Tabulation Notes:

* At Bridges Learning Center, all students have disabilities, which would imply any bullying related activity would involve a protected class.

Protected class refers to bullying, intimidation, or harassment complaints that involve federally protected disenfranchised or marginalized demographic subgroups, including race, gender, national origin, sex, religion, or disability.

A value of zero (0) does not necessarily imply the absence of bullying related behaviors in a given setting, but instead indicates an absence of any reportable compliant form submissions during the time frame referenced.

I certify to the best of my knowledge the above data are true as reported by District school buildings and programs.
