STUDENTS

SOCIAL EVENTS AND ACTIVITIES

The Board recognizes the value of student social events and activities in enhancing and enriching the school experience for the children of this community.

The Board will make school facilities available and provide appropriate staff for the conduct of social events within the school facilities provided that such events have been approved by the principal.

All school dances shall be held on the school premises unless specific exception is granted by the Superintendent.

No student group shall go on any overnight trip except for regularly scheduled competitive sports and annually planned activities, without first having secured approval of the Board of Trustees. No such trip will be approved unless travel is by regular school conveyance or school-contracted conveyance and no student may participate without parental consent.

As voluntary participants in school social events and class trips, students shall be held responsible for compliance with school rules set forth for their conduct, and infractions of those rules will be subject to the same disciplinary measures as are applied during the regular school program. Participation in school events is not a right and may be denied to any student who has demonstrated disregard for the rules of the school.
