INDEPENDENT AUDITOR'S REPORT

Board of Trustees Peaster Independent School District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Peaster Independent School District, (the "District") as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Peaster Independent School District as of August 31, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

5

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 8 - 17 and budgetary comparison information and pension plan information on pages 51 - 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to express an opinion or provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise of the District's basic financial statements. The combining nonmajor fund financial statements, the required schedule of delinquent taxes receivable, schedule of revenues, expenditures and changes in fund balance – budget and actual – child nutrition program, schedule of revenues, expenditures and changes in fund balance – budget and actual – debt service funds and school first questionnaire are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining nonmajor funds financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The schedule of delinquent taxes receivable, schedule of revenues, expenditures and changes in fund balance – budget and actual – child nutrition program, schedule of revenues, expenditures and changes in fund balance – budget and actual – debt service fund and school first questionnaire have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Weatherford, Texas December 13, 2017

Management's Discussion And Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Peaster Independent School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended August 31, 2017. Please read it in conjunction with the District's financial statements, which follow this section.

At September 1, 2003, Peaster Independent School District became the fiscal agent for three shared service arrangements. As fiscal agent, Peaster Independent School District reports the balances and activities of the shared service arrangements in its audited financial report.

FINANCIAL HIGHLIGHTS

The District's total combined net position was \$6,508,556 at August 31, 2017. Of this amount \$1,955,887 (unrestricted net position) may be used to meet the District's ongoing needs.

During the year, the District's net position decreased by \$888,661. Operations at the District decreased net position by \$983,011 but the shared service arrangement increased net position 94,350.

The general fund reported unassigned fund balance this year of \$439,940 or 5% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to Peaster ISD's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements include two kinds of statements that present different views of the District:

The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's *overall* financial status.

The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in *more detail* than the government-wide statements.

The *governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.

Fiduciary fund statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that provide additional information that is essential to a full understanding of the data provided in the financial statements. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

Figure A-1 summarizes the major features of the District's financial statements, including the portion of the District government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net position* and how they have changed. Net position—the difference between the District's assets and liabilities—is one way to measure the District's financial health or *position*.

Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's tax base.

The government-wide financial statements of the District include the *Governmental activities*. The District's services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services, food service, and general administration. Property taxes and grants finance most of these activities.

The government-wide financial statements can be found on Exhibits A-1 and B-1.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has two categories of funds:

Governmental funds—Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

The District maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, Brazos River Co-op and debt service fund, which are considered to be major funds. Data from the other governmental funds are combined into single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on Exhibits C-1 through C-4.

Fiduciary funds—The District is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These activities were excluded from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

The basic fiduciary fund financial statements can be found on Exhibits E-1 and E-2.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 - 50 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Below are summaries of the District's Net Position and Changes in Net Position.

Net position. The District's *combined* net position was \$7,397,217 at August 31, 2017. (See Table A-1).

Table A-1 The District's Net Position

	Governmental Activities		
	2017	2016	
Current and Other Assets	\$ 4,303,226	\$ 4,567,203	
Capital and Non-Current Assets	22,533,002	23,746,357	
Total Assets	26,836,228	28,313,560	
Deferred Outflows of Resources	2,253,779	2,036,821	
Total Deferred Inflows of Resources	2,253,779	2,036,821	
Current Liabilities	1,196,358	923,166	
Long-Term Liabilities	21,013,955	21,653,178	
Total Liabilities	22,210,313	22,576,344	
Deferred Inflows of Resources	371,138	376,820	
Total Deferred Inflows of Resources	371,138	376,820	
Invested in Capital Assets net of related debt	3,770,534	4,098,491	
Restricted	782,135	944,737	
Unrestricted	1,955,887	2,353,989	
Total Net Position	\$ 6,508,556 \$ 7,397,217		

The District's restricted net position represent funds restricted for the retirement of debt, federal and state programs and other purposes. Unrestricted net position that are available to fund the programs of the district next year are \$1,955,887 at the end of this year. \$275,245 of the net position is related to shared services arrangements.

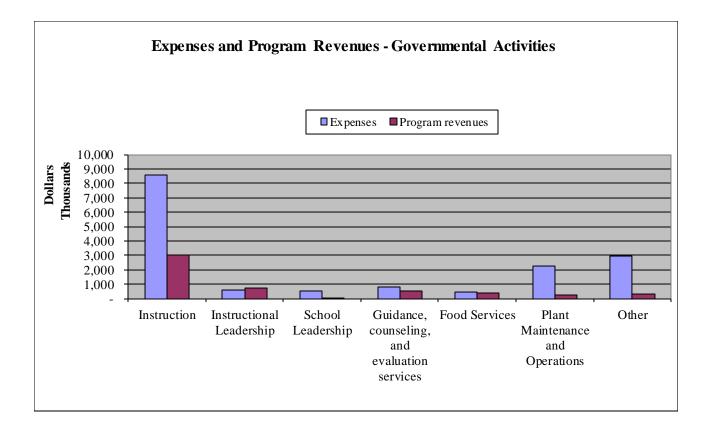

The largest portion of the District's net position (58%) reflects its investment in capital assets (e.g. land, buildings and improvements, furniture and equipment, vehicles and library books and media), less any related debt used to acquire those assets that is still outstanding. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

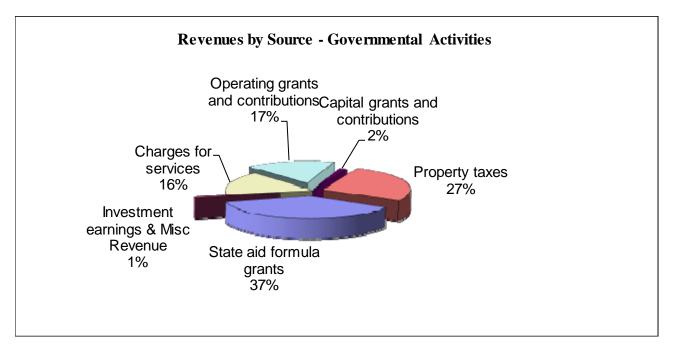

Changes in net position. Below is a summary of the District's change in net position.

	Governmental Activities		
	2017	2016	
Revenues			
Program Revenues			
Charges for Services	\$ 2,502,909	\$ 2,704,267

Beginning Net Position	7,397,217	8,211,878	
Ending Net Position	\$ 6,508,556	\$ 7,397,217	

Table A-2 Changes in the District's Net Position

The District's total revenues were \$15,293,999. (See Table A-2.) Total revenues decreased \$276,734 (2%) from the prior year. \$3,461,401 of the revenues are related to shared service arrangements and account for \$75,257 of the decrease. The total cost of all programs and services was \$16,182,660. 78% of these costs are for instruction and student services, 4% for general administration, 15% for plant maintenance and operations, and 4% for debt service. Total expenses decreased \$202,734 (1%). Of those expenses \$3,367,051 were made by shared service arrangements and account for \$234,412 of the decrease.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District's governmental funds reported combined ending fund balances of \$2,943,422. \$434,964 represents unassigned fund balance that is available for spending at the district's discretion. The remainder of fund balance is restricted, committed or assigned to indicate that it is not available for new spending because it has already been committed.

The general fund is the primary operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$439,940, while the total fund balance was \$1,857,103. A comparison of unassigned fund balance to the total general fund expenditures may be a useful measure of the general fund's liquidity. Unassigned fund balance represents 5% of total general fund expenditures.

During the year the fund balance of the District's general fund decreased by \$250,180. Revenues of the general fund increased \$146,106 to \$9,351,785 and expenditures increased \$219,545 to \$9,521,853. Key factors contributing to these changes are:

- State program revenues increased \$120,580 due to an increase in foundation and available school funds because of an increase in average daily attendance.
- The largest increase in expenditures was \$108,001 in plant maintenance and operations primarily for asbestos remediation at the old high school and other contracted maintenance.
- The sale of real and personal property decreased \$964,420 because land was sold during the prior year.

General Fund Budgetary Highlights

Over the course of the year, the District revised its budget four times.

Amendments increased budgeted revenues by \$378,383. Actual revenues were \$125,678 less than budgeted due to state program revenues.

Amendments increased budgeted expenditures by \$319,137. The most significant increases was \$191,800 in plant maintenance and operations for repairs and equipment. Total actual expenditures were \$132,210 less than budgeted.

CAPITAL ASSETS

At August 31, 2017, the District had invested \$22,533,002 in a broad range of capital assets, including land, equipment, buildings, and library books and media. (See Table A-4.) This amount represents a net decrease (including additions and deductions) of \$1,213,355.

Table A-4District's Capital Assets

	Governmen	Governmental Activities		
	2017	2016		
Land	\$ 1,010,585	\$ 1,010,585		
Construction in Progress	-	-		
Buildings and Improvements	33,146,690	33,088,170		
Furniture and Equipment	1,900,920	1,873,348		
Vehicles	1,419,507	1,357,967		
Library Books and Media	93,624	93,624		
Totals at historical cost	37,571,326	37,423,694		
Less accumulated depreciation for:				
Buildings and Improvements	12,963,654	11,857,761		
Furniture and Equipment	998,384	838,635		
Vehicles	982,662	887,317		
Library Books and Media	93,624	93,624		
Total accumulated depreciation	15,038,324	13,677,337		
Net capital assets	\$ 22,533,002	\$ 23,746,357		

Major capital asset events during the current year included the following:

- \$47,244 ag truck.
- \$12,472 convection steamer.
- \$15,100 a/c rooftop units.
- \$14,296 Kubota lawnmower.
- \$55,910 for new roof at Co-op paid with insurance.

Fixed assets of shared service arrangements were \$493,567 with related accumulated depreciation of \$336,354.

More detailed information about the District's capital assets is presented in Note 2 and Note 8 to the financial statements.

LONG-TERM DEBT

Table A-5 District's Long-term Debt

	Governmental Activities	
	2017	2016
Bonds payable:		
Unlimited Tax School Building Series 2007	-	-
Unlimited Tax Refunding Bonds Series 2010	8,035,000	8,520,000
Premium 2010 Refunding Bonds	404,061	425,327
Unlimited Tax School Building 2014A	500,000	705,000
Premium on 2014A Bonds	12,369	22,551
Unlimited Tax School Building 2014B	5,745,000	5,745,000
Premium on 2014B Bonds	301,505	326,497
Unlimited Tax Refunding Bonds Series 2015	3,440,000	3,550,000
Premium on 2015 Bonds	324,533	353,491
Capital Appreciation Bond Accretion	-	-
Total bonds payable	\$ 18,762,468	\$ 19,647,866

At year-end the District had \$18,762,468 in bonds outstanding as shown in Table A-5.

More detailed information about the District's debt is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The assessed value for school tax purposes are estimated to increase to \$332 million from \$295 million in the current year.

The District's tax rate was increased \$.04 per \$100 assessed value to \$1.44.

Student attendance was budgeted at 1125 students and current enrollment is 1180. The 2017 school year ended with ADA of 1059.

These indicators were taken into account when adopting the general fund budget for 2017-2018. Amounts available for appropriation in the general fund budget are \$9.790 million, an increase of 5 percent from the final 2017 actual revenues of \$9.352 million. The 5 percent increase is due to State Revenue from the increase in students.

Expenditures and transfers out are budgeted to increase 5 percent to \$10.096 million in the general fund from 2017 final amounts. Most of the increase is due to payroll costs. The budget includes a 3% pay increase.

If these estimates are realized, the District's budgetary general fund fund balance is expected have a \$306,117 decrease at the close of 2018.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District at P.O. Box 129, Peaster, Texas 76485.

PEA STER INDEPENDENT SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION AUGUST 31, 2017

Total Fund Balances - Governmental Funds	\$ 2,943,422
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. The cost of these assets was \$37,571,326 and the accumulated depreciation was \$15,038,324.	22,533,002
2 Bonds payable are not due and payable in the current period, and therefore are not reported as liabilities in the funds.	(18,762,468)
3 Included in the items related to noncurrent liabilities is the recognition of the District's proportionate share of the net pension liability required by GASB 68 in the amount of \$2,240,441, a deferred outflow related to TRS of \$1,538,185 and a deferred inflow related to TRS of \$371,138. This amounted to a decrease in net position.	(1,073,394)
4 Interest payable of \$29,849 and self-funded workers compensation liability of \$11,046 are not expected to be liquidated with available financial resources and are not reported as liabilities in the fund financial statements.	(40,895)
5 Deferred charges for refunding related to governmental activity debt are not financial resources and therefore are not reported in the governmental funds.	715,594
6 Property taxes receivable that are not available to pay for the current period expenditures are reported as deferred inflows of resources in the fund financial statements but are recognized as revenue in the government-wide statements.	193,295
19 Net Position of Governmental Activities	\$ 6,508,556

PEASTER INDEPENDENT SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED AUGUST 31, 2017

Total Net Change in Fund Balances - Governmental Funds	\$ (410,822)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the \$172,532 capital outlays and \$800,000 debt principal payments is to increase net position.	972,532
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.	(1,375,235)
The net effect of transactions to dispose of capital assets is a decrease to net position.	(10,652)
Current year interest payable is not due and payable in the current period, and, therefore is not reported a liability in the funds. The \$1,126 decrease in interest payable and \$47,136 net amortization of deferred charges on refundings and bond premiums is an increase in net position.	48,262
Revenues in the government-wide statement of activities that do not provide current financial resources are not reported as revenues in the funds.	101,412
GASB required the District to recognize their proportionate share of net pension liability, deferred outflow related to TRS and deferred inflow related to TRS. The changes in these balances decrease net position.	(214,158)
Change in Net Position of Governmental Activities	\$ (888,661)

Notes to the Financial Statements For the Year Ended August 31, 2017

1. Reporting Entity

The Board of School Trustees, a seven-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of Peaster Independent School District. Because members of the Board of Trustees are elected by the public, have the authority to make decisions, appoint administrators and managers, and significantly influence operations, and have the primary accountability for fiscal matters, the District is not included in any other governmental "reporting entity" as defined by Statement No. 14 of the Governmental Accounting Standards Board.

Shared Service Arrangements. Parker County Co-op Special Services is a Shared Service Arrangement (SSA) between five school districts for the purpose of bringing special education programs to disabled children. The Board of Trustees ("Board"), a five-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdictions of the Co-op. The Board is comprised of Superintendents of the member districts and has the exclusive power and duty to govern and oversee the management of the Co-op. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The Co-op receives funding from local, state and federal government sources and must comply with the requirements of those funding entities.

Also reported in the financial statements is the Bluebonnet Co-op for Students with Visual Impairments SSA and the Brazos River Regional Day School Co-op for the Deaf SSA. The Bluebonnet Co-op for Students with Visual Impairments SSA is comprised of eleven members and governed by an eleven-member board comprised of designees from each member. The Brazos River Regional Day School Co-op for the Deaf SSA is comprised of nine members and governed by a nine-member board comprised of designees from each member. Both Shared Service Arrangements were created for the purpose of bringing special education programs to disabled children. Parker County Co-op Special Services is a member of both of these Shared Service Arrangements.

Peaster Independent School District is the fiscal agent for all three Shared Service Arrangements. As fiscal agent, Peaster Independent School District reports the balances and activities of the Shared Service Arrangements in its financial report.

The District receives funding from local, state and federal government sources and complies with the requirements of those funding entities.

The accounting policies of Peaster Independent School District substantially comply with the rules prescribed in the Texas Education Agency's Financial Accountability System Resource Guide (the "Resource Guide"). The accounting policies included in the Resource Guide conform to generally accepted accounting principles applicable to governmental units.

Notes to the Financial Statements For the Year Ended August 31, 2017

2. Summary of Significant Accounting Policies

Government-wide and fund financial statements

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separated component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures generally are recorded when the related fund liability is incurred, however, debt service expenditures and certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, interest and revenues received from the State are susceptible to accrual. Other receipts become measurable and available when cash is received by the government and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Notes to the Financial Statements For the Year Ended August 31, 2017

2. Summary of Significant Accounting Policies (continued)

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The government reports the following major governmental funds:

The General Fund – This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Brazos River Co-op - This governmental fund is used by the fiscal agent to account for the Brazos River Regional Day School Co-op for the Deaf shared services arrangement.

Debt Service Funds – This governmental fund was established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated.

Additionally, the government reports the following fund types:

Special Revenue Funds - These funds are established to account for federally-financed or expenditures legally restricted for specified purposes and Food Service Program transactions.

The District's Food Service Fund is considered a special revenue fund since it meets the following criteria: (1) User fees are charged to supplement the National School Lunch Program (NSLP), (2) The General Fund subsidizes the Food Service Program for all expenditures in excess of NSLP, and (3) the District does not consider the Food Service Program completely self-supporting. Food Service fund balances are used exclusively for child nutrition program purposes.

Capital Project Fund – This fund was established to account for financial resources for the acquisition and construction of major capital facilities.

Private-Purpose Trust Funds – These fiduciary funds are used to account for resources legally held in trust under which principal and income benefit individual scholarship recipients.

Agency Funds - These custodial funds are used to account for activities of student groups and other organization activities requiring clearing accounts. Financial resources for the Agency funds are recorded as assets and liabilities; therefore, these funds do not include revenues and expenditures and have no fund equity. The student activity organizations exist with the explicit approval of, and are subject to revocation by, the District's Board of Education.

Data Control Codes refer to the account code structure prescribed by the TEA in the Resource Guide.

Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and other short-term investments with original maturities of three months or less from the date of acquisition.

Notes to the Financial Statements For the Year Ended August 31, 2017

2. Summary of Significant Accounting Policies (continued)

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the government-wide financial statements. The District adopted a policy effective for the fiscal year ending August 31, 2001, to recognize as capital assets for financial statement purposes only those items with an individual historic cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Major capital outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of governmental activities is included as part of the capitalized value of the assets constructed.

Depreciation is charged as a direct expense to the function or program associated with the asset if it can be specifically identified. Accumulated depreciation is reported on the statement of net position. Land improvements, buildings and improvements, vehicles, equipment and furniture and infrastructure assets are depreciated using the straight-line method over their estimated useful lives. The estimated useful lives are as follows:

Buildings and improvements	30 - 40 years
Vehicles	10 years
Equipment and Furniture	5 - 10 years
Library Books/Media	10 years

Capital assets are not capitalized in the governmental funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures. Capital assets and the related accumulated depreciation and depreciation expense will only be reported in the government-wide financial statements since there are no proprietary funds.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred. Deferred refunding charges are reported as deferred outflows of resources and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements For the Year Ended August 31, 2017

2. Summary of Significant Accounting Policies (continued)

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The District's proportionate share of the TRS net pension liability, deferred outflows of resources and deferred inflows of resources are reported in the statement of net position.

Fund Balances – Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to formal action by the Board Trustees, the District's highest level of decision making authority. Commitments may be modified or rescinded only through formal action of the Board of Trustees.

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under Peaster ISD's adopted policy, amounts may be assigned by the Peaster ISD Superintendent and Business Manager.

Unassigned - All amounts not included in other spendable classifications.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 21). When expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been first spent out of committed funds, then assigned, and finally unassigned as needed.

The Board of Trustees has adopted a minimum fund balance policy for the General Fund. The policy requires the District strive to maintain a yearly fund balance in the general operating fund where the total fund balance is 25 percent of the total operating expenditures. At August 31, 2017 total fund balance of the General Fund was 20% of operating expenditures.

The National Breakfast and Lunch Program had negative unassigned fund balance of \$4,976 at year-end.

Notes to the Financial Statements For the Year Ended August 31, 2017

2. Summary of Significant Accounting Policies (continued)

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy is to apply restricted net position first.

Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires the use of management's estimates.

3. Deposits and Investments

Peaster Independent School District's investment policies and types of investments are governed by the Public Funds Investment Act ("PFIA"). The act authorizes the District to invest in obligations of the U.S. Treasury or the State of Texas, certain U.S. agencies, certificates of deposit, money market savings accounts, certain municipal securities, repurchase agreements, common trust funds and investment pools. The District's management believes that it complied with the requirements of the PFIA and the District's investment policies.

Public Funds Investment Pools

The District's temporary investments are held with Lone Star Investment Pool. The temporary investments of the shared service arrangement are invested in Tex-Pool. Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares. The pools are valued and reported at amortized cost.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") Insurance. The bank deposits of the shared service arrangements are included under the depository contract of Peaster Independent School District. At August 31, 2017, the District's deposits were covered by FDIC insurance or collateralized with securities held by the District's name.

Credit Risk – Investments

The District policy of managing credit risk is to diversify the investment portfolio in terms of investment instruments, maturity scheduling and financial institutions.

Notes to the Financial Statements For the Year Ended August 31, 2017

3. Deposits and Investments (continued)

Interest Rate Risk - Investments

The District manages its interest rate risk by diversifying the investment portfolio's investment types and maturity scheduling.

*** * 1 . 1

The District's investments consisted of the following at August 31, 2017.

Name	А	mount	Value	Standard & Poor's	Weighted Average Maturity
Lone Star Investment Pools					
Coporate Overnight Plus Fund	\$	2,087	\$ 2,087	AAA	43 days
Corporate Overnight Fund		3,124	3,124	AAA	40 days
Tex Pool		2,011	 2,011	AAAm	96 days
Total	\$	7,222	\$ 7,222		

These public funds investment pools are reported with cash and cash equivalents in the financial statements. Current Investments reported in the financial statements consist of certificates of deposits that have maturities ranging from three to twelve months.

4. Receivables

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, as fiscal agent for shared service arrangements the District received payments from members of the shared services arrangements for special education programs. Amounts due from federal and state governments as of August 31, 2017, are reported on the balance sheet as Due from Other Governments and are summarized below:

	Nonmajor					
	General Governmental					
	Fund		Funds		Total	
Due from Other Governments						
Education Service Center	\$	-	\$	2,977	\$	2,977
Federal & State Grants - TEA		21,319		230,691		252,010
Total	\$	21,319	\$	233,668	\$	254,987

\$181,462 of the amounts included in Due from Other Governments is attributable to shared service arrangements.

Notes to the Financial Statements For the Year Ended August 31, 2017

5. Deferred Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. \$715,594 deferred charge on refunding reported in the government-wide statement of net position results from differences in the carrying value of refunded debt and its reacquisition price. The deferred charge on refunding is amortized over the shorter of the life of the refunded or refunding debt. Deferred outflow related to TRS of \$1,538,185 has been reported in the government-wide statement of net position. See note 13 for additional information regarding the deferred outflow related to TRS.

In additional to liabilities, the statement of financial position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) in this category. Unavailable revenues for governmental funds are reported as deferred inflows of resources. In the governmental funds balance sheet \$193,295 unavailable property tax revenue has been reported as a deferred inflow of resources. Deferred inflows related to TRS of \$371,138 has been reported in the statement of net positon. See note 13 for additional information regarding the deferred inflow related to TRS.

6. **Property Taxes**

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period and those expected to be collected during a 60-day period after the close of the school fiscal year.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

7. Interfund Receivables, Payables and Transfers

Interfund balances at August 31, 2017, consisted of the following receivables and payables:

Receivable Fund	Payable Fund		A	Amount
Brazos River Co-op	Nonmajor		\$	97,763
Nonmajor	Nonmajor			28,759
		:	\$	126,522

The receivables from nonmajor funds are due to grant funds not being received before year-end.

Notes to the Financial Statements For the Year Ended August 31, 2017

7. Interfund Receivables, Payables and Transfers (continued)

Interfund transfers at August 31, 2017, consisted of the following:

Transfer In	Transfer Out	fer Out Amount		
Nonmajor	General	\$	80,112	
		\$	80,112	

Transfers include \$80,112 to the national breakfast and lunch program special revenue fund to cover expenditures in excess of revenues.

8. Capital Assets

Capital asset activity for the District for the year ended August 31, 2017 was as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Non - Depreciable Assets:					
Land	\$ 1,010,585	\$ -	\$ -	\$ -	\$ 1,010,585
Total non-depreciable assets	1,010,585	-	-	-	1,010,585
Depreciable Assets:					
Buildings and Improvements	33,088,170	83,420	(24,900)	-	33,146,690
Furniture and Equipment	1,873,348	27,572	-	-	1,900,920
Vehicles	1,357,967	61,540	-	-	1,419,507
Library Books and Media	93,624	-	-	-	93,624
Total capital assets being depreciated	36,413,109	172,532	(24,900)	-	36,560,741
Accumulated Depreciation:					
Buildings and Improvements	(11,857,761)	(1,120,141)	14,248	-	(12,963,654)
Furniture and Equipment	(838,635)	(159,749)	-	-	(998,384)
Vehicles	(887,317)	(95,345)	-	-	(982,662)
Library Books and Media	(93,624)	-	-	-	(93,624)
Total accumulated depreciation	(13,677,337)	(1,375,235)	14,248		(15,038,324)
Governmental activities capital assets, net	\$23,746,357	\$(1,202,703)	\$ (10,652)	\$ -	\$22,533,002

Notes to the Financial Statements For the Year Ended August 31, 2017

8. Capital Assets (continued)

Depreciation was charged to functions/programs of the primary government as follows:

Governmental activities:		
Instruction	\$	58,123
Guidance, counseling, and evaluation services		920
Student Transportation		80,763
Food Services		7,515
Extracurricular Activities		43,482
Plant Maintenance and Operations	1	,126,998
Data Processing Services		57,434
Total depreciation expense - governmental activities	\$ 1	,375,235

Furniture and equipment at cost below the capitalization limit are maintained in an inventory listing to allow for physical custody, care, and control purposes only and are not reported in the financial statement presentation.

As fiscal agent, the District reports the capital assets of the shared service arrangements in its audited financial report. The capital assets of the shared service arrangements are owned by the member districts of the shared service arrangements and if the capital assets were sold each member would receive a portion of the proceeds based upon their ownership percentage. Of the \$36,560,741 depreciable assets above, \$493,567 and \$336,354 accumulated depreciation are allocated to the shared service arrangements.

9. Long-term Liabilities

Long-term liability activity for the year ended August 31, 2017 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental acitivities:					
Bonds Payable	\$19,647,866	\$ -	\$ (885,398)	\$18,762,468	\$ 855,000
Net Pension Liability	1,994,266	246,175	-	2,240,441	-
Self-funded Insurance	11,046			11,046	
Total Governmental activitie	es				
Long-Term Liabilities	\$21,653,178	\$ 246,175	\$ (885,398)	\$21,013,955	\$ 855,000

Bonds payable are liquidated by the debt service fund and the net pension liability and self-funded insurance liability are liquidated by the general fund.

Notes to the Financial Statements For the Year Ended August 31, 2017

10. General Obligations Bonds

The government issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions at August 31, 2017.

The 2010, 2014 and 2015 Series Bonds are guaranteed under the State of Texas Permanent School Fund Guarantee Program. In addition, the District receives annual payments from the Texas Education Agency under Chapter 46 of the Texas Education Code (Instructional Facilities Allotment Program), which were used toward funding the debt service requirements of bonds. The amount received during the current year was \$221,209.

A summary of changes in General Obligation Bonds debt payable for the year ended August 31, 2017 is as follows:

	Interest Rate	Amounts at Original	Amounts Outstanding	Issued Current	Amounts Retired/	Amounts Outstanding
Description	Payable	Issue	8/31/2016	Year	Refunded	8/31/2017
Unlimited Tax Refunding Bonds Series 2010	4.00%	9,795,000	8,520,000	-	(485,000)	8,035,000
Unamortized Premium Series 2010 Bonds		1,609,887	425,327	-	(21,266)	404,061
Unlimited Tax School Building Series 2014A	2.00% to 3.00%	1,000,000	705,000	-	(205,000)	500,000
Unamortized Premium Series 2014A Bonds		49,326	22,551	-	(10,182)	12,369
Unlimited Tax School Building Series 2014B	2.00% to 4.00%	5,745,000	5,745,000	-	-	5,745,000
Unamortized Premium Series 2014A Bonds		378,561	326,497	-	(24,992)	301,505
Unlimited Tax Refunding Bonds Series 2015	2.00% to 4.00%	3,555,000	3,550,000	-	(110,000)	3,440,000
Unamortized Premium Series 2015 Bonds		387,274	353,491		(28,958)	324,533
Totals		\$ 22,520,048	\$ 19,647,866	\$ -	\$ (885,398)	\$ 18,762,468

Notes to the Financial Statements For the Year Ended August 31, 2017

10. General Obligations Bonds (continued)

Debt service requirements are as follows:

Year Ended			Total
August 31	Principal	Interest	Requirements
2018	\$ 855,000	\$ 680,925	\$ 1,535,925
2019	910,000	652,350	1,562,350
2020	695,000	619,700	1,314,700
2021	690,000	593,600	1,283,600
2022	735,000	569,800	1,304,800
2023-2027	4,370,000	2,423,350	6,793,350
2028-2032	5,895,000	1,452,200	7,347,200
2033-2037	3,570,000	272,200	3,842,200
Debt Service Requirements	17,720,000	7,264,125	24,984,125
Add: Unamortized Premium	1,042,468		1,042,468
	\$18,762,468	\$7,264,125	\$26,026,593

11. Accumulated Unpaid Vacation and Personal Leave Benefits

Employees whose employment contract is for 226 days or more per year are given 10 days paid vacation. Vacation time is non-cumulative and unused vacation time is not paid. All employees are also entitled to five days a year personal leave with full pay per year. The District allows two additional days of paid personal leave per year over the five days required by the state. If additional personal leave is required, the employees must pay the cost of the substitutes. Employees who do not exceed the five state personal leave days and the two local personal leave days during the school year are reimbursed at the end of the school year as designated under the yearly attendance incentive program. An attendance incentive program for retiring employees are compensated for accrued state sick leave and/or state personal leave days under the attendance incentive program for retiring employees was made since administration for the District believes it to have no material effect on the financial condition of the District as of August 31, 2017.

12. Health Care Coverage

The District offered employees the opportunity to participate in a group health insurance plan (the "Plan"). The District contributed \$325 for health insurance per month per employee to the Plan. Employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. All contributions were paid to a licensed insurer.

Under the health plan, the District has no self-insurance risk and no liability for claims. For the year ended August 31, 2017 the total cost of health and life insurance premiums was \$454,651 for District employees and \$79,620 for employees of the shared services arrangements.

Notes to the Financial Statements For the Year Ended August 31, 2017

13. Defined Benefit Pension Plans

Plan Description

Peaster Independent School District and Parker County Co-op Special Services participate in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separatelyissued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <u>https://www.trs.gov/TRS%20Documents/cafr_2016.pdf</u>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Notes to the Financial Statements For the Year Ended August 31, 2017

13. Defined Benefit Pension Plans (Continued)

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015. The 84th Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016 and 2017.

Contribution Rates		
	 2016	2017
Member	7.20%	7.20%
Non-Employer Contributing Entity (State)	6.80%	6.80%
Employers	6.80%	6.80%
	2016	2017
Employer Contributions	\$ 188,331	\$ 212,190
Member Contributions	\$ 571,124	\$ 613,707
NECE On-behalf Contributions	\$ 458,976	\$ 441,169

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, there are two additional surcharges and employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

Notes to the Financial Statements For the Year Ended August 31, 2017

13. Defined Benefit Pension Plans (Continued)

Actuarial Assumptions

The total pension liability in the August 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2016
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	8.00%
Long-term expected Investment Rate of Return	8.00%
Inflation	2.5%
Salary Increases including inflation	3.5% to 9.5%
Payroll Growth Rate	2.5%
Benefit Changes during the year	None
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions are based primarily on a study of actual experience for the four year period ending August 31, 2014 and adopted on September 24, 2015.

Discount Rate

The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of geometric real rates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2016 are summarized below:

Notes to the Financial Statements For the Year Ended August 31, 2017

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the Net Pension Liability.

	1% Decre Discount F	ase in Rate (7.0%)	Disco	ount Rate (8.0%)	1% Increase in Rate (8.0%) Discount Rate (9.0%)			
District's proportionate share of the net pension liability.	\$	2,511,017	\$	1,622,457	\$	868,779		
Co-op's proportionate share of the net pension liability.	_	956,431		617,984		330,912		
Total	\$	3,467,448	\$	2,240,441	\$	1,199,691		

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to Pensions</u>

At August 31, 2016, the District and Co-op reported liabilities of \$1,622,457 and \$617,984 respectively for their proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District and Co-op. The amount recognized by the District and Co-op as their proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District and Co-op were as follows:

	District	Co-op	Total
District's/Co-op's proportionate share of the collective net pension liability	\$ 1,622,457	\$ 617,984	\$ 2,240,441
State's proportionate share that is associated with the District/Co-op	4,570,145	964,133	5,534,278
	\$ 6,192,602	\$ 1,582,117	\$ 7,774,719

The net pension liability was measured as of August 31, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2015 thru August 31, 2016.

At August 31, 2016 the District and Co-op's proportion of the collective net pension liability was 0.000042935% and 0.000016353% respectively which was an increase of 0.000000913% and 0.000001958% from its proportion measured as of August 31, 2015.

Changes Since the Prior Actuarial Valuation – There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period:

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Notes to the Financial Statements For the Year Ended August 31, 2017

13. Defined Benefit Pension Plans (Continued)

For the year ended August 31, 2017, the District and Co-op recognized pension expense of \$574,326 and revenue of \$574,326 for support provided by the State.

At August 31, 2017, the District and Co-op reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		Def	erred Inflows
	of F	Resources	of	Resources
Differences between expected and actual economic experience	\$	35,130	\$	66,899
Change in actuarial assumptions		68,285		62,102
Difference between projected and actual investment earnings		431,736		242,020
Changes in proportion and difference between the employer's				
contributions and the proportionate share of contributions		790,844		117
Contributions paid to TRS subsequent to the measurement date		212,190		
Total	\$	1,538,185	\$	371,138

The \$212,190 of deferred outflows of resources resulting from contributions paid to TRS subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ending August 31, 2018. The other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	Pension Expense				
August 31:	Amount				
2018	\$	172,757			
2019	\$	172,757			
2020	\$	293,768			
2021	\$	163,460			
2022	\$	122,988			
Thereafter	\$	29,127			

14. School District Retiree Health Plan

Plan Description. The District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS website under TRS Publications heading, by calling 1-800-223-8778 or by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin Texas 78701.

Notes to the Financial Statements For the Year Ended August 31, 2017

14. School District Retiree Health Plan (continued)

Funding Policy. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. Funding for free basic coverage is provided by the program based upon public school district payroll. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than .25% or greater than .75% of the salary of each active employee of the public school. Funding for optional coverage is provided by those participants selecting the optional coverage. Contribution rates and amounts are shown in the table below for fiscal year 2016 - 2014.

Contribution Rates								
	Active I	Member	State/F	ederal	School District			
Year	Rate	Amount	Rate	Amount	Rate	Amount		
2017	0.65%	\$ 51,805	1.00%	\$ 79,702	0.55%	\$ 43,836		
2016	0.65%	\$ 51,560	1.00%	\$ 74,795	0.55%	\$ 43,627		
2015	0.65%	\$ 48,663	1.00%	\$ 71,727	0.55%	\$ 41,177		

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments must be recognized as equal revenues and expenditures by each reporting entity. The amount of on-behalf payments for the years ended August 31, 2017, 2016, and 2015 were \$24,591, \$18,754, and \$17,569, respectively.

15. Litigation, Contingencies, and Commitments

Contingencies

The District participates in numerous state and Federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at August 31, 2017 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

16. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters.

During the year ended August 31, 2017, the District participated in the Texas Association of School Boards ("TASB") Risk Management Fund's Auto, Liability and Property Programs (the "Funds"). The Funds purchase stop-loss coverage for protection against catastrophic and larger than anticipated claims for its Auto, Liability and Property Programs. The terms and limits of the stop-loss program vary by the line of coverage. The Funds use the services of an independent actuary to determine the adequacy of reserves and fully funds those reserves. For the year ended August 31, 2017, the Fund anticipates Peaster ISD has no additional liability beyond the contractual obligations for payment of contributions.

Notes to the Financial Statements For the Year Ended August 31, 2017

16. Risk Management (continued)

During the year ended August 31, 2017, the District provided unemployment compensation coverage to its employees through participation in the TASB Risk Management Fund Unemployment Compensation Pool. The fund meets its quarterly obligation to the Texas Workforce Commission. Expenses are accrued monthly until the quarterly payment has been made. Expenses can be reasonably estimated; therefore, there is no need for specific or aggregate stop loss coverage for the Unemployment Compensation Pool. For the year ended August 31, 2017, the Fund anticipates that Peaster ISD has no additional liability beyond the contractual obligations for payment of contributions.

The TASB Risk Management Fund was created and is operated under the provision of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's unemployment compensation program is authorized by Section 22.005 of the Texas Education Code and Chapter 172 of the Texas Local Government Code. All members participating in the Funds execute Interlocal Agreements that define the responsibilities of the parties.

Through August 31, 2010, the District (the Plan sponsor) participated in the West Texas Educational Insurance Association self-insurance group to provide workers' compensation benefits for their employees (the Plan), as required by law for on-the-job related injuries. The Plan is supervised by a third party administrator, Claims Administrative Services, a Texas corporation (the plan administrator). Under the Plan, the District has obtained reinsurance coverage for excess workers' compensation and employer's liability. The accrued liability for workers' compensation self-insurance of \$11,046 includes incurred but not reported claims of \$3,134. The liability reported in the fund at August 31, 2017 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as of the date of the financial statements, and the amount of loss can be reasonably estimated. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing the liability does not result necessarily in an exact amount.

Changes in the workers' compensation claims liability amounts in fiscal year 2017 are represented below:

Current Year Claims								
Beginning and Changes Claim Ending						Ending		
	Balance		in Estimates	Payments		Balance		
8/31/2016	\$ 13,932	\$	(2,173)	\$ (713)	\$	11,046		
8/31/2017	\$ 11,046	\$	-	\$ -	\$	11,046		

September 1, 2010 the District changed workers compensation providers to Edwards Risk Management Inc. The new workers compensation program is not self-funded.

Notes to the Financial Statements For the Year Ended August 31, 2017

17. Shared Services Arrangements

The District became fiscal agent for a Shared Service Arrangement (SSA) on July 1, 2002, that provides services to the member districts listed below. All services are provided by the fiscal agent. Grant funds are provided directly to the fiscal agent. According to guidance provided in TEA's Resource Guide, the District has accounted for the fiscal agent's activities of the SSA in a special revenue fund and funds 313-435 will be accounted for using Model 2 and funds 437-459 will be accounted for using Model 3 in the SSA section on the Resource Guide. Expenditures of the shared service arrangement are summarized below:

Notes to the Financial Statements For the Year Ended August 31, 2017

18. Subsequent Events

Subsequent events were evaluated through December 13, 2017, which is the date the financial statements were available to be issued.

19. Future Accounting Pronouncements

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions replaces the requirements of Statements No. 45 and 57 for accounting and financial reporting of postemployment benefits other than pensions. This Statement is effective for fiscal year 2018. The District has not yet determined the effect this statement will have on its financial reporting.

Notes to the Required Supplementary Information For the Year Ended August 31, 2017

Stewardship, compliance and accountability

<u>Budget</u>

The official budget was prepared for adoption for all Governmental Fund Types. The budget was prepared on a GAAP basis. The following procedures are followed in establishing the budgetary data reflected in the general-purpose financial statements:

a. Prior to August 31 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.

b. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.

c. Prior to September 1, the budget is legally enacted through passage of a resolution by the board.

Once a budget is approved, it can be amended at function and fund level only by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings.

Each amendment must have board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board and are not made after fiscal year end as required by law. During the year, four amendments were necessary.

Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the board. All budget appropriations lapse at year end.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget. There were no end-of-year outstanding encumbrances that were provided for in the subsequent year's budget.

Excess of expenditures over appropriations

General fund instruction, health services and general administration expenditures exceeded appropriations by \$11,496, 1,866 and \$3,647 respectively. Total expenditures were \$132,210 less than budgeted.

Notes to the Required Supplementary Information For the Year Ended August 31, 2017

Defined Benefit Pension Schedules						
Notes to Schedule of Contributions						
Valuation Date:	Augusts 31, 2016 (to determine contribution rate for fiscal year ending August 31, 2017). Actuarially determined contribution rates are calculated as of August 31 preceding fiscal year. Members and employers contribute based on statutorily fixed rates.					
Notes

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Peaster Independent School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Peaster Independent School District (the "District") as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise of the District's basic financial statements, and have issued our report thereon dated December 13, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Peaster Independent School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Peaster Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Peaster Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

George, Morgan & Sneed, P.C. 1849 Wall Street | Weatherford, TX 76086 | *Phone* 817.594.2704 | *Fax* 817.599.7389 The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees Peaster Independent School District

Report on Compliance for Each Major Federal Program

We have audited Peaster Independent School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2017. Peaster Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance federal statutes, regulations, and the terms and conditions of federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Peaster Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principals and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Peaster Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Peaster Independent School Districts' compliance.

Opinion on Each Major Federal Program

In our opinion, Peaster Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2017.

Report on Internal Control over Compliance

Management of Peaster Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Peaster Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Peaster Independent School District's internal control over compliance.

A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

PEASTER INDEPENDENT SCHOOL DISTRICT

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended August 31, 2017

Reporting Entity

Peaster Independent School District is the fiscal agent for three Shared Service Arrangements. As fiscal agent, Peaster Independent School District reports the balances and activities of the Shared Service Arrangements in its financial report. This schedule of expenditures of federal awards contains all of the District's federal programs, including those operated under the Shared Services Arrangements.

Shared Service Arrangements. Parker County Co-op Special Services is a Shared Service Arrangement (SSA) between five school districts for the purpose of bringing special education programs to disabled children. Also reported in the financial statements is the Bluebonnet Co-op for Students with Visual Impairments SSA and the Brazos River Regional Day School Co-op for the Deaf SSA which were created for the purpose of bringing special education programs to disabled children.

Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Peaster Independent School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

Indirect Cost Rate

The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Reconciliation of Federal Awards

The following is a reconciliation of expenditures of federal awards in the Schedule of Expenditures of Federal Awards and federal program revenues in the Statement of Revenues, Expenditures and Changes in Fund Balance of the governmental funds.

Federal program revenues per Exhibit C-3	\$1,292,238
School Health & Related Services (SHARS) reimbursement not reported in the Schedule of Expenditures of Federal Awards	(121,936)
Total federal expenditures on Exhibit K-1	\$1,170,302
