaluation standards and psychological procedures. Also, include the maintenance staff on the program.	6/27/2022 12:02 PM
467	I am a teacher at Gerard and will have a student on my campus and one at the high school. I have had my LTC since 2014. I am comfortable with both of my children being on an armed campus as long as the teachers are qualified and trained. I am also in support of being an armed teacher on my campus.	6/27/2022 11:46 AM
468	Having someone who is certified and armed at school would add a sense of security.	6/27/2022 11:32 AM
469	My preference is there is an on or off duty Cleburne police officer at each CISD campus each day. I would feel much safer.	6/27/2022 11:25 AM
470	I believe this could work if there was a designated staff person trained for this roll. I do not believe teachers or other staff should take on this type of responsibility.	6/27/2022 11:07 AM
471	As a high school staff member and parent of a student who will be attending Gerard Elementary I am in favor of CISD implementing this program. I can only speak for myself but am certain there are others that share my opinions. I have received extensive firearms training and would be willing to be a participant in this program going forward. I believe having qualified people who are armed on all campuses and the forthright disclaimer that staff are armed detours anyone from targeting our CISD campuses.	6/27/2022 10:43 AM
472	If someone walks in with a gun there is no time to wait for police. Teachers need to be able to defend our children.	6/27/2022 9:41 AM
473	I know that CISD has multiple safety measures in place in the event of an active shooter. I also know that the phones are being updated to give 911 the exact location of the phone call. However, one can never really be "too safe." By the time 911 dispatches emergency personnel, how many lives could potentially be lost? I love the idea of the guardian program & the signage that can be displayed out front of the schools letting people know that some staff are armed, & will do what is necessary to protect the children. I feel like maybe it might make someone think again before entering that building with the intention of doing harm.	6/27/2022 9:37 AM
474	It would definitely provide a measure of protection that is lacking now.	6/27/2022 8:34 AM
475	Please protect our children!!! I strongly support the trained staff to carry	6/27/2022 8:26 AM
476	Sounds good .	6/27/2022 8:10 AM

Cleburne ISD Guardian Program Survey

477	If teachers and staff members carry a gun for ANY reason, I will pull my child out of school and unschool him. I will also resign from working for the district. I do not want to work for or have my child attend a militant state school. I will unschool my child to make sure your district does not receive a dime for my child. Guns need to be outlawed. It's been proven we don't deserve the right to beat arms as a society.	6/27/2022 7:35 AM
478	I just feel there is a good possibility that a student could gain quick access to a gun. Information will leak out as to whom the person is with the concealed and the student goal will be to manipulate that person.	6/27/2022 7:25 AM
479	Please protect elementary kids. Most high schools and junior highs have resource officers. Elementary kids are sitting ducks	6/27/2022 6:39 AM
480	due to whats been happening in school districts in Texas, and knowing that there are some districts already have this guardian program in place, I that think this is a great program to implement. This being said i also think whom ever will be armed should also have a (LTC) license to carry a firearm, not just constitution carry, along with the guardian training, just to know they have the proper training to carry a firearm.	6/27/2022 6:02 AM
481	I believe it will be for the safety of the children and staff.	6/27/2022 5:52 AM
482	I support this to keep all kids safe. It's really bad that it has come to this. But you have my support 100%	6/27/2022 2:48 AM
483	Do whatever it takes to guarantee the safety of our babies.	6/26/2022 11:50 PM
484	After seeing all the other school shootings I'm 100% for teachers to carry guns on property. I don't want to have to worry about my kids going to school and something like a school shooting happening. I should be able to drop my kids off at school in the mornings and know they are going to be safe.	6/26/2022 11:08 PM
485	Our children's safety is best protected by making schools a gun allowed zone.	6/26/2022 10:50 PM
486	I would want to know the training and qualifications of those chosen.	6/26/2022 10:12 PM
487	Whatever it takes to provide safety to the kids	6/26/2022 9:58 PM
488	I'm a little concerned about high school students somehow gaining access to guns carried by staff.	6/26/2022 8:42 PM
489	I and my husband strongly believe this a wonderful idea and we support the issue for not only my childs protection but the person and other stidents and other people.	6/26/2022 8:41 PM
490	I think teachers should be encouraged to carry a weapon to protect their students and provided with the proper training for it.	6/26/2022 8:40 PM
491	Protection for the staff and our children is of upmost importance. If this allows our schools to be safe than I support it.	6/26/2022 6:46 PM
492	I feel this would put way too much pressure on staff members and just open up another line of liability. Leave this to law enforcement.	6/26/2022 6:23 PM
493	most ridiculous thing on earth.	6/26/2022 6:06 PM
494	Thorough background check, gun safety course, and so many hours at a range (this is important, so we know they are comfortable with what they carry) should be considered as well.	6/26/2022 5:52 PM
495	Concerns of students knowing who is carrying. Issues with the possibility of kids getting hold of the weapon.	6/26/2022 5:05 PM
496	In addition I'd like to see armed security for our campuses Axis Protection would be a great company to contact for this need.	6/26/2022 4:53 PM
497	I think as a parent this would make me feel slightly safer when I send my child to school, knowing that someone is there at all times to protect the students should the worst happen is a great thing.	6/26/2022 4:32 PM
498	A kid can grab it	6/26/2022 4:00 PM
499	i believe it is the right for all responsible adults to have means to protect OURS CHILDREN!!!	6/26/2022 1:19 PM

Cleburne ISD Guardian Program Survey

500	This would make sending my students to school feel much safer, knowing they have others protecting.	6/26/2022 12:45 PM
501	I do not support this cause when you have a child that has issues (medical diagnosis) and a teacher was to accidentally lay a gun down that child out of curiosity could pick it up and accidentally shoot some one	6/26/2022 11:58 AM
502	What safeguards would be in place to make sure that students wouldn't be able to gain access to the firearms? Especially in the elementary schools.	6/26/2022 11:34 AM
503	I feel that we should be protecting our most Precious thing in the entire world. Our Kids. We protect money with armed force, why don't we protect our kids even more so? I do believe we should have armed and trained personal on every campus. It wouldn't even need to be obvious for them to be there. I don't ever want to have to be a parent in a situation knowing my child is in danger, or worse losing my child to a situation that could have been prevented. Thank you. I truly hope that something will be done that isn't invasive or disruptive to our kids learning at school.	6/26/2022 11:28 AM
504	Our staff should be armed to protect themselves as well as our kids. Other districts Keene godley Whitney small districts have this let's make it safe in cleburne	6/26/2022 11:13 AM
505	any trained staff member wo is willing should be allowed to carry signs stating there are armed staff should be posted at all campuses.	6/26/2022 10:59 AM
506	I completely support this program. It is so obvious that our children and staff members are not safe. I Pray every single time I drop our girls off at school knowing that it may be the last time I see them that God will keep them safe. I get sick to my stomach while at work every time my phone rings and I see that it is the school or I get a message from my daughters because of the possibility that there is an active shooter on campus. It should not have to be this way! There is absolutely no way that law enforcement can get there fast enough! And even if they do who's to say that first responders are even going to go into the school to do what is necessary to save everyone?! They are human and scared and have rules to follow. We need trained armed individuals in our school that know the risks and are willing to protect. We need someone that can immediately disarm an active shooter. EVERY SECOND COUNTS! EVERY SECOND WASTED SOMEONE DIES! There should also be metal detectors at the entrance as well that students and visitors must go through. It could just as easily be a student that carries a gun into the school. How do you know what is in every students pocket or backpack or purse when they walk through those doors? How do you know they don't have a gun? How many people could one student or individual shoot before a police officer arrives? Just the sign outside alone letting people know that there is an armed person on campus to protect can be enough of a deterrent to help keep staff and students safe. I Pray that this is approved!	6/26/2022 10:55 AM
507	Ultimately, I would want the police to handle difficult situations, but you never know when an emergency might arise where having the extra backup would be helpful.	6/26/2022 10:36 AM
508	I think this is a great idea and you have my full support!	6/26/2022 9:49 AM
509	i need my babies to come home safe and able to go to school because they r fearing for their lifes my kids love school	6/26/2022 6:40 AM
510	I would not like a staff person having that responsibility.	6/26/2022 6:18 AM
511	I do not feel that this decision would be what's best for students or staff. I feel that a trained officer is what is best	6/26/2022 6:14 AM
512	I think a properly trained staff member carying a firearm would help them to protect our children. An unarmed campus leaves them helpless in the case of an armed attack on the school.	6/25/2022 10:03 PM
513	As teachers we already have to be trained to pack a wound, give CPR, teach values/character/ AND the entire curriculum. Now we also have to carry a gun?? This is not what we do as educators. We are there to teach, not to be shoot intruders. There is a higher percentage of a student getting shot from a teacher's gun by the teacher laying it down and a student getting it or the teacher missing the intruder and shooting a child or another teacher. The school resources officers currently sit in their office and talk to staff members versus being in the hallways and handling the daily situations that are already going on. The first step needs to be to get the resource officers out of their offices and monitoring the hallways.	6/25/2022 7:54 PM

Cleburne ISD Guardian Program Survey

514	Absolutely and completely support training and implementation of this program. If my husband wasn't working full time he'd be there himself to protect the children	6/25/2022 7:39 PM
515	Would appreciate more detailed information if we go forward with the program. Thank you for considering this and doing everything possible to keep our children and teachers safe.	6/25/2022 6:45 PM
516	As a teacher I am responsible for the students in my care therefore defending my own life and theirs is priority one.	6/25/2022 5:50 PM
517	Our children are left helpless and vulnerable and it would be very reassuring to have staff trained and readily available should they be needed in a crisis. Thank you.	6/25/2022 5:12 PM
518	Please keeps our kids as safe as possible.	6/25/2022 4:51 PM
519	I believe our children & staff need all the protection possible in these troubling time. And I believe people already at the school and personally involved are the best first responders.	6/25/2022 4:49 PM
520	It will make me feel better that teachers or staff members can save my children's life if put in a situation where they are forced to protect the children.	6/25/2022 1:42 PM
521	I don't think staff can have enough training to handle an active shooter situation. The role of teachers and paras are highly stressful at times. I would not feel comfortable knowing staff on campus are armed. We did not come in to these positions to take on a role/responsibility of a cop or security guard. It is unfair to ask us to do this. Hire security instead whose sole job is to secure the school.	6/25/2022 1:20 PM
522	It would make us feel a lot safer with our kids being in the school knowing someone was inside able to protect them if needed.	6/25/2022 1:01 PM
523	I dont think putting another gun in a school will be the answer to our kids safety. My child's school counselor has never talked to my children about anything. My daughters had two grandparents in the hospital on multiple occasions, I had Covid-19, there Uncle died of stage 4 lung cancer. There Basketball Coach set one of them out a game and told them they was undetectable. She missed one practice throughout all of this and made it up the next game. The Coach wouldn't talk to me because she said I was negative all the time. She let Senior teammates bully both of them there Freshman year and when reported didn't follow policy. I talked to the principal three times before I could arrange a meeting with the Athletic director by the time I got the meeting I realized not one adult involved with her in the school didn't care about them or there future. So my opinion isn't put more guns in the school my opinion is do your job and find good quality educators that want the best for all of our kids not just the ones that they went to school with or that fit the social scene that you are in. My kids graduate this next year we have failed them up to this point hopefully you won't try to put another bandaid on the real problems that need to be addressed at our school. Our kids already feel very uncomfortable talking to adults how are they going to reach out to you with a gun strapped on your hip. I will be looking for another school for my kids to attend there last year if this is the direction our board chooses to go.	6/25/2022 12:19 PM
524	I feel that this is extremely important!!! I am in full support of this happening for our schools,, our children absolutely need the protection that an armed guard would bring !!	6/25/2022 12:06 PM
525	Protecting our children is number 1 priority and having someone skill and trained to react and protect at school where parents aren't there to help is a positive hope for parents	6/25/2022 11:09 AM
526	Due to the glass classrooms and them being sitting ducks. I believe it is needed.	6/25/2022 11:08 AM
527	I believe that this move would greatly enhance the safety of our students and staff.	6/25/2022 10:55 AM
528	School shootings	6/25/2022 10:29 AM
529	I would feel safe sending my children to school knowing some is armed and ready to protect my children if a shooter walked into the building. Strong supporter of this!	6/25/2022 10:26 AM
530	I don't have any trouble with that.	6/25/2022 10:12 AM
531	Having security to protect and defend our children and the staff is most definitely needed! Our children deserve to be protected and parents deserve to have peace of mind knowing they are safe while at school. School should be a safe zone. Trained and licensed individuals should be taught how to handle these situations and gun safety. There should be no excuse or exceptions when it comes to the safety of our children!	6/25/2022 10:06 AM

Cleburne ISD Guardian Program Survey

532	I strongly support this matter! Having trained and licensed security to protect and defend our children and the staff that cares for our children the majority of the day is long overdue. School should be a safe zone for our children and teachers. They should absolutely be taught how to handle all possible situations and gun safety. However, they should also be provided the peace of mind that they can go about their day of learning and teaching while knowing a team is standing guard to defend them if an enemy approaches to harm the school or any of it's attendees in any way.	6/25/2022 9:58 AM
533	Safety of students	6/25/2022 9:38 AM
534	If a person knows a place is armed they than likely they won't choose that campus to terrorize	6/25/2022 9:30 AM
535	I think it's a very good idea but it needs to be done very carefully and more information needs to be supplied to us and how has it worked at other schools. I would definitely think they would need to have a psychological is a psychological evaluation like police officers go through and obviously a background check	6/25/2022 9:22 AM
536	We need to keep our kids safe and unfortunately this is a much needed program not just for the kids but also the staff .	6/25/2022 8:46 AM
537	also place signs that state that "This campus is protected by firearms" However it needs to be legally worded.	6/25/2022 7:39 AM
538	Will the school have a resource office in campus all day? Will this confidential member have a special active shooter training?	6/25/2022 7:39 AM
539	With what's happening now days i think it should be required.	6/25/2022 5:33 AM
540	I believe this would deter some of the possible tragedies that could otherwise be in the future for all schools. I also believe it should eventually be considered to be expanded to all campuses and all school offices as well as to the transportation & maintenance departments.	6/25/2022 5:25 AM
541	I think as staff not knowing who has a firearm can be a bit scary! But overall sort of support it	6/25/2022 2:21 AM
542	No, just no.	6/25/2022 12:08 AM
543	I support and would feel much better sending my kids to school knowing they would be more protected.	6/24/2022 11:32 PM
544	Again ask yourself if your child or family member was barricaded in a room with a active shooter wouldn't you want them to have a fighting chance? There's only one answer to that and I know it's not throwing books or begging for your life!	6/24/2022 10:56 PM
545	I think it is a good idea to keep the students and staff safe. As long as the staff that is carrying are properly trained and are able to handle the situation. The world we live in a becoming a more scary place and their a children are now becoming scared to even go to school. We need to show these kids and staff that as a community we are able to protect them. Also I think the staff are are going to be carrying not sure if the students should know who they are. I only say this because most school shoots are students from that school and if they know what teachers to watch out for they will use this knowledge in their benefit.	6/24/2022 10:37 PM
546	I want my child to be protected when I'm not there	6/24/2022 10:23 PM
547	As a last line of defense, yes. You will need to make sure it's concealed. No kids should know who is carrying. Your coaches will need a safe place for it as they change into coaching attire.	6/24/2022 10:01 PM
548	The high school is very large and there are only 2 SRO's. I think it would be a good thing to have more people that could respond quickly to an armed intruder.	6/24/2022 9:42 PM
549	Extra protection for my child's safety. I'm all for it. .	6/24/2022 9:38 PM
550	Anyone that carry's should complete standard training as normal. Require shoot range hrs per year. Scenario training. Also look into defensive measures for school grounds like bushes and other shrubs to block access to windows.	6/24/2022 8:56 PM
551	Is the staff going to be evaluated.and council ing on guns and will gun be lock while in school	6/24/2022 8:42 PM
552	Is the staff going to be evaluated.and is the firearm going to be locked up. So student can't put there hands on it	6/24/2022 8:39 PM
553	The "confidential and trained staff members" was the difference in me choosing mostly support	6/24/2022 8:29 PM

Cleburne ISD Guardian Program Survey

or strongly support. As a parent and a teacher, this would help me feel my child and myself are safer.

554	The only thing will stop a bad guy with a gun is a good guy with a gun.	6/24/2022 8:18 PM
555	Strongly support	6/24/2022 7:37 PM
556	Added layer of safety protection.	6/24/2022 7:11 PM
557	Support	6/24/2022 7:10 PM
558	I completely support staff members that want to concealed carry on campus property. I feel that it should be a voluntary decision on every staff member and they should have there concealed carry permit and be fully trained. They also should feel comfortable with carrying to protect kids and other staff that may be in danger from an on campus shooters.	6/24/2022 7:01 PM
559	With all the school shootings that have happened, I fully support someone protecting my children from this possibility. I want my children to make it home everyday.	6/24/2022 7:01 PM
560	With PROPER training and psychological evaluation it could be a positive choice.	6/24/2022 6:51 PM
561	I think we should have more police officers in the campuses but I do not trust the limited training that the "guardians would have".	6/24/2022 5:48 PM
562	Anything to keep the kids safer.	6/24/2022 5:39 PM
563	My husband and I both absolutely support this! Let's keep our kids safe!!	6/24/2022 5:24 PM
564	The only thing that stops a bad guy with a gun is a good guy with one.	6/24/2022 5:10 PM
565	Yes	6/24/2022 5:08 PM
566	Strongly believe there should be a trained armed adult on all campuses and all functions. If there is not an SRO available for each school and event they need to accommodate accordingly and put others in place .	6/24/2022 5:08 PM
567	As long as specific training, back ground check, and something along the lines of psychological test as well, we would highly support. We take all sorts of precautions daily, but where there is a will, they will find a way to get into our schools sadly.	6/24/2022 5:03 PM
568	I have concerns about teachers having another job to do in our already heavy load of priorities in educating our students. I know as teachers we are always willing to do whatever needs to be done to educate our students and keep them safe, but this comes with serious consequences and responsibilities. I hope as we look at this as an option we are considering other options as well.	6/24/2022 4:34 PM
569	Please protect our student and children by placing armed staff on every single campus.	6/24/2022 4:10 PM
570	Coming from a district that implements this program and possibly bringing my children from a district that does as well I would feel much safer with this program in use. The training is rigorous and ongoing throughout the year so it is not a one and done.	6/24/2022 3:58 PM
571	Love the idea for well trained staff to be able to protect our children.	6/24/2022 3:30 PM
572	Kids getting ahold or accessing the guns	6/24/2022 2:45 PM
573	I would be behind a teacher who wanted to carry a weapon. I am behind a teacher being trained to carry. But not behind making it mandatory for a teacher to carry.	6/24/2022 2:41 PM
574	While there may be SROs staffed at various campuses, when it comes to active shooter situations, response time is the most significant determining factor on the number of potential casualties. The Guardian Program provides both an ongoing deterrent to potential threats and significantly improves the district's ability to reduce response time to crisis situations, thus increasing the safety level for both CISD staff and students.	6/24/2022 2:28 PM
575	The idea of more firearms on campus is scary. What if the firearms got into the wrong hands? I would request thorough interview and psychological processing for the people in the Guardian process.	6/24/2022 2:27 PM
576	Front doors are not monitored properly. Need metal detectors. One entrance and exit only. Security guard posted. Make sure doors close properly. Teachers need training for security and gun carry. Disciplinary action needed for teachers and staff who do not abide by set rules.	6/24/2022 2:13 PM

Cleburne ISD Guardian Program Survey

577	Putting guns in school is insane. If you think these will be secure and teenagers will leave the lock boxes alone, you are kidding yourself.	6/24/2022 2:06 PM
578	I believe you should do all you can do to keep our children safe well they are trying to learn.	6/24/2022 1:50 PM
579	Our workplace would be much safer if staff members were properly equipped and certified in the proper use of a firearm.	6/24/2022 1:46 PM
580	God forbid the need arise, I have no issues with a certified, well-trained employee carrying a gun on my campus. Although I have no doubts the Cleburne PD will be on the scene in a matter of minutes, I want the comfort of knowing we have a staff member or members who might be able to intervene even faster.	6/24/2022 1:41 PM
581	I would feel that my child would be safer on an armed campus in the event of a shooter scenario. Having the ability to have trained and armed staff on campus would potentially stop a shooter from wanting to enter the campus. This would also give the staff a way to defend themselves and the students on campus.	6/24/2022 1:29 PM
582	This is a great idea our children and staff need to be protected	6/24/2022 1:03 PM
583	I believe they should show extreme competency in the expertise and have semesterly training in the area. I also believe they should receive a stipend for the program as well.	6/24/2022 1:02 PM
584	No issue at all	6/24/2022 1:00 PM
585	Arming staff does not ensure that school will be a safer environment, especially if funding is taken from the schools to provide this training.	6/24/2022 12:53 PM
586	I think it's a great idea as long as they are trained	6/24/2022 12:47 PM
587	As a parent I would absolutely support this. I think it is a great idea and I feel better knowing the staff is armed.	6/24/2022 12:41 PM
588	Would rather have someone protecting them that is armed. Even if no one knows the security is there	6/24/2022 12:35 PM
589	Strongly support... the schools need more security.	6/24/2022 12:26 PM
590	I think this is a great program by insuring our staff and children are safe.	6/24/2022 12:25 PM
591	I'm unsure that adding that level of responsibility to a staff member is the best use of resources. I would need more details about the plan before deciding.	6/24/2022 11:58 AM
592	Much needed and long overdue	6/24/2022 11:40 AM
593	I am supportive but have concerns about the selected staff member and the ability to trust that individual.	6/24/2022 11:32 AM
594	I would answer "Strongly support" if I knew that the trained individual has a good strong mental evaluation and a background in psychology or mental health.	6/24/2022 11:32 AM
595	As a parent , we need to make sure our kids are safe in schools .	6/24/2022 11:12 AM
596	Our children will be protected a lot better	6/24/2022 11:08 AM
597	I would feel more secure with my child's safety if there were multiple trained and armed staff on the Smith campus and the High School campus as my child will be in HS next year. I believe strongly in securing the safety of our children while on ISD campuses. Very much in favor of this.	6/24/2022 11:06 AM
598	Excellent idea. Most excellent.	6/24/2022 11:06 AM
599	Coming from the elementary school and not having an SRO on campus at all times, I believe that is a better solution than having a staff member carry.	6/24/2022 11:05 AM
600	In the past, we sent our kids to school with a peace of mind on their safe return home. Now we cannot function properly in our day to day lives due to the worry that our kids will not come home.	6/24/2022 10:58 AM
601	There needs to be more done to protect our children and staff. Whether it's armed staff, veterans or a better security system something needs to be done	6/24/2022 10:50 AM

Cleburne ISD Guardian Program Survey

602	I would hope a few things 1- people don't know who it is 2- the person/people would go through a special training that has a pass/fail Situation! But I do strongly agree this should happen! We need some way to protect our babies better.	6/24/2022 10:49 AM
603	I am on the Phoenix Campus. It was not listed as a choice in question 2.	6/24/2022 10:22 AM
604	At one time there was security at the schools I feel it is important to have it at all Elementary School.	6/24/2022 10:13 AM
605	Would also support Veterans patrolling or providing security.	6/24/2022 9:56 AM
606	Our children need to be protected by trained adults.	6/24/2022 9:48 AM
607	I would absolutely feel very comfortable with having armed/trained teachers who are comfortable carrying a firearm for protection and protection over my child and everyone else's children who attends Coleman elementary school in case of an emergency. I would much rather my child's teacher be armed and ready for anything that may happen than them have to wait on someone to come in to save them and by that time it may be too late. So I truly hope this passes. I pray this passes. With each passing day I hear about something awful happening in this world and more and more school shootings have been happening as well. Our children deserve to be protected and not worry if going to school they won't make it home. As mothers and Fathers we deserve to send our children to school with a sense that they will return home to us. My heart breaks for the Uvalde moms and dads and families who lost a child. It's a situation I pray I'm never put in and if this law passes it will ease my mind some that if something does happen my child has a better chance of making to home to me. I think the guardian plan is amazing I pray, I pray so much this gets passed!!!	6/24/2022 9:45 AM
608	As a parent, I trust that my children's teachers would protect them by using whatever force necessary.	6/24/2022 9:44 AM
609	Somebody has to be able to defend our children at school the same way a parent would if they were at home.	6/24/2022 9:42 AM
610	I like the idea of the large sign out front that informs people that certain personnel are armed. Even if no one inside actually is armed, at least it might deter potential threats.	6/24/2022 9:39 AM
611	In the broken world we live in I think any step that can be taken to keep our children safe it should be taken.	6/24/2022 9:37 AM
612	I feel if handled appropriately, this could be beneficial for the students and staff.	6/24/2022 9:31 AM
613	Can't believe this isn't already in place. Absolutely needs to be done even if it's not part of a state program. Students need to be protected from the mentally ill individuals that seek to harm unprotected students and teachers.	6/24/2022 9:31 AM
614	Yes!!!!!!! Yes!!!!!!! Yes!!!!!!!	6/24/2022 9:22 AM
615	This is a fabulous idea!!!!	6/24/2022 9:20 AM
616	i strongly agree with this idea, anything to keep our babies safe	6/24/2022 9:20 AM
617	Yes	6/24/2022 9:04 AM
618	I think this is a fantastic idea and should have been put in place years ago. I strongly feel like staff members should be able to carry and protect of children if the need arises.	6/24/2022 9:03 AM
619	I think it's a great idea to implement this program. I recommend sheepdog response for training in Cedar Park tx.	6/24/2022 8:59 AM
620	As long as the weapon is secure and concealed, I completely and with full understanding, support the Guardian Program. Proper training is priority before implementing said program.	6/24/2022 8:58 AM
621	I am all for teachers and staff being able to Protect our kids	6/24/2022 8:50 AM
622	I agree with this teachers need to be able to protect our babies and themselves! Hope and Pray yall pass this and give our teachers and kids a fighting chance.	6/24/2022 8:43 AM
623	There should be several trained staff that carry a concealed firearm in all schools.	6/24/2022 8:38 AM
624	I would want more information about the training and how staff members are selected. I understand the importance of their confidentiality but would want the selection process to be	6/24/2022 8:33 AM

Cleburne ISD Guardian Program Survey

	very transparent and thorough so we don't have an unstable staff member with a gun.	
625	The guardian program would make me feel much more at ease and safer for my children as a parent of a student and as a staff member.	6/24/2022 8:31 AM
626	Staff should be properly trained.	6/24/2022 8:28 AM
627	This is a bad idea. Is teachers already have enough on our plates and now you are going to throw school security into the mix? It's a good thing everyone is hiring right now at higher rates than CISD. We are all looking.	6/24/2022 8:27 AM
628	My wife works for the school and all of my boys have gone to CISD their whole lives. If this option is available for their protection I don't understand why we aren't already doing it. Please move forward with this program asap.	6/24/2022 8:26 AM
629	If we are not going to have police officers at every single campus (which I strongly believe we should) then I think there should be some that are trained to protect!	6/24/2022 8:23 AM
630	Mental stability and fluctuation of staff carrying guns. District liability.	6/24/2022 8:17 AM
631	Having a gun in class will put kids in more danger, what if another child gets a hold of this gun or a teacher accidentally discharge that weapon killing a child. My guess is the answer is gonna be the gun will be locked up then my question is what's the point do you think a teacher will have enough time to unlock the safe with this gun to protect kids? No! Teachers have enough on their plate too preventing kids from getting to a gun in school should not be added to that. We need less guns not more.	6/24/2022 8:16 AM
632	We need to keep our Children safe.	6/24/2022 8:14 AM
633	i worry that we are already teaching our children to live in a constant state of fear.	6/24/2022 8:12 AM
634	No issue! Just hope those who carry get training.	6/24/2022 8:11 AM
635	If person has passed background check, personality profile demonstrating they are capable of responding appropriately, are properly trained and coordinate through the Cleburne PD would I then support.	6/24/2022 8:08 AM
636	Having a handful of teachers who secretly carry will be beneficial for the safety and security of the children while keeping the identity of the carrier a secret.	6/24/2022 8:01 AM
637	The children and teachers need to be safe	6/24/2022 7:58 AM
638	I firmly believe if there are trained men and women with firearms, it would save alot of children's lives. I fully support this	6/24/2022 7:29 AM
639	I am more hesitant to say yes when it comes to the middle school. Kids will be at the age where curiosity is abundant. My concern is what might happen if an upset or curious student gets a hold of one of the guns.	6/24/2022 7:21 AM
640	I am a parent and would strongly recommend teachers and staff be trained in carrying concealed weapons. Someone needs to protect our children!!	6/24/2022 7:15 AM
641	All for the protection of both students and the staff	6/24/2022 7:12 AM
642	Absolutely!!	6/24/2022 6:49 AM
643	I strongly agree! I believe ALL staff members should be trained or be able to carry anything to protect our children and staff	6/24/2022 6:47 AM
644	I would need to really think about this and what it would mean for my kid if something was to happen during school hours.	6/24/2022 6:31 AM
645	I have strongly considered pulling my children out of public schools to homeschool them due to lack of appropriate protection on campus for them. I have been to pick my kids up multiple times for doctors appointments or other reasons and noticed easy ways a person could enter the building without being noticed right away, that is a huge safety problem. A shooter could easily slip in a side or back door when a student comes on or off the playground unaccompanied or when I've seen them release kids out side doors to leave when parents meet them for lunch or pick them up. They can also easily go through the back when kids are going to and from gym as I've watched and the staff are not monitoring the entrances, anyone could easily walk in or even walk off with a child from the playground for that matter. I've	6/24/2022 6:31 AM

Cleburne ISD Guardian Program Survey

stopped and talked to my children at the playground fence and no one noticed, I could have left with them unseen. Huge safety issues.

646	Teachers carrying a gun and responding in crisis leaves their students unattended if they leave the classroom to stop the threat. When police show up and see a person wielding a gun during a high stress situation there is a greater chance the teacher could be shot by friendly fire if a full description of the shooter is not given. Police may also believe their are multiple shooters thus making another victim. As a parent I believe we need and SRO on every campus every day. This would reduce the response time and increase safety of our children.	6/24/2022 6:14 AM
647	I strongly support this movement.	6/24/2022 6:10 AM
648	I believe it is the best way to keep our students safe from someone coming in. It would be a last resort but if needed it's provided.	6/24/2022 5:58 AM
649	The staff should be able to protect the children	6/24/2022 5:54 AM
650	I will feel more at piece if teachers carry firearms to keep students safe from people trying to cause pain by mass shootings	6/24/2022 5:44 AM
651	Save our babies	6/24/2022 5:10 AM
652	I just want my son to stay safe while in school. He shouldn't be scared to go get his education	6/24/2022 5:09 AM
653	I'd much rather do whatever we could to prevent an active shooter and meet it with extreme prejudice than have to have anyone but their loved ones.	6/24/2022 4:55 AM
654	Way past due. Give our teachers the opportunity to protect our children against evil when it comes knocking at the door!	6/24/2022 4:08 AM
655	I believe this is a wonderful idea that should have been implemented sooner.	6/24/2022 3:10 AM
656	Contrary to common misconceptions, shootings are not more likely to occur in places with more guns. Every school shooting that resulted in numerous deaths, would have been prevented or reduced if more good people had a firework match the assailant. We are just about 8 years since ALICE protocol was introduced. It's about time we consider other measures.	6/24/2022 2:41 AM
657	I strongly recommend	6/24/2022 12:44 AM
658	I work at the high school and am also a parent of high school students there. I have seen armed public law enforcement officers carrying weapons in our school on a daily basis. I know a number of staff who own weapons and would carry if possible. With training and certifications met the pros vastly outweigh the cons.	6/24/2022 12:38 AM
659	I would feel safer (as someone who has had training) carrying a firearm or knowing someone who was trained was carrying a firearm in order to protect the students and myself.	6/23/2022 11:38 PM
660	I honestly believe security needs to be hired. Unless a teacher has been trained in a life or death shoot out scenario how do they know how they respond?	6/23/2022 11:26 PM
661	Have these teachers been trained by actually being shot at in a life or death situation? If not how do they or anybody else know how they would actually respond in that situation. Honestly hire someone that is retired from the military in their mid 30s or 40s.	6/23/2022 11:23 PM
662	I believe that we need to start with random searches at the front doors of the school and random searches in the classroom. I think adopting a guardian program is a strong deterrent. People knowing that teachers are armed will make people not want to test the schools response to an active shooter. Currently schools don't have adequate protection for an active shooter. Kevlar Shields would be great to have in order to protect yourself and students from shots fired. Different levels of threat alert can also help. If a shooting happens in the country we can raise our threat level. If a shooting happens in state the threat level can be raised higher. At each threat level there are different measures to how we react.	6/23/2022 11:22 PM
663	There are other issues that need to be addressed first. A fence, to enclose the playground. The gate door doesn't lock. It stays open all day. At night is closed with a chain an lock , only custodians have key. Having a gun around children is very, very dangerous.	6/23/2022 11:10 PM
664	Although terribly disturbed by the need to even consider issues such as this; I would take a measure of comfort in knowing that in the even that such precautions should prove necessary,	6/23/2022 11:02 PM

Cleburne ISD Guardian Program Survey

	the campuses would be better equipped to handle an emergency situation.	
665	I am unsure since even people that has been trained and are certified to carry a gun there has been instances where even those people forget who they are and use it for dangerous purposes. Also, there's danger where someone else could get a hold of the firearm and cause harm to others. There's a good and bad side with this decision. Even with this, the fear will not be taken away.	6/23/2022 10:58 PM
666	We would agree to having an armed guard to protect our kids.	6/23/2022 10:58 PM
667	I feel the teachers should be able to protect their students and themselves at all cost!	6/23/2022 10:53 PM
668	I think they should just to keep up with there training constantly and get license properly to take care of our kids and more safety.	6/23/2022 10:39 PM
669	How would you actually train a staff member for an incident that police can't even reliably manage? Especially considering how lax our campus has been with security. How are we jumping straight to arming teachers and staff without taking any other precious? In the event that something happens, what do you really expect from your secret guardians? This is pandering to Facebook comments, plain and simple. Wouldn't it be better to focus on ways to improve security to prevent an attack, like better cameras, stronger doors, access that is more strictly controlled, etc? Don't ask teachers and staff to bear the responsibility of an armed encounter if you won't take any extra steps to prevent them from happening.	6/23/2022 10:38 PM
670	I believe most people are uncomfortable with guns around their children. However, they have no issues with a police officer coming and protecting our schools with the same type of gun. SOMETIMES officers make visits to talk to kids or for school festivals. Still no different than their children being around an officer with a loaded fire arm then than a teacher with a hidden fire arm on campus. I believe as long as it's kept confidential than it'll all work out fine.	6/23/2022 10:30 PM
671	As parent I would think my child would be safe with a teacher with a gun. Why bc teacher are humans and can be aggressive and usually handgun on a kid that's disobeying or teachers just frustrated... I believe they should be a police officer on duty at every school since the time the door open to the time they close. Leave the police or security guard for that job and teacher teach	6/23/2022 10:26 PM
672	Our schools need more safety our children and teachers need more protection	6/23/2022 10:25 PM
673	Our teachers are not paid nearly enough for what they already do. There is absolutely no way rhyme reason that a teacher should be carrying a handgun when strategic budgeting and policy making can improve our children's security.. Teachers are not going to be trained enough to keep a student from attacking them and taking their handgun or from misfiring on themselves or in the heat of Passion another teacher after all they are only human. we don't need billy the kid, wild west antics. we need comprehensive and smart security that allows our teachers to focus on what they are paid so little to do.	6/23/2022 10:21 PM
674	I support our staff and teachers to protect the children and themselves at all costs.	6/23/2022 10:19 PM
675	It should be made mandatory for every staff member to take gun safety classes during the summer or a staff day for training and ongoing training. Unfortunately, we can implement stronger gun rules but the fact is people will find a way to get their hands on a gun illegally and we can't predict when that will happen but we can FINALLY be prepared for it. There is more strength in numbers and will allow for minimal damage. Everyday, us parents trust our teachers and staff with the most precious thing to each and everyone one of us; our children, so LET them! We will certainly as parents , students and staff will be able to concentrate in shaping our kids into young adults and focusing on education without the fear in the back of their minds. PTSD is real. Mental Health is real. Guns are real and we are REAL tired of watching our CHILDREN die and argue about stricter gun laws. That's all it is and ever will be. Protect our Children!	6/23/2022 10:09 PM
676	I want my child safe when at school but want to be insured that all measure are taken when putting firearms in our schools	6/23/2022 10:06 PM
677	I hope you are sure about the chosen person's mental health and check it regularly.	6/23/2022 10:05 PM
678	I think this is a great idea	6/23/2022 10:01 PM
679	Strongly support if confident, adequately trained personnel participated	6/23/2022 9:44 PM

Cleburne ISD Guardian Program Survey

680	I feel that with how crazy the world is these days it would give me more of a peace of mind knowing I'm dropping my children off with someone who can not only protect themselves but also students.	6/23/2022 9:43 PM
681	As long as they properly trained	6/23/2022 9:42 PM
682	I would like to see trained staff carry with everything going on in this world I'd rather knw my children are safe in school.. I do believe that they need to up the security but all measure around the school...	6/23/2022 9:41 PM
683	I want to feel that when I send my child to school they are going to be safe. There should be something in place that will provide security in case of tragic events. I feel that a trained adult with the right to protect our kids is just what will help along with additional training often in different situations. My children are my life I want to feel and be able to send them to school protected. I also believe that there should be metal detectors at the entrances of the school.	6/23/2022 9:41 PM
684	It's a good idea	6/23/2022 9:37 PM
685	Why do we have cops for ? kids are already scared to go to school without guns .	6/23/2022 9:37 PM
686	I think this would just increase the efficacy of the ALICE training we had. I would want this program in place for when my kids go to Cleburne schools in a year of two, since elementary campuses do not have a stationed SRO that stays at that campus. I understand the reason for that staffing decision, and I would like the ability to protect our children no matter the position of SROs and police officers. Every second counts in emergency situations. I would just want the peace of mind that the trained people would not bring out any weapons unless it meets a clearly defined threshold the district has laid out.	6/23/2022 9:36 PM
687	Thank you so much for entertaining this program for the safety of our children. Cleburne is growing and is far from the small town where everyone knows or knows of their neighbors. With this growth comes increased risk to our children. I am strongly in favor of the guardian program and hope to see it implemented by the beginning of the next school year.	6/23/2022 9:28 PM
688	I think the extra protection is a MUST for our children and school staff.	6/23/2022 9:22 PM
689	We have a good program in place already	6/23/2022 9:17 PM
690	I do not support	6/23/2022 9:14 PM
691	I think this is a great idea!	6/23/2022 9:10 PM
692	As long as the staff member has a good background check and training then I fully support having a good guy on campus with a gun.	6/23/2022 9:07 PM
693	The schools needs to provide a secure check points or firearms detectors , more security cameras around the schools , and monitor specific school areas .	6/23/2022 9:07 PM
694	I feel that the individual selected to undergoes this training should have to go through extensive interviews from administration to peer reviews, mental health screening and also have no record of SSRI prescription drug use or any other form of medication on board that is any sort of mood stabilizer. I feel this individual should be carefully selected and that this is a very serious matter where this or these individuals should be held to a very high standard.	6/23/2022 9:05 PM
695	Do whatever you have to do my daughter comes home	6/23/2022 9:01 PM
696	With mental health on the rise, I would want the staff member permitted to carry to go through an extensive background check and medical history check. If there has been any mental health issues, they should be denied. I think we need stronger dress code rules: no hoodies, no blankets.	6/23/2022 8:56 PM
697	Would put my mind at ease knowing my kids would be protected	6/23/2022 8:49 PM
698	It will help me in knowing my children are protected	6/23/2022 8:42 PM
699	It is the only program able to protect the kids until help arrives or until you can GUARANTEE no one unauthorized can enter the building.	6/23/2022 8:40 PM
700	I strongly support this movement to completely protect my children from any harm.	6/23/2022 8:38 PM
701	I'm stronger agree to have some staff at Smith trained to have an arm.	6/23/2022 8:33 PM

Cleburne ISD Guardian Program Survey

702	Please do this! I would feel better about my kids being at the schools know that if something were to happen someone would be able to take care of them.	6/23/2022 8:30 PM
703	I believe this would be a very good idea and be a great way to protect our students.	6/23/2022 8:28 PM
704	As a parent I would feel my kids are safer at school knowing there is someone trained to use a firearm incase it was needed. I feel that more schools should do this to protect the kids in the school. I would hope that whoever carries would conceal carry so that if something should happen and a student or someone bring a gun in the schoolthat person wouldn't know who is carrying as to not try and take them out first.	6/23/2022 8:28 PM
705	I am just not sure how I feel about this. I see the pros and cons.	6/23/2022 8:28 PM
706	As a parent I would have no problem with staff carrying weapons as long as they are trained and understand the weapon and can show they are proficient using it. I would also want to know how these weapons would be stored so there wouldn't be any chance of student access. Other then that I have no issues. I think this is long overdue	6/23/2022 8:25 PM
707	The responsibilities that have been placed on the shoulders of teachers in my over 2 decades of public school teaching has grown astronomically! We continue to be asked to do more and more. Why are you (the community) now asking us to also serve as armed guards? As has become evident from what we keep hearing from the events in Uvalde, having armed personnel is no guarantee that a shooter can be controlled. We need to continue to explore safety measures. But, we also need to implore our lawmakers to do what is right! They need to provide laws that can help stop these senseless attacks. They need to provide mental health services. I cannot imagine being placed in a situation where I might have to shoot someone, much less a current or former student. That's too much responsibility!	6/23/2022 8:19 PM
708	A concern I have is that a student may be shot by accident. There are many fights that occur at the High School. What if a teacher felt threatened and acted on impulse?	6/23/2022 8:18 PM
709	My husband & I strongly agree with certified trained staff members carrying a concealed weapon. He says he'll even help be security.	6/23/2022 8:14 PM
710	I highly encourage haveing multiple, trained, professional teachers/ staff members to carry during ALL school activities.	6/23/2022 8:11 PM
711	Am scared of all kinds of arms I honestly do not like them but if my child can be protected by it then am ok with it	6/23/2022 8:10 PM
712	I think this would greatly benefit the students and teachers. As a parent of a child in high school, the high school has glass windows everywhere. If there were ever an incident involving a shooter, those kids would be sitting ducks with nowhere to hide. Also, they should have metal detectors and they should have people in front to make sure nobody enters without consent. I was able to walk right in to the high school this week without an ID and nobody questioned me or stopped me. If the school can build/reconstruct schools and there is money for that, there should be money to add metal detectors. I also know of an incident a few years ago where a kid in one of my daughter's classes had a gun. Thankfully some students alerted the teacher and the situation was handled. Had there been metal detectors at the door, the kid would have never made it past there with the gun.	6/23/2022 8:03 PM
713	The staff member that is carrying must be kept confidential and only know by staff not students. The staff member should also have a way to securely store and keep out of hands of children.	6/23/2022 8:02 PM
714	Dumb idea.	6/23/2022 8:02 PM
715	I think everyone should have the opportunity to protect themselves. I'm all for making the school safe	6/23/2022 7:57 PM
716	As long as they would be fully trained for any and every possibly situation then i can support it. As well as being checked out background and mental health wise. It is important to keep our children safe but it is also important that the people doing so are more than capable.	6/23/2022 7:55 PM
717	I support this proposal	6/23/2022 7:53 PM
718	I would love to know my child would be protected at school where they spend most of there time, and A parent isn't there to protect them	6/23/2022 7:50 PM
719	I have a fence around my yard for my kids' protection. I have locks on the doors for their	6/23/2022 7:49 PM

Cleburne ISD Guardian Program Survey

	protection. I want them to have the maximum protection they can have while at school, too.	
720	No issue it is a great idea	6/23/2022 7:47 PM
721	I would rather an employee have proper training with a gun and not need it, than need a gun to protect innocent children and not have one.	6/23/2022 7:47 PM
722	Only with proper training	6/23/2022 7:45 PM
723	I believe we should do whatever we have to to protect our children.	6/23/2022 7:40 PM
724	We need to protect our kids.	6/23/2022 7:40 PM
725	Please	6/23/2022 7:39 PM
726	<p>I speak before you not only as a staff member of this ISD board but as a mother and a law enforcement daughter. Hopefully after completing this survey and reading through the responses it will help you understand the numerous people that have outcried in hopes of taking a stand and getting our ISD board members to be proactive after the tragic events that took place on May 24, 2022 at 1:27 PM in Ulvade, Tx where 19 students and 2 teachers lost their lives. Ulvade had a single shooter who premeditated a timeline of events. This event that took place should be alarming to any ISD board, to want to take initiative and be proactive with not only on the "Guardian Program" and proper training but with secured campus protocols as well, as this key event is what really caused havoc not just in Ulvade but worldwide and a little too close to home. At 11:31 am, The shooter enters the school through a back door on the northwest side of the school and makes his way to classroom 111, according to school surveillance footage. Authorities originally said a teacher left the door propped open, but later said a teacher closed the door and the automatic lock failed. Looking back at the ongoing investigations from different perspectives, we know and can easily identify what the some of the key issues were that day that may be overlooked in our own ISD. To get things started, a teacher noticed that a shooter is on campus and calls 911. Another teacher left a door propped open, but later said the teacher closed the door and the automatic lock failed. Our ISD board spends thousands of dollars to reconstruct buildings and facilities but are we taking into consideration the safety of our students and staff when drawing up a blueprint? How often are the security measures checked to ensure that everything is up to date and properly working? As a teacher, I would hate to be the reason why a shooter was able to gain access on campus. Also, I understand in a situation like this you are going to enter a fight or flight mode as the adrenaline kicks in but our students also need to be prepared. As a first year teacher last year, the only "in depth" training I received was a 15 minute slideshow presentation called ALICE that included a 5 question quiz at the end. We are instructed to take control and lead the students but what happens when you have a student who is handicap that can't necessarily do what others can do? What happens when you have kids screaming and crying due to panicking? What happens when you aren't given to proper tools to get down from the second floor or a specific route to take once you're out of the school? These are all questions I have asked myself, our SRO and other teachers because its the reality of things. My middle school in general has not practiced this specific drill and it leaves me speechless because as sad as it is to say, this is becoming more of a repeated issue. Here we are having fire drills once a month, a inclement weather drill once a year, and nothing to practice when it comes to an active shooter drill. As a teacher, who attended this very same ISD I remember practicing for a drill like this. Our admin then, wasn't afraid of "scaring kids" or "causing panic" like they are now because instead they knew they were preparing us a students and the teachers who were protecting their classrooms. Lastly, We need to let our School resource officers do their job and let them navigate this training so that we can ensure we know what to do whether if it's in a drill or in a real life situation. Other police agencies such as our local Police department and Sheriff's office should assist our SRO's in this training, so that others who may not be familiar with the protocol is when "securing a scene" or an explanation as to why no one enters a "closed campus" in a situation like this. I don't think many people realize that when an individual calls a dispatch center, they are the first ones to take down all the details before sending an officer en route to that call. Therefore, we need to be properly trained on what to do to throughout that response time. We spend so much money on other things, why not work with CPD and open up more SRO positions. We need to give each campus a SRO instead of having our 4 individual SRO's rotate out between 2-3 different campuses a day. You don't want to be the campus that has their hands tied without a SRO there to take the lead with a situation like this. This should not be anything political in spite of our Second Amendment. No one cares that this sick individual was able to purchase two rifles such as a Smith & Wesson model M&P 15 rifle, a Daniel Defense rifle and 1,740 rounds of 5.56 ammunition. What we as parents and staff members care about is being able to obtain training for individuals like</p>	6/23/2022 7:37 PM

Cleburne ISD Guardian Program Survey

myself, who are wanting to take the extra steps and go through the vetting process to be properly trained to carry on campus. As a law enforcement daughter, I have been around guns my entire life. I even know how to take one apart, clean it properly with x amount of gun oil, bore brushes and jags just to put it back together. Another thing that I learned as a law enforcement daughter, was that my dad always drilled into our heads that he was going to do what he needed to do to make sure he comes home to us at the end of his shift all in one piece. As a teacher with that mentality, I will not live with guilt for the rest of my life because I will make sure that they, the students, get home at the end of the day to their families even if it means protecting them at all costs because these are the kids I spend more time with on a daily basis. It should not be a "What If" situation that's put on the back burner. Parents trust us to do the right thing as they leave their kids in our hands at drop off starting at 7:30 am everyday. With that being said, Cleburne ISD I believe it is time to take the initiative and be proactive like our neighboring school districts with the proper vetting process and training. If we don't, it can be you, it can be myself or it can be an innocent child that a family will have to be burying.

727	I do not think that more guns is the answer -We have an SRO who I would trust to take care of any situation that arises	6/23/2022 7:33 PM
728	I hope to God you make this happen	6/23/2022 7:31 PM
729	This is a terrible idea.	6/23/2022 7:27 PM
730	This is introducing unnecessary risk to an already stressful situation. We have school resource officers.	6/23/2022 7:26 PM
731	We have a school officer at every campus. You are just adding in unnecessary risk with this program.	6/23/2022 7:24 PM
732	I have had my license to carry for years. The only thing that stops a bad person with a gun is a good person with a gun.	6/23/2022 7:24 PM
733	I think it is a great idea.	6/23/2022 7:22 PM
734	I support the idea of having a guardian.	6/23/2022 7:21 PM
735	Safety of students as well as staff is of the most utmost of importance. This could provide piece of mind for staff students and parents.	6/23/2022 7:19 PM
736	Yes this is a GREAT idea	6/23/2022 7:17 PM
737	Yes this is a GREAT idea	6/23/2022 7:15 PM
738	Strongly support this program to protect students & staff. Mental health is one of the highest issues of concern today & protection of students for their peace of mind is necessary.	6/23/2022 7:10 PM
739	I am a teacher and parent in the district and fully support this	6/23/2022 7:09 PM
740	I would prefer each campus to have a police office stationed on campus. It could be a great burden for a teacher to be responsible to protect our campus. I know that I would do whatever it takes to protect my students but this would be a hard thing.	6/23/2022 7:07 PM
741	Adding in medal detectors also	6/23/2022 7:07 PM
742	Teachers are not paid to shoot intruders.	6/23/2022 7:05 PM
743	Isn't this the job of the SRO? I would feel incredibly LESS safe with a "guardian" program	6/23/2022 6:59 PM
744	If a gunman got through only some one with a gun could protect our teachers and children	6/23/2022 6:58 PM
745	I would feel safer in doing so if everyone did proper training	6/23/2022 6:55 PM
746	For the love of GOD, it's about time!!! My wife is a third grade teacher for CISD and I've preached this Columbine! Train and arm EVERY STAFF MEMBER! It doesn't matter WHERE it is or how great of a police department it is, 911 is NOT the quickest OR the best way to stop an active shooter situation because they are not on site when it happens and TOO MANY casualties occur while they are en route! Elementary schools, at least three to five staff members. Middle schools, five to ten. High school, MINIMUM twenty!	6/23/2022 6:54 PM
747	I would love to know that a trained, rational person was protecting my child while she is at school as long as precautions were taken to keep her safe from the inside as much or more	6/23/2022 6:50 PM

Cleburne ISD Guardian Program Survey

	than from the outside.	
748	I think this would be a great program. I think having people who are ready in case of an emergency who are on site is a great plan!!!	6/23/2022 6:50 PM
749	Using Uvalde as an example. There where police officers on site within minutes but they did nothing. Just because you give some one a gun doesn't mean they will use it.	6/23/2022 6:48 PM
750	I feel this should be an option for the staff to consider of they are comfortable with carrying a firearm.	6/23/2022 6:45 PM
751	I think this would be a terrific idea to keep our children safe. I would feel a lot more comfortable sending my child to school if I knew there was someone on campus that could actually protect them.	6/23/2022 6:36 PM
752	I support this but the weapon just has to be on their person at all times. I do also think an idea training with law enforcement on active shooters would be a great idea. Background checks to get the license to carry should suffice on the criminal aspect...	6/23/2022 6:36 PM
753	Highly recommend, I would feel comfortable sending my kids to school knowing someone is willing to protect them no matter what.	6/23/2022 6:32 PM
754	This would be great because we would have someone who is armed incase of an emergency. Because what would happen if they were not carrying? More injuries and deaths would happen. Buy carrying it could possibly lead to no injuries or death	6/23/2022 6:31 PM
755	I believe this would be a start. We need 2 armed guards at every s hook and someone watching security footage of the school too.	6/23/2022 6:30 PM
756	I'd like to see most staff armed and trained accordingly. For that matter I'd like for parents who are licensed to be able to carry concealed as well.	6/23/2022 6:29 PM
757	I am undecided, I would like to know how trained these people would be? Is it just some teacher who has a CHL? Or someone who has a CHL and watched a few videos? What type of training would they have, what type of background checks would they go through? Would they have it on their person or locked somewhere? I just have a lot more questions before I decide. Of course I want my kids to be protected at all costs, but I also want to know that the person who is protecting my kids is someone who has had very thorough training, testing, background checks, etc.	6/23/2022 6:28 PM
758	Parent	6/23/2022 6:28 PM
759	I am ALL for it!!	6/23/2022 6:26 PM
760	I am a grandparent and an employee. I have had four children educated through CISD and now their children are CISD students. When school shootings began to occur I told my coworkers I would arm up. They laughed but I meant it with all my heart. I have never given in to fear and I would do anything to protect my grandchildren (6 of them on my campus/Cooke) all students and staff.	6/23/2022 6:24 PM
761	I kid is safer with immediate response, rather than wait for help to arrive.	6/23/2022 6:23 PM
762	I would be okay with a limited number of staff carrying firearms, but I don't want to see them in every classroom or accessible to the kids.	6/23/2022 6:20 PM
763	I think that students/staff should be protected at all times. Since it would take officials a little while to respond then staff members that are armed would step in until they arrive.	6/23/2022 6:17 PM
764	It seems nowadays we need a gudian	6/23/2022 6:17 PM
765	As a parent and staff member, I would feel absolutely safe with knowing colleagues would have the ability to safely protect the children and staff in CISD. My 2 children will both be at CHS in the Fall of 2022 as well as I. I also have an office at Fulton since I am part of the staff there as well.	6/23/2022 6:17 PM
766	Our children are sitting ducks without someone on campus capable and able to protect them if needed.	6/23/2022 6:16 PM
767	We need all the help we can get in case of active shooters	6/23/2022 6:16 PM
768	Will they be properly trained, background check and psychological tested.	6/23/2022 6:16 PM

Cleburne ISD Guardian Program Survey

769	I carry to protect my kids and the teachers and staff need to be able to ADD, Avoid, Deny and if necessary Defend our children.	6/23/2022 6:16 PM
770	I would feel better knowing that there are armed staff members in the schools. It will deter incidents as well as provide a quicker response time in the even of an incident.	6/23/2022 6:15 PM
771	I think it's a great idea have armed men at the doors of the schools our kids go to . They have security at banks and armed police. Children is more important then money . I am strongly with this .	6/23/2022 6:10 PM
772	The three minutes it takes for an officer to get there that is not on scene is three minutes too late	6/23/2022 6:09 PM
773	Properly trained personnel can save lives.	6/23/2022 6:07 PM
774	Strongly support it	6/23/2022 6:06 PM
775	There are a lot of questions I have about this. How will the people be chosen? If you say yes to one and need to say no wito another who will be having these conversations? Will that staff member be excepted to leave there class if something were to happen? When will the training happen? Will having one or two armed teacher really help? What if a staff member feels like someone that has asked to carry or that is carry shouldn't be? Will they be carrying on there person or will it be locked up?	6/23/2022 6:06 PM
776	If not I strongly support a armed officer at each school.	6/23/2022 6:03 PM
777	I strongly believe all staff should carry to keep our kids safe.	6/23/2022 6:00 PM
778	Our children need protected. Let the staff be trained to be armed or bring in ex military. They have trouble finding jobs and this would be perfect.	6/23/2022 5:58 PM
779	It can get in the hands of wrong person and cause chaos	6/23/2022 5:57 PM
780	I would prefer a law official.	6/23/2022 5:51 PM
781	Definitely a plus and in full support of this	6/23/2022 5:49 PM
782	I think this would be a great deterrent to someone wanting to harm our children. Currently - they are sitting ducks..	6/23/2022 5:48 PM
783	I would LOVE for the staff to be armed	6/23/2022 5:46 PM
784	If I can entrust the faculty and staff to educate and care for my child, I trust their ability to safely handle a firearm.	6/23/2022 5:44 PM
785	I believe that it is a good idea for the safety of our school.	6/23/2022 5:42 PM
786	Protect my child, friend, and staff member as if he/she is yours. It takes a village to protect a child and I'll take all actions by any means necessary!	6/23/2022 5:36 PM
787	If it's executed properly then it would be a great deterrent for possible active shooter situations.	6/23/2022 5:32 PM
788	As a parent I would feel safer with an adult being able to actually protect my child & avoid another tragedy like Uvalde tx.	6/23/2022 5:31 PM
789	All teachers should have this right	6/23/2022 5:30 PM
790	It makes so much sense to me to have trained staff be allowed to conceal carry. This would provide an extra layer of security to help protect our children from a Uvalde/Columbine/etc. type situation. To me, this is a no brainer.	6/23/2022 5:27 PM
791	This is a must! Every teacher willing to volunteer and be able to pass the regimen should be afforded the same right to protect life.	6/23/2022 5:26 PM
792	I want protection for my kids. Do everything you can to protect my kids please	6/23/2022 5:26 PM
793	I feel it would help if there ever happens to be a situation when law enforcement can't get there fast enough	6/23/2022 5:25 PM
794	This is the best defense our children will have. If the staff member is trained and confident, then they will protect our kids more efficiently and effectively than waiting on PD to arrive, asses and engage.	6/23/2022 5:25 PM

Cleburne ISD Guardian Program Survey

795	As a parent and employee I support carry of secure firearm	6/23/2022 5:24 PM
796	Would feel safer knowing someone could defend my children if need be.	6/23/2022 5:24 PM
797	As we saw in the last shooting incident, you can't count on outside help arriving in time. I would hope that we would have a fighting chance to protect our kids.	6/23/2022 5:23 PM
798	I strongly support this. I would wish the members that carry to pass a psych eval.	6/23/2022 5:22 PM
799	This is a wonderful idea. I'm for it!!! Makes a parent feel more comfortable knowing there is some kind of security if anything happens.	6/23/2022 5:21 PM
800	This will put our children/youth at risk and will prompt lawsuits if something happens. Bring prayer back in schools not firearms.	6/23/2022 5:21 PM
801	This is a great program to implement	6/23/2022 5:20 PM
802	It's about time y'all address this issue	6/23/2022 5:18 PM
803	KEEP THE KIDS SAFE! WHY IS THIS EVEN A QUESTION?	6/23/2022 5:17 PM
804	Both of my children attend Keene ISD and I also worked there and we have had the guardian program for years. I helped get it going and organized. It gives me so much peace of mind knowing that my kids are protected and that there are people there who are properly trained and willing to stop an attack, it is also an amazing deterrent, someone driving by seeing those signs stating "certain staff are armed" will make them think twice when they know people are armed and willing to fight back	6/23/2022 5:17 PM
805	Trained staff members should by all means carry and protect our schools we 100% support this!	6/23/2022 5:11 PM
806	I believe we should have either trained people with fire arms or campus police with guns but it needs to be people willing to put thier life on the line for our children because when they are at school it's yalls job to protect them like they are your own children.	6/23/2022 5:10 PM
807	Keene has been doing it for a while. Why is Cleburne so slow to consider this?	6/23/2022 5:10 PM
808	I do not think that the training is sufficient. It sounds good until that person is actually in that situation for the first time. Personally I feel it should not be an on staff person. I have worked for the schools as an on staff employee and floating between them as a sub. From my personal experience being a gun owner and working at a school, I believe it should be someone with extensive training and experience in these types of situations. My preference would be hired officers or armed veterans. Although I would add it Should require frequent psych tests for the vets.	6/23/2022 5:10 PM
809	Honestly if something isn't done I'm considering homeschooling. When I drop my kid off I want to know how that she is safe	6/23/2022 5:09 PM
810	I believe that certain trained and qualified staff members should be able to participate. I feel that these professionals that are being considered to do so go through extensive psychological testing. I also feel that a third party should dictate who is considered "safe" to carry. Some OUTSIDE of CISD. I also feel that psychological testing be something that is done yearly. Lastly, I do NOT believe guns should be in the classrooms!!!!	6/23/2022 5:03 PM
811	The issue is worrisome but unfortunately it appears we need this in our schools to protect our kids.	6/23/2022 4:57 PM
812	Teachers should not have to worry about this on top of teaching. Teachers carrying weapons could become a target. We need fewer guns in schools, not more.	6/23/2022 4:56 PM
813	More guns in school is not the answer	6/23/2022 4:55 PM
814	I am unsure. I feel like if we do have someone carry on campus that they need real training; not just the basic concealed carry class. If the individual carrying has had proper, extensive training, then and only then will I agree it.	6/23/2022 4:55 PM
815	I strongly agree with having a staff member or someone else who is trained to carry a conceal weapon on campus. This would protect not only protect our children but also the staff as well.	6/23/2022 4:53 PM
816	i want this to know my son is safe while his at school and he coming back to me safe.	6/23/2022 4:48 PM

Cleburne ISD Guardian Program Survey

817	As a parent I entrust my child to CISD from 8-4 and would hope that if a threat was imminent staff would protect my child at ALL COST!! If the threat was a weapon I would feel safer knowing the threat can be equally matched by staff and teachers and students are not just sitting ducks waiting to be killed. As long as the training is intense and thorough I am all for it. PROTECT OUR CHILDREN AND STAFF!!!	6/23/2022 4:47 PM
818	I would feel a bit more at peace knowing I had someone trying to protect my child, but I don't want it forced on a staff member that does not feel confident.	6/23/2022 4:47 PM
819	Keep the students safe	6/23/2022 4:45 PM
820	I feel our children would be safer	6/23/2022 4:43 PM
821	I am a highschool teacher and a licensed conceal carrier (off school grounds only of course). I want to do everything I can to keep us all safe. I would be willing to be trained and certified to carry on school grounds to protect students. I've heard of some schools that have infrastructure built into the hallways with hiding spaces. I think that would be a good thing to consider as well. I don't want our students and their families to have to live in fear all of the time. Perhaps knowing that our schools are more fortified might help.	6/23/2022 4:41 PM
822	My only concern is that a teacher will become frustrated with students and use the firearm to threaten the students	6/23/2022 4:40 PM
823	This is an asinine idea! Teachers are hired to teach. Cough up the money for a police officer. Or better yet, write or call our representatives and demand safer gun laws.	6/23/2022 4:39 PM
824	It's allot better than a sign on the door! I'm all for it just don't miss!	6/23/2022 4:37 PM
825	I strongly feel this is a great idea. I support it 100 percent.	6/23/2022 4:36 PM
826	We absolutely support this!!!	6/23/2022 4:32 PM
827	I feel like time and resources could be more effective if they were aimed instead at increased school security and improved police response. For example, the school resource officer should get better training to assist in a school shooting, and the local police department should run drills to respond quickly and effectively to a school shooting. There should be metal detectors and limited entrance points with tight security. Having a few teachers with handguns seems like it would be ineffective against a shooter with assault style weapons who could be anywhere in the school.	6/23/2022 4:31 PM
828	We are living in trying times .An Armed Guard at a School in 2022 makes Plenty of sense.	6/23/2022 4:30 PM
829	I would feel much better to have some / all / few of our staff able to carry to protect our children and staff	6/23/2022 4:30 PM
830	I just hope they are trained not just in guns but something a little more extensive	6/23/2022 4:25 PM
831	None	6/23/2022 4:24 PM
832	As long as they have the training, I absolutely support this 100% and stand behind it..	6/23/2022 4:22 PM
833	We see so many of these instances, and while this doesn't rid us of the evil in this world. I think that having more trained individuals with licensed and registered weapons we have on site at any given time is a good thing. Please protect our babies.	6/23/2022 4:21 PM
834	Taking every option possible to protect our youth, staff and visitors is absolutely necessary.	6/23/2022 4:21 PM
835	Military personnel go through extensive training to handle a weapon. Police officers go through some training that lasts weeks. Teachers should not be held accountable for protecting students, weapons, and having to bear arms, especially when they are already completing a stressful job. This is not and should not have to be part of their training.	6/23/2022 4:21 PM
836	As a staff member I am in support of this program. When an armed attacker comes on campus you are at their mercy. I would feel much safer knowing that responsible gun holders would be around to take out the shooter saving lives.	6/23/2022 4:18 PM
837	With recent school shootings we need to implement gun safety classes Mental health programs And teacher carrying programs to protect our kids. PLEASE enact this program!	6/23/2022 4:17 PM
838	Just want safety for all students and staff.	6/23/2022 4:17 PM

Cleburne ISD Guardian Program Survey

839	For the protection of all students and Starr I would support this as well as all other safety precautions that are not already in place	6/23/2022 4:17 PM
840	We should protect our schools with armed and trained people.	6/23/2022 4:14 PM
841	We should have harden our school long ago. This is way over due.	6/23/2022 4:13 PM
842	There needs to be someone at the school who could protect the children from a threat.	6/23/2022 4:12 PM
843	I think it is great to have armed and trained individuals to protect our schools.	6/23/2022 4:12 PM
844	It should have already been done no questions asked	6/23/2022 4:11 PM
845	How would you decide which staff members would carry? Would the gun and ammunition be provide be the district? Would you provide training and ongoing shooting practice?	6/23/2022 4:11 PM
846	Yes! Trained, armed individuals in place in our schools is essential in the days we live in. Allowing students and staff to be sitting ducks is unacceptable. Think of your own children and grandchildren, what lengths would you take to protect them from harm? As a school board this is your responsibility and it's necessary to arm individuals in schools to keep students safe. Take a stand for students and dedicated staff members!	6/23/2022 4:02 PM
847	Our children are irreplaceable and should be protected at the best of our ability.	6/23/2022 4:00 PM
848	With proper safety and storage for the firearm, it will be great to implement this action.	6/23/2022 3:58 PM
849	Absolutely, I support it 100% as a parent and a staff member of Cleburne ISD.	6/23/2022 3:56 PM
850	I think it's smart to have a staff member, or multiple staff carrying. This will prevent tragedy if, God forbid, it ever happens. Of course proper safety and storage required.	6/23/2022 3:56 PM
851	I would strongly support as a staff member the opportunity to better protect the students at my school. Even if I could protect one student until authorities arrived it would be worth it in my opinion. I currently have my LTC license and countless hours of training. I carry concealed daily when outside of work.	6/23/2022 3:49 PM
852	Great idea to harden our schools and protect our kids	6/23/2022 3:49 PM
853	We already have School Resource Officers that are trained and carry firearms so having a few others would be awesome!	6/23/2022 3:47 PM
854	This makes me uncomfortable.	6/23/2022 3:44 PM
855	Teachers shouldn't be forced to carry but should have the option. Plus they should have extensive training provided to them, advanced de-escalation training, continuing psychological evaluations and insurance. Some districts have a few teachers armed but their identity is kept quiet from anyone other than administrators so they are not targeted for theft or on a kill list.	6/23/2022 3:43 PM
856	After the heartbreaking Uvalde mass shooting revealed a breakdown in law enforcement communication and severe lack of protection and timely response for those inside the school that were put in harm's way, I strongly support The Guardian Program to help protect the lives of our children and all staff and workers on school campuses. Further, I strongly believe in a high-level monitoring system of all access doors to schools. One that would sound alarms on doors that are left ajar which should be closed and locked at all times.	6/23/2022 3:42 PM
857	Our kids and teachers should feel safe at all costs. We as parents should not have to worry about sending our kids to school.	6/23/2022 3:38 PM
858	As a parent of two children at Gerard Elementary, I feel that this would be a wonderful thing to implement.	6/23/2022 3:37 PM
859	I understand that we have police officers at the schools, but the ratio is one officer for three schools, with exception to the High School. I feel that my children are not well protected while the officer is away at another school. Also, what should happen if children are on the playground, in PE, or other activities that take them outside. One police officer can not be everywhere he is needed at all times. I am thankful for their duty in serving our schools and community. However, should an active shooter come, will the police officer be available? By allowing trained teachers to conceal carry, their duty will be to aid the police officer in protecting our children. This way, if the police officer is away at another campus or is away from the scene, there will be another source of protection that will be available. Guards with guns protect our president, government officials, and people of great importance. Our children	6/23/2022 3:34 PM

Cleburne ISD Guardian Program Survey

are important and irreplaceable. They too should be well guarded. Please implement the Guardian Program. Thank you.

860	I feel this is a strong need in our district.	6/23/2022 3:34 PM
861	I do support this School Guardian Program, BUT My child is worried that if a teacher is mad at a student that they will shot them.	6/23/2022 3:32 PM
862	I believe that a person that is already a licensed carrier would be willing to get additional training. I am one person willing to do additional training for this purpose. I am already licensed. Thank you for inquiring. Keeping our students safe should be a number priority. Please keep in mind that students and other staff need training on the proper protocol. Ex: don't open for doors for people - people coming in the front doors should be verified through raptor. Someone should be watching that all doors are shut and locked throughout the door. Some doors do not shut properly. I know parents that have walked through doors and into the cafeteria where their child was located. Please make this a number one priority!	6/23/2022 3:27 PM
863	Obviously if the people carrying have background check and are trained with the firearm	6/23/2022 3:25 PM
864	I would feel very comfortable knowing some of the staff at my grandchildren's school were carrying and prepared for emergencies.	6/23/2022 3:23 PM
865	I fully support this program. I have my LTC and I would be honored to help keep our children safe at school.	6/23/2022 3:21 PM
866	I absolutely support this! 100%!	6/23/2022 3:16 PM
867	I strongly support any decisions made to make sure my kids are safe on a day to day basis	6/23/2022 3:16 PM
868	Long overdue! You've got my full support!	6/23/2022 3:15 PM
869	I don't think to carry a gun even with a training can fix the currently issues. There are another ways to secure our schools.	6/23/2022 3:15 PM
870	Yes I would feel much safer if my children were protected while away from me. That being said I also believe who ever is in charge of this program will make sure the person and are people who do this will have a mental evaluation to make sure they are going to protect and not need to be protected from!	6/23/2022 3:14 PM
871	I support an armed professional protecting my child	6/23/2022 3:11 PM
872	It's one more level of safety that is desperately needed.	6/23/2022 3:10 PM
873	i think its a good idea for staff members to conceal carry but the person need to trained checked out. i also think the persons identy needs to be kept a closely guarded secret	6/23/2022 3:08 PM
874	Guns and professionals that use them to protect are not a problem. The lack of effective consequences for those that want to test criminal limitations and find out are. Let the teachers have guns. They will use them to protect the children and staff, and it would be a deterrent to anyone thinking the campus is a good target in the first place. Parents should teach children not to touch what doesn't belong to them so it should not be a safety issue at all.	6/23/2022 3:08 PM
875	Our children have not been made a priority regarding gun violence. It's been 22 years since Columbine. Many more children have either died or been wounded. Protect our children. Now. Thank you.	6/23/2022 3:07 PM
876	I feel like carrying guns in a school to shoot a possible intruder is not the responsibility of a teacher. It is a liability. If anything were to happen, it opens the chance of a teacher accidentally shooting an innocent staff member or student. That should not be the responsibility of the staff.	6/23/2022 3:03 PM
877	The single best deterrent to an active shooter, as well as myriad other threats, is an immediate response by a well-trained, well-armed defender who is immediately available. I would strongly support this measure for our schools.	6/23/2022 3:02 PM
878	I would feel much safer for my child.	6/23/2022 3:01 PM
879	I am for this but hope they have tons of training all the time with background and mental health checks. So it is safe for everyone.	6/23/2022 2:58 PM
880	I will feel my kids are safer at school if the teacher was taught gun safety and had a gun in the	6/23/2022 2:53 PM

Cleburne ISD Guardian Program Survey

case of an emergency. I have my conceal and carry license and i carry every where to insure my kids and my own safety.

881	Think that it would be good	6/23/2022 2:53 PM
882	Do it, I will trained gun carrier has more of a chance of saving lives than an officer. An officer can't be everywhere at once.	6/23/2022 2:50 PM
883	I approve of the staff carrying to protect the kids and other staff	6/23/2022 2:50 PM
884	I would also like more security. People to stop the drug making & using in bathrooms. Fights. I would also like to see teachers allowed to use a child's preferred pronouns without backlash.	6/23/2022 2:49 PM
885	I am very familiar with the program and instructors and it's excellence.	6/23/2022 2:48 PM
886	Campus office and multiple armed and trained staff at every campus is a must	6/23/2022 2:46 PM
887	This needs to be done. Also security to walk around ensuring doors are locked throughout the day.	6/23/2022 2:45 PM
888	I think this is a very great improvement on our children's safety	6/23/2022 2:45 PM
889	I believe the school district should. I carry all the time. Because I will do whatever the cost is to protect my children and others.	6/23/2022 2:45 PM
890	Just as long as it is used for active shooter only. Some of these teachers would be crazy enough to pull it on a student.	6/23/2022 2:44 PM
891	This sounds like a good program as long as all the correct training is implemented and stays up to date.	6/23/2022 2:41 PM
892	Strongly support this issue	6/23/2022 2:40 PM
893	I think carrying would be awesome plan for the safety of our schools.	6/23/2022 2:40 PM
894	Needs to happen asap if our school had armed guards less likely for someone armed going in and if so quicker time for action	6/23/2022 2:36 PM
895	I have my conceal carry permit. I highly support this idea	6/23/2022 2:36 PM
896	After Uvalde happened, I was scared to death. I have chills as I am literally writing this out. I strongly support having staff members carrying firearms to protect our children. Please, for the safety of our children, let this become a thing.	6/23/2022 2:36 PM
897	I believe as a parent that all students need to be protected and that the teachers should be able to protect our children if ever a crisis happens in our school. So yes I'm for it	6/23/2022 2:35 PM
898	As long as it is a well trained group i would highly support this. We have to protect our children.	6/23/2022 2:35 PM
899	I fully support this idea in helping to keep our children and teachers safe.	6/23/2022 2:34 PM
900	It would make me, my husband, and my child feel safer.	6/23/2022 2:34 PM
901	My children need to be protected at ALL times.	6/23/2022 2:33 PM
902	I'm unsure about having armed staff on campus. I do think there should be a highly trained police officer on every campus.	6/23/2022 2:32 PM
903	I agree we need to protect our students.	6/23/2022 2:32 PM
904	As a parent, the security of our children and staff are a number one priority. I would also like to see cameras and a buzzer at the front door of every campus so the office can see who they are buzzing in and we should show ID and state our business before being let into the school.	6/23/2022 2:32 PM
905	I support this as long as employees go through complete background checks to assure they are competent to carry	6/23/2022 2:27 PM
906	I support cleburne ISD in allowing a fully trained employee to carry a concealed firearm. To insure our safety of our students and our staff members. I have been involved in more than one situation where I had to call 911 and it took more than 15 minutes for law enforcement to get to our campus. I fully understand that 15 minutes might not seem much but for students and employees that are in direct danger it more than enough.	6/23/2022 2:27 PM

Cleburne ISD Guardian Program Survey

907	As a parent, I will feel more at ease with a program that will keep our children and staff members safe. I would also like to see all doors locked with security cameras with a buzzer and intercom at the front door of every school for extra security for parents or staff to be buzzed into the building.	6/23/2022 2:26 PM
908	I feel we should implement any way we can to protect our children. I trust that each volunteered staff member would be extremely vetted and willing to protect their lives at all costs. Strongly support anything that would hinder the loss of any students life.	6/23/2022 2:23 PM
909	Please don't do this to staff. Why leave us questioning and scared of absolutely everyone around us.	6/23/2022 2:23 PM
910	I support this and as long as they are kept safe and away from children. There should be multiple trained parties at all times on campus.	6/23/2022 2:21 PM
911	More guns at school seem like an accident waiting to happen.	6/23/2022 2:21 PM
912	No issue at all!	6/23/2022 2:20 PM
913	I would feel somewhat comfortable having the teacher with a firearm	6/23/2022 2:20 PM
914	I would feel much safer in a classroom if this program could be implemented correctly. Things I would want to see as a staff member are below. - required rigorous handgun training annually regardless of current licenses or past handgun certifications - expert level competency in firearms and firearm safety - significant stipend for the confidential armed staff member(s) - a locked safe in the desk or other accessible area of the armed teacher(s) - airtight procedures and plans that would ensure no student would ever know who the armed teacher is or where a firearm could be - monthly/semester psychological evaluations on the armed staff member(s)	6/23/2022 2:19 PM
915	Having a trained person on site is the best way to prevent or at least quickly end someone who would come in with I'll intentions	6/23/2022 2:19 PM
916	Well if staff carries guns at any time a high school student get steal it from the staff kill someone in school its the same thing i dont think this can protect our students	6/23/2022 2:19 PM
917	I am unsure if I would want someone other than a trained peace officer with a weapon on-site of my childrens school. I would need to see more data	6/23/2022 2:15 PM
918	Any additional security is welcome .	6/23/2022 2:15 PM
919	I am a Grandparent who visits my grandson at Coleman and will have a granddaughter there next year. I've had concerns for awhile. I visited on Grandparents day and I believe there was a sign in sheet in the foyer but no checking of ID and then we just went in the cafeteria. On awards night, no signing in -just two staff members at the doors. I don't think they could recognize everyone who walked in the door. Only on one occasion of coming to school to eat with him and go to the book fair, did I have to present an ID and be buzzed in with a visitor tag. I was also concerned that some of the grandparents and kids were allowed to eat outside the cafeteria in the little open pavilion area. What is to stop a non-custodial parent from taking a child outside to eat there if they don't have permission to take said child and no ID is checked? I have other grands in Joshua. On days like Grandparents Day, Book Fair or Awards, Emails are sent to the parents and you check off times you are coming, who is coming and for what student. Name tags are then printed ahead of time but ONLY if the parent and grandparent already have their ID scanned into the system. Then the day of, you are checked on a list and given your tag. Anyone else not doing this ahead of time has to go into the office to present their ID and get one printed. Of course, regular days, require everyone's ID to be checked. No adults are allowed to tag along with parents(like uncles, aunts, friends) unless they go into the office and show an ID to get a visitor tag printed. I'm not crazy about guns in school but realize the world we are in now. If the staff member is properly trained, has been thoroughly checked out with a background check, and has a safe place where students cannot get to it, then it might be the thing to do. But having been a teacher, how do you secure it, without having it on your person? I was forever leaving my keys or drink in a restroom or someone else's room. How can you assure a student won't reach one right out of a holster off the teacher's body? Lots of questions to be addressed. I also have seen those metal security door locks that teachers place on the door in an active shooter situation and believe every classroom should have one. I'm very glad that it appears from this survey that security is going to be reviewed!	6/23/2022 2:14 PM
920	As long as the teacher met the conceal carry criteria along with what I'm sure would be a	6/23/2022 2:14 PM

Cleburne ISD Guardian Program Survey

	strongly thorough background and training through the school I would very much support this	
921	This is a must and needs to be implemented ASAP!!!	6/23/2022 2:12 PM
922	Na	6/23/2022 2:09 PM
923	I trust myself but not sure I trust others on my campus to carry.	6/23/2022 2:09 PM
924	I would be a strong supporter of this program under certain circumstances. I think it would be important to know if the gun carrier has any previous gun experience or owns a gun personally. I would want someone who already has the mentality of that using a weapon for self-defense is OKAY, that would feel comfortable handling a gun and wouldn't be afraid to use it, should the unfortunate event arise. Secondly, I would expect (hope) there to be HIGHLY regimented training (hands on--not just video and classroom training) for the individuals to carry the gun. Training that would be year-long and with VERY high standards that would have to be met...I don't know but something like; hit the bullseye from x number of yards 9 times out of 10... The last thing we need are extra bullets flying around in a shooting situation. But overall, I feel as a parent, if these 2 areas were heavily considered and addressed, I would be a strong proponent for the Guardian Program.	6/23/2022 2:09 PM
925	I agree like that they students are more safe and I could be more comfortable haveing my kids in school it would be nice if bus drives would be allowed in the group too like that I would be more secure when my kids go on the bus too	6/23/2022 2:08 PM
926	It's a very complex and difficult issue. I really don't know how to feel about it at this moment. I believe it's a burden that teachers and staff members should not have to carry but at the same time based on the horrible events it could be a good measure.	6/23/2022 2:08 PM
927	If you will not trust teachers with teaching his/her students, why would you trust a staff member to carry a firearm? Student safety is a first priority, however, you can come up with other ways to protect our children.	6/23/2022 2:07 PM
928	Not the solution. Metal detectors and trained specialists. That is where the funding should go. The training needed for this would be far too rigorous. Being able to handle a weapon in a very HIGH STRESS situation is not something anyone can do. Not to mention when a teacher gets shot by officers trying to locate am active shooter. Just isn't the solution in my opinion.	6/23/2022 2:07 PM
929	First of all, as a teacher, I believe this should not be added as a REQUIREMENT to a teacher's plate. We did not go to college to learn how to protect children from active shooters. However - I know that there are staff members who are already highly qualified and willing to serve in this way. Obviously, a great deal of training and psychiatric screening should go on before selecting staff members for this role. In addition, a strong security system should be in place to ensure that a firearm does not end up in the hands of students. Maybe a biometric safe would be appropriate. As a parent and as a staff member, I would be comfortable with this.	6/23/2022 2:07 PM
930	Improve door locks and camera surveillance instead	6/23/2022 2:06 PM
931	Absolutely	6/23/2022 2:06 PM
932	The added security of trained and willing staff members to anonymously carry concealed handguns with appropriate, extensive background checks is an added security every child, parent, and Administrator would benefit from.	6/23/2022 2:05 PM
933	Wouldn't feel 100% safe with a secured firearm being in the reach of children.	6/23/2022 2:05 PM
934	I would like to have more information on the type of qualifications, training, and procedures that would be implemented for individuals interested in participating in the program. I also wonder if any other/additional safety measures have been considered besides, or in addition to, the Guardian Program; and if the current safety protocols are being enforced. Would this program be rolled out to all campuses district-wide or only certain schools? Lastly, I do worry that this could create confusion about whether a real threat is present or if an individual with a firearm is really just a confidential member of the program.	6/23/2022 2:04 PM
935	It would help knowing that we have someone there ready if anything were to happen.	6/23/2022 2:04 PM
936	I would rather know that theres at least one highly trained person on campus who's able to defend our children with more than just a locked door. As a mother watching the school shootings continue I want to see more precautions taken to protect our most vulnerable	6/23/2022 2:02 PM

Cleburne ISD Guardian Program Survey

937	I would rather them have it and not need it than need it and not have it.	6/23/2022 2:02 PM
938	I have been concerned about schools being a know gun green zone which employees and law abiding citizens comply with. However I have never felt safe on any school campus Cleburne and previous school I was working at due to the fact that criminals or attention seeking people that have mental health concerns know a school is an easy unarmed target. Staff trained and screened for mental problems that could be armed on every campus would definitely help me to feel safer at work. I would also like it if the staff that might be armed be kept confidential to protect them but to also make it difficult for any potential attackers to not know where the armed people are forcing them to assume any staff could be armed. I would strongly support a guardian program.	6/23/2022 2:01 PM
939	The likelihood of a cop or security guard being in the right place at the right time is unlikely. Having others spread out to help protect would be beneficial.	6/23/2022 2:00 PM
940	Depending on attending and completing appropriate training courses.	6/23/2022 1:59 PM
941	I don't support this because there is a lot of unstable and emotional students that can always find a way to get into things. Yes it can help with an emergency case but it also can start a problem.	6/23/2022 1:59 PM
942	We believe if they are properly trained and understand the use of a firearm In a situation then we should move forward with it.	6/23/2022 1:56 PM
943	Will always support someone trained to protect by children, appreciate all education staff and the things they do!	6/23/2022 1:56 PM
944	I believe our parents and or teachers would give that extra sense of security and safety for our kids. I also believe if we can get more parents involved in this that the teachers can go back to teaching and not having to make sure a child can go safely to the restroom.	6/23/2022 1:55 PM
945	I support having trained security for each campus and a strong security presence at all schools.	6/23/2022 1:55 PM
946	Please do!	6/23/2022 1:52 PM
947	I strongly agree because last year , my daughter was at Wheat in temporary buildings due to the construction. There wasn't a fence protecting the students nor were any of the temporary buildings, that were next to a street ever kept locked.	6/23/2022 1:52 PM
948	Strongly agree with approving the "Guardian Program" to ensure my children are safe during school hours.	6/23/2022 1:50 PM
949	Protection of our children, teachers, and school staff is of the outmost importance. Evil is unlikely to bring a gun into the school if they know/think staff is armed and trained to stop them.	6/23/2022 1:50 PM
950	Our children should be safe in school. A trained person carrying a gun is a good thing. Especially if it makes all the difference between the lives of our children and them dying because of a unstable person wanting to do harm.	6/23/2022 1:50 PM
951	Please, please do this. I already have so much trust for the staff at my sons school..especially with him being autistic, but this would help my overall fear.	6/23/2022 1:49 PM
952	Obviously, any staff member carrying a firearm must be properly trained in handling the weapon but would also have to be trained in human behavior. I work with students with disabilities, and this is a concern for me as an educator and is a concern of parents as well.	6/23/2022 1:48 PM
953	Think this is a wonderful idea, after what happened in Uvalde that hit close to home, I want to feel safe dropping my kids off knowing there are armed staff members in the building. Of course with some proper training first but I'm all for it	6/23/2022 1:48 PM
954	Having a teacher carrying a gun is not the answer. A teacher firing a firearm in a classroom would be taking a chance of killing or injuring a student in their room or the room next door. This is not taking into account a teacher being able to pull a trigger and kill somebody. Then there is the fact that when the police arrive at the school they might accidentally shoot and kill the teacher with the gun in their hand.	6/23/2022 1:46 PM
955	As a parent, I am 1000% behind this! We support this and would give many parents, myself included, incredible peace of mind when dropping my son off at school.	6/23/2022 1:45 PM

Cleburne ISD Guardian Program Survey

956	I would strongly support this! Please do everything you can to keep our babies safe!	6/23/2022 1:45 PM
957	I support and would be more happy be part of confidential trained staff. I've had a Texas LTC since 1987	6/23/2022 1:45 PM
958	It would make us feel safer.	6/23/2022 1:44 PM
959	I would feel much better with an SRO or police officer housed at my campus and my other child's campus at all times.	6/23/2022 1:43 PM
960	My husband is a cop and I'm a probation officer. We would feel safer if someone was armed besides the 2 in the school already.	6/23/2022 1:43 PM
961	I'm all for it!	6/23/2022 1:42 PM
962	Being a parent is hard enough and not know that they safe scares me . Especially after all that is going on now a days . So Im willing to give this a try hopefully it works and keeps our babies safe .	6/23/2022 1:42 PM
963	Much needed. Stop the threat before they can harm anyone	6/23/2022 1:40 PM
964	For it	6/23/2022 1:40 PM
965	i would feel safer with this in place	6/23/2022 1:40 PM
966	I totally approve this	6/23/2022 1:39 PM
967	Strongly believe local Law Enforcement need to know who is legal to carry. When back up officers arrive on scene, if someone is seen with a Firearm it will be very dangerous for police to determine if they are the good guy or bad guy.	6/23/2022 1:38 PM
968	.	6/23/2022 1:38 PM
969	As a parent I strongly believe someone trained should be armed to protect are children.	6/23/2022 1:37 PM
970	The only issue is keeping our children safe. If this could even have a possibility of keeping my son safe then I am one hundred percent for it.	6/23/2022 1:36 PM
971	I dont like it being confidential.	6/23/2022 1:31 PM
972	Don't feel like this is a responsibility that should be put on teachers.	6/23/2022 1:29 PM
973	Putting more guns in school is not the answer.	6/23/2022 1:29 PM
974	Most teachers are not able to keep their cool.....no extra guns.:.police with guns only	6/23/2022 1:29 PM
975	I have watched too many staff lose their badges, walk-in talkies, and keys as well as their tempers and do not believe this would create a safer environment for staff and students. I've also witnessed students, on other campuses, attempt to take - and successfully lay hands on - and SROs Gun, why wouldn't they be able to do this to staff. Additionally, when we look at the national headlines involving staff in inappropriate relationships with students, they were never expected, how can we trust staff with a gun if we can't trust them with students - it only takes one bad Apple to spur the bunch.	6/23/2022 1:28 PM
976	I want my children safe and the teachers as well.	6/23/2022 1:28 PM
977	As long as there are plenty of phycological testing and physical training done.	6/23/2022 1:27 PM
978	Fully support this action.	6/23/2022 1:27 PM
979	I am still unsure, I would want more information on how staff members are selected and trained. But more than that I would like to know that we are taking every other possible precaution BEFORE arming staff. Ensuring every campus has controlled entry points with doors that are locked at all times. All visitors should have to provide ID before entering a campus. I know some of these policies are in place but I have seen many examples of them not being implemented. That should be our first priority.	6/23/2022 1:26 PM
980	I fell comfortable with whatever actions it takes to assure our childrens safety	6/23/2022 1:24 PM
981	I have my concealed carry license and do firmly believe in the right to bear arms. However, I believe that in our current society and with extreme teacher burn-out, that it would not be wise to arm our teachers or staff. The idea of it sounds great but I have too many reservations with	6/23/2022 1:23 PM

Cleburne ISD Guardian Program Survey

the actual logistics and implementation of it. As an educator, I would love to be able to bring my handgun to school and keep it in my car. This would make me feel safe and secure. However, what is good for one has to be good for all and unfortunately, I do not want my child attending a school where there are armed staff members (other than the SRO's). I would equate it to teaching religion in public schools. As a Christian, I would love for Christ to be taught at my child's campus. However, what is good for one has to be good for all. However, I don't want my child taught other religions and so I would prefer keeping religion out of school. I guess I would say that I always caution on the side of error. In this situation, we can not render enough caution. As ridiculous as it may sound, having signs stating that we carry could probably work as a deterrent. However, I do not see the logistics of this scenario working out. It works for my "Brinker Home Alarm" sign in my front yard, despite my not having an alarm system. However, I'm not sure how that could be carried out in an educational system of this magnitude or even with the legalities of it. Praying that God gives the Dr. Heath and the School Board wisdom and insight as you all work through the decisions of the 'Guardian Program'.

982	I strongly support a guardian program in our school to keep our kids safe! I would love to see a trained person at school entrances and not out this on our teachers. They have enough on their plate already!	6/23/2022 1:23 PM
983	I do not think more guns on campuses is the answer to school security.	6/23/2022 1:23 PM
984	This needs to happen before Aug 2022.	6/23/2022 1:22 PM
985	I feel our schools are very safe but extra security only helps. Plus if I worked at a school I would rather fight instead of being helpless.	6/23/2022 1:22 PM
986	Some strong vetting on who you decide to start a gun onto would need to occur. I would like too know how you determine who will carry a weapon on them. I also would like too know what kind of training training that person will undergo.	6/23/2022 1:21 PM
987	I think if a confident and competent person is professionally trained in gun safety and usage and also has had some training with law enforcement on school intruder situations and appropriate actions/reactions, then yes, a staff member could be a life saver until the police arrive.	6/23/2022 1:21 PM
988	I think as long as the carrier's mental health is monitored carrying is a great idea.	6/23/2022 1:21 PM
989	You're asking our teachers to carry an undue burden and to make themselves into targets if the situation you're planning for happens. Rather than asking undertrained teachers to put themselves into situations that we've recently seen highly trained and well equipped members of law enforcement hesitate to put themselves in shouldn't we be focusing more on fixing the underlying issues that lead to these heinous acts?	6/23/2022 1:20 PM
990	I am definitely all for it!! As long as you're responsible & I would definitely feel safer with my kid's going to school & knowing staff is a carry & conceal!!!	6/23/2022 1:19 PM
991	I fully expect anyone watching my child to protect them with full force if need be. To not protect our children and your staff with full force capabilities is an absolute shame. I fully support teachers and staff conceal carry, this should have been done years ago	6/23/2022 1:18 PM
992	I am a licensed hand gun owner and strongly believe that if there is personnel on campus that are licensed and properly trained to carry a handgun that it would not only benefit the school but also a deterrent from someone thinking about going to a school with the intent on doing harm	6/23/2022 1:17 PM
993	Hello, I think it would be a great idea for someone to have a fire arm to get to some one fast enough in case there is a invasion. Also I think the people with a fire arm need a back ground check and also be looked into if they have any history of violence or assaults. I would hate for them to have one in case they get angry at a student. So very strong yes if they are clear to have one.	6/23/2022 1:17 PM
994	I as a veteran parent believes that we should protect all people	6/23/2022 1:16 PM
995	I believe it would make our schools safer	6/23/2022 1:15 PM
996	I want to know my child is safe at school	6/23/2022 1:15 PM
997	I feel like teachers should be able to protect our kids the same way a shooter will try to take it over. but they will need to be well trained & also understand how to prevent a student from	6/23/2022 1:14 PM

Cleburne ISD Guardian Program Survey

taking the gun off their hip or were ever out will be..

998	The person would defiantly need to be responsible. I have family that attended Whitney ISD High school and the VP of the high school left her gun in the restroom twice and a student had to report that there was a weapon in the girls restroom where students go. That's the only thing that worries me.	6/23/2022 1:13 PM
999	Don't get me wrong our law enforcement in this Community does their jobs but about five minutes of waiting with children is not ok with me let just say if the cops are not in that school before I get there I'll be in that building fast not just to protect my children but my children friends also that are now family of my children a good person with a gun is much better then a bad person with a gun and if my hole family could have the chance to agree with this they would I don't think our teachers should have no ability to protect the children that they do love and are in their class with no sort of protection but book computers pencils and running each direction this is what my kids have told me what they are teaching them oh and to put up the decks where the shoot can't get them I have seen many bullets go through a piece of plywood so that right there you are lining to our children and mine know this because they hunt The safety protocols y'all have at the moment are not so smart if this is all we have it's sad yes we even have to talk about this but for our kids to be protected me as a mom think this needs to happen and happen fast	6/23/2022 1:13 PM
1000	Anything to keep our children safe ! I most certainly approve of my child's school to do what is needed to protect everyone in the school .	6/23/2022 1:12 PM
1001	I would like to know which staff members are carrying. Or understand the perspective on the confidentiality. I also would like to know procedures of concealing the firearm and how easily accessible it would be.	6/23/2022 1:11 PM
1002	I fully support the right to carry. I believe trained, licensed confident school employees should carry a gun on campus as a deterrent and as protection for the students and staff on campus. There should be someone present on campus at all times that is armed and ready to defend if needed.	6/23/2022 1:11 PM
1003	If we are trying to have teachers get this extra certification then they need to be paid for doing so. If we are hiring new people to be on campus they need to, not only be screened to make sure they know what they are doing, but also where did we get the new money to hire said people when Cooke Elementary needs to be upgraded 5 years ago and teachers need to be paid way more for dealing with everything going on in today's world.	6/23/2022 1:10 PM
1004	A resource officer per campus would be ideal but staff carry is a strong alternative!	6/23/2022 1:10 PM
1005	This is awesome!	6/23/2022 1:09 PM
1006	I agree that someone should be armed but how will the firearm be concealed? On their person, in a safe, who has access??	6/23/2022 1:09 PM
1007	We have a "sheepdog" security mentality at our church, and we only include those on the team that are highly trained, not "Wyatt Earps" looking to make headlines. I believe the appropriate personnel being armed would be a deterrent to violence. It has proven to be so at campuses that currently employ this system.	6/23/2022 1:09 PM
1008	Strongly support	6/23/2022 1:08 PM
1009	As a parent, it would make me feel better sending my children to school. To know that there are plans put in place to protect our children.	6/23/2022 1:08 PM
1010	This is awesome!	6/23/2022 1:08 PM
1011	This is alarming. Firearms in schools are a liability waiting to happen. Why would you burden teachers with the prospect of a firearm? What happens when a teacher is confronted with the prospect of having to shoot a student? What if the firearm is taken from the teacher. I am extremely disappointed that the school district is even considering this. I will remove my child from school if this is implemented. If the school district is so concerned with safety, why don't they take some of the money dedicated to our over budgeted athletic program and dedicate to actual solutions.	6/23/2022 1:07 PM
1012	Every staff member should have training and carry.	6/23/2022 1:07 PM
1013	Cleburne High school is so spread out you would need several on campus	6/23/2022 1:07 PM

Cleburne ISD Guardian Program Survey

1014	As a parent I would feel better that trained, qualified staff were carrying weapons to help defend our childrens	6/23/2022 1:06 PM
1015	I feel it's not the teacher or staff members to secure the school. I feel that's the job of the security guards at the school. I also think there should be more protocols at the school such as, secured doors, windows, gates, more cameras inside and out.	6/23/2022 1:06 PM
1016	It would make me feel better knowing that you can protect my children if there was anything to happen.	6/23/2022 1:05 PM
1017	In full support	6/23/2022 1:05 PM
1018	Yes, this would be a good program but the individual/s carrying would need to go through extensive training to ensure the safety of the students and staff when conceal carrying	6/23/2022 1:04 PM
1019	I think staff should carry for our kids safety	6/23/2022 1:04 PM
1020	As long as they are trained and certified, I am fine with that. I would prefer a police officer on campus at all times.	6/23/2022 1:03 PM
1021	Protect our kids. All of them. I dont care what the anti gun crowd thinks.	6/23/2022 1:03 PM
1022	I feel more confident that not only would this serve as a deterrent for potential offenders but an extra line of defense for our children and staff. Staff can't fight a gun without equal force of defense.	6/23/2022 12:59 PM
1023	If there was yearly training. Also the person carrying a concealed weapon carried an insurance policy to protect the school from being sued	6/23/2022 12:57 PM
1024	Is the school district insured against accidental discharge of this weapon? What about intentional discharge by trusted guardian turned shooter? What about intentional discharge by another party who has disarmed the trusted guardian? What research has been done to support the effectiveness of a program like this? What research has been done regarding the mental health of children exposed to armed adults in their school? Who decides the criteria for deciding who fills this position? What additional compensation, if any, is given to the armed official? What professional liability insurance, if any, must they carry in excess of the school's general liability policy? In other words: No. Just no.	6/23/2022 12:57 PM
1025	As a staff member and TCOLE certified firearms instructor I believe the probability is high we could suffer an incident like Uvalde. We need to prepare to immediately be able to defend our precious young students.	6/23/2022 12:57 PM
1026	While i support this i would also support having police officers at all campuses as well. Between a campus officer and a handful of guardians the deterrence level of for an active shooter would be very high	6/23/2022 12:56 PM
1027	I believe the students and staff need to be protected by any and all means.	6/23/2022 12:55 PM
1028	It needs to be done.	6/23/2022 12:54 PM
1029	After police failed those babies at Uvalde, I wouldn't want to ever leave a situation like that up to solely law enforcement. Because I as a parent wouldn't have stood back and waited. I would've went in with my gun to save my children and as money others I could.	6/23/2022 12:54 PM
1030	This safety feature is crucial for our children's safety	6/23/2022 12:53 PM
1031	If their isn't an officer their on campus all day then I STRONGLY support a trained parent or staff member to carry on campus as well to protect our children!	6/23/2022 12:53 PM
1032	As a parent/staff member I would feel some kind of security knowing that we had staff members on campus that would protect us before officers arrived. I couldn't stand to be left waiting for officers while our children are in the building with no protection.	6/23/2022 12:52 PM
1033	I would suggest and support a very thorough certification program for those staff whom would be participating. The bare minimum is not sufficient. They should be highly trained.	6/23/2022 12:50 PM
1034	I would feel safer knowing more than just the police officer was armed and trained on campus.	6/23/2022 12:50 PM
1035	I think it's a great idea!	6/23/2022 12:50 PM
1036	It is a serous issue that we hopefully never have to deal with, but if the program could	6/23/2022 12:48 PM

Cleburne ISD Guardian Program Survey

	potentially save just one life it is well worth it!	
1037	That's sad. That's not the solution.	6/23/2022 12:47 PM
1038	I think this is a wonderful idea and I cannot support this enough.	6/23/2022 12:46 PM
1039	I would be in favor of a military trained teacher on campus carrying a weapon.	6/23/2022 12:46 PM
1040	We need to protect our children...whatever it takes!! Our kids deserve the best!!	6/23/2022 12:45 PM
1041	I STRONGLY support this move. Long overdue!	6/23/2022 12:45 PM
1042	It's very simple, "Gun Free Zones" are the most dangerous places to be. Only the bad guy has a gun. This is long over due in Cleburne. I have been considering enrolling my two girls in Keene instead, EXACTLY because they have armed staff and say so in strongly worded signage at campus. When I visit my girls I should also be allowed to carry my concealed firearm as I do have an LTC. Thank you for making this move.	6/23/2022 12:44 PM
1043	I would feel more comfortable with someone carrying on campus with the way the world is going.	6/23/2022 12:43 PM
1044	Keep my children safe	6/23/2022 12:42 PM
1045	I would prefer someone be armed it would give piece of mind while my babies are in y'all's care	6/23/2022 12:42 PM
1046	I think this is a great addition to safety.	6/23/2022 12:42 PM
1047	This really needs to happen	6/23/2022 12:42 PM
1048	I want my child to be kept safe!	6/23/2022 12:42 PM
1049	Safety of our campuses should be top priority and should be provided by trained law enforcement/safety professionals, not our public education professionals. That said, we must never infringe upon any teacher or staff members 2nd amendment right to own and bear arms. Teachers and staff members may unwilling find themselves in a situation where they must do what they can as a second line of defense against an attack I fully support a process and policy whereby the district establishes some form of training/vetting/certification process and those teachers and staff members who wish to voluntarily go through that process, and who become certified under that process, are authorized by the district to carry concealed weapons on district property.	6/23/2022 12:42 PM
1050	I think having staff members that have been through gun safety classes would be great for them to carry.	6/23/2022 12:41 PM
1051	I want my child safe and protected, while getting her education. It's sad that we even have to ask parents these kinds of "surveys" and have to make a choice of what's right or wrong. I want my child to have a fighting chance to stay alive and well, regardless of her whereabouts!	6/23/2022 12:41 PM
1052	This makes me feel more confident in the safety of my child.	6/23/2022 12:40 PM
1053	I support this... people in this world is getting so crazy and you never know when something will happen I pray for my kid and everyone else kids each and every day to but even God tell us to prepare for rain ... so prepare and help keep our kids safe ... I totally support this ...	6/23/2022 12:39 PM
1054	I would be VERY PARTICULAR and want very very strong restrictions on who can and will have a gun at my child's school. I would need to know there are extensive background checks, psychological and drug checks, and regular training, that they must upkeep, as well as a secure way to keep the gun very well safe and secured away from any children. I would not want just anyone to be able to have a gun at our children's school. Maybe one very experienced person who is designated to carry - only for shooter situations- with extreme care and training. Even then, I am on the fence as I would prefer no guns ever be near my child, however I understand the recent circumstances for consideration. I would suggest, before implementing guns into schools, there be a more secure security system. Grandparents have complained multiple times about the lack of security at my child's school. They have walked in, without signing in or showing ID, and doors are unlocked. I would seriously suggest FIRST and foremost placing strong boundaries, physical and social on any entering to the school, before resorting to deadly weapons. Including locks, alarms sirens, a MUCH higher requirement to enter the school, a legal ID being the BARE minimum. Teachers could also undergo self defense classes, especially those in the office, including disarming of weapons. The use of guns should never be the first answer, but rather a last resort. Thank you.	6/23/2022 12:38 PM

Cleburne ISD Guardian Program Survey

1055	I think its wonderful. Our babies need to be safe..	6/23/2022 12:38 PM
1056	I think it is a mistake for anyone who is not a trained professional to carry a firearm with the intent of protection. It is a good way to get someone killed unintentionally.	6/23/2022 12:37 PM
1057	I think it would be a wonderful thing to keep our babies safe.	6/23/2022 12:36 PM
1058	Although, there are no studies or empirical data that one could use to determine the outcome of a policy that arms "qualified" teachers, the simple fact is that the presence of a gun makes it more not less likely that a gun related incident will occur. If we can't be trusted to teach, why should we be putting our trust in a minimally trained person with a firearm. I also think that anyone who volunteers to be the person, probably is not the person I would want with a firearm at school. Are you going to train us to shoot our students? I'm not down for that.	6/23/2022 12:36 PM
1059	It would give me some peace of kind knowing that there would be a trained staff member on campus with a weapon on their person in the instance of a attack/active shooter/ etc. I expect CISD to do their due diligence in making sure the person has a clean record, training on de-escalation techniques, weapons training, appropriate licensing for having a weapon, drug testing, etc.	6/23/2022 12:35 PM
1060	Because of the potential for numerous fatalities as seen in Uvalde, I believe that we need to consider this so that we could immediately stop any attack from escalating into a mass casualty situation.	6/23/2022 12:35 PM
1061	yes i am all for it ... i know i would feel better knowing that someone on campus is carrying . i wish all the teachers and staff would carry...	6/23/2022 12:35 PM
1062	I have worked in a district with armed teachers. We all had a secured gun safe in our classroom. All teachers that were not authorized to carry had the same passcode and were provided with a pepper spray firearm, whereas the teachers who were armed had a different passcode and had a firearm in their safe. Our box was provided with a specific piece of clothing that would set us apart from a possible shooter as to not cause confusion with the local police department in the case of an emergency. #ALLIN	6/23/2022 12:34 PM
1063	100% for this	6/23/2022 12:34 PM
1064	Our children and teachers need to be protected	6/23/2022 12:33 PM
1065	I want my child safe and I believe having trained armed staff would help stop an active shooter much quicker than waiting for law inforcement to arrive. I strongly support armed teachers to protect our students.	6/23/2022 12:32 PM
1066	Our children and teaches need to be protected.	6/23/2022 12:32 PM
1067	I would not mind having a trained fully vetted guard on my child's campus or on my work campus. I do not believe this should be a teachers job but it's own position.	6/23/2022 12:31 PM
1068	I feel that only police officers would have the necessary training and abilities to confront a shooter situation in a school. It would be too easy for a staff member to miss their target and go to prison for accidentally shooting a bystander instead of the assailant.	6/23/2022 12:31 PM
1069	Not sure but have no problem	6/23/2022 12:30 PM
1070	I think it's an excellent idea with the way the world is now. We have to keep our kids safe.	6/23/2022 12:30 PM

1072	The more protection we provide to our kids the better!	6/23/2022 12:30 PM
1073	I absolutely support this. If we ever have an active shooter I would want a teacher to be able to protect my children before the cops arrive.	6/23/2022 12:30 PM
1074	I believe such measure would inhibit malicious actions.	6/23/2022 12:30 PM
1075	Firearms do not need to be accessible to students AT ALL	6/23/2022 12:29 PM
1076	I am in full support of this program	6/23/2022 12:29 PM
1077	It seems like a no brained. A troubled person who wants to harm people using their own gun is	6/23/2022 12:29 PM

Cleburne ISD Guardian Program Survey

naturally going to feel more invincible and motivated to do so in a situation and place where they won't be equally challenged by another person with a gun.

1078	If the staff member agrees to train and carry then it's fine . I just dont want every staff member to be required to carry. I personally am not comfortable carrying at dchool.	6/23/2022 12:28 PM
1079	Signs that say "Firearms Prohibited" don't keep bad people away.	6/23/2022 12:28 PM
1080	In our house hold we own fire arms for our safety also , school shooting are getting very close and I would like for teachers to have a chance to defend the kiddos . Have my full support!	6/23/2022 12:28 PM
1081	I think this is a very good decision just need to make sure the little ones can reach and have an accident! But I do strongly believe that we should protect our children.	6/23/2022 12:27 PM
1082	I don't want my children around teachers carrying guns. Their job is to instruct and build relationships. The idea that children who may disagree with a teacher will have to wonder if that teach has a gun will impact learning and sense of safety.	6/23/2022 12:26 PM
1083	I think it's the best thing to do to have peace of minds we are safe in the school	6/23/2022 12:26 PM
1084	Please keep our babies safe. Do whatever means necessary to ensure everyone at the school are protected.	6/23/2022 12:26 PM
1085	<p>1.) Supporters of this measure assume a shooter is a random outsider, an unknown adult, or some other person the teacher doesn't know; however, the median age for a school shooter is 16, which means an armed teacher will likely be faced with shooting one of their own students, not a random stranger. Teachers and community members need to understand how data supports the likelihood a teacher will be shooting someone with whom they have a close social and emotional bond. How does this measure address that reality? https://www.statesman.com/story/news/politics/politifact/2022/05/27/fact-check-most-mass-shooters-ages-18-19-texas-school-shooting-ualde-robb-elementary/9933032002/ 2)Would parents who don't support this measure be able to opt out of sending their students to a CISD school? 3)Would teachers be protected from civil or other liability claims in the event of a shooting, intentional or accidental? 4)My first year teaching, I had a student brandish a loaded pistol in class. She had been asked by a friend to hold it for them. This shows the nuance of the discussion: under the proposed measure, this innocent girl may have been shot and killed for simply showing someone the pistol; it wasn't even hers, and there was no intent on her part. How would we avoid the likelihood of a student's death before learning the truth? 5) Is this something teachers can discuss with students? Surely students have a right to know whether or not their teacher is armed. Should the student and teacher be able to openly and safely discuss their own opinions on the topic, especially in those classes where argumentative writing is at the core of the class TEKS (English II)? 6) It has become a meme, but it's also true: teachers are unable to reply to a single person in a group email; teachers all over the HS have seen the confusion over how to use "reply" instead of "reply all." To get to the point, what kind of vetting will armed teachers go through? Today, Texas allows untrained or permitted citizens to open-carry handguns. Will this measure go beyond the normal school day? Meaning, will we be able to carry at district PD, football or other sports games? 7) How much financial liability is the district and its constituents willing or legally able to withstand should a shooting incident involving a teacher occur? 8) How will students, parents, and teachers who don't support this measure be protected by CISD from bullying or other inappropriate reactions from their peers? 9) What kinds of weapons will we be allowed to carry? Can I carry a rifle over my shoulder? If I'm former military, can I bring my AR15 or M16 to school? I have more training than the average citizen, and can bring more firepower; that's what we're after, right, more guns and trained personnel on campus? 10) will we be allowed to loan out weapons to fellow staff members who maybe forgot theirs at home? What about getting a campus armory to loan weapons? 11) I misplaced my weapon. Who do I talk to about this? How many teachers do you expect will admit to losing their weapon? We find lost cell phones and keys all day. 12) if teachers will be allowed to bring weapons on campus, would pocket knives, swords, body armor, bullet proof vests, or any other defensive military items be allowed? 13) What kind of care for the teacher and student is CISD willing to offer after shooting takes place, especially if the teacher shot the student? 14) If the student is able to wrestle the weapon away from the teacher, what happens next? 15) please don't send teachers to some stupid ineffectual "training" classes. We need to be prepared to shoot and kill a fellow student, teacher, or community member, and most trainings can't do that. 16) How does this proposal fit into the district's values of excellence? No, really. 17) Rhetorically, this proposal is a Pandora's Box full of slippery slopes and other fallacies. A district which enables its parents' unhealthy and immoral reactions--rooted in fear--rather than stand strong against a rising tide of fear-</p>	6/23/2022 12:25 PM

Cleburne ISD Guardian Program Survey

mongering, is nothing more than a complicit puppet school board. How has CISD addressed other important issues like this in the past? Thank you for your time. I hope the board can offer teachers, students, and its community better solutions to campus safety than this half-baked response, because arming teachers is a knee-jerk response, not a solution.

1086	N/A	6/23/2022 12:25 PM
1087	I strongly support this program. The safety of our children and staff are of utmost importance. We must hope for the best day but always be prepared for the worst.	6/23/2022 12:24 PM
1088	n/a	6/23/2022 12:24 PM
1089	I strongly agree to have extra protection in place.	6/23/2022 12:24 PM
1090	I would fully support this program!	6/23/2022 12:24 PM
1091	Strongly support but would want weapon concealed from children. Schools should feel like a safe place and guns can appear scary to many children.	6/23/2022 12:23 PM
1092	I do not feel that the Guardian Program addresses the root issues of school security and safety	6/23/2022 12:23 PM
1093	Yes, in the times we are living, it is necessary for staff to be trained to protect our children in our schools.	6/23/2022 12:22 PM
1094	I am strongly opposed to arming teachers. My concerns are that it could be a huge liability issue, both for the ISD and a teacher who fires a weapon, the potential for human error and carelessness would have potentially grave consequences, in the event of an active shooter situation the presence of MORE firearms can be a complication for law enforcement, and the presence of a firearm "somewhere" on campus makes me feel less safe than more safe. Teachers and others licensed to carry are not LEOs and should not be burdened with the safety of the campus. We need a response plan so that highly trained officials would be able to quickly respond to a situation. All of our doors need keyless entry so that teachers are not propping doors open. If every campus needs an SRO, then that is something we need to pay for. I don't think a teacher with a gun will be a deterrent or a solution.	6/23/2022 12:22 PM
1095	There is an extreme need for a program such as this to be implemented to keep our babies safe. My husband and myself strongly support a well trained, seasoned individual watching over our schools and our children. Thank you.	6/23/2022 12:21 PM
1096	As a parent I would agree with this program due to the uncertainties in this day and age. I agree with an "armed guardian" protecting our children if a catastrophe were to occur. I would most certainly expect for someone to take drastic measures if necessary to ensure the safety of our babies.	6/23/2022 12:20 PM
1097	We must protect our children to the best of our ability! Cleburne doesn't want to become the next Uvalde	6/23/2022 12:20 PM
1098	Long over due	6/23/2022 12:19 PM
1099	The issue I have is that when u walk into the high school you have no phone service I have also asked my kids about it and they did advise they do get service in some areas and it would be nice as a parent to know what we are suppose to in a event like this and be guaranteed the system will not fail our children and our families, now it will be a constant worry to know if our kids will be safe at school, and for children that are trouble there should be a program to help them mentally,	6/23/2022 12:19 PM
1100	I would be more apt to support this program if the ones allowed to carry were honorably discharged service members who have had more than just minimal training required.	6/23/2022 12:19 PM
1101	In support of having certain staff with a firearm in case of a threat, but what if the staff member uses the firearm against the school/children (is the threat)? What if the staff member is having a "bad day" or anger issues and uses the weapon on the children or other staff?	6/23/2022 12:18 PM
1102	Undecided. We have SROs. But also, it adds to the risk level. Even trained personal responded inappropriately. Also, how many videos have we seen of kids attacking teachers? If a teacher is attacked who is carrying, you just put a gun in a violent person's hands. And, it will never be confidential. Who is armed will get out.	6/23/2022 12:17 PM
1103	I want my child to be safe	6/23/2022 12:16 PM

Cleburne ISD Guardian Program Survey

1104	As a parent, I want to be able to trust in the ISD board and staff members that they know what to incase of a situation like this. My child spends more time at school then they do at home through the the academic school year. As a staff member, it is more than just sticking a magnet in the door. It is more than just sticking a fire hose piece on the door to ensure it stays locked. It is more than just take a PowerPoint course through ALICE and never actually practicing what to do on campus so that kids don't get scared. As a law enforcement police daughter, teacher and single mother, I am for this all the way. I have been around guns my entire life. I also know what it means to ensure that I get home to my kid at the end of the school day and my own students get to THEIR parents at the end of the school because that was the thing that was built into the back of our heads growing up with an officer in the house. Do I believe every staff member needs to carry? No, but I do believe those that would like to carry and are willing to take the extra steps to make sure these kids are protected then by all means please do this. We as a ISD need to be more involved and more proactive instead of waiting til the ball drops. At least a few per hallway, and having it stored properly where no student can get to it. Or somewhere hidden so it also prevents anxiety to those that may not feel comfortable will never know about it being there to begin with. Either way, we need to be proactive with this. It can be you, it can be myself, or it can be an innocent child that a family will have to bury and say goodbye to if a tragedy like this ever happened. I will not be walking away with that guilt on my hands because I, as a teacher, mother and law enforcement daughter will make sure that individual gets to go home at the end of the day.	6/23/2022 12:15 PM
1105	Would it be staff or a parent ? And who would they be trained by ? Also they need to have a background check ? There's been teachers that Tun out to be pedophiles how do you deal with that?	6/23/2022 12:15 PM
1106	As long as properly trained, and you have a certified instructor teach them appropriate response. And the person wad very carefully screened	6/23/2022 12:14 PM
1107	I am concerned about what training, what liability the schools will have and what protections the teachers that do this will have. Will they have to use their own weapons? Will they be compensated? Lots of questions!	6/23/2022 12:14 PM
1108	I feel less secure knowing there were more guns on my child's campus unless.	6/23/2022 12:13 PM
1109	Wholeheartedly support this idea. I'd even volunteer several hours per week.	6/23/2022 12:12 PM
1110	I carry a concealed weapon when I am anywhere in the community. It seems silly that I have to leave it at home when I am going to cross some imaginary line that surrounds the school building.	6/23/2022 12:12 PM
1111	I think any teacher cafeteria personnel or janitorial that's license to carry a firearm in the state of Texas should be allowed to carry in the school. gun free zones Obviously don't work we have to do something to protect these kids I have a lot of faith in cleburne police department and Johnson county sheriffs department but seconds count In situations like that	6/23/2022 12:11 PM
1112	I would feel more comfortable with a person who has the confidence and will to protect our children while our kids learn and not have to worry about any fears from the outside. If my church has these people then I don't see why not our schools	6/23/2022 12:11 PM
1113	I feel if a teacher or staff member wants to be able to help protect themselves or children, they should be allowed to, with proper training. Why should they have to wait for someone else to take action?	6/23/2022 12:10 PM
1114	There are always positive and negatives with any decision. I feel that this could be a good thing.	6/23/2022 12:08 PM
1115	I agree	6/23/2022 12:08 PM
1116	I would want any staff member that conceal carries a weapon to pass an extensive, and thorough background and more importantly, mental health check.	6/23/2022 12:08 PM
1117	My child is still too young for school, but at the end of the day, EVERY day it is my goal to return home to her. I will protect and fight for every student in my classroom, but this program would definitely help me to feel more safe and more at ease to make it home to my own family at the end of the day. I would like to be one of the certified to carry staff.	6/23/2022 12:08 PM
1118	Protecting the children and teachers is strongly supported here	6/23/2022 12:08 PM
1119	as long as it is kept in a secure area where the students cannot get the weapon, it is a great	6/23/2022 12:07 PM

Cleburne ISD Guardian Program Survey

	idea	
1120	School should be a safe place for every child and staff member. If the right steps and training is provided I believe this is a good choice that could save lives of anyone put in a bad situation.	6/23/2022 12:06 PM
1121	I believe we need to have TRAINED TEACHER/Guards on duty, and EVERY SINGLE door locked from the inside, every door you need to be buzzed inside. NO MATTER where a person is.	6/23/2022 12:06 PM
1122	Anything to protect our children and do what needs to be done	6/23/2022 12:06 PM
1123	I will leave the district if this were to pass. Guns do not belong in school.	6/23/2022 12:06 PM
1124	I want my kids safe.	6/23/2022 12:05 PM
1125	I strongly agree. It would give me great relief to know that my children will be protected if anything were to happen. In my opinion the majority of the staff should be trained and armed.	6/23/2022 12:05 PM
1126	Allowing teachers to carry would give us a chance to at least fight back against an active shooter.	6/23/2022 12:04 PM
1127	I would strongly support someone carrying a firearm at the school. Our children need to be protected!	6/23/2022 12:04 PM
1128	Not everyone has the right temperament to carry a gun. How do you know?	6/23/2022 12:03 PM
1129	I would support this with identifying and qualified training.	6/23/2022 12:03 PM
1130	Please just do what it takes to protect my child.	6/23/2022 12:02 PM
1131	I feel strong that we should protect our beautiful children and never think twice about taking responsibility for their safety. But the person needs to be trained and continually trained.	6/23/2022 12:02 PM
1132	While I would like to say I fully support this, I wonder what the repercussions could be if a student were to overtake or surprise a staff member getting access to the weapon and use the weapon to harm people at the school. While this may be a highly unlikely event to happen, having weapons already at the school could make it that much easier for a student to get access and become a threat to others. I, however, do FULLY SUPPORT, better safety protocols and set-up for all schools. That includes being fully monitored by cameras by members of the police or sheriff's dept., gas and smoke releases in the hallway obstructing views and slowing down threats, metal detectors for all students and staff, fully trained and armed full-time security or police officer's who know how to handle situations if a student were to try to overtake them for their weapon, etc. No matter what is decided, it is truly heart breaking that this is a survey, discussion, reality we even have to be a part of!	6/23/2022 12:02 PM
1133	Please just do what's needs to be done to protect my child.	6/23/2022 12:01 PM
1134	This isn't the answer. Even certain LE isn't trained for the duress an active shooter brings. We need metal detectors and trained professionals that specialize in this. This is changing the oil when the tires are flat. This COULD be a discussion after more logical and productive solutions were put intact.	6/23/2022 12:00 PM
1135	I am all for it to protect our children and staff	6/23/2022 12:00 PM
1136	My only question is ppl trained can also have a meltdown and shoot ppl. I think the person who will be carrying the weapon needs extensive medical history as far as mental checks. To make sure they are mentally stable. I also think metal detectors and officers shld be at each door for the kids to walk through. As well as elementary doors at adams to be locked complamd no entry without proof of any I'd. Those doors are not locked ppl walk right through them. They need to be locked. All schools do.	6/23/2022 12:00 PM
1137	It's not the teachers responsibility. Our plates are full! Provide SROs at every campus.	6/23/2022 12:00 PM
1138	too much to say about the way this school is	6/23/2022 11:59 AM
1139	I would feel a lot safer with my kids going to public school knowing teachers are armed to protect my kids and stand up against active shooters.	6/23/2022 11:59 AM
1140	Yes I strongly agree and hope this goes through. All children and staff should feel safe	6/23/2022 11:57 AM

Cleburne ISD Guardian Program Survey

1141	Thank you for the opportunity to implement this!!!!!!!!!!!!!!	6/23/2022 11:57 AM
1142	Security issues	6/23/2022 11:57 AM
1143	I believe it to be extremely beneficial and necessary as long as individuals are properly trained and confident in their ability to take action when needed, it certainly makes me feel better about sending my son to school.	6/23/2022 11:57 AM
1144	There are 2 resource officers and thousands of students at the high school. Students routinely let their friends in during class and passing periods. There need to be more trained professionals to be able to protect the students in the case of an emergency. The best way to stop a disaster is quickly. That's not going to happen if the resource officer is across the campus. Having an armed teacher could stop a threat and save lives.	6/23/2022 11:56 AM
1145	I think a veteran would be GREAT at this	6/23/2022 11:56 AM
1146	Guns should be in the hands of protectors because guns are already in the hands of predators	6/23/2022 11:55 AM
1147	I feel the more trained and certified weapons carried by staff would be a good move in the safety of our schools.	6/23/2022 11:54 AM
1148	We need security but having guns on campus could like a boomerang effect	6/23/2022 11:54 AM
1149	A necessary program. My support 100%	6/23/2022 11:53 AM
1150	I believe the kids need protected and feel this would be the best means to do so. I would even volunteer to do it as well if it didn't conflict with my work schedule. Deadly force can only be met with deadly force and by the time the police arrive it could be too late. More lives would be saved with armed staff.	6/23/2022 11:52 AM
1151	We have a long history of defending our family and loved ones from harm. Settlers in early Jamestown, VA, had to take their weapons to church. A practice new to Europeans in America. Protecting our citizens is a long tradition in America. We need to know our children are safe.	6/23/2022 11:52 AM
1152	Yes I would strongly agree with this and would feel more calm with leaving my child. Thank you	6/23/2022 11:52 AM
1153	Do whatever it takes to keep our children /loved ones safe.	6/23/2022 11:52 AM
1154	I feel that having the Guardian program could potentially save lives in the event of an active shooter on campus. I also feel that having interior classroom doors locked at all times could be another tool to possibly slow down an "attack", giving extra time to react to the situation.	6/23/2022 11:52 AM
1155	As a parent I feel like my child would be safer as long as the armed staff has been properly trained and put through an extensive background check that includes psychological testing to ensure they are a mentally stable individual with little risk of them possibly becoming a threat themselves. I would like to be notified of the procedure that would be put into place to handle threats like an armed shooter in the school. There would need to be procedures implemented and strictly followed to ensure that a student would not be able to gain access to the firearm. Guarantee/reassurance that the staff member would act (not freeze) to remove the threat by lethal force with no hesitation if needed would be appreciated.	6/23/2022 11:52 AM
1156	This should have been implemented along time ago. I hope it gets approved!!	6/23/2022 11:52 AM
1157	I think we need to show stronger support for our children. This should have been in place long ago and I am glad we are considering it.	6/23/2022 11:51 AM
1158	Our ALICE program seems to work very well.	6/23/2022 11:51 AM
1159	Make stricter laws to prevent individuals from accessing firearm's and then we can implement firearm's in the schools. It's to many people in the community with firearm's and no supervision.	6/23/2022 11:51 AM
1160	I believe in protecting my family, my children and grandchildren..with all the school shootings, I feel like a trained gun staff member, would do the same to protect the students and themselves.	6/23/2022 11:51 AM
1161	Main concern is what if a student were to get ahold of the firearm	6/23/2022 11:51 AM
1162	Now when i send my children to school I worry it will be the last time I see them I do not feel	6/23/2022 11:50 AM

Cleburne ISD Guardian Program Survey

that my children are safe when I send them to school anymore. I believe carrying concealed will definitely help and put my mind at ease knowing the staff have a way of defending their students with out being human shields for the students.

1163	I support this	6/23/2022 11:50 AM
1164	I believe if a teacher is properly vetted and trained correctly they would be an asset to the school security force	6/23/2022 11:49 AM
1165	My only concern as a staff member and parents is that people being trusted with these firearms should be highly mentally examined to be trusted with such huge responsibility. I am all for putting something in place for security of all staff and our children. But this is something that needs to be more fully looked at and I would need more details. My concern is accidents happening because we will have firearms present in schools.	6/23/2022 11:49 AM
1166	Yes, I do agree if there is staff members that are well trained and are comfortable with carrying a concealed firearm for the safety of everyone in the school.	6/23/2022 11:48 AM
1167	I absolutely believe our children need to better protected. A situation Like Uvalde should have NEVER happened.	6/23/2022 11:48 AM
1168	I think it's absolutely ridiculous to live in fear and have some gun carrying idiot guarding our schools!!	6/23/2022 11:48 AM
1169	Please please please	6/23/2022 11:48 AM
1170	I strongly support carrying concealed weapons on campus. We are a family that carries and practice safety with our children so they know what to do In all emergencies where guns are concerned.	6/23/2022 11:48 AM
1171	We, as parents, 100% support the Guardian Program and wish this could have been implemented years ago. Thank you so much for considering the implementation of this program to protect our children and school staff members. This eases our concerns a little bit more of our children's safety during school hours.	6/23/2022 11:48 AM
1172	As much as teachers already have on their plate, we don't need more added on. Some teachers are already stressed enough and struggle with students' behavior. The last thing they need is access to firearms. I am okay with having more police officers in the building.	6/23/2022 11:47 AM
1173	These teachers will be asked to see students as potential threats not students. They will also be targets if something were to happen. Both things are things teachers did not sign up for	6/23/2022 11:47 AM
1174	I think this is a wonderful idea. My husband does as well.	6/23/2022 11:46 AM
1175	I think it would be a great idea to have people there inside the school and that could protect us	6/23/2022 11:46 AM
1176	I think it is absolutely something that needs to be put into place. We have to protect our children.	6/23/2022 11:45 AM
1177	I would feel safer with my kids going to school.	6/23/2022 11:45 AM
1178	As a teacher, I care for my kiddos every day for 8 hours a day. I would do absolutely anything to keep them safe. If this can help keep them safe, I am all for it.	6/23/2022 11:45 AM
1179	My main concern the access to that gun by students. I know it can be safely done	6/23/2022 11:44 AM
1180	Bullying is a huge problem and having trained people to help would be good	6/23/2022 11:44 AM
1181	wonderful idea to keep everyone safe	6/23/2022 11:44 AM
1182	With all the current events we need someone on site that has been adequately trained and ready to respond. We need to be able to avoid large mass casualties at all cost.	6/23/2022 11:43 AM
1183	I believe that we should be provided an opportunity to protect ourselves and our students. Staff who are licensed to carry and appropriately trained should agree to go through a mental health evaluation and a rigorous background check.	6/23/2022 11:43 AM
1184	Having teachers well-trained to carry a weapon on the campus of my child would make me feel more comfortable while my child is on campus. I believe this is an easy, low-cost way to secure our campuses.	6/23/2022 11:43 AM
1185	As a staff member, I hate that we are even having to take this survey. However, the safety of	6/23/2022 11:42 AM

Cleburne ISD Guardian Program Survey

students and staff is a top priority. I strongly support this.

1186	I would feel safer for myself and child knowing trained staff could protect our kiddos and colleagues in the event of an active shooter situation.	6/23/2022 11:42 AM
1187	I feel like those selected need to go through rigorous training on safety and usage. I feel like they should also go through some mental evaluation before being tasked with carrying on camous. As both a parent and staff member, I feel with proper training a select few could be security for our campus.	6/23/2022 11:41 AM
1188	i want my children safe when not in my care, thank you!	6/23/2022 11:41 AM
1189	As a parent, I feel secure knowing those who will being carrying are properly trained. I'm glad we are stepping up for our children's safety.	6/23/2022 11:41 AM
1190	We need to protect our children at all costs.	6/23/2022 11:40 AM
1191	The safety of the children in the district are most important and I believe that whatever measures possible should be taken to ensure their safety. After the recent tragedy in Uvalde, as a parent I would feel much better sending my children to school knowing there are trained individuals on campus providing safety.	6/23/2022 11:40 AM
1192	Has the option of possibly having V.I.P.S. (Trained and certified men, and or women) to come volunteer their time to monitor school campuses been talked about. To have staff members carry on this role of being armed is a huuuuge responsibility when they are already trying to juggle everything else that is being thrown at them. As a staff member and a parent I would much rather have someone who is trained etc.. walking around my campus keeping an eye on things instead of myself or colleagues being the ones responsible for our schools safety.	6/23/2022 11:40 AM
1193	I believe if had properly trained and arm staff it will save our children's lives if the time ever comes they need to	6/23/2022 11:39 AM
1194	I don't think it makes any sense at all for a school to be unprepared. We wholeheartedly support staff being able to carry secured concealed firearms.	6/23/2022 11:39 AM
1195	I believe it is a Great Idea!	6/23/2022 11:39 AM
1196	I want my child to be safe at school	6/23/2022 11:39 AM
1197	Our children should be more protected. In the event of an active shooter Inwould defend any child with my life. I dont like that the doors are open at the elementary school	6/23/2022 11:39 AM
1198	Safety of the children and staff come first.	6/23/2022 11:39 AM
1199	I think every school should have type of security guard on staff - locked doors are not enough in the world we live in today maybe even metal detectors at doors	6/23/2022 11:38 AM
1200	First of all creating a gun free zone creates a flashing target for an intruder with a gun, Giving our staff the ability to truly protect our students and other staff members in only a commonsense move and can be done discreetly.	6/23/2022 11:38 AM
1201	I strongly support this as long as the teachers are trained properly to make sure our kids are safe	6/23/2022 11:38 AM
1202	Only okay with this if the staff member has had a recent (within the first 30 days before the school year starts) psych evaluation by a neutral psychologist.	6/23/2022 11:38 AM
1203	I currently work at SMS. In my opinion, I believe that this task force would be highly appropriate seeing as our SRO splits his time between our campus and a few of the elementary schools. It would make sense to have someone who is armed on campus at all times.	6/23/2022 11:36 AM
1204	If staff members want to be armed, are mentally and physically capable and are properly-trained, they should have every right to defend themselves and our children by carrying firearms. Empower properly vetted teachers and staff. Let it be well known that there are armed guards on campus. (I put up a sign at my house that a rotweiler can make it to the fence in 2.5 seconds.) I don't have a rotweiler, but nobody has ever come in my fence to find that out.	6/23/2022 11:36 AM
1205	It is entirely inappropriate for an educator to carry a firearm. We need gun reform - not tasking teachers with acting as security and police. This is alarming, appalling, and I do NOT support	6/23/2022 11:36 AM

Cleburne ISD Guardian Program Survey

this measure. This misplaced idea is dangerous and has no place in our schools.

1206	I think it would help protect our kids if something was to happen	6/23/2022 11:36 AM
1207	i as an parent really not support this but the government should put 4 patrol policemen around the school or start putting cop had school patrolong in an outside permises of the school areas..safety is our main concern as an parents for our kids.	6/23/2022 11:35 AM
1208	i support	6/23/2022 11:35 AM
1209	Our children should be safe at school and all others at the school. This would allow staff to defend the children and themselves	6/23/2022 11:35 AM
1210	As a parent, I would feel great ease knowing that my child's teacher is armed. As a staff member who has the smallest children, having a firearm to protect my students, my para and myself would be a huge asset to our safety.	6/23/2022 11:35 AM
1211	As a staff member, though I hope it never happens, I do realize there is always a possibly of someone coming onto our campus with the intent to do harm. I would never hesitate to protect my students... but I would hate to think I was defending my students with no help forthcoming and/or no defense was at my fingertips.	6/23/2022 11:34 AM
1212	I'm comfortable with staff being armed	6/23/2022 11:34 AM
1213	Only if the staff/ parent would never harm another person should have a handgun but only to defend our children	6/23/2022 11:34 AM
1214	that the upmost safety training and confidentiality is maintained, I hope that the local law enforcement have a layout of the schools. and that plans are in place for an evacuation should happen.	6/23/2022 11:34 AM
1215	I'm all for it especially the state the world is today faster suspect taken down less life's lost	6/23/2022 11:34 AM
1216	I would feel safer knowing there is a competent and armed staff member in the building. Especially with the increasing discipline issues at CHS and the extreme disrespect towards teachers	6/23/2022 11:33 AM
1217	I worry about accidental shootings or unauthorized people gaining access to firearms. I also feel like any staff member carrying a firearm should be required to take firearms training at least twice a year. I also feel that any staff members carrying firearms are taking on larger responsibilities for the safety of children and that they should also receive additional compensation.	6/23/2022 11:33 AM
1218	I think it's extremely important for some kind of defensive is there for the children and staff. The police can only get there so fast, how many people could get hurt within that time.	6/23/2022 11:32 AM
1219	I am nervous at the idea of current staff being armed, regardless of mental health checks and training. Personally, I would feel safer having a resource officer or something of that nature on campus at all times.	6/23/2022 11:32 AM
1220	There has been many casualties regarding schools and I think it is time to take action.	6/23/2022 11:32 AM
1221	Staff is the first line of defense for the children and if any are armed they can stop a tragedy before it starts!	6/23/2022 11:31 AM
1222	Do it I think it's a great idea	6/23/2022 11:31 AM
1223	I want my children protection by any means necessary	6/23/2022 11:31 AM
1224	I want to know my children are safe at all times	6/23/2022 11:31 AM
1225	I feel our students have been left behind as far as safety is concerned. Politicians, airports/travelers, performers all are better protected than our own children. This is unacceptable in my opinion.	6/23/2022 11:30 AM
1226	Also to ensure all weapons are out of reach of our children	6/23/2022 11:30 AM
1227	I've worked on a campus that had staff members carry. I felt very safe and confident that in the event of a shooter, the outcome would be so much better than without those staff members	6/23/2022 11:29 AM
1228	I am a staff member and a parent and knowing we have people properly trained to protect us makes me feel safer to send my child to school and to go to work. Coleman's campus is so	6/23/2022 11:29 AM

Cleburne ISD Guardian Program Survey

open and vulnerable to an attack like the school in San Antonio.

1229	I thank it's a good idea for the safety of the kids and staff !	6/23/2022 11:29 AM
1230	I'm in agreement with anything that could protect my or anyone else's children.	6/23/2022 11:28 AM
1231	I strongly believe it will help keep my children safe!	6/23/2022 11:28 AM
1232	I'm concerned as to where the firearm will be? How accessible is to kids, but also on the other hand, how accessible is it in an true emergency? I want my child safe, but not at the expense of an accident or incident happening from within having to do with accessibility or mental health of the professional carrying.	6/23/2022 11:28 AM
1233	I believe this could potentially be a way to stop on campus active shooters.	6/23/2022 11:28 AM
1234	TRAIN THEM AND LET THEM CARRY!!!! WE WANT OUR BABIES TO LIVE!!!!	6/23/2022 11:28 AM
1235	Hard to believe that this hasn't already happened	6/23/2022 11:28 AM
1236	I FEEL IT IS GREAT, ALL SCHOOLS NEED IT NOW A DAYS!	6/23/2022 11:28 AM
1237	I think someone needs to help protect the kids from the crazy people in the world and since they spend majority of the time there then yes I support	6/23/2022 11:28 AM
1238	I think it could be a good protective measure for our students and teachers as long as there is extensive training and qualifications. Would like more details.	6/23/2022 11:27 AM
1239	Having more guns accessible around our students is not the answer to gun violence. I'd rather see metal detectors go up than armed teachers and staff.	6/23/2022 11:27 AM
1240	Approve 100%	6/23/2022 11:27 AM
1241	I feel this would be very beneficial for the safety of my child and all other students	6/23/2022 11:25 AM
1242	Our children and educators need protection or the ability to protect themselves. End of story. Whatever it takes.	6/23/2022 11:25 AM
1243	Security at entrance.	6/23/2022 11:25 AM
1244	There are certain biases that exist within the school system. Armed staff members without addressing their biases would adversely affect students of color, and students with disabilities similar to suspension and discipline of these same student groups. I would not be opposed to armed individuals encamped around school perimeters but not inside.	6/23/2022 11:24 AM
1245	Safety is number 1 for me and I fully support this!	6/23/2022 11:24 AM
1246	Our teachers are expected to go beyond their scope of expertise. Teachers are in the class to teach. The district needs to address the MH needs of students with a licensed professional MH therapist. Not a Bridge program. Addressing the MH needs of all students protects all student. Guns in the hands of teachers puts an additional duty in teachers that are already taxed. The Dustruct needs to adress school security with trained professional and MH needs with trained professional. Quit expecting teachers to fill the gaps.	6/23/2022 11:24 AM
1247	I believe it would be in our students and staffs best interest to have staff members carry a firearm. I place my children's safety in the staffs hands when I drop them off at school each morning.	6/23/2022 11:24 AM
1248	Would just like to be 100% sure the weapon would not be acceptable to children and out of the reach	6/23/2022 11:24 AM
1249	I have no issue	6/23/2022 11:24 AM
1250	I feel that an armed staff member would be able to protect our children in case of an emergency.	6/23/2022 11:24 AM
1251	They need to find a way to protect our children	6/23/2022 11:24 AM
1252	I am strongly supporting this idea and I believe it would stop people from coming into the schools trying to cause harm.	6/23/2022 11:24 AM
1253	Our teachers and students deserve to be protected at all times. This would make me feel much more comfortable trusting the school with my son.	6/23/2022 11:24 AM

Cleburne ISD Guardian Program Survey

1254	Please don't start arming teachers.	6/23/2022 11:24 AM
1255	I fully support this program and feel this would be the only way of proceeding with a safe school year.	6/23/2022 11:23 AM
1256	I feel that it would b a good idea, as long as the person w the firearm is fully trained to use it and as long as they have a complete background check and psychological exam done prior to being allowed to carry in the school.	6/23/2022 11:23 AM
1257	Having more trained capable staff readily available to diffuse a bad situation should the need arise quickly makes sense. There is no way to have enough police manpower to keep our kids and staff safe even on the high school where there are 2 SROs on campus.	6/23/2022 11:23 AM
1258	I strongly agree that there should be a confidential staff member (or maybe even more than one) with proper training, carrying a concealed weapon at my child's school at all times!!!	6/23/2022 11:23 AM
1259	AS A PARENT, THIS NEEDS TO HAPPEN AND MY FAMILY STRONGLY SUPPORTS THIS.	6/23/2022 11:23 AM
1260	There is no logical reason to wait for outside assistance in such matters as this. As a substitute I work on multiple campuses. My daughter will be a senior at high school. Any means possible should be used to stop schools from being places where violent crimes can be committed with little or no fear. The gun is not the problem the shooter is	6/23/2022 11:22 AM
1261	I think it's a wonderful measure to ensure the safety of staff and children	6/23/2022 11:22 AM
1262	Absolutely support arming teachers/ staff that want to be armed in order to protect our children. Of course, if they are trained and vetted properly.	6/23/2022 11:22 AM
1263	Protection of our children and staff members are important. We strongly agree with this program.	6/23/2022 11:22 AM
1264	If they are trained properly and mentally stable and competent	6/23/2022 11:22 AM
1265	It's not the teachers job to carry. They are paid to teach not be security. Hire more security or hire more police officers to do their job with the taxes we pay them to do.	6/23/2022 11:22 AM
1266	I do not classroom teachers carrying.	6/23/2022 11:22 AM
1267	Guns scare me. It would have to be someone I really trusted. Someone very stable .	6/23/2022 11:22 AM
1268	I think teachers should be able to carry to be able to protect our babies. I also think we need a better system to keep them out of the schools.	6/23/2022 11:22 AM
1269	If the bad guys have a gun isn't it a good idea for the good ones to have one also	6/23/2022 11:22 AM
1270	I'm so torn in this. I would rather see the presence of truly trained police officers	6/23/2022 11:22 AM
1271	Training	6/23/2022 11:22 AM
1272	Has taken too long to get to this point. Should have been done when concealed carry permits started.	6/23/2022 11:22 AM
1273	A properly trained and licensed staff member voluntarily, securely carrying a firearm can save countless lives while waiting for proper authorities to arrive and I believe the public just knowing that there are staff members carrying can deter "bad people" from even attempting anything. I STRONGLY support this on a volunteer basis. I do not want someone who isn't comfortable defending students and other staff carrying because that is not helpful or safe in my opinion.	6/23/2022 11:21 AM
1274	Absolutely NOT! This is a horrible program that will do nothing to protect our children!	6/23/2022 11:21 AM
1275	I think it would be good for some staff members to conceal carry as long as the person is wearing at ALL times and the guns are not left in desks or cabinets for students to break into and take or play with.	6/23/2022 11:21 AM
1276	I want to support anything that will further keep our children safe.	6/23/2022 11:20 AM
1277	Before implementing a guardian plan, administration must get a tackle on the crime currently occurring in schools. Also, I do not personally believe this is a solution. I see enough teachers entering into power struggles with students as it is. Enter the policy that guns are allowed, it seems like it would add fuel to the already volatile situations I've seen.	6/23/2022 11:20 AM

Cleburne ISD Guardian Program Survey

1278	I would support this as long as the individual has mature tendencies and been trained thoroughly. Teachers deal with a lot of stress with kids these days so choosing the right person that can handle this responsibility is key.	6/23/2022 11:20 AM
1279	Thank you for being willing to identify ways we can locally secure and control our schools	6/23/2022 11:20 AM
1280	I think it's a wonderful idea. As long as the person(s) are properly trained and screened.	6/23/2022 11:20 AM
1281	Do it! No questions. Our students need protected 100%	6/23/2022 11:20 AM
1282	In my house both parents are licensed carriers and we strongly support schools who train and license staff to actually protect our kids with more than a sign	6/23/2022 11:19 AM
1283	We have several men who are comfortable with guns that I would have full comfort and faith in being armed on our campus	6/23/2022 11:19 AM
1284	I would feel Safer	6/23/2022 11:19 AM
1285	I would be concerned for the students that could possibly be left unattended if a staff member had to leave to attend to a active shooter. I have other questions and concerns but overall am undecided because if we fight guns with guns everywhere else and when shooters know we don't have protection that seems to be a problem.	6/23/2022 11:19 AM
1286	As a parent, I would just want to make sure that person is licensed and trained. Has a good background.	6/23/2022 11:19 AM
1287	I completely support this. It is another added deterrent to help keep our Irving family safe.	6/23/2022 11:18 AM
1288	If it helps protect all children then I support it. I also think they should have to attend a refresher course every year to keep up with any new laws and training.	6/23/2022 11:18 AM
1289	Only with pretty extensive training	6/23/2022 11:18 AM
1290	Yes.	6/23/2022 11:18 AM
1291	As a parent, I don't want anyone but an officer to have any weapon on campus. Too many students could compromise staff and take the weapon away. What happens if the weapon becomes unsecured? As a teacher, I don't even want to think of the liability issues that could resort from a staff member shooting a student, a student taking someone's weapon, or if the weapon is secured and the staff member is unable to get to the weapon.	6/23/2022 11:17 AM
1292	I do not believe this is the job of a staff member whose sole responsibility is not safety and security. I would support fully the placement of a full time SRO on my campus.	6/23/2022 11:16 AM
1293	I support adopting the Marshall/Guardian program. With recent events in Uvalde and also Duncanville. We have to ask " when will this happen in Cleburne. CISD has taken many measures to improve the safety of our schools. There are still many things that happen that cause our schools to be vulnerable. When we look at the Uvalde shooting the shooter was able to get in through a door that was propped open, unlocked or not closed properly. We see the same things throughout CISD. We have doors that are propped open at all times of the day for various reasons with door stops, rocks or wood blocks. Some of these doors are equipped with the electronic key system. We've seen students from other districts enter the school right beside CISD students. Now with all the Construction going on at various campuses. You have many working entering the building, some do and some do not wear ID's. The safety of our students and fellow staff members need to be a top priority. If a staff member is willing and able to pass all the requirements set forth by CISD in this proposed program, this would give our staff and students just a little more protection. Unfortunately this is the world we live in now.	6/23/2022 11:16 AM
1294	As a parent right now it is hard to feel my child is safe at school. I know marti is locked pretty well but the high school I don't feel is. Only because of all the different entrances there are to get into the school. I know I have dropped my daughter off on the side of the building by ag. She has told me on numerous occasions that there have been stuff left in the door to where it won't lock so students could get in. I know the front of the building is secure but I worry the rest of the building is not. This is sad that us as parents worry about these things but it's not getting any better and I feel we must take steps to keep the staff and students safe in case of an active shooter. I strongly feel someone who is trained should be on campus with a concealed carry weapon. I know we have a good police force here but I know that we just don't have enough of them to put at every school. I know as a parent I would feel a little at ease if I	6/23/2022 11:16 AM

Cleburne ISD Guardian Program Survey

knew we had an armed staff member or 2 at each school to step in should there ever be an active shooter situation.

1295	I'm all for any willing staff members to use any means necessary to protect our kids. After the horrific tragedy in uvalde, we can't always rely on the police to respond in a timely fashion. I think with teachers and staff members that are WILLING to go through the training and the efforts to protect not only themselves but innocent children, our schools would be a lot safer.	6/23/2022 11:15 AM
1296	The children, teachers, and parents of Uvalde waited desperately for 77 minutes for police to intervene. The community was kept at bay as their children were murdered in front of their eyes but beyond their control. If someone among us feeds led, and is competently skilled, I would applaud their protection from the inside. Our greatest hope comes first from above, and second from within.	6/23/2022 11:13 AM
1297	For security purposes	6/23/2022 11:13 AM
1298	As a parent I strongly support the Guardian Program.	6/23/2022 11:12 AM
1299	I think it would be a great idea. Also I think everyone would feel a little safer if this program was in place.	6/23/2022 11:11 AM
1300	We have to step up and do more to protect our students and staff. Lockdown isn't enough.	6/23/2022 11:11 AM
1301	I believe with adequate training, this is a great idea! As a staff member who has had a license to carry (when it was needed to carry) and is comfortable with and owns guns, I would also like to volunteer to be considered as staff that would carry.	6/23/2022 11:11 AM
1302	As both a parent and a staff member, I think this is a great idea. It isn't possible to keep our students and children TOO safe! In 2022, there are a lot more potentially dangerous situations to worry about safety in school than we had to worry about when we were kids in school. We need to keep our safety measures up to date and current—with whatever means are necessary!	6/23/2022 11:10 AM
1303	Will feel safe knowing that we have someone on campus carrying a firearm in case something bad happens.	6/23/2022 11:10 AM
1304	I am a father and I believe that it would be better if a police officer was in each school, it would be a lot of responsibility for the trained person if something were to happen, a police officer in each campus would be ideal to feel more secure for our children.	6/23/2022 11:10 AM
1305	As long as the carriers are vetted and trained properly. I believe that there should be more than one in the building.	6/23/2022 11:09 AM
1306	This should absolutely be instituted immediately for the safety of our children and staff. This would be an answer to prayers.	6/23/2022 11:09 AM
1307	Don't agree	6/23/2022 11:09 AM
1308	No issues. ALL people that can pass the vetting and training should be allowed. the more able bodied staff that prove necessary skills should be able to become a guardian	6/23/2022 11:09 AM
1309	Because Irving has had parents come in without permission or sneak in and possibly have become violent, that poses a serious threat to the children. We need armed security, clearly.	6/23/2022 11:08 AM
1310	I am okay with this but not sure about the effectiveness of it but definitely a deterrent	6/23/2022 11:08 AM
1311	Our kids need to be protected	6/23/2022 11:08 AM
1312	I would feel more safe and secure with a staff member carrying a firearm on campus. I strongly support this idea.	6/23/2022 11:08 AM
1313	I don't even know where to begin.	6/23/2022 11:08 AM
1314	I would love it. I could worry less knowing that my child is safe.	6/23/2022 11:08 AM
1315	I think someone on staff carrying a firearm would give me an added layer of security. I feel like we are sitting ducks.	6/23/2022 11:08 AM
1316	My hope is that each campus could have their very own (paid) trained and armed officer during school hours. The state found the money to create the parent/staff liaison position, so I hope	6/23/2022 11:07 AM

Cleburne ISD Guardian Program Survey

they can find the money to pay a qualified individual to protect our staff and students at each and every campus.

1317	There are so many ordinary objects that are used as weapons by upset and emotional students in the classroom that bringing an actual weapon into the classroom seems like more of a danger than a support. Also, who would be the trained professionals? A teacher in a classroom that would have to leave the class full of scared students to rush into a dangerous situation in hopes of saving the day? I trust my local police department to act promptly and protect our schools, as they have been doing successfully for years.	6/23/2022 11:07 AM
1318	I'm open to this idea however I'd like to learn more about what this would entail to ensure staff and students are safe from any accidents. Also how would the school address this to the students as they would notice a concealed gun and have questions.	6/23/2022 11:07 AM
1319	Not sure how this would work. If a teacher that is carrying the weapon was not anywhere near the intruder exactly how would that help? Are we expecting the person carrying to come out of their room and go towards intruder to help or that is just to make sure no one comes into her/his classroom? I feel like we have to take some new precautions because too many children are suffering from this madness.	6/23/2022 11:07 AM
1320	While I support the program in general, a random staff member located in a random part of the school does not afford a realistic amount of protection. That staff member has to become aware of an active shooter, leave the class they are currently in charge of to try and locate the active shooter. This same measure can be accomplished by staffing armed security or law enforcement at each campus to boost protection. The ISD is allowed to employ law enforcement officers that are independent of the city police force.	6/23/2022 11:07 AM
1321	I believe that our children our the future and we must do everything we can to protect them while in school! I fully support and would participate in this program!	6/23/2022 11:07 AM
1322	As a parent I want to know that as a school district you are doing everything in your power to keep my child(ren) safe while they are in your care during the school year. Unfortunately we live in a different world then we did 15 or 20 years ago and things like safety are ever changing and we need to evolve with those changes.	6/23/2022 11:07 AM
1323	I definitely don't like the idea of the "guardian" carrying a weapon, but if the weapon would be securely stored and not carried I would be much more comfortable, or if the gun would be kept unloaded unless needed. Perhaps the ammunition even on the person but not in the weapon. As a person trained to carry a live weapon in security, I've seen too many times how hesitation or fear can cause a weapon to do more damage than good. This is my opinion, but I do absolutely support the school wanting to defend its students. Thank you for allowing us to give feedback.	6/23/2022 11:06 AM
1324	I think instead of firearms being in school is better to have policeman in front of the building at all time and to have metal detectors.	6/23/2022 11:06 AM
1325	As long as proper training was done.	6/23/2022 11:06 AM
1326	I feel we need to do anything & everything as parents, staff, school board members & the Community to keep our kids safe. We also need to have Metal detectors installed.	6/23/2022 11:05 AM
1327	As a parent, I strongly support & would feel like my kids would be much safer.	6/23/2022 11:05 AM
1328	Depends on the staff members and training.	6/23/2022 11:05 AM
1329	My concern would be around the training of the staff member. What kind of training and background checks are they receiving? Are we checking their social media to see how they conduct themselves in the public eye when it comes to sensitive and/or polarizing issues. What kind of psychological evaluation will they receive? How will their gun be safely stored and/or carried? I would rather have SRO officers. Teaching is enough of a responsibility.	6/23/2022 11:05 AM
1330	I think it would be wise if more people learned how to defend themselves and our kids.	6/23/2022 11:04 AM
1331	I believe the educators and staff members have enough on their plates. It's not their job to carry a gun. Put more officers at the campus or figure something else out. I do not feel comfortable with any teacher carrying a gun at school especially when accidents can happen and children are smart and can find their way to such things. It a liability to everyone.	6/23/2022 11:04 AM
1332	I am a CHL licensed holder and would be willing to carry to protect the students and staff in the	6/23/2022 11:04 AM

Cleburne ISD Guardian Program Survey

	event of an active shooter	
1333	If teachers are responsible for protecting students then they should be equipped and trained to do so with real weapons and not just running away techniques	6/23/2022 11:03 AM
1334	Our schools should be protected so if you have someone mentally capable for the job then I'm all about it.	6/23/2022 11:03 AM
1335	I feel that certain areas of our school are super vulnerable and this would make teachers and students more confident in their safety	6/23/2022 11:03 AM
1336	No problem at all with it.	6/23/2022 11:03 AM
1337	I am conflicted. While gun violence is very real, and I want to make sure every student and teacher is protected, I don't necessarily think it's a good idea to have guns in schools, unless a trained officer is the one in possession of it. I remember being a student in school, and I was scared of the resource officer because he carried a gun. I don't ever want our students to feel unsafe, but I also hope that we never have to encounter an active shooter.	6/23/2022 11:03 AM
1338	What if one of the staff members are the ones that decide to shoot the school up?! More guns aren't going to protect our children!!	6/23/2022 11:02 AM
1339	If one campus doesn't have a trained staff member, will they still have a sign? Will there be updates to the training? I feel that they will need more than a 2 day training at the beginning, and then get to continue for years. I hear that the certified trainers are limited, and they are booked for months. How do we get the required training needed?	6/23/2022 11:01 AM
1340	We need additional protection.	6/23/2022 11:01 AM
1341	As a staff member I strongly support the idea of implementing a guardian program within Cleburne ISD schools. Though I hate that the times we are in are even bringing this discussion, I do support the guardian system and believe it could benefit CISD if the need did ever arise in one of our schools.	6/23/2022 11:01 AM
1342	I am unsure as to how "highly trained " the individual would really be. Seems as though it would be the equivalent to me taking a weekend class at a shooting range. How effective would this individual be in that situation? After all, they are still a civilian and not law enforcement.	6/23/2022 11:01 AM
1343	As a staff member I wouldn't want to know who is carrying on campus. I think it should be considered confidential.	6/23/2022 11:01 AM
1344	I am unsure on how I feel about this due to parents being in the same school as their child and possibly making some situations worse. I would love more security in our schools due to the horrific incident Uvalde went through but want to make sure parents will be able to handle these situations.	6/23/2022 11:01 AM
1345	Strongly support!	6/23/2022 11:00 AM
1346	Children in homes with guns are much more likely to be injured by accident. The potential for a small child to accidentally access an unsecured weapon with tragic consequences is great. As a teacher, I know the many different directions that staff member's attention and time are pulled in each day. No one should be given the responsibility for safely securing a weapon away from young children at the same time that they are caring for students and completing other educational tasks. Any person carrying a gun on a campus should have safety as their SINGLE AND ONLY JOB. That person must also have extensive bias and inclusion screening/training in order to keep our diverse population of students not only safe but also comfortable at school.	6/23/2022 11:00 AM
1347	I would support this because it would provide increased security	6/23/2022 11:00 AM
1348	As a parent I am glad to see that this even a possibility. Our kids should be able to go to school and be safe. Parent should be able to send their babies to school and not worry about getting that heartbreaking phone call. It's time everyone play a part in making schools safe again so that our kids can focus on getting the education they need and parent can have a piece of mind while the kids are at school	6/23/2022 10:59 AM
1349	I would like to see a school resource officer at every campus. However I don't believe adding more reachable firearms in our schools is the answer.	6/23/2022 10:59 AM
1350	As a parent, I would feel MOST comfortable with this being implimented. The safety of our	6/23/2022 10:59 AM

Cleburne ISD Guardian Program Survey

children (and their teachers) SHOULD be the most important thing the school district worries about!! I would love to know that the taxes I pay went to such a good cause. I would even be willing to make a donation every month or do some fundraising to make sure that multiple self defense training/weapons are available to multiple, if not every adult staff member in the school. Thank you so much for even entertaining this idea. I would feel much less scared to send my child to school.

1351	I strongly support this 100%	6/23/2022 10:59 AM
1352	Whatever we need to do to protect our children and staff!	6/23/2022 10:59 AM
1353	I highly encourage a trained staff member carry on every campus.	6/23/2022 10:58 AM
1354	I have no problems and strongly support staff carrying if they are properly trained.	6/23/2022 10:58 AM
1355	My husband I fully support this initiative as long as the persons signing up will undergo psychological and physician evaluation and have proper training and knowledge in firearms.	6/23/2022 10:58 AM
1356	Yes, if we could train put our teachers and/or staff members through the vigorous training we put our police through, I think it would instill the confidence our staff needs to protect our students. They would be a true asset to keep our schools safe.	6/23/2022 10:58 AM
1357	CHS is a large campus so there should be a minimum of five individuals with firearms and I would want this in conjunction with a metal detector at the entrances.	6/23/2022 10:57 AM
1358	As a mother of 4 I would feel so much better knowing my children were sent to school on a daily basis with this assurance that someone qualified is guardian.	6/23/2022 10:57 AM
1359	I believe that CHS is the most toxic high school I have ever seen. The ability for someone safe to carry a gun on campus would make me feel that my child is protected and she wouldn't be in danger from the craziness that school has. Marti is a safe school and I love the teachers/staff. If someone at the front desk would be able to carry with the already locked doors and security in place would also make me feel more comfortable knowing my elementary student is being taken care of.	6/23/2022 10:57 AM
1360	Concealed carry on campus by multiple staff members needs to be implemented in order to protect our children from potential school shootings. The staff need to be trained and be able to utilize their weapons at a moments notice when a shooting or potential shooting initiates in the school setting in order to save our children's lives.	6/23/2022 10:57 AM
1361	Safety of our staff, students, and children should be our first priority. I support this idea without reservation.	6/23/2022 10:57 AM
1362	This belies the trust that underlies the teacher-student bond. One can simply not ask a teacher to create bonds with students and then shoot, or kill, a student. Statistically we know that it is students who perpetrate these crimes.	6/23/2022 10:56 AM
1363	I would like more than one person to be carrying on each campus on opposite sides of school. And for the gun to never show and be truly concealed not just on hip in holster, that away a potential threat would never know who is the guardian. And I support this program with lots of training.	6/23/2022 10:56 AM
1364	I feel it is more appropriate to have a police officer on all school campuses. Rather than having staff carry a firearm.	6/23/2022 10:56 AM
1365	I'm happy to do anything we can to make sure our kids are all as safe as possible.	6/23/2022 10:55 AM
1366	Strongly support for the safety of our littles	6/23/2022 10:55 AM
1367	Yes as long as they are trained well and confident enough to use them if needed.	6/23/2022 10:55 AM
1368	It is understandable that some have reservations about the program. However, if staff are properly trained and follow the guidelines the program is safe. It seems a district would be negligent to not take advantage of every school security option when the law allows it.	6/23/2022 10:55 AM
1369	Concerned about unqualified teachers being armed. Feel a danger to staff,	6/23/2022 10:54 AM
1370	If the teacher was knocked out by a student they would have access to a firearm-	6/23/2022 10:54 AM
1371	This is needed!	6/23/2022 10:54 AM

Cleburne ISD Guardian Program Survey

1372	We need this!	6/23/2022 10:54 AM
1373	I am a parent and staff member. I would feel so much better knowing we have ppl to defend our kids and my own children	6/23/2022 10:53 AM
1374	From a mental health standpoint, I don't believe this is the safest way to go. Being an observer of the mental health state of our staff this year, and the stress they already go through with all of the expectations in place, adding this level of pressure will not result in a good outcome.	6/23/2022 10:52 AM
1375	There's nothing that can make me believe that this is the solution to this problem. You also can't make me believe that an angry child or angry group of children/teens couldn't just take a gun off a teacher at something and bypass the wonderful locked door policy at my child's school. Fix the problem with guns, with more guns? Ridiculous.	6/23/2022 10:51 AM
1376	Only if we are using this firearm for protection against an actual threat which I only consider another armed person. Not as an intimidation factor to children or angry parents. Not open carry, concealed carry only. That way the students do not know who this person is. They are already privy to what we do in the event of a shooter, if the shooter is a student they know our procedures. We need to have training that only teachers know of that go above and beyond what the students are told. We should also be informed of who our carrier is so we can always have eyes on this person for several different reasons. Such as: keeping an eye on problem students around this person, knowing who to notify in the event of an active shooter, and extra precautions in case this person goes AWOL for some reason. This is non-negotiable for me. "the road to hell is paved with good intentions" I would feel better knowing we had a gun on property in our control just worried about the unknowns.	6/23/2022 10:51 AM
1377	I believe if they want to be trained and certified do it if didn't need to work I would gladly as a veteran go stand guard at my child school armed. Hope this goes through.	6/23/2022 10:51 AM
1378	I absolutely do NOT support this program! We do not need to be turning our schools into war zones. We need to be electing representatives who support common sense responsible gun regulations rather than the fascists we current have in office.	6/23/2022 10:51 AM
1379	I believe this is a good idea for the sake of our children and staff members in our community, I also believe that we all need to be prepared to protect ourselves at all times.	6/23/2022 10:51 AM
1380	With the way our high school has been designed there are windows EVERYWHERE!! This creates a perfect opportunity for someone with the intentions of mass casualties or to bring a gun to school. There are little to no ways a teacher can protect their class from an intruder. Being a guardian campus would place more protection on campus aside from the only two officers we have. They cannot be everywhere at once, but armed teachers can aid in that. I often will reflect on what I would do in an active shooter situation. I place myself somewhere on campus and imagine getting to a safe hidden place or an exit. It is often very difficult to find a safe hidden place that does not have large windows that put me or students in plain sight. Being a guardian campus would make me feel a lot safer. Additionally, a presentation to students on the dangers of letting someone in doors around campus is VERY needed. It does not matter if they are someone you know or not, they do not need to be let in any door during the school day that is not the front main door. It happens constantly. Security is definitely needed in parking lots during lunches and even before/after school to help in this safety.	6/23/2022 10:51 AM
1381	I absolutely agree and feel more comfortable as a teacher knowing myself or other staff members will be carrying.	6/23/2022 10:51 AM
1382	Our children must be safe and if this is what needs to be done then so be it.	6/23/2022 10:50 AM
1383	We need to protect our children we do our best but I believe this would be another level of protection.	6/23/2022 10:50 AM
1384	As a parent and a teacher, the most recent event at Uvalde really made me think about what I could do as a teacher to be better prepared for a situation like this. We have many security policies in place, but there are still many areas that need improvement. I believe that every school should have this program as long as the staff is properly trained and follow the rules.	6/23/2022 10:50 AM
1385	I am for that but would like for them to have counseling throughout the school year . I would also like psychological assessment every3 months.	6/23/2022 10:50 AM
1386	i believe this is the only way to keep our children safe	6/23/2022 10:50 AM
1387	I believe as long as they are properly trained be is Texas' old concealed carry course, etc.	6/23/2022 10:50 AM

Cleburne ISD Guardian Program Survey

Have proven they can safely operate a firearm and qualify by hitting targets within a designated scoring system. I'd also like to see shooter drills conducted for those who are designated "guardians". Be it a virtual or simulated shoot/don't shoot scenario training. Maybe even take volunteers from the community. There are a lot of combat vets who would be happy to volunteer our time to work with local law enforcement and school staff. Assuming they can pass proper checks. I myself am a combat veteran who has his concealed carry permit (before Texas allowed open carry) and I am retired. I'd be happy to go on a volunteer list of some kind and offer assistance, knowledge and time free of charge. Because my daughters' life and the life of all children should come first.

1388	It would possibly help stop things like happened in uvalde.	6/23/2022 10:50 AM
1389	Maybe it will be best to do online school it's really scary leaving our children at school where we think there safe and there not	6/23/2022 10:50 AM
1390	I would like to know if the staff member will be properly trained, and in the high school, I think more than one staff member should be carrying. The size of the school and the number of students increases my concern that one person wouldn't be enough for the high school.	6/23/2022 10:50 AM
1391	I fully support the ability for teachers to protect themselves and their students in an appropriate manner in the event of an emergency situation. With appropriate training and confidentiality, I see few downsides. An armed teacher will still be able to implement current ALICE protocol, with the additional benefit of being able to legitimately fight back if the situation were to escalate to that point.	6/23/2022 10:49 AM
1392	I would certainly feel more protected knowing someone on campus would be in the vicinity to help protect our children rather than waiting on police response.	6/23/2022 10:49 AM
1393	Unfortunately, this is what the world has come to. I am in full support of anything that adds safety to our students and staff.	6/23/2022 10:49 AM
1394	I'm all for the staff protecting all the children on campus, my only worry is something going terribly wrong where for some reason the teacher might be a little careless and one of the students get ahold of the weapon, now I'm sure both campuses will take the extra steps to make sure that won't ever be a problem but just a big concern of mine as a parent	6/23/2022 10:49 AM
1395	I do not want guns on campus period. The SROs may have them but teachers shouldn't. Many high school students are the size of linebackers and could overpower staff for a gun. Also, most research shows that shooters aren't stopped by civilians anyway.	6/23/2022 10:48 AM
1396	Accidents happen. What is the ratio or percentage of needing to protect and an accident occurring with a fire arm.? I would like to be able to know who is carrying a concealed weapon around my child and the training they will receive.	6/23/2022 10:48 AM
1397	I do not believe that firearm laws are going to catch up or prevent criminals from acting out horrific crimes- I fully support certian teachers being armed. If laws are not going to protect our students/staff-I would gladly go through whatever trainings are needed in order to be armed. I believe that this is the most reasonable preventative. We must be #ALLIN for the safety of our students/staff.	6/23/2022 10:48 AM
1398	I feel if properly trained this would be a huge benefit and something to give peace of mind while my children are at school.	6/23/2022 10:48 AM
1399	I believe this would allow us to protect our staff and children and they would be able to learn and teach without the fear of losing their lives or the lives of the children in there classrooms. The world is ever changing and school is some were they need to be safe and not fear.	6/23/2022 10:48 AM
1400	This would help protect students in the case of a shooter on campus and potentially save many lives.	6/23/2022 10:48 AM
1401	As long as we know that they are properly trained and that they understand to shoot if there is immanent danger to other students in the form of a gun or other weapon.	6/23/2022 10:48 AM
1402	Would these secret staff members be required to train frequently and often to be certain they have the competence and skill to carry a deadly weapon? Will they be subject to psychological evaluation to ensure there is no past/current trauma/bias/etc before being permitted to carry a deadly weapon? LEOs are evaluated and are trained frequently to establish these competencies....and, yet, even they have errors in judgements....with something they face	6/23/2022 10:48 AM

Cleburne ISD Guardian Program Survey

every single day (the possibility of encountering dangerous and armed individuals). I think if pursued the training and selection of these individuals will be extremely critical.

1403	I would like the schools to have weapons detectors at the entrances	6/23/2022 10:48 AM
1404	Metal detectors need to be put in place as well.	6/23/2022 10:48 AM
1405	They implemented air marshalls on every flight after 9/11. Haven't more people died in school shootings since then? We need the same concept. "classroom marshalls..." but also, more mental health support for the students to prevent these issues in the first place.	6/23/2022 10:48 AM
1406	With the way things are going I don't feel safe sending my child to school anymore.	6/23/2022 10:48 AM
1407	This should have been done years ago	6/23/2022 10:47 AM
1408	I would not support another firearm in the school with our kids. We need to deal with mental Health not creating another opportunity for a child to get killed. You can train with firearms all day but so many things can go wrong. My kids will not be attending Cleburne Highschool if this is implemented.	6/23/2022 10:47 AM
1409	Another staff member, maybe, but not a teacher. Teachers don't need to have another task added to their shoulders, they need to be focusing on teaching our children. A trained, more experienced staff member, or law enforcement personnel should be the ones handling active shooters	6/23/2022 10:47 AM
1410	I am okay with a member of the staff carrying a concealed hand gun ONLY if they have been mentally evaluated by a neutral and unassociated psychologist. Not just any staff member should be allowed to carry a weapon around a child without passing a psych evaluation.	6/23/2022 10:47 AM
1411	If any teacher wants to get the training to carry they should be allowed to as well! There should be an armed police officer or properly trained security at every campus at all times. You should show your ID every single time you visit & your ID should be scanned in at every visit. Only the front entrance doors should be the only ones open during school hours. If you don't have proper ID, you don't get in.	6/23/2022 10:47 AM
1412	Anything to protect the kids!!!	6/23/2022 10:47 AM
1413	As long as the guardian is fully evaluated and 100% trained I would feel my kids safety is in great hands	6/23/2022 10:47 AM
1414	I would like the option and freedom to be able to protect my students and myself when evil strikes on campus. I would like for other willing and able staff members to be able to do the same for my children as well.	6/23/2022 10:47 AM
1415	As long as they have gone thru a background check and is mental ok. I think it's a great idea to keep our kids safe. Think they should also take counseling the whole time in this roll. Just because...to check their mental state the whole time in that position.	6/23/2022 10:47 AM
1416	I would rather have a armed police officer on every campus everyday rather than a volunteer carrier.	6/23/2022 10:47 AM
1417	We have highly trained police officers on campuses. If we feel more guns are needed on campus, just hire more police officers for that purpose. Teachers have enough to do without having to worry about constantly keeping a firearm safe from accidental discharges, or, at higher grade levels, a student taking it from them while they are distracted with their primary job of teaching. ALICE training coupled with police officers/school Marshalls on every campus would be a better solution than the School Guardian program.	6/23/2022 10:47 AM
1418	I am against this idea mainly because I know the students on my campus have stolen from desks and rooms before and any teacher who is armed puts themselves at risk of having that firearm stolen and placed into the wrong hands. We also frequently get hugs from our students so disguising this item on our person is extremely difficult and still risky. I am not against firearms for trained professionals but do not feel safe having that person being a teacher or administrator on campus.	6/23/2022 10:46 AM
1419	I think enabling more staff to protect our children anyway possible in emergency is crucial & life saving!	6/23/2022 10:46 AM
1420	I think any measure taken to keep our kids safe, is a measure worth having.	6/23/2022 10:46 AM

Cleburne ISD Guardian Program Survey

1421	As a former member of the armed forces and Vietnam vet I have seen first hand the lack of accuracy of firing a pistol. Also - to have loaded weapons of any sort on our campus - other than the police - would present an increased danger. Are you planning to train those carrying a weapon to also be trained in Marshal Arts? If not then those individuals create an opportunity for someone to take and use their weapons. Lastly - who in their right mind can possibly think that having a pistol is somehow a match to an assault rifle - which is the weapon of choice for nearly every mass shooter.	6/23/2022 10:46 AM
1422	I would feel better if this was to be in place.	6/23/2022 10:46 AM
1423	It is hard to think someone whose job is not to carry a firearm will be able to protect our children when, let's face it, not even cops have been properly trained in school shootings. And their job is in fact to carry a weapon and protect daily. What is the definition of "properly trained." I do not believe arming more people and saying they are trained is the solution. Or will even help.	6/23/2022 10:46 AM
1424	This is not a solution to the rising violence committed due to easy access to automatic weapons.	6/23/2022 10:46 AM
1425	I have no issue. This would protect our children	6/23/2022 10:46 AM
1426	Keep kids safe. Love irving locked doors at office. However won't protect kids if active shooter came out when kids were in open area of soccer field. No fence or anything protecting kids if exploring. Also. My children have talked a out kids going to abandoned house at the back of the soccer field. Anyone could be inside	6/23/2022 10:45 AM
1427	I don't think it's safe and it's not fair to ask another teacher or staff member to do so.	6/23/2022 10:45 AM
1428	As long as guns were in a lock box for when/if needed and not carried on the person, I am in support.	6/23/2022 10:45 AM
1429	It would help us stay safe	6/23/2022 10:45 AM
1430	Too many guns leads to too many opportunities for accidents (gun not secured/stored properly, stolen gun, gun going off potentially injuring students) which the school would be liable for.	6/23/2022 10:45 AM
1431	A staff member would be great but what about a security guard that will watch the campus and secure the main door. Basically a dedicated person for this job with a staff member as backup	6/23/2022 10:44 AM
1432	I think this is a great idea and would make me as a parent feel safer having my children there	6/23/2022 10:44 AM
1433	I love to see this happen. But I don't fell like we should have a sign out advertising it.	6/23/2022 10:44 AM
1434	Having armed staff members is a sad reality of the world we live in. I am 100% behind this program	6/23/2022 10:44 AM
1435	I am fully for the program.	6/23/2022 10:44 AM
1436	I don't have a problem as long as my daughter doesn't get shot by them	6/23/2022 10:44 AM
1437	I think it could be good and bad at same time I'm mostly for them having protection but it's scary for a gun to be in the class room at the same time lots of training is needed	6/23/2022 10:43 AM
1438	I think this program would be a great deterrent and would make cowardly individuals think twice about shooting up one of our schools.	6/23/2022 10:43 AM
1439	This program would be helpful in making the school more secure. Concerns would include the staff members qualifications to carry a weapon within the school building. How will their mental and physical wellbeing be monitored?	6/23/2022 10:43 AM
1440	I prefer hire professional security	6/23/2022 10:43 AM
1441	We have to protect our kids with more than just locked doors	6/23/2022 10:43 AM
1442	As both a CISD teacher and parent of two CISD students, I have done a lot of reading recently about ways to prevent school shootings (I highly recommend *The Violence Project,* Peterson and Densley), and I don't think that this is our best option. We are not looking at the root causes of school shootings in doing this; rather, we are slapping a Band-Aid on something that requires more serious care. Additionally, nearly all K-12 (school) shooters are students or former students, and I am struggling with the idea of asking teachers or staff to make the extremely difficult decision to have to shoot a student, ostensibly in the name of protecting	6/23/2022 10:43 AM

Cleburne ISD Guardian Program Survey

other students. As we've seen many times in the news, the police often make the wrong call in these types of situations and shoot a citizen who was not truly deserving of that punishment based upon the level of threat that they were actually posing; this is because even having guns on a campus raises the level of stress and of flight-or-fight mentality and increases the likelihood that the gun will be used. While I recognize that there might be a benefit to having armed staff members during a legitimate school shooting, I question whether or not these guns would be drawn and potentially used in a situation that might have felt frightening to the staff member in question but which did NOT warrant lethal force. At the end of the day, the most likely shooter that we would see on our campus would be a student--in other words, a CHILD. I think there are better ways that we can approach this without increasing the odds that some of our most at-risk students might be shot by a staff member in a situation that did not truly require that level of force.

1443	Strongly support securing and training staff members so they can protect themselves and our babies!	6/23/2022 10:43 AM
1444	It should have already been put into place.	6/23/2022 10:42 AM
1445	I would fully support if the staff who is carrying has to go through extensive training	6/23/2022 10:42 AM
1446	I think in theory it is a good idea, but in practice it does not sound feasible.	6/23/2022 10:42 AM
1447	Sadly school shootings or break ins have become a huge problem in the world we live in Today. So knowing that there would be a little hope inside our schools gives me hope that we would be able to protect our kids!	6/23/2022 10:42 AM
1448	I believe this would greatly help deter any tragic events and could serve as a greatvtool in keeping students safe.	6/23/2022 10:42 AM
1449	I want my child protected.	6/23/2022 10:42 AM
1450	I think it's a great idea to protect themselves and the kids	6/23/2022 10:42 AM
1451	Yes !!!	6/23/2022 10:41 AM
1452	Properly trained individual to handle high stress situations. I would prefer actual security or military trained individual.	6/23/2022 10:41 AM
1453	The protection of students should come first. The safety of the students, during that time when a mass shooting occurs, is the most important thing. Arming educators may place them in a difficult situation of protecting their students, or attempting to stop the shooter. This is an impossible moral dilemma to put our teachers in	6/23/2022 10:41 AM
1454	I think this could be a very good program; however, my concern is the amount of training these guardians would need to go through. It should be quite extensive before that person could carry on campus.	6/23/2022 10:41 AM
1455	As a mother of four and someone who already has a concealed carry, I strongly support teachers and staff members being able to responsibly carry to keep our kids safe while at school.	6/23/2022 10:41 AM
1456	This has always been my thought someone inside the school that nobody know about or maybe some of the staff would carry a conciled gun just to have some one inside the school that have the correct training and can protect, maybe even 2 at best. Placed in a classroom or an office not easy to access or more private.	6/23/2022 10:40 AM
1457	Guns do not prevent shootings at school.	6/23/2022 10:40 AM
1458	Properly trained licensed to carry staff would deter a threat to a district building in my opinion	6/23/2022 10:40 AM
1459	As an employee of the district I cannot think of coworker that is qualified or stable enough to carry a firearm on campus. It seems like a conservative image boost when this issue can be solved in ways that do not involve more weapons on campus. Do more to support students socially and emotionally. Reinforce school security and protocols with more training and followed procedures, not more weapons.	6/23/2022 10:40 AM
1460	I am not comfortable coming to work with others having firearms. I would not allow my child to attend a school who implemented this	6/23/2022 10:40 AM
1461	Staff need to be provided guns, gun safes, bulletproof vests, ballistic shields, four times a year	6/23/2022 10:40 AM

Cleburne ISD Guardian Program Survey

	shooting range training and four times a year active shooting training.	
1462	If you have to ask a question about keeping children safe at all cost your the problem. This is not a question it needs to happen!	6/23/2022 10:40 AM
1463	I am 100% behind a fully trained adult carrying a firearm in the schools for students protection.	6/23/2022 10:40 AM
1464	That would be the best thing you guys could do	6/23/2022 10:40 AM
1465	I would just feel safer knowing that IF need be that we had someone or someones on campus that could take care of a mad gun man if there were a need for that. By the time law enforcement could get to us a deranged gunman could have slaughtered half the school , but if we had Guardians we have a better chance at stopping an issue immediately. And though I understand that is the reason we have the security of the locking doors, let's face it... locks are only for us good guys! If sick minded individuals intend to cause mass destruction and slaughter a school they will find a way. Let's put a little more deterrent in their path. Thank you for considering this! Thank you for always looking for better ways to keep the students & your staff safe!	6/23/2022 10:39 AM
1466	I would be more in favor if we could have police officers hold this responsibility. It should not be our responsibility as school staff to protect our school in this way. We are there to educate our students. It's the job of police to protect and serve. Invest the resources necessary to protect and serve the students and school staff in our community rather than putting yet another burden on the shoulders of teachers and school staff.	6/23/2022 10:39 AM
1467	I would like whoever carries the firearm has been trained thoroughly and knows how to carry and handle correctly the weapon.	6/23/2022 10:39 AM
1468	I am all for protecting our kids, by any and all means.	6/23/2022 10:39 AM
1469	I'm in support but would like to know the training provided to the staff member(s) and process to which makes them qualified/trusted to take on the role.	6/23/2022 10:39 AM
1470	I think it's is appropriate for the school to have one or more competent, trained, armed individual to be prepared to defend school staff and students.	6/23/2022 10:39 AM
1471	If staff members are willing and well trained in gun control/safety, I am 100% on board with having armed staff on site to provide protection for our children and school staff.	6/23/2022 10:39 AM
1472	Would strongly recommend for the safety of our children.	6/23/2022 10:39 AM
1473	This must be a knowledgeable member, Secured, Concealed firearm and public awareness! So that Cleburne is not a soft target! It will ensure that our schools will be less likely to be a target if the public knows Cleburne is prepared!	6/23/2022 10:38 AM
1474	I commend the efforts being made too protect our children and staff alike. After this Uvalde incident I asked my child if anyone ever mentioned bringing guns to school and she said yes, multiple times. We have spoke to her about the situation but I am not sure about other parents. There needs to be more risk management steps using proper education, cyber/bullying prevention, and parent conferences at the first sign of issues that could go further.	6/23/2022 10:38 AM
1475	As a staff member I would not feel safe not knowing who is carrying and who is not! I feel like we need a better system of monitoring the parking lots during lunches and passing periods as well as a more secure lock system for our doors.	6/23/2022 10:38 AM
1476	I am a parent of a child in school and my daughter works at Irving as a teacher. I am not sure why we have not adopted this sooner. I fully support this!	6/23/2022 10:37 AM
1477	I think it is a great idea. If there was an intruder they could be stopped before doing too much damage in my opinion.	6/23/2022 10:37 AM
1478	As a licensed and well trained employee, it would not only be a deterrent to those who would want to cause harm but a quicker response than law enforcement in an event.	6/23/2022 10:37 AM
1479	I would feel much more at ease with my children being at school as well as my subbing at these schools if I knew the staff had the means to protect us during an active shooter situation.	6/23/2022 10:37 AM
1480	I support having a staff member on campus with a firearm. However, I am concerned of it getting into the wrong hands. An upset student or disgruntled worker could cause a lot of	6/23/2022 10:37 AM

Cleburne ISD Guardian Program Survey

	chaos.	
1481	Given the increase of fatalities at public schools over the last several years, it seems a great idea to put some good people in a position to stop bad people from hurting our kids. Some other local schools have already implemented this, Cleburne is next.	6/23/2022 10:37 AM
1482	I do not trust the campus administrators to prevent or react appropriately to maintain the safety of staff and students. Especially with the three instances of "orbiz guns" on campus with simulated drive by shootings without consequences	6/23/2022 10:37 AM
1483	I would definitely support this, whatever it takes to protect our kids!	6/23/2022 10:37 AM
1484	The key to this working is staff members signing NDAs. No one can know who is carrying. Extensive training with police present is needed.	6/23/2022 10:37 AM
1485	Carrying a weapon is a big responsibility. I'm not comfortable adding another responsibility onto teachers. There are a lot of opportunities that a weapon could become unsecured. People should be hired for that responsibility.	6/23/2022 10:36 AM
1486	Get metal detector on mail doors and lock the doors at all times....	6/23/2022 10:36 AM
1487	It takes a trained security professional hours of training for to carry a concealed weapon. I would feel less safe if a teacher carried a handgun. This responsibility should not weigh on a teacher. Security guards, or trained professionals should just be hired and placed on campuses.	6/23/2022 10:36 AM
1488	I am sorry that this has come to someone having to carry a firearm, but it is necessary to keep students and staff safe.	6/23/2022 10:36 AM
1489	I fully support this and hope other parents do as well!	6/23/2022 10:36 AM
1490	As a person that has worked in law enforcement community I can fully understand the need for this program. There must be a on campus response to active shooting occurrences. Time is the real enemy in these instant's. The longer it takes to engage the person the more people are in danger of being killed. Police response time are just to great.	6/23/2022 10:36 AM
1491	Too many things that could go wrong. We have strong security systems on our campuses and SROs that are on our secondary campuses. I would rather look into SROs on every campus than put a gun in the hand of someone who studied to become a teacher, not a policeman.	6/23/2022 10:36 AM
1492	"Better judge by 12 than carried by 6"	6/23/2022 10:36 AM
1493	It's a wonderful idea, to keep our children safe from those outside the campus with cruel and ill intent. I love that Rio Vista ISD, Keene SD, and Godley ISD implements this, so should Cleburne ISD!	6/23/2022 10:35 AM
1494	I don't trust teachers or staff to correctly identify an active shooter in a high stress situation. I also don't think we should actively keep guns inside of schools.	6/23/2022 10:35 AM
1495	I think this is not only a great idea but necessary! Our children need to be protected!	6/23/2022 10:35 AM
1496	We need guns on campus if nothing else but to determine a school shooting. When we advertise we are a gun free zone, we are sitting ducks. Shooters would be less likely to go in shooting if they knew someone would shoot back.	6/23/2022 10:35 AM
1497	I strongly support this. As a parent of an incoming high school student and as a teacher at Irving Elementary, I would feel safer knowing there were trained people in our schools to help respond if an active shooter incident happened. Without this opportunity, our staff and students are left defenseless if such a horrible incident happened.	6/23/2022 10:35 AM
1498	I think it's a great idea. There is never a perfect solution, but I believe the positives of implementing a program like this far outweigh the negatives. It would give me peace of mind knowing that there is staff on campus that carry a firearm to protect our kids. I would think advertising it at each entrance would be smart and would strongly discourage "potential" shooters. These are cowards that are being dealt with, and history tells us that they want to make a large impact and "take out" as many people as they can. They are not going to target a school where they know staff carry and would potentially lessen the amount of damage they can do.	6/23/2022 10:35 AM
1499	I think it is very much needed	6/23/2022 10:35 AM

Cleburne ISD Guardian Program Survey

1500	i want my children to be protected. I do not want the incident that happen at Uvalde school happen to our schools.	6/23/2022 10:34 AM
1501	I believe teachers should be able to carry concealed weapons, as long as they have been trained to do so.	6/23/2022 10:34 AM
1502	yes I strongly agree with the Guardian Program because it'll keep the staff and students here safe from any harm.	6/23/2022 10:34 AM
1503	I think it would be a good idea to have a trained, armed staff member on campus. So if an active shooter did show up, which I pray would NEVER happen, but the situation could be handled quickly!	6/23/2022 10:34 AM
1504	With proper training and equipment (please be picky on the holsters the armed staff will use) our teachers should be able to defend themselves and our children to the best of their abilities. The only way to stop a bad guy with a gun is a good guy with one. Train the willing place them strategically through out the building and allow them to show the world what a polite but armed society is worth.	6/23/2022 10:34 AM
1505	I feel like it would be a good thing as long as the person is trained and certified.	6/23/2022 10:34 AM
1506	I believe guns cannot be fixed with more guns. We just need stronger security around our campus.	6/23/2022 10:34 AM
1507	I dont trust any staff member with a firearm and they should not be kept around children.	6/23/2022 10:34 AM
1508	I think that he/she should carry only if they Take training classes every year .And also willing to put their lives before our children.	6/23/2022 10:34 AM
1509	I would feel a little safer knowing my child is being protected more than what he already is.	6/23/2022 10:34 AM
1510	I want to have my children absolutely protected by any nessecary means	6/23/2022 10:34 AM
1511	Staff can barely get their resources covered and this is a priority? Not all staff feels comfortable with their coworkers having a firearm. I do not want my child's teachers having a firearm. People already distrust teachers, but we will arm them? The public can't trust teachers to implement their own curriculum but trusts them with a deadly weapon? We must have other priorities.	6/23/2022 10:34 AM
1512	As a parent I want all students to be safe and there are not enough officers in CISD system. As a teacher at the high school it's too big to cover adequately with two officers.	6/23/2022 10:34 AM
1513	Good idea.	6/23/2022 10:34 AM
1514	I do not believe a gun should be in the classroom. I do support others (counselor, ap, custodian, etc) carrying concealed. Also, I do believe EXTENSIVE psychological testing needs to be done yearly or so before a person can be designated to carry.	6/23/2022 10:33 AM
1515	The last thing we need are guns in schools. This has the potential for a firearm to inadvertently be found by a child. The is more of a liability than a viable solution to a broader problem. Do more active shooter drills. Educate students and teachers about warning signs for mental health concerns. Have more rigorous safety protocols. Instead of having an armed staff member on campus, have someone more closely monitor exterior and interior cameras. Have a swift response plan to secure students in classroom. Discuss alternate exit strategies such as windows, secured hallways, etc.	6/23/2022 10:33 AM
1516	My reason for being unsure is how do we know even after all the training a staff member has to go through that they won't panic and start shooting or that a student might see it and starts playing with it or the staff member has it on its waist and a student unlocks the arm? I am all for keeping students and staff safe but also want to make sure that does accidents don't happen.	6/23/2022 10:33 AM
1517	I understand the advantage if there was an active shooter, but it's a little scary having firearms in the school period. A lax moment and a kid stumbles across or actively seeks out a gun could be devastationg.	6/23/2022 10:33 AM
1518	When it comes to mass shootings, doesn't matter if it's a school or other place, the shooter usually goes in with a plan. If they don't know who's carrying and who's not then their plan can be impacted and they may even change their mind all together. You also have to look at the fact that you can't just place an officer at every single school, there's other emergencies that	6/23/2022 10:33 AM

Cleburne ISD Guardian Program Survey

they need to be able to get to and with as many schools as we have in one town that is at least half the police force. As well as, without an officer on duty there at all times that slows down the time that they can get there to stop the intruder. So, in conclusion I believe if a staff member has a way to protect/ward off the intruder and is properly trained to use such force then it increases the probability of more lives being saved.

1519	As long as they take the job seriously, I am happy that this is a possibility. My hope that this person would not be standing around talking to office staff.	6/23/2022 10:33 AM
1520	Although we will never be able to stop evil deeds completely, a guardian program is a step in the right direction that places an armed, trained individual on the front line with the opportunity to confront and eliminate a threat to our students immediately.	6/23/2022 10:33 AM
1521	Strongly support.	6/23/2022 10:33 AM
1522	As long as the individual is heavily vetted to be able to work with children and carry	6/23/2022 10:33 AM
1523	I think it's a great idea and should be implemented	6/23/2022 10:32 AM
1524	I don't feel comfortable having guns at the school.	6/23/2022 10:32 AM
1525	I would be more likely to be on board after seeing the stipulations for who will be allowed to carry. I would hope there would be an intensive training for those in the program. If it allows anyone that has a conceal and carry, I'm not sure that's a good idea. There needs to be parameters other than just the fact that you currently have a license.	6/23/2022 10:32 AM
1526	I do not believe the program would be best to protect our staff or students.	6/23/2022 10:32 AM
1527	I'm ok with whatever protects are children.	6/23/2022 10:32 AM
1528	Hopes for safety for kid and staff	6/23/2022 10:32 AM
1529	Response time for emergency works may mean difference between life and death these days...so having armed willing staff members ready to react would make me feel better	6/23/2022 10:32 AM
1530	I think this is a necessary measure given the state of the world right now. We should do anything to protect our kids	6/23/2022 10:32 AM
1531	Now students don't have to bring a weapon they can take it from a staff member. It is the introduction of a deadly weapon into the mix to be willed by an individual under high stress and pressure, a school teacher.	6/23/2022 10:32 AM
1532	I worked in a previous district with the guardian program. We were no more safer with a teacher with a gun. With multiple entry points, it makes little difference if one person--a person tasked with teaching and caring for kids--is supposed to then respond to an active shooter after only a brief training. A security officer on each campus makes more sense, as they could devote their time strictly to safety.	6/23/2022 10:32 AM
1533	In think having staff members armed and ready to protect our students just makes sense with all the school shootings that have been happening over the past few years. It would likely deter students from bringing weapons to the school and make students as well as their parents feel safer when they're on campus.	6/23/2022 10:32 AM
1534	I feel an unfortunat as this is it is important. Obviously this person would be trained an comfortable with the situation. This is our world now and protecting our students as well as staff is important	6/23/2022 10:32 AM
1535	I feel that it is very important to protect our students to the best of our ability. If a staff member is properly trained in fire arms this would be one of the best defenses they could have against an armed gun man.	6/23/2022 10:32 AM
1536	Yes. 100000% yes, in support of protecting these babies.	6/23/2022 10:32 AM
1537	Prefer a security officer.	6/23/2022 10:32 AM
1538	I don't like the idea of a teacher in a classroom with a gun. But I am for staff members having them. I just think guns in the classroom can prove dangerous and even well intentioned teachers can have things happen.	6/23/2022 10:31 AM
1539	I believe we should protect our children and each other at all costs. As long as the person(s) are trained and confident in their skills, I think it's very much needed.	6/23/2022 10:31 AM

Cleburne ISD Guardian Program Survey

1540	I'd want my child and other students to be safe than sorry.	6/23/2022 10:31 AM
1541	I am 100% on board with this!	6/23/2022 10:31 AM
1542	I don't mind a trained person carrying on campus. I would not want to be one.	6/23/2022 10:31 AM
1543	It would make us parents feel better about sending our kiddos to school.	6/23/2022 10:31 AM
1544	Protect our children at all costs!	6/23/2022 10:31 AM
1545	I would do anything to keep my child safe and if that takes having an armed staff member at school then of course I'm all for it.	6/23/2022 10:31 AM
1546	I unequivocally support this program with prudent oversight.	6/23/2022 10:31 AM
1547	Protect our children at all costs	6/23/2022 10:31 AM
1548	Absolutely.	6/23/2022 10:31 AM
1549	I think it would be very smart and in EVERYONES best interest to train and allow staff to carry concealed firearms on property. With the amount of school shootings happening it will give me a lot of peace of mind sending my young kids to school where I know they can be protected	6/23/2022 10:31 AM
1550	We can only have so many SROs on campus. If you train teachers to carry, I feel like it will help keep everyone safe. I think you teach gun safety to all staff, and then ask who would like to carry on campus.	6/23/2022 10:30 AM
1551	I firmly believe in this program and having someone armed there right away	6/23/2022 10:30 AM
1552	I would be more than happy to have someone on campus carry. I would do it if needed.	6/23/2022 10:30 AM
1553	I fully support this! The teachers and my children's safety is at upmost importance. If teachers feel safe with carrying they should be able to protect with all they have	6/23/2022 10:30 AM
1554	I firmly believe that our schools should support the Guardian Program as an added protection to our children.	6/23/2022 10:30 AM
1555	Absolutely not, it makes the teachers a target and can give access to a firearm quickly to the wrong person. If implemented it would make me seriously reconsider working at CISD	6/23/2022 10:30 AM
1556	All campuses need this	6/23/2022 10:30 AM
1557	I believe in the safety of our children and trust teachers that feel comfortable carrying.	6/23/2022 10:30 AM
1558	I 100% support this. I would need to know more about the definition of "appropriately trained" person means. I need to know this person isn't going to barricade himself to protect 12 students. Their job should be to engage and fire when needed to protect everyone. Ideally would be an off duty police officer in my opinion.	6/23/2022 10:30 AM
1559	Would feel more comfortable as a staff member if this was implemented.	6/23/2022 10:30 AM
1560	I believe more safety measures need to be in place and if it were an armed staff member I would want to be certain any firearms were never able to be accessed by any children.	6/23/2022 10:29 AM
1561	I believe that with ALICE training and armed staff our schools would some of the safest places for our children to be.	6/23/2022 10:29 AM
1562	Would rather see permanent SRO on campus first. Not shared with other campuses but each campus has their own. I'm more concerned with some current student behavior and teachers carrying and the outcome from them not be able to control their emotions and actions. Would rather see the district financially support SRO/security than spend money on sports programs. Firmly believe that district sports programs need to be pushed back and prioritize security first.	6/23/2022 10:29 AM
1563	Extra security is needed at each and every campus. This is beneficial for our community. Sad our world requires this, but it's necessary for all our safety. You never know when or where something awful might happen. It would be nice if security was at every campus and not shared.	6/23/2022 10:29 AM
1564	No issue. Let's go!	6/23/2022 10:29 AM
1565	I feel it would keep the students and staff safer on campus.	6/23/2022 10:28 AM

Cleburne ISD Guardian Program Survey

1566	I have no idea if the staff member could flip their lid and one day be the one shooting	6/23/2022 10:28 AM
1567	Not only do i agree with this but it should be more than one teacher or office staff, i would also approve of bringing retired military to do this job	6/23/2022 10:28 AM
1568	Yes I agree with one correctly selected staff being armed to protect our children.	6/23/2022 10:28 AM
1569	Im all for protecting our children from the inside because waiting on law enforcement from the outside to intervene isn't working.	6/23/2022 10:28 AM
1570	I feel teachers should have that right if they feel it necessary as part of protecting their students	6/23/2022 10:28 AM
1571	I am a firm believer the only way to protect our children is to be prepared to defend and protect either whatever means needs. There is no way to stop the violence in the world but we can protect	6/23/2022 10:28 AM
1572	In the times that we live in, I think this is absolutely necessary. As a parent I would feel better knowing that someone on campus can help do something to protect my kids. As a staff member, I would feel more comfortable as well. I would even safely carry if allowed and would go through the necessary training to do so. I would want my own children and my students protected, god forbid something like this were to happen.	6/23/2022 10:28 AM
1573	As a staff member and parent, I have a CHL license and would feel comfortable carrying on campus as needed.	6/23/2022 10:28 AM
1574	I would very much love this program! I want my kids to be safe and taken care of! I carry as a parent and would feel much safer if the school did too!!	6/23/2022 10:28 AM
1575	I have always supported this! As a parent and staff member I think that having certain staff concealed would stop a threat faster than having to wait on law enforcement to arrive.	6/23/2022 10:28 AM
1576	All Teachers should carry the ability to protect our children.	6/23/2022 10:27 AM
1577	No issues. We strongly support this!	6/23/2022 10:27 AM
1578	Kids need to be protected	6/23/2022 10:27 AM
1579	I would strongly support arming our teachers and protecting staff and students. I feel this proposed program is a must!	6/23/2022 10:27 AM
1580	I see this as an absolute needed program. A last line of defense to protect our children. 66.9 person of all active shooter incidents end before police arrive. 35% last 2 minutes or less. My daughter will be starting school with a bullet proof back pack this year. Please help us protect our children.	6/23/2022 10:27 AM
1581	No issue as long as all kids and staff are protected as best as possible.	6/23/2022 10:27 AM
1582	Thank you for taking the time to put this to vote for the additional protection of our children, teachers, and staff.	6/23/2022 10:27 AM
1583	I am completely for the guardian program, should have been put in place a long time ago ! Oh	6/23/2022 10:27 AM
1584	Our schools are not safe enough. A Fully Trained staff member carrying where it is not available to students I support. If you won't do that then look into the security system that locks the school down better.	6/23/2022 10:26 AM
1585	This absolutely needs to happen! It should have been done years ago!	6/23/2022 10:26 AM
1586	I think teachers should also be able to carry a firearm in the classroom should they choose	6/23/2022 10:26 AM
1587	I would definitely support a trained person to carry a firearm to protect my children.	6/23/2022 10:26 AM
1588	I think this is a great idea, along with more metal detectors, less entries, and more checking of IDs to let people onto school grounds. ALL campuses should of SROs regardless of being elementary or middle school or high school. Our younger students deserve just as much protection as the older students.	6/23/2022 10:26 AM
1589	Yes	6/23/2022 10:26 AM
1590	There should be more then one person and or even teachers. So they can procte ours kids at school	6/23/2022 10:26 AM

Cleburne ISD Guardian Program Survey

1591	I believe that the staff member should be comfortable and properly trained. My entire family either conceal or open carry when allowed, I come from a LEO and military family so I strongly support this with proper training!!	6/23/2022 10:25 AM
1592	Should Have been done when Keene and Godley ISD approved it!	6/23/2022 10:25 AM
1593	I think it's very dangerous the teachers may flip out on a child to much is going on in this world how about y'all just call the police like you should do!!	6/23/2022 10:25 AM
1594	I 100% support this initiative. I was a teacher this past year and if this had been implemented earlier I would have been one of those teachers to carry. Having the ability for our teachers to protect are children in case of an emergency is a great thing.	6/23/2022 10:25 AM
1595	My support on this would depend on details of the program.	6/23/2022 10:25 AM
1596	None	6/23/2022 10:25 AM
1597	With the world the way it is now I strongly support this program I thought they have needed this for awhile	6/23/2022 10:25 AM
1598	I believe any measures that can be taken to keep both our students and staff safe are of the utmost importance. Shootings remain on the rise and can happen anywhere, at anytime. Being able to respond quickly in such a dire situation when innocent lives are at risk? Absolutely.	6/23/2022 10:25 AM
1599	Absolutely support teachers/ admin that want to carry in schools. I believe with proper training it will make our schools a safer place. 100% in support.	6/23/2022 10:25 AM
1600	Absolutely, this is a must, a need! The quickest form of action against a bad guy with a gun is a good guy with a gun! Please do implement this!! Thank you!!	6/23/2022 10:25 AM
1601	I have seen the pressures of staff members. I would hate to think that staff member is the guardian and uses the gun to harm themselves or others.	6/23/2022 10:25 AM
1602	My biggest concern is this and I am thankful we are now currently working to implement this.	6/23/2022 10:24 AM
1603	I am all for this program. Anything to protect our children from harm is a good thing.	6/23/2022 10:24 AM
1604	Untrusting of armed adults with children	6/23/2022 10:24 AM
1605	With appropriate training, at no expense to the staff member, I think this could be a good idea.	6/23/2022 10:24 AM
1606	I'm all for it	6/23/2022 10:24 AM
1607	If the person was properly trained and equipped mentally.	6/23/2022 10:24 AM
1608	100% support.	6/23/2022 10:24 AM
1609	I 100% support anything this district can do to protect my children at all cost.	6/23/2022 10:24 AM
1610	Just want the kids and staff to be safe	6/23/2022 10:24 AM
1611	Would give more peace of mind as a parent.	6/23/2022 10:23 AM
