

Rosetta Stone Spanish

To log into Rosetta Stone please visit www.wilsonhighschool.org and under the Quick Links menu on the home page select the Spanish.

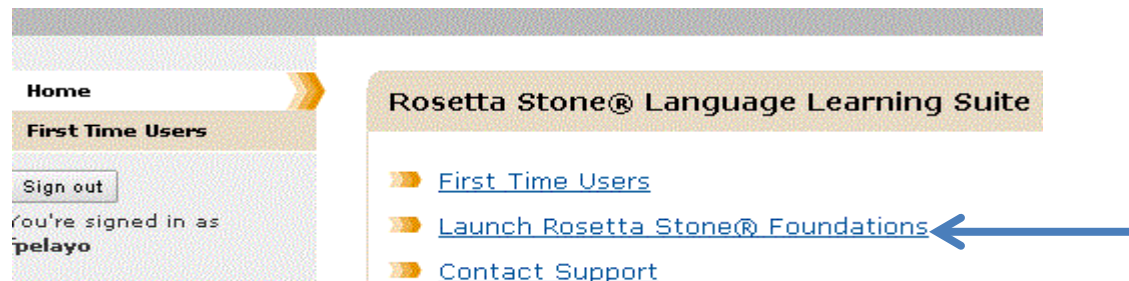

You will need a pair of headphones with a microphone. You can work on Rosetta Stone on any computer with internet access. You should plan on working a minimum of 3 hours per week in order to complete the required content within one semester. Your username is your first initial and last name. For example, Tim Pacheco would be tpacheco. Your password is your student id number.

Username: _____

Password: _____

After you log in please select Launch Rosetta Stone Foundations. Do not select First Time User, as this often crashes the website.

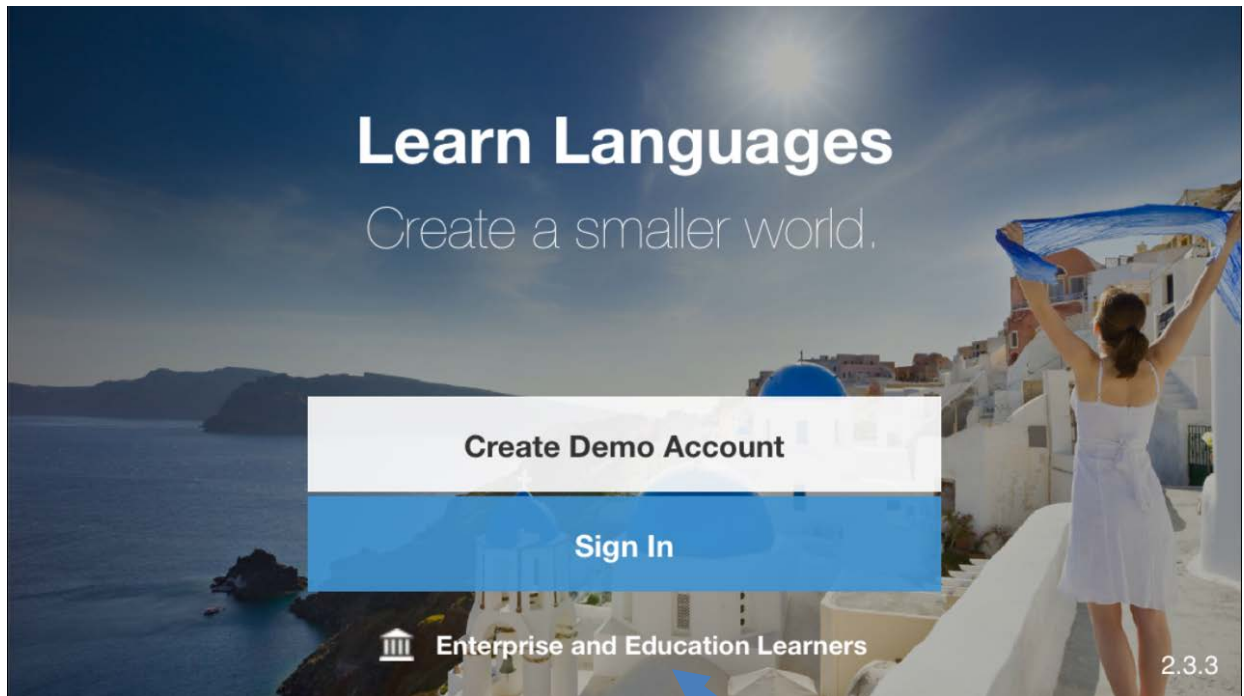

Before Attempting to Log in using a mobile device please first log in on a computer.

Mobile device instructions on back.

Rosetta Stone Spanish

Using a Mobile Device

In your app store download the Rosetta Stone app. Select the Learn Languages: Rosetta Stone App. Then use your browser to log into Rosetta Stone as you would by going to WilsonHighSchool.org and selecting Spanish. This will take you to the Rosetta Stone login page. Once you have logged in select launch Rosetta Stone Foundations and the Rosetta Stone app should launch. Now you will need to select Enterprise and Educational Learners

Select Enterprise and Education Learners

You will need to enter your username and password. These are the same as you use to login to the web based Rosetta Stone. You will need to also enter in the online portal name.

Online portal: **santaclarasusd**

You should be all set to use Rosetta Stone on your Smart Phone or mobile device.

If you have any trouble please drop by Mr. Pacheco's room during open lab times. Mr. Pacheco's contact info is tpacheco@scusd.net or (408) 423-3647.
