

Annual Report to the Community on Measure A

Claudia Landeen School and Mable Barron School modernization projects

The Citizens' Oversight Committee was established to actively monitor all bond expenditures for Measure A funds. Measure A is a \$48.5 million bond measure that was approved by voters on June 5, 2012. The measure authorized funding to install solar energy projects, increase student access to modern technology, improve energy efficiency, renovate and repair facilities and construct new buildings.

The committee ensures that Measure A funds are used as they were intended and makes regular reports to the community on the progress of Measure A projects. The Citizens' Oversight Committee meets on a regular basis to provide input regarding the overall bond program, budget and construction schedules.

The Lincoln Unified School Governing Board of Trustees directs and monitors the progress of Measure A projects and seeks additional opportunities to provide outstanding facilities for the children of the District using all available resources.

This report serves as a progress report regarding completed work, remaining work and expenditure monitoring.

On behalf of the District and the Citizens' Oversight Committee, thank you for your continued support of our schools and students and staff.

Sincerely,

James DiSerio
Chair
Measure A Oversight Committee

Thomas Uslan
Superintendent
Lincoln Unified School District

What We Have Done So Far

On August 16, 2012, the district received a very favorable bond rating of AA3 from Moody's Investors Services. Later in the month, the District held its first bond sale. The District sold \$16.037 million of bonds for Phase 1 projects (including issuance expenses). The primary components of the Phase 1 projects included erecting solar panels, installing energy efficient lighting and purchasing new technology for students. In addition, the District modernized the restrooms at Lincoln Elementary School.

On March 26, 2013, the District sold \$14.442 million of bonds for Phase 2 projects. The Phase 2 projects included the replacement of old portable classrooms at multiple sites with new modular classrooms, construction of new classrooms at Lincoln High School, repair of dry rot at Colonial Heights School and installation of refurbished portables for the support service center.

On July 21, 2015, the District sold \$18.021 million of bonds for its final phase of construction. The district began the renovation of the Lincoln High School Theater and 1200- wing building (the Performing Arts Center) during the summer 2015. The building includes a 333-seat theater, a black box theater and three classrooms. The grand opening and building dedication was held on August 12, 2016.

On June 7, 2016, the District began the replacement of old portable classrooms at Lincoln Elementary School with new modular classrooms and modernization of the John McCandless STEM School located on Swain Road. During the summer of 2017 the renovations of the main buildings at Mable Barron and Claudia Landeen were completed.

All projects are consistent with the project list provided to the voters. We will continue to keep the community informed on bond funding and construction projects.

Highlighted Projects

The Mable Barron School main building was renovated. This \$4.5 million dollar project was completed during the summer of 2017.

The Claudia Landeen School main Building was renovated. This \$3.9 million dollar project was completed during the summer of 2017.

Who Is Looking Out For Your Money?

The Measure A Bond Oversight Committee meets quarterly. Each committee member is appointed by the Lincoln Unified School District Governing Board for a two-year term of service. The committee conducts all meetings in compliance with the provisions of the "Ralph M. Brown Public Meetings Act of the State of California." Minutes of these meetings are available online: www.lusd.net.

The committee reviews all Measure A expenditures and prepares an annual report of these expenditures that is presented in public session to the Governing Board.

All Measure A bond funds are audited annually by an independent firm. Our auditor is Cichella & Tokunaga LLP. This firm is monitoring and auditing expenditures and will publish the formal audit in January 2018.
