2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

At College Park, we work diligently to create a safe and challenging learning environment with rigorous academic activities to allow each child the opportunity to reach his or her full potential. A special emphasis is placed on creating stimulating learning experiences that promote and encourage the acquisition of basic literacy and mathematics skills in tandem with critical thinking and problem-solving skills.

All staff members have the expectation that every College Park student become a lifelong reader. We are a collaborative professional learning community. We determine essential academic skills, academic behaviors and social behaviors. We have dedicated grade level time wherein additional support teachers join the grade level teams to provide extra support in small groups. This support is targeted and systematic by the child and by the standard. This occurs four days per week, 40 minutes per day. Our Accelerated Reader program encourages students to read at school and at home with their families every day. Our 12,000 volume school library and classroom libraries, full of fiction and non-fiction books at various reading levels, support our goal of every student reading every day.

College Park is the home of the district's Mandarin Immersion program. In this alternative program, students receive a portion of the day's instruction in Mandarin, and a portion in English. When our students promote from the K-6 Mandarin Immersion academy they enroll at Costa Mesa Middle School to continue their Mandarin instruction. This will enable students to become bilingual and bi-literate in Mandarin Chinese and be part of the K-12 Mandarin Academy that continues at Costa Mesa Middle and High School. Students who continue in this path will receive the distinguished Seal of Bi-literacy upon graduating from high school.

We have an instrumental band of 120 students, and a choir of 110 students who perform throughout the year, both on-site and at community events. All students in grades K-6 receive vocal and instrumental music instruction.

All students in grades TK-6 Chromebooks which they use daily for instruction and research.

As part of our emphasis in fitness and wellness, students participate in Running Club each week.

College Park parents are encouraged to be involved in the education of their children. Our parent community is active and supports our school through PTA, serving as room parents, helping in the classroom, assisting with special events,

chaperoning field trips, and generally providing much needed behind-the-scenes help that keeps our school running smoothly. College Park Elementary School is an outstanding school for students to learn and grow.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing a library/media center and technology resources in the classroom including computers, CD-ROM, and instructional television. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

Mathematics (grades 3-8 and 11)	N/A	31	N/A	47	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent participation in school activities sends a strong message to children and their families that their education is important. Parent volunteers are invaluable and make a real difference in the lives of students.

During in person instruction three main areas for parental involvement at College Park include PTA, English Learner Advisory Committee (ELAC) and School Site Council (SSC). The College Park PTA hosts family events to build community that bring families together to partner in their child's education. Our ELAC and SSC help us make important decisions about our educational programming, school safety, and school climate. Parents are welcome and encouraged to volunteer their time in classrooms and the library. Parents also volunteer during Wednesday Running Club. Finally, we welcome parents to come learn more about the textbooks and resources we use with our English Language Arts/English Language Development and Math programs. Details about this event will be shared with our parent community via email and our school's website. For more information about opportunities to become involved in the school, please contact the Administrative Assistant, Clarisa Segura at (714) 424-7960

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.86	1.55	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are evaluated and revised October through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year. The discussion with staff regarding our School Safety Plan took place on January 12, 2022. Our School Site Council and English Language Advisory Committee were each given the opportunity to review our School Safety Plan and provide input. The Local Board of Education approved the plan on February 8, 2022.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive School Safety Plan that is updated on an ongoing basis as a part of our School Plan for Student Achievement (SPSA). Our safety plan addresses emergency/disaster preparedness, behavior expectations, school rules, routines and procedures, safety in the parking lot and surrounding streets, and College Park's physical environment. All staff and students participate in school-wide fire drills each month, lock-down/intruder drills and disaster drills once each semester, and drop-cover-hold hold drills each quarter. Safety procedures and protocols are reviewed with staff on a monthly basis, with updates made in the School Safety Plan.
