- Agriculture Science 1: UC/CSU A-G Elective Credit and Elective Graduation Credit
- The Art and History of Floral Design: UC/CSU A-G Fine Art Credit and Fine Art Graduation Credit
- Basic Ag Mechanics: Graduation Credit
- Ag Wood 1: Graduation Credit
- Agriculture Science 1: UC/CSU A-G Elective Credit and Elective Graduation Credit
- Ag Leadership: UC/CSU A-G Elective Credit and Elective Graduation Credit (Application Process)

What can you do in FFA?

FFA is an amazing organization with something for everyone! From...

- Competitions ranging from hands on activities like floral, mechanics, or vet science all the way to public speaking!
- Conferences
- Gain Leadership Experience
- Traveling Opportunities (During Non-Covid Times)
- Making connections and friendships that last a lifetime
- An opportunity to raise an animal as an SAE
- Get real life experience with mock interview competitions, and hands on learning just like in the industry!

What's an SAE?

An SAE is a supervised agricultural experience. It helps you get real world experience outside of your Class. You get to choose whatever it is that you want to do!

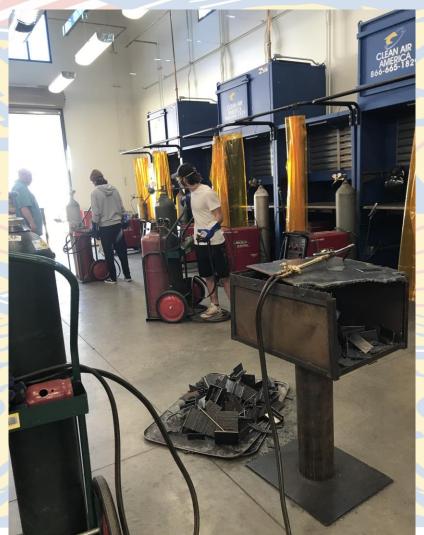

Examples of an SAE can be any of the following...

(These are examples and if something else might interest you, you are more than welcome to talk to your advisor about doing that!

Ag Mechanics

Ag Sciences

Floral Design

FFA Activities
