

ADMINISTRATIVE REGULATION

No. 216(b)

Board of Trustees
Douglas County School District

PROGRAM

HOME SCHOOLING STUDENT PARTICIPATION IN EXTRACURRICULAR ACTIVITIES AND USE OF FACILITIES, EQUIPMENT AND INSTRUCTIONAL SUPPLIES

The Board of Trustees allows the participation of home schooling students in District-sponsored extracurricular activities. The following guidelines must be adhered to:

- Parents must have a completed emergency health care form on file with the school.
- The student and his/her parent(s) must conference with the school's site administrator prior to participation in extracurricular activities.
- The student must comply with all rules and regulations required of enrolled students.
- Enrolled students will be given preference when space in the extracurricular activity is limited (i.e., photography and computer clubs, etc.)
- Transportation of students for extracurricular activities will be the responsibility of home schooling parents.
- Use of school facilities (i.e., library, computer labs, etc.) and instructional material by home schooling students may not detract from or displace the instructional opportunities of enrolled students.
- Participation of home schooling students in interscholastic activities will be governed by official NIAA or other league regulations.
