#	RESPONSES	DATE
1	I found it surprising that districts with the program do not explicitly state that there may not be a guardian at every school since it's volunteer based. I am glad I learned more about possible psychological testing and accuracy training that's required. I'm hesitant about being in an environment with someone who has a gun on their person, and I'm not aware who for my own safety.	9/22/2022 6:13 PM
2	The signs alone are a deterrent to potential instigators, because they have to stop and think about the possibility of resistance. The campus is no longer an automatic, easy target.	9/22/2022 5:58 PM
3	I would need more information about the program.	9/22/2022 5:53 PM
4	Anything is better than nothing. The signs alone can act as a deterrent. Having more adults willingly step forward and go through this rigorous process and scrutiny to be prepared to take a more active role in the safety of students is an absolute win and benefit to the campus they serve. This information would have been very helpful prior to the 1st survey - I think our staff responses may have been more supportive; there were some key pieces of information that I don't believe are well known about the program.	9/22/2022 5:35 PM
5	I do feel that the safety of our children is of the highest importance. The current situation leaves so many questions and not enough concrete answers. The one worry I do have is the message of responding with violence to violence and that contradicts a lot of the values we try to teach and model in our classrooms and schools.	9/22/2022 5:32 PM
6	I would prefer non-lethal methods to deter intruders. To provide the least likely chance that a student or teacher could be harmed by someone else.	9/22/2022 5:30 PM
7	This program makes me feel safer! As a LTC holder it brings great comfort know CISD is doing everything possible to keep all of us safe!	9/22/2022 5:27 PM
8	I would feel comfortable and safe having a fellow employee(s) carrying a gun. I like the training and requirements needed. However I don't like that we may not be honest about the number of guardians on campus.	9/22/2022 5:26 PM
9	I am more in favor of the guardian program having now seen the thoroughness of the training and requirements of volunteers.	9/22/2022 5:26 PM
10	As a staff member who previously worked at a Guardian district, this program was immensely useful in creating a safe learning environment	9/22/2022 5:25 PM
11	More safety is crucial in today's society.	9/22/2022 5:25 PM
12	I believe this would benefit CISD. I would like to know a little more as it is developed and discussed.	9/22/2022 5:25 PM
13	I would feel more comfortable knowing there was added protection like this program.	9/22/2022 5:25 PM
14	I think this is a great idea. The process that insures that the guardian's are trained and capable. I believe it would be a deterrent and an added step of security.	9/22/2022 5:25 PM
15	Confidentiality is key. I agree with the testing to qualify the right candidates.	9/22/2022 5:25 PM
