Douglas County School District**

STUDENTS

STUDENT COMPLAINT

The Board recognizes that as citizens, students have the right to request redress of complaints. Further, the Board believes that respect for lawful procedures is an important part of the educational process.

Each school shall comply with the procedures outlined in the Administrative Regulation when considering student concerns and when processing student complaints and appeals. Details of these procedures should be made known to students and staff.

[See Administrative Regulation related to this policy
Student Complaint Form](#)

See Administrative Regulation 529 (Discipline) and Administrative Regulation 103-104 (Discrimination)
