Tabulation Notes:

* At Bridges Learning Center, all students have disabilities, which would imply any bullying related activity would involve a protected class.

Protected class refers to bullying, intimidation, or harassment complaints that involve federally protected disenfranchised or marginalized demographic subgroups, including race, gender, national origin, sex, religion, or disability.

A value of zero (0) does not necessarily imply the absence of bullying related behaviors in a given setting, but instead indicates an absence of any reportable compliant form submissions during the period referenced.

I certify to the best of my knowledge the above data are true as reported by District school buildings and programs for fall 2017 as originally reported through January 24, 2018 and amended on June 13, 2018.
