

**Board of Trustees
Douglas County School District**

PROGRAM

SUPPLEMENTAL MATERIALS

The Board shall provide supplemental materials, within budgetary constraints, to implement District and school educational goals and objectives.

The Superintendent shall be responsible for the selection and maintenance of all supplemental materials from those approved by the Nevada State Superintendent of Public Instruction and shall develop selection procedures, which insure an inventory of supplemental materials that is well balanced and appropriate in content.

All education technology, including hardware and software, must be approved by both Information Technology and Education Services before purchase and use in the classroom.

See Administrative Regulation related to this Policy
