2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

School Description:

The true spirit of Lincoln is founded in the belief that every child's assets and voice are crucial to the success of our learning community. That success is cultivated through developing strong academic skills, respect and empathy for one another, creativity, and the understanding that the willingness to take risks is an important part of the learning process.

Over the years, many of Lincoln's staff members have been individually recognized for their commitment to helping children reach their full potential. From National Board Certifications to Teacher of the Year accolades, Lincoln teachers continue to go above and beyond for the betterment of our school and community. In addition to individual teacher recognition, collectively, Lincoln has been honored at the district, county, state, and national levels. In 2012, Lincoln was recognized by the Business Roundtable as a school of excellence. In 2014, Lincoln was recognized as an Exemplary Arts School by the California Distinguished School Program. In 2016, Lincoln was recognized as a California Gold Ribbon School as well as an Exemplary Arts School for the second time.

Lincoln's instructional program is carefully planned to engage students' interests and to bring about maximum progress at each grade level. The strong academic program is supported by specialized teachers/instruction in science, PE, STEM, music, and visual arts. In addition to district-funded programs, our incredible parent community funds STEM as well as art instruction delivered by independent contractors during the school day.

Lincoln participates in PBIS - Positive Behavioral Interventions and Supports - which is a district-wide initiative geared toward continuing to infuse schools with positive reinforcements for expected behaviors plus opportunities for students to learn from their mistakes. Lincoln's behavior tenants are highlighted in the school's R.O.A.R.S. expectations: Respect Others, Own Your Actions, Always Do Your Best, Responsibility, and Show Empathy. Lincoln students take a great deal of pride in the campus and work hard to keep it clean and orderly and to develop a positive culture on the campus. We have an active student council on our campus, and the students are involved in community service projects on- and off-campus.

Lincoln is truly an incredible environment for students to learn and grow. Students are inspired to envision and achieve their full potential through an education designed to focus on developing the whole child. Lincoln parents, staff, and community

2022-23 School Overview

members work together in powerful ways to make Lincoln an inviting, supportive, rigorous, and creative place for all who enter our campus.

Lincoln's Vision Statement:

To inspire students to envision and achieve their full potential.

Lincoln's Mission Statement:

The mission of Abraham Lincoln Elementary School is for all students to be:

- Responsible, Respectful, Safe, and Self-Directed
- Compassionate Citizens
- Creative, Critical Thinkers
- Collaborators and Communicators
- Problem Solvers
- Engaged on a global- and civic-front
- Technologically Informed and Responsible

Lincoln's Themes:

Learn, Lead, Achieve!

Kindness; It's a Lincoln Thing!

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing a library/media center and technology resources in the classroom including computers, CD-ROM, and instructional television. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	64	N/A	58	N/A	47
Mathematics (grades 3-8 and 11)	N/A	59	N/A	47	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Lincoln Elementary School has an active parent community and a PTA that supports the school in a number of ways. For example, our parents provide additional funding to support art and STEM at the school site through independent contractors who deliver instruction to students in TK-6th grade. Our PTA also funds part time hourly teachers to provide additional academic support and enrichment to our students. The PTA provides each teacher with funding for classroom materials, and they provide Mini Grant opportunities for teachers as well. As needed, the Lincoln PTA also works collaboratively with school administration to bring guest speakers and parent education opportunities to the parent community. In the spirit of building school community, the PTA helps plan family events at the school site including LCFF funded family events. The Lincoln PTA communicates with parents through an annual calendar of important dates, an e-blast highlighting school programs and activities, a webpage (lincolnelementarypta.com), and an Instagram page.

We are pleased to have our parents involved in the education of their children on a daily basis and fortunate to have the support of so many willing volunteers who help out in the art studio, the classroom and at special events. Volunteers are asked to complete the district's volunteer requirements prior to being granted volunteer status, and our office staff is happy to assist with these procedures.

In addition to PTA and volunteering, parents have the opportunity to join our School Site Council and English Learner Advisory Committee. These groups help develop our academic and social emotional goals for the year, and they contribute to our school safety plan as well.

Thanks to LCFF funding in the area of parent engagement, we are able to collaborate with our parents groups to bring parent education to our campus each year.

All parents are encouraged to stay actively involved in their child/children's education. Back to School Night, Parent Teacher Conferences, Open House, PTA General Association Meetings, School Site Council, Monthly Flag Decks, and family/community events are examples of ways can stay connected to what is happening at our school. In addition, teachers and administration frequently communicate with families via Blackboard as well as through classroom specific channels (Google Classroom, Schoology, Seesaw, etc.)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are evaluated and revised October through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year. Lincoln's School Safety Plan was updated in December of 2021. It was reviewed and with staff in January 5, 2022, approved by the School Site Council on January 25, 2022, and approved by the Local Board of Education on February 8, 2022.

Goals and objectives included in Lincoln's School Safety Plan include:

- Implementing a Cyber Safety program for students and parents
- Students will feel connected and safe on campus through implementation of PBIS as well as through positive adult (teacher, counselor, administration, etc) and peer interactions
- Providing a safe physical environment by giving limited and monitored access to the school site during school hours
- Conducting regular emergency, fire, earthquake and campus intruder drills
- Implementing a formal process for students entering and exiting the campus before and after school
- Utilizing the crossing guard provided by the Newport Beach Police Department in the crosswalk at the front of the school
- Regular inspections of the campus to ensure safe conditions

Additionally, staff members have participated in intensive training for disaster preparedness and have developed a Safety Plan /Disaster Preparedness Plan specific to the school site. This plan is frequently reviewed by staff and is available in the school office.
