

TOWN OF Trumbull Connecticut

Board of Education
District-Wide Master Plan

Please join us for our fourth discussion about the District-Wide Master Plan!

About the Project

The District-Wide Master Plan will analyze the existing school facilities, conduct a demographic study for enrollment projections, and identify a planning strategy for future educational delivery and building use that will serve the Town's student population for the next 10 to 15 years.

This process will engage the entire community including a diverse group of school administrators, students and faculty, committee members, businesses, Town staff and residents.

Board of Education Mission Statement

The Trumbull Public School System, in partnership with the community, strives to meet the educational needs of all students within a challenging and supportive academic environment that empowers each student to become a life-long learner and to live and participate in a democratic, diverse and global society.

About the Workshop

Our fourth workshop will be an in-depth presentation with breaks for discussion along the way! The presentation will begin with a summary of the feedback and data that has informed the development to date. Next, we will discuss several options for consideration step-by-step. For each option, the timeline, cost, student population, and benefits/challenges will be addressed in detail.

We welcome your questions - your participation is vital to the process! We want to listen and understand what options are most important to you. Our team will facilitate an interactive dialogue where you can express your thoughts and concerns, ask questions, and discuss topics. With your continued input, together we are shaping the direction of the master plan!

Community Conversation #4:

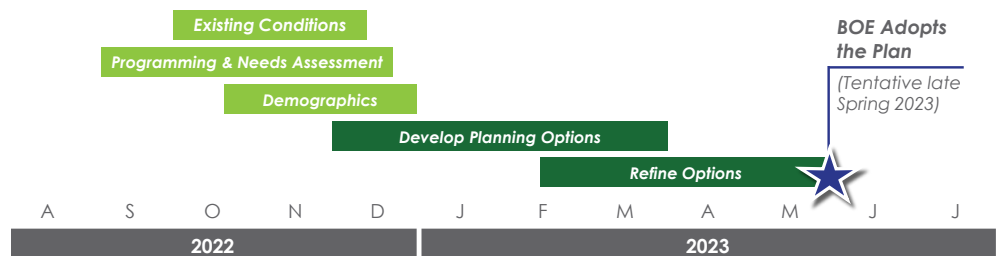

Finalizing the Plan & Next Steps

 **Trumbull High School**
72 Strobel Road
Trumbull, CT 06611

Presentation at 6pm!

Milestone Schedule

Following this event, look for our survey!

Please visit the project website for a link to join our second community survey which will gather your feedback on which option, or which elements of each option, you would like to see prioritized.
