In addition to learning techniques that can be applied to all facets of life, other important components engage students with academic resources (Library, Academic Support Center, Writing Center), familiarize students with technology common to course usage, and help them become knowledgeable about non-academic resources available at DSC.
- This course is required for all students enrolled in the Associate of Arts (AA) program.

MAINTAINING DE PROGRAM ELIGIBILITY

Students must maintain a minimum 3.0 cumulative, unweighted high school GPA (2.0 for Career/Vocational) to continue to participate.

Dual Enrolled students must maintain a minimum 2.0 cumulative Daytona State College GPA to continue participating in Dual Enrollment.

A grade of “D”, “F”, “FN”, or “W1” but still have the GPA? Required to repeat the course and they may only enroll in that course alone during the following semester.
