### CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

Douglas County School District supports and encourages participation by students in co-curricular and extracurricular student activities.

The purposes of these activities are to support academic programs, develop intellectual and physical skills, and provide life-long lessons in goal setting, positive competition, and sportsmanship.

All learning experiences offered by the schools of this district, curricular and extra-curricular, should be planned and implemented in support of the attainment of the Board's objectives.

Extracurricular activities are supervised by a sponsor or coach who receives a stipend and they include performance or competitions held off school campus.

Co-curricular activities are supervised by a sponsor or coach who receives a stipend. They include performances or competitions held off school campus, and they involve a course for which students receive credit. Student involvement beyond the school day is required for successful course completion.
