H.B.I. Inspections

DSA Construction Inspection Services

1. Business Profile

Firms Locations: H.B.I. Inspections

Date: 5-3-2021

5972 Crestmont Dr.
Chino Hills CA. 91709
Phone 951-712-2017

Introduction: As a leading DSA construction inspection firm in California for the last 12 years, HBI inspectors and our area managers have many years of experience on all types of projects to include theater experience, possessing all qualifications necessary to perform the scope of work identified in this RFQ. Our reputable services and history of success in providing project inspection services throughout the DSA industry, surpasses all other inspections companies. Our services are strictly predominantly providing DSA project inspection services for K-1 thru K-14. Our team is comprised of over 25 Class 1, 2, and 3 DSA Inspectors, 2 office personal and 3 area managers. We have an excellent rapport with the Division of State Architect (DSA), California State Fire Marshal (CSFM) and Department of General Services (DGS) allowing for timely project closeouts. We understand that good people make the difference, the talent of our team provides experience, quality, and true value, by which our competitors cannot surpass. HBI hires only the best inspectors, we do not hire 2nd. rate inspectors like some companies, in order to provide a cut rate bid to the district. HBI would be honored to provide our services working with the school district to deliver more for the students and teachers.

Firms Entity: We are established as an "S" Corporation in the State of California for the past 23 years on April 7, 1998 as Holmes Builders Inc., for the past 12 years D.B.A., HBI Inspections strictly performing DSA and OSPHD Inspection Services. HBI Inspections is legally permitted and licensed to conduct business in the State of California, business entity number C208190.

Darrell Holmes
President of HBI Inspections

Class-1 Project Inspector/Project & Account Manager

Professional Experience

Owner of HBI Inspections, past CEO of a construction company, contracting over 20 DSA school construction projects and countless retail stores, with 26 employees, we specialized in General Contracting, framing, doors/hardware to include a 10,000-sq. ft. WIC cabinet shop. Knowledgeable and skilled in all areas of the construction industry from general field application to upper management duties. Skilled within the California Building Code, Title 24, and ICC as it relates to inspection of schools. Well versed in DSA Inspection Services, scheduling, submittal, RFI's, change orders. More than 30 years of experience in the construction industry has produced an excellent base of knowledge in all areas of the inspections and the construction industry. As an inspector Mr. Holmes has completed larger DSA projects of 55ml.

DSA Construction Inspection Services

Description of Firm

DSA Construction Projects

Community Colleges and K-1thru K-12 School Districts

3. Experience of Firm

To Jonathan Geiszler,

HBI Inspections is pleased to submit our qualifications to NMUSD in consideration for providing DSA (PI) Project Inspector / (IOR) Inspector of Record Services.

ELIGIBILITY INTRODUCTION

HBI Inspections is a leading DSA inspection consultant firm with located in Chino Hills Ca., with over twenty-five (25) DSA inspectors. As a leading construction inspection firm in California for the last 12 years, HBI Inspections, possesses all the qualifications necessary to perform the scope of work identified in this RFP. Our Clients within the K-1 thru K14 industry include smaller and larger districts such as Los Angeles Unified School District. Our services are primarily providing DSA inspection services for, K-1, thru 14 of all types to include city municipality mixed use projects. Our team is comprised of over 25 Class 1, 2, and 3 DSA Inspectors, 2 office personal and 3 area managers throughout the state.

Our excellence service and history of success in providing project inspection services with different delivery methods (DB,DBB,CMAR,CMMP) include, new ground-up, expansions, moderations, and In-plant inspection services. We have an excellent rapport with the Division of State Architect (DSA), California State Fire Marshal (CSFM) and Department of General Services (DGS) and others. We believe by working closely with these agencies has built effective working relationships that will aid our Clients allowing for timely project closeouts. We understand that good people make the difference, the talent of our team provides experience, quality, and true value, by which our competitors cannot surpass, resulting in the success of the school district and your team.

Darrell Holmes

Darrell Holmes President,

Area Manager & DSA Class-1

3. Project Approach and Qualifications

Ladies and Gentlemen

HBI Inspections is a well-respected **DSA inspection consultant firm with over twenty-one (21) DSA inspectors to serve you.** We understand that people and make the difference, the experience and talent of our team is suited for any needs your district may have. We have an excellent rapport with the Division of the State Architect (DSA) and all governing agencies, allowing for timely project approvals. The HBI Inspection's Team, have work on \$ Millions of dollars of completed closed out projects within the K-12 and higher educational Community College Districts.

HBI Inspections was established on the premise of bringing professionalism and structure to the construction inspection industry. A solid corporate structure for the past 23 years, area managers, office personal, trained inspectors and experience are all keys to our business success, which in turn brings true value to our District Partners. Our philosophy is to provide a supporting role, maintain a commitment to our Districts and become dedicated members of your project construction team.

Approach to Accomplishing the Scope of Work:

Each HBI Project Inspector and our Team Managers will understand and help meet your District DSA Inspections needs. HBI can manage multiple projects and their competing priorities, while maintaining quality, meeting District schedules, and budget awareness. It is always our aim to help the District to meet its deadlines, to attend all DSA-relevant meetings, and to add strength and stability to each construction team involved along the project's way.

We understand that people make the difference, the experience and talent of our team is suited for any needs your district may have. We protect the interests of the District and the integrity of the Architect. HBI go beyond simply responding to Inspection Requests from Contractors by catching problems and communicating effectively with your project team before little problems become bigger problems. This saves the District money and time.

Our goal is to add value and a peace-of-mind to the District's building programs that can't be surpassed by any other inspection company.

The Right Inspector for the Right Job at the Right Time: For all projects we offer a team approach, to enhance the Inspector Services for each job assigned to us. Our goal will be to build resilient working relationships and communications links with all collaborating disciplines. To maintain continuity, the Inspector(s) assigned shall remain assigned for each project's duration. If changes must be made due to unavoidable circumstances, HBI will submit for District approval the name(s) and resume(s) for the proposed and qualified replacement Inspector(s).

3. Project Approach and Qualifications

At the heart of HBI services is the discipline of *supportive compliance* with Approved Plans, the Project Specifications, and the applicable Codes. All HBI Project Inspections must follow the Scope of Services and procedures required by DSA, under its Codes, IR A-7 and A-8, under Title 24, Part 1, Inspector Certification & Approval, Inspector Duties and Performance. HBI share in responsibilities to teach all players involved that your school construction must meet the given standards and procedures. HBI PIs work *proactively* among your contractors and subcontractors to promote the project completion, on time and on budget. The best DSA Project Inspectors function as Advocates, not as Adversaries.

Closeouts: We have an excellent rapport with the Division of State Architect (DSA) and all governing agencies, allowing for timely project approval and closeout. Our Inspectors focus, from each job start, on attaining DSA project Closeout. We have been retained by other School Districts to close out uncompleted past projects, some dating date back many years—because of increased DSA attention in this area.

Professional Oversight: The PI is the key/main observer and THE recorder of compliance. If chosen we will carefully review your Facilities, Plans, and will develop a full working knowledge of them. In addition to the precise details of each project assigned to us we will grow in a constructive working knowledge of your methods and goals, to become dedicated members of your project construction team.

Training & Updating: We are dedicated to keeping our PIs up-to-date and in compliance with all relevant Code requirements. Our PIs maintain and use specified links, among others, to the new “*Guidelines for Completion of Project Inspector's Semi-Monthly Report for School Construction Projects*,” which will affect all new jobs and their DSA deliverables.

New DSA Job-Card and “Cloud” Procedures: Most of us have attended 2013 DSA workshops, and all have added links for the new “*Guidelines for Completion of Project Inspector's Semi-Monthly Report for School Construction Projects*,” plus the new forms and provisions that now affect all new jobs and their DSA deliverables.

Safety & Training: Safety is our number one goal on all projects. We carry a good record, not only for our own inspectors but for the trade people on the project.

Litigation History: HBI Inspections has never been involved in a lawsuit or litigation as it relates to construction issues, district, architect or contractors, against the firm. We contribute this success to our professionalism across the board. HBI’s policies, all stated as part of our employee handbook, enforces our practice of Honesty, Integrity and Accountability within the HBI Inspection family.

Other Relevant Information

a. Solar System Certification Installations and Maintenance:

To separate ourselves from other inspections companies, as far as we know, HBI is the only DSA inspection company with certified Solar System Inspectors. This certification from Cal State University, a Six (6) week extensive class on all levels of Solar and Installation. This certification is extremely beneficial to our district clients, as this ensures a trained expert will oversee your investment, as only a certified inspector can.

b. Hazardous Material Certification: CCR Title 8 Lead, Asbestos, Mold, Air Quality Management, and Radon Gas.

To separate ourselves from other inspection companies and bring additional true value to our clients, we have inspectors which are certified in Hazard Material to includes Recognition, Evaluation, Protection and Proper Handling of such Hazardous Materials. This certification /experience is a true asset in recognizing materials that may be hazardous during renovation and replacement projects, therefore possibly reducing liability to our clients on current projects.

To Whom It May Concern:

This letter is written as a reference regarding my experience with Mr. Darrell Holmes, President of H.B.I. Inspections.

H.B.I. Inspections provided DSA Inspections for the Charter Operator for Santa Monica Charter School project located on LAUSD property. H.B.I. Inspection worked closely with all team members throughout the project to a successful DSA certification.

Mr. Holmes inspection knowledge, communication skills and ability to work closely with team members to achieve the project goals made H.B.I. an asset to the team.

Mr. Holmes was a significant factor in the successful completion of this project. He personally took extra steps to assist the AOR, Owner and Contractor complete this project.

Sincerely,

A handwritten signature in black ink, appearing to be "J. L." followed by a long horizontal stroke.

March 18, 2019

To Whom It May Concern

This letter is written as a recommendation for Mr. Darrell Holmes, a DSA Class-1 inspector.

Darrell Holmes / H.B.I. Inspections provide DSA inspection services as part of an ongoing two summer LAUSD project. I had the opportunity to work closely with Mr. Holmes who demonstrated a wide range of knowledge and skills that help the project move forward smoothly.

Mr. Holmes commitment is valued, working with all construction team members and DSA closeout. Mr. Holmes proactive skills, staying ahead of the project, and his knowledge of code, construction, and DSA was an asset to the success of our project.

I highly recommend that you hire Darrell Holmes a Class-1 project inspector for your construction project.

Sincerely,

**Ken Agharokh AIA

To Whom It May Concern:

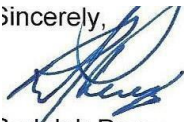

This letter is written for the recommendation of Mr. Darrell Holmes for the position of DSA Project Inspector. I have had the privilege of working with Mr. Holmes for the past several years where he has served as the DSA inspector for the Ontario Montclair School District. I have had the opportunity to observe him in his role as inspector in the field and to sit with him and discuss code related issues and ways to prevent errors from being repeated on future projects.

Mr. Holmes has successfully completed over 15 projects for the district without any problems, ensuring that the district projects are completed per plans and specification. His interaction with the contractors and subcontractors has been respectful and professional. His documentation for DSA and architects has enabled successful closeout of completed projects.

Mr. Holmes has excellent grasp of code and construction methods, which makes him a welcome asset to the district. Mr. Holmes has been very good at communicating to the district the status of the project and any problems that occur in the field and offering possible solutions to those problems.

Mr. Holmes demonstrates a genuine concern for the safe construction and code compliance of district projects. I, therefore, highly recommend that you consider Mr. Holmes for your employment.

Sincerely,

Rudy Perez
