2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Andersen Elementary serves a student population of 300 students in Transitional-Kindergarten through Sixth grades. Andersen Elementary was recognized as a California Distinguished School in 2002, 2008, and 2014 as well as a Gold Ribbon School in 2016. Student achievements on standardized testing place Andersen in the top 10% of all public schools. Our parent community is very involved in the school and their children's education. This strong partnership with the school staff has resulted in consistently high student academic performance. Teachers and administration work together to bring all the resources, skills, and knowledge that are essential for student success.

A very supportive PTA and DEANS (our Foundation) supply our students with a wide variety of enrichment activities and materials. The DEANS fund a state-of-the-art MakerSpace, a technology educator, and additional academic support teachers who provide enrichment and/or interventions. In addition, the PTA provides Andersen School with field trips, special assemblies and programs, and supplemental materials for every teacher.

Our mission at Andersen Elementary School is to develop character and to create a positive school environment where learning is a shared responsibility of staff, parents, and the community to ensure that every student experiences personal success academically, physically, emotionally, and socially. We are proud of our students and their behavior. Students and staff follow clear standards of behavior through a school-wide PBIS behavioral expectations model that focuses on the 3 R's- Respect, Responsibility, and Readiness.

Our Common Core State Standard curriculum provides a strong base of learning experiences for our students. We are committed to the development of strong reading and math foundational skills. The mastery of these skills allows our students to move forward into higher-level thinking and problem-solving. Our students work in cooperative groups as they seek to solve complex problems. Working together is an essential skill that is needed when they enter high school and in the workforce.

Andersen Elementary has made a strong commitment to include technology in our instructional program to ensure 21st Century skills. All classrooms have wireless internet access to facilitate student learning using technology. All students in grades T-K to 6 grades have one-to-one access to Chromebooks. Teachers have received training in the use of Chromebooks to facilitate student learning. All classrooms have LCD projectors, document cameras, and SMART boards to enhance instruction. Teachers in grades 4-6 have Prowise Presenter Boards to enhance student learning and classroom instruction. All

2022-23 School Overview

students in grades K-6 spend time weekly in our Think Tank and MakerSpace to foster their innovation and creativity. We are continually upgrading our hardware and software to keep up with advancements in computer-assisted instruction.

The focus on a strong foundation coupled with exciting enrichment programs and the latest technology make Andersen an exciting place for students to learn. The Andersen staff prides itself on presenting a quality educational experience for all of our students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing a library/media center and technology resources in the classroom including computers, CD-ROM, and instructional television. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	87	N/A	58	N/A	47
Mathematics (grades 3-8 and 11)	N/A	87	N/A	47	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

At Andersen, parents are partners in the education of their children. During a traditional year, they volunteer in classrooms, chaperone field trips, and assist with special projects and school activities. Prior to their return as usual to campus, parents have been able to attend virtual parent-teacher conferences and Back to School Night. Andersen is fortunate to have a broadcasting club that generates (almost) monthly content sharing the goings-on at Andersen that is shared out to families. Our Parent-Teacher Association (PTA) and DEANs Foundation strengthen and support Andersen with various Art Masters and Recess Art programs. Their input, guidance, and support maintain the school's high standing in the community, district, and state endeavors. Opportunities for parents to serve on our School Site Council allow parents to be involved in input into the allocation of school resources and the school safety plan. Additional LCFF funding is used to provide opportunities for parents to be educated on Andersen's instructional programs and invite outside speakers to present on current topics. Andersen utilizes our LCFF-6311 Funding to provide materials the principal uses in her bi-monthly principal chats that are hosted in the school MPR after Flag Deck.

For more information about opportunities to become involved in the school, please contact the PTA President Tristan Sorah-Reyes Close @ 909-753-9100.

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are evaluated and revised October through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year. The School Safety Plan was last updated and reviewed with Andersen faculty on August 19, 2021, approved by the School Site Council on January 13, 2022, and approved by the Local Board of Education on February 8, 2022.

Andersen has a School Safety Plan on file at the District Office and in the Administration Office on-site, which is updated annually with input from law enforcement. The staff conducts monthly disaster, fire, earthquake, and lockdown drills, which involve all students and staff. In case of an emergency, each staff member has assigned duties that are reviewed annually. Several staff members have current CPR certification. Emergency materials are inventoried annually and maintained in a secure location in case of an emergency. Our 3 R's program emphasizing Respect, Responsibility, and Ready, along with John Wooden's Pyramid of Success, reinforces our safety standards. Staff is trained and utilizes PBIS to assist and support a positive school culture. Students participate in RULER training and lessons that teach social and emotional skills. Additionally, we have periodic reinforcement assemblies, 6th grade Step Up education classes, and a working relationship with the Newport Beach Fire Department and the Newport Beach Police Department.
