Board of Trustees and Citizens of  
Klein Independent School District  
7200 Spring-Cypress Road  
Klein, Texas 77379

Dear Board of Trustees and Citizens:

As you are aware, state law requires that each school district must have its fiscal accounts audited annually. A copy of the annual financial report, approved by the Board of Trustees, must be filed with the Texas Education Agency (TEA) by the 150<sup>th</sup> day after the end of the fiscal year. The Comprehensive Annual Financial Report (CAFR) of the Klein Independent School District (the District) is published to fulfill that requirement for the fiscal year ended August 31, 2016.

The independent audit of the financial statements is part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the District’s separately issued Single Audit Report.

The CAFR consists of management’s representations concerning the finances of the District. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District’s administration. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework. The framework is designed to protect the District’s assets from loss, theft, or misuse, and also to compile sufficient reliable information for the preparation of the District’s financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Because the cost of internal controls should not outweigh their benefits, the District’s comprehensive framework of internal controls is designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Weaver and Tidwell, LLP, a firm of licensed certified public accountants, has issued an unmodified opinion based upon the audit of the District’s financial statements for the fiscal year ended August 31, 2016. The independent auditors’ report is presented as the first component of the financial section of this report.

Management’s Discussion and Analysis (MD&A) immediately follows the report of the independent auditors and provides a narrative introduction, overview, and analysis to accompany the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction.

## **PROFILE OF THE DISTRICT**

The area was settled in 1845 by German immigrants and later named after immigrant, Adam Klein. In July 1928, the present boundary lines of the school district were established with the consolidation of five common school districts, and the official name became Rural High School District Number One. The total enrollment was 582. In March 1938, the school district was incorporated and renamed the Klein Independent School District. The District is not included in any other governmental reporting entity and there are no component units.

A seven-member Board of Trustees (the Board) governs the District and has governance responsibilities over all activities related to public elementary and secondary education. Each member is elected to an at-large position for three years in a non-partisan election. An election is held each November for either two or three positions. Based on legislative authority codified in the Texas Education Code, the Board (1) has exclusive power to manage and govern the District; (2) can acquire and hold real and personal property; (3) shall have power to levy and collect taxes and to issue bonds; (4) can contract for appointed officers, teachers, and other personnel as well as for goods and services; and (5) has the right of eminent domain to acquire real property.

Klein Independent School District, encompassing approximately 87.5 square miles, is located in northwestern Harris County, Texas. Most of the District is located between Interstate Highway 45 (IH 45) on the east and State Highway 249 (SH 249) on the west. The southern boundary follows Cypress Creek for a considerable distance and a portion of the northern boundary of the District is coterminous with the northern boundary of Harris County. The District is comprised of four high schools, nine intermediate schools, and thirty-two elementary schools and serves an average daily attendance of 47,692 students. The ages of the school buildings range from zero to forty-five years. Construction began on Mahaffey Elementary School, during spring 2015 and opened for the 2016-17 school year. Construction began on Klein Cain High School during spring 2015 and is expected to be complete by August 2017. Construction began on intermediate #10 during spring 2016.

The District provides a full range of educational services appropriate to grade levels Pre-Kindergarten (PK) through 12. These include regular and enriched academic education, special education, career and technical education, language training for those with limited English proficiency, a disciplinary alternative education program, and an alternative high school program offering an accelerated and individualized curriculum. These basic programs are supplemented by a wide variety of offerings in the fine arts and athletics.

The annual budget serves as the foundation for the District's financial planning and control. The Board adopts an appropriated budget for the general fund, debt service fund, and the National School Breakfast and Lunch Program special revenue fund on a basis consistent with GAAP. Prior to August 20 each year, the District prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them. A meeting of the Board is called for the purpose of adopting the proposed budget after a ten day public notice of the meeting has been given. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board. The appropriated budget is prepared by fund, function, and campus/department. Transfers of appropriations between campuses/departments require the approval of the District's management. However, transfers of appropriations between functions require the approval of the Board as recommended by the Superintendent.

## **LOCAL ECONOMY**

The District is primarily residential in character, with an average home price of approximately \$203,517. Some of the larger subdivisions located within the District are Gleannloch Farms, Memorial Northwest, WindRose, Cypresswood, Champion Forest, Auburn Lakes, Inwood North, Bridgestone, Greenwood Forest, Northampton, Northcliff, Willowood, Memorial Chase, Charterwood, Colony Creek, and Memorial Springs. The Northwest and Far Northwest sectors had the greatest residential activity during the fiscal year and the District's demographer estimates that more than 740 single-family and multi-family units were added last year. As the District approaches build-out, the prevalence of multi-family housing units will increase. The greatest need for classrooms due to student enrollment growth into the foreseeable future continues to be expected north of FM 2920 to the District's northern-most boundary.

Klein is located in Harris County which is one of Houston's most rapidly growing areas. Employment growth slowed slightly over the last year and is expected to be flat in the Houston area this year. Two years ago, much of the new office space in and near the District was geared to the energy sector adding a high number of potential jobs in Klein ISD. The last two years, however, the expected growth in nearby energy has halted as large energy corporations near Klein ISD began cutting their work forces. In Klein, nonetheless, a significant proportion of the local ExxonMobil employees will continue to relocate slowly from the Greenspoint and Baytown areas, to homes near their new offices. Many of them are choosing Klein ISD as their place of residence. The Market at Springwoods Village and the Grand Parkway Marketplace will be adding 300 or more jobs, thus aiding overall employment stability within the District. The District's external demographer projects approximately 1,270 added

students per year for the coming four school years as a result of new housing, regeneration of older housing with younger families, and local employment trends. A strong school district, diverse and high quality housing options, and numerous quality of life amenities have attracted many residents to the area, in particular families.

The District's total tax base grew 11.37% to \$15.6 billion in 2015-16. The tax base had increased on average more than 8 percent annually over the previous nine years prior to 2009, while in 2009-10 the growth slowed to 2.8%. The District's total tax base was reduced by 1.6% in 2010-11. The slowdown in growth was due in part to the state and national economic downturn. The District's student average daily attendance, 47,692, has increased 22 percent over a ten-year period and its enrollment is the twentieth largest in the State. Over the past ten-year period, the unemployment rate in Harris County has ranged from a low of 4.2 percent in 2007 to a high of 8.5 percent in 2011.

## **LONG-TERM FINANCIAL PLANNING**

The District remains one of the fastest growing school districts in the county; however, the recent economic conditions have led to a slower growth rate. Enrollment is projected to increase 1.83 percent during the 2016-17 school year. The level of student growth is expected to average 1.94 percent over the next several years. The square footage of the District's schools ranges from 65,500 to 674,633 square feet. Based on the District's current total of forty-five schools, the District has reached approximately 83 percent of its permanent classroom facility requirements. The percentage of students at each instructional level is expected to be approximately 46 percent in grade levels PK through 5, 23 percent in grade levels 6 through 8, and 31 percent in grade levels 9 through 12. The long-range estimate of pupil density per square mile is expected to be approximately 715 students or more. The students per square mile are based on an enrollment that would stabilize after a peak in excess of 65,000 students. In May 2015, the District passed a \$498.1 million bond issue as part of a five-year plan that will address growth and facility needs for our students in five general areas: growth, technology, renovations, school buses, and safety and security. To date, the District has sold \$123.2 million of the 2015 bond authorization.

The District's approach to coping with increasing academic standards in a restricted funding environment is to ensure the budget process is instructionally driven and guided by the Strategic Plan. The major budget priorities are to increase beginning teacher salary to \$51,000 and remain competitive to recruit the highest quality staff; increase returning employee wages by approximately 4% to retain highest quality staff; add \$2.2 million to TRS ActiveCare employer contributions, ranging from \$50 to \$1,410 per employee per month; provide resources to fund the school reform project, Good to Great, at Klein Forest High School, Title I campuses within the District and at select non-Title I campuses with high needs; and provide additional instructional specialists in the classroom to model teaching methods and offer support.

The Board and administration review the Strategic Plan at least annually, focusing on aligning the allocation of resources, both personnel and financial, with the accomplishment of the goals and objectives. This facilitates identification of target areas for both operating cost reductions and increases.

## **RELEVANT FINANCIAL POLICIES**

Budget planning is an integral part of overall program planning so that the budget effectively reflects the District's programs and activities, and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, and alternatives for achieving program goals are considered, as well as input from the District and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and are a part of monthly activities.

## **MAJOR INITIATIVES**

Klein Independent School District seeks to help students become skillful, active, reflective, self-disciplined, and honorable members of their communities through engaging learning experiences in a safe and nurturing environment. During the 2015-2016 school year, student achievement and character development continued to be the primary objectives of the District. Strategies such as raising the performance of all students; closing the achievement gap; recruiting and retaining the highest quality employees; promoting positive character traits by building relationships; encouraging engagement and communicating effectively; and establishing and using best practices for continuous improvement allow the District to work toward its goals.

The District continues to implement a district and campus common assessment program that assists in measuring progress in student achievement in mathematics, English Language Arts, social studies, and science. The District received an overall "Met Standard" rating from the TEA in 2015-16, the highest rating in the state accountability rating system. Additionally, all campuses in Klein ISD received a "Met Standard" rating. The District exceeded the accountability standard in all four rating indexes including student achievement, student progress, closing performance gaps, and postsecondary readiness. The Community and Student Engagement Local Accountability System for 2015-16 rated the district exemplary (the highest rating) in the areas of dropout prevention strategies, community and parent involvement, fine arts, wellness and physical education, 21st century workforce development, second language acquisition and digital learning environment. In addition the district was rated recognized in the area of gifted and talented programs.

In an effort to engage students in advanced coursework, the District offers high school advanced placement courses, an international baccalaureate program, and classes with dual high school and college credit through the Lone Star College System. The District continues to offer a pre-advanced placement program in intermediate and high schools in all core subject areas to support student preparation for academic success. Advanced offerings have been expanded as more students express a desire to participate. Teachers are continually provided staff development focusing on research-based instructional strategies specifically in preparation for teaching higher level thinking skills and digital integration with students in the classroom.

### **AWARDS AND ACKNOWLEDGEMENTS**

Klein Independent School District received a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA) for its CAFR for the fiscal year ended August 31, 2015. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such a CAFR must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report will conform to the Certificate of Achievement Program requirements, and is being submitted to the GFOA for review.

The District received the Association of School Business Officials' (ASBO) Certificate of Excellence in Financial Reporting for the prior year. This award certifies that the CAFR for the fiscal year ended August 31, 2015, substantially conforms to the principles and standards of financial reporting as recommended and adopted by the ASBO. We believe our current report will conform to the Certificate of Excellence Program requirements, and is being submitted to the ASBO for review.

In addition, the District was awarded the ASBO Meritorious Budget Award for its 2015-16 adopted budget document. To receive this award, a school district must publish a budget document that substantially conforms to the principles and standards of this organization.

We would like to express our appreciation to the Board of Trustees for their concern in providing fiscal accountability to the patrons of our District and for their expertise in financial decisions. Special appreciation goes to the District's finance department and the independent auditors' staff. The preparation of this report could not have been accomplished without their efficient and dedicated service.

Respectfully submitted,

## **INDEPENDENT AUDITOR'S REPORT**

The Board of Trustees of  
Klein Independent School District  
7200 Spring-Cypress Road  
Klein, Texas 77379

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Klein Independent School District (District), as of and for the year ended August 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Klein Independent School District, as of August 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Klein Independent School District's basic financial statements. The Introductory Section, Supplementary Information, and Statistical Section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2017 on our consideration of Klein Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Klein Independent School District's internal control over financial reporting and compliance.

Yours truly,

*Weaver and Tidwell, L.L.P.*

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

As management of the Klein Independent School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended August 31, 2016.

**Financial Highlights**

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$196,348,229 (*net position*).
- Unrestricted net position of \$87,231,405 may be used to meet the District's ongoing obligations to students and creditors.
- The District's total net position decreased by \$2,317,210.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$254,548,430, a decrease of \$135,228,488 in comparison with the prior year. The decrease in governmental fund balances was primarily due to the increase in expenditures of the capital projects fund for the construction of Klein Cain High School and Mahaffey Elementary School.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$46,078,491 or 11 percent of total general fund expenditures.
- The District's bonded debt, at par, decreased by \$36,715,000 (4 percent) during the current fiscal year.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required supplementary information and supplementary information in addition to the basic financial statements.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused sick leave).

The government-wide financial statements of the District are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the District include: Instruction, Instructional Resources and Media Services, Curriculum and Instructional Staff Development, Instructional Leadership, School Leadership, Guidance, Counseling, and Evaluation Services, Social Work Services, Health Services, Student Transportation, Food Services, Extracurricular Activities, General Administration, Plant Maintenance and Operations, Security and Monitoring Services, Data Processing Services, Community Services, Interest on Long-term Debt, Bond Issuance Costs and Fees, Facilities Repair and Maintenance, Payments to Shared Services Arrangements, Payments to Juvenile Justice Alternative Education Programs, and Other Intergovernmental Charges.

The government-wide financial statements are referenced as Exhibits A-1 and A-2 in this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains twenty-six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, and the capital projects fund, all of which are considered to be major funds. Data from the other twenty-three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in the financial statements. The District adopts an annual appropriated budget for its general fund, debt service fund, and the *National School Breakfast and Lunch Program* special revenue fund.

The basic governmental fund financial statements are referenced as Exhibits B-1, B-1R, B-2 and B-2R in this report.

**Fiduciary fund.** The fiduciary fund is used to account for resources held for the benefit of students. The fiduciary fund is *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the District's own programs. The fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operation.

The basic fiduciary fund financial statement is referenced as Exhibit C-1 in this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow the basic financial statements in this report.

**Required supplementary information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. The required supplementary information relates to comparison of the original adopted budget, the final amended budget, and the actual amounts for the fiscal year. This is required supplementary information for the general fund and any major special revenue funds. The District did not have any major special revenue funds; therefore, only the general fund is presented as required supplementary information. The required supplementary information also provides information on the District's cost-sharing multiple-employer plan of which the District is a participant. The required supplementary information is referenced as Exhibit D-1, E-1, and E-2, and the associated notes immediately following the exhibits in this report.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Other information.** The supplementary information, combining and individual fund financial statements and schedules, is presented immediately following the required supplementary information and is referenced as Exhibits F-1, G-1, G-2, G-3, H-1 and I-1 in this report.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$196,348,229 at the close of the most recent fiscal year.

**KLEIN INDEPENDENT SCHOOL DISTRICT'S NET POSITION**

	<b>Governmental Activities</b>	
	<b>2016</b>	<b>2015</b>
Current and Other Assets	\$ 316,884,984	\$ 447,605,842
Capital Assets, net of Accumulated Depreciation	968,575,488	859,912,733
<b>Total Assets</b>	<b>1,285,460,472</b>	<b>1,307,518,575</b>
<b>Total Deferred Outflows of Resources</b>	<b>89,889,952</b>	<b>27,341,142</b>
Other Liabilities	56,590,239	51,909,287
Long-term Liabilities Outstanding	1,102,552,885	1,068,517,652
<b>Total Liabilities</b>	<b>1,159,143,124</b>	<b>1,120,426,939</b>
<b>Total Deferred Inflows of Resources</b>	<b>19,859,070</b>	<b>15,767,338</b>
<b>Net Position:</b>		
Net Investment in Capital Assets	79,488,178	83,664,009
Restricted	30,206,175	27,859,732
Unrestricted	86,653,877	87,141,699
<b>Total Net Position</b>	<b>\$ 196,348,230</b>	<b>\$ 198,665,440</b>

Unrestricted net position of \$86,653,877 represents 44 percent and is the largest portion of the District's net position. Unrestricted net position is available to meet the District's ongoing obligations to students and creditors.

Net investment in capital assets of \$79,488,178 represents 41 percent of the District's total net position. Investment in capital assets (e.g., deferred charges and gains on refundings, land, buildings and improvements, furniture and equipment and construction in progress), less any outstanding related debt used to acquire those assets are used to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position is the smallest portion of the District's net position and consists of debt service and state and federal programs. Net position restricted for debt service of \$22,359,636 and restricted for state and federal programs are \$7,846,539 make up 15 percent of net position. At the end of the current fiscal year, the District is able to report positive balances in all three categories of net position.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Governmental activities.** Governmental activities decreased the District's net position by \$2,317,210. Key elements of this decrease are as follows:

Prior Period Adjustment - Implement GASB 68 & 71 for Pensions (a)	-	(58,399,108)
Net Position - Beginning, as restated	198,665,440	184,237,017
<b>Net Position - Ending</b>	<b>\$ 196,348,230</b>	<b>\$ 198,665,440</b>

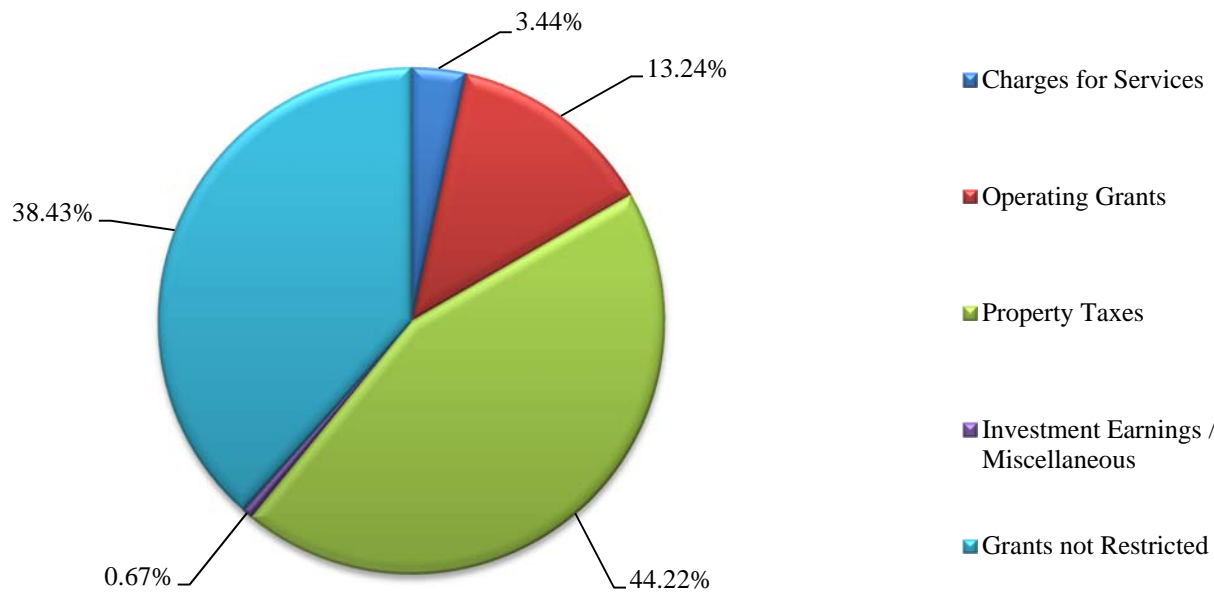

(a) The restatement of the beginning net position in fiscal year 2015 is the result of the District implementing GASB Statement No. 68 and 71 in fiscal year 2015.

Revenues are generated primarily from two sources (see Figure A-1). Grants and contributions (program and general revenues totaling \$283,248,514) represent 52 percent of total revenues and property taxes (\$242,420,983) represent 44 percent of total revenues. The remaining 4 percent is generated from charges for services, investment earnings, and miscellaneous revenues. The increase in grants and contributions was primarily due to an increase in special revenue funding and state aid for increases in average daily attendance. Property taxes increased primarily due to an increase in property values.

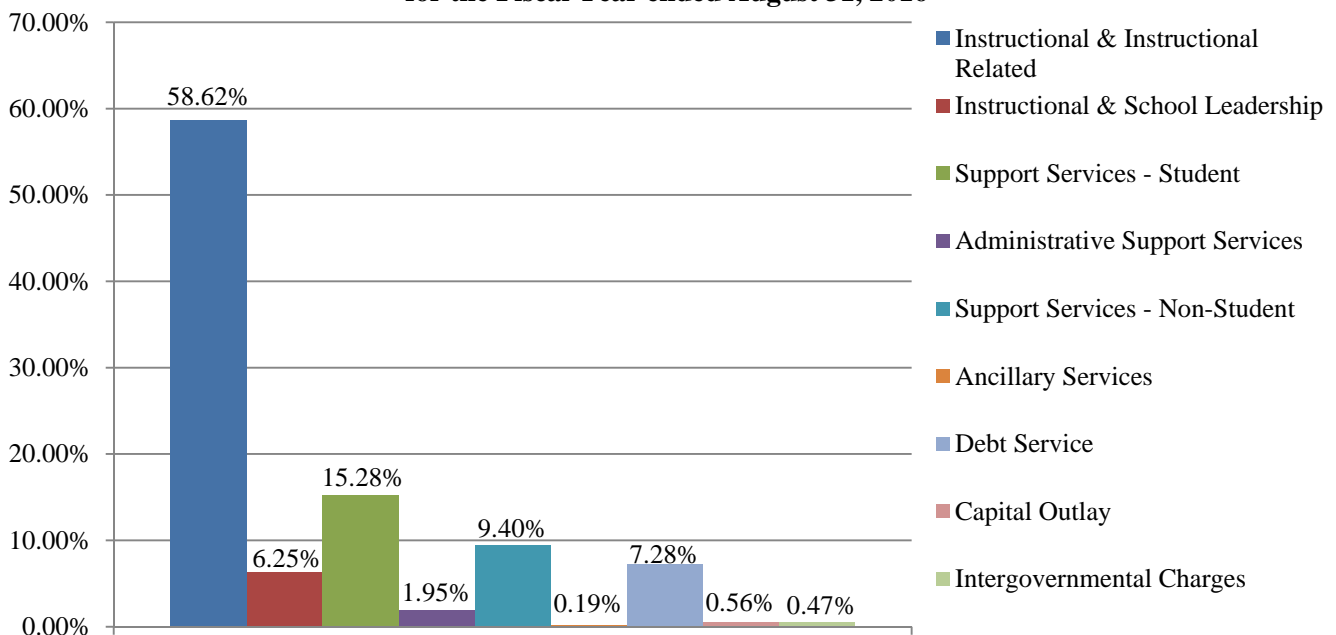

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

The primary functional expense (see figure A-2) of the District is instruction (\$304,113,383), which represents 55 percent of total expenses. Interest on long-term debt (\$38,708,632) represents 7 percent of total expenses and plant maintenance and operations (\$34,208,250) represents 6 percent of total expenses. The remaining individual functional categories of expenses are each less than 6 percent of total expenses. For the most part, increases in expenses are primarily due to opening a Mahaffey Elementary, salary increases and/or staffing changes.

**Figure A-1**

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Financial Analysis of the Government's Funds**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unrestricted committed, assigned or unassigned fund balance* may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$254,548,430, a decrease of \$135,228,488 in comparison with the prior year. The decrease in governmental fund balances was primarily due to the increase in expenditures of the capital projects fund for the construction of Klein Cain High School and Mahaffey Elementary School. Out of the combined ending fund balances, \$46,078,491 constitutes unassigned fund balances. The remaining \$208,469,939 is nonspendable, restricted, committed or assigned to indicate that it is not available for spending because it has already been committed.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$46,078,491 while total fund balance reached \$145,883,148. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 11 percent of total general fund expenditures, while total fund balance represents 36 percent of that same amount. The District's general fund balance increased by \$6,801,203 during the current fiscal year primarily due to an increase in property values and a small increase in state aid funding when compared to the previous year.

The debt service fund has a total fund balance of \$24,069,184, all of which is reserved for the payment of debt service. The District makes semi-annual debt service payments in February and August of each year. Debt service payments including bond fees for the year ended August 31, 2016 were \$73,892,041.

The capital projects fund has a total fund balance of \$73,690,363, all of which is reserved for authorized construction and technology projects. The net decrease in fund balance during the current year of \$145,130,576 was primarily due to the increase in expenditures of the capital projects fund for the construction of Klein Cain High School and Mahaffey Elementary School.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**General Fund Budgetary Highlights**

The primary differences between the original budget and the final amended budget of the general fund can be briefly summarized as follows:

<b>Estimated Revenues and Other Financing Sources</b>		
\$	11,175,541	Net increase in state aid resulted from TEA Hold Harmless payments to offset levy loss on additional \$10,000 homestead exemption; increase in anticipated state aid due to higher realized Weighted Average Daily Attendance; larger than estimated 2015 property values; and state aid earned from 2012 property value reductions.
	2,933,973	Increase in other financing sources from insurance payments for April 2016 storm damages.
	695,723	Increase in TRS On-Behalf due to the addition of 122 new positions during the 2015-16 school year and increase in Medicare Part D expense.
	392,807	Increase in local revenues received for gifts, donations, and insurance recovery.
	250,095	Increase in interest income due to higher than estimated yields.
	238,188	Other miscellaneous revenue increases.
	(3,681,037)	Net decrease in local tax revenues resulting from additional \$10,000 homestead exemption approved by Texas voters in 2015.
\$	<b>12,005,290</b>	<b>Total Estimated Revenues and Other Financing Sources Increase</b>
<b>Appropriations and Other Financing Uses</b>		
\$	6,655,604	Increase in salary and related fringe benefit appropriations due to the addition of 122 new positions during the 2015-16 school year.
	1,188,211	Increase in general supplies due to carryover technology resources from fiscal year 2015.
	1,002,138	Increase in contracted services primarily for human resources recruitment module, inventory management system, moving and set-up of transportable buildings and miscellaneous professional development.
	695,723	Increase in TRS On-Behalf due to the addition of 122 new positions during the 2015-16 school year and increase in Medicare Part D expense.
	447,236	Increase in employee travel appropriations to fund Professional Learning Communities training and increase in student and staff travel due to extracurricular competition advancements.
	441,828	Increase in capital outlay expenditures utilizing excess payroll budgets to purchase non-recurring items.
	332,905	Increase in substitute budgets due to addition of permanent substitutes and increased utilization for professional development.
	202,057	Other miscellaneous appropriation increases.
	(1,351,752)	Decrease in utility appropriations due to overestimation of recurring energy costs.
\$	<b>9,613,950</b>	<b>Total Appropriations and Other Financing Uses Increase</b>

The review of the final amended budget versus actual for the general fund reflected that estimated revenues exceeded actual revenue and expenditures were less than budgetary estimates, thus eliminating the need to further draw upon existing fund balances. At year end, estimated revenues exceeded actual amounts by \$1,180,005. Operating expenditures were \$7,221,161 less than final budgeted amounts primarily due to utility costs being less than anticipated.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Capital Assets and Long-term Debt**

**Capital assets.** The District's investment in capital assets for its governmental type activities as of August 31, 2016, amounts to \$968,575,488 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, furniture and equipment, and construction in progress. The total increase in the District's investment in capital assets for the current fiscal year was 12.6 percent.

Major capital asset events during the current fiscal year included the following:

- Construction continued on Klein Cain High School, scheduled to open in August 2017. The current year expenditures were \$85,471,444.
- Construction was completed on Mahaffey Elementary School and was opened in August 2016. The current year expenditures were \$18,213,286.
- The 2016 summer renovations and smaller renovations on numerous existing facilities are nearing completion. The current year expenditures were \$10,772,078.
- Preliminary site work and clearing began on the site of Intermediate #10, scheduled to open in August 2018. The planning and design phases began with the architects and engineers. The current year expenditures were \$3,085,642.
- Land was purchased for future schools as well as improvements made to existing land. The current year expenditures were \$2,863,890.
- Klein High School and Klein Collins High School are undergoing an upgrade and maintenance of existing athletic field lighting. The current year expenditures were \$1,981,041.
- Renovations are nearly completed on the Klein Oak Music Wing. The current year expenditures were \$1,959,614.
- Wunderlich Intermediate is currently being renovated with an expansion to include a 6th grade area and gym. The current year expenditures were \$1,740,100.
- Renovations and repairs are nearly finished for damage to Klein Collins High School from a tornado. The current year expenditures were \$942,452.
- The renovations were completed at Schindewolf Intermediate. The current year expenditures were \$646,339.

**KLEIN INDEPENDENT SCHOOL DISTRICT'S CAPITAL ASSETS**  
(Net of Depreciation)

	<b>Governmental Activities</b>	
	<b>2016</b>	<b>2015</b>
Land	\$ 99,305,496	\$ 78,854,874
Buildings and Improvements	739,425,163	717,356,382
Furniture and Equipment	32,713,775	31,605,276
Construction in Progress	97,131,054	32,096,201
<b>Totals</b>	<b>\$ 968,575,488</b>	<b>\$ 859,912,733</b>

**Construction commitments.** The District has active construction projects as of August 31, 2016. The projects include the construction and equipment of school facilities. At year end, the District's remaining commitments with contractors totaled \$65,389,758 for all ongoing projects.

Additional information on the District's capital assets can be found in Note III, item C of the notes to the financial statements.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Long-term debt.** At the end of the current fiscal year, the District had total long-term bonded debt outstanding of \$921,585,000 backed by the full faith and credit of the District.

**KLEIN INDEPENDENT SCHOOL DISTRICT'S OUTSTANDING DEBT**

	<b>Governmental Activities</b>	
	<b>2016</b>	<b>2015</b>
General Obligation Bonds, par	\$ 921,585,000	\$ 958,300,000

The District's bonded debt decreased by \$36,715,000 (3.83 percent) during the current fiscal year.

The \$137,500,000 Series 2016A bonds sold in April 2016 were all refunding bonds sold with a "AAA" rating and guaranteed through the Texas Permanent School Fund (PSF) Guarantee Program. The \$15,370,000 Series 2016B bonds sold in April 2016 were all refunding bonds not guaranteed through the PSF Guarantee Program because when they were originally sold the PSF Guarantee Program was out of capacity.

The District has sold \$123.2 million of the \$498.1 million bond authorization of 2015 leaving \$374.9 million of authorized but unissued bonds as of August 31, 2016.

Additional information on the District's long-term liabilities can be found in Note III, item E of the notes to the financial statements.

**Pension.** The adoption of Statement No. 68 resulted in the District's reporting of net pension liability and deferred inflows of resources and deferred outflows of resources for its qualified pension plan and the recognition of pension expense in accordance with the provisions of the Statement. The increase in the District's net pension liability (NPL) to \$108,093,967 at August 31, 2016 from \$51,543,594 at August 31, 2015 was the result of differences between projected and actual investment earnings and changes in the District's contributions and its proportionate share of contributions.

The following table provides the District's key pension statistics related to the TRS plan as of and for the fiscal years ended August 31:

**KLEIN INDEPENDENT SCHOOL DISTRICT'S KEY PENSION STATISTICS**

	<b>Governmental Activities</b>	
	<b>2016</b>	<b>2015</b>
Net Pension Liability (NPL)	\$ 108,093,967	\$ 51,543,594
Pension Expense	\$ 32,661,485	\$ 18,138,930

Additional information on the District's net pension liability can be found in Note IV, item C of the notes to the financial statements as indicated in the table of contents of this report.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**AUGUST 31, 2016**

**Economic Factors and Next Year's Budgets and Tax Rates**

- Average daily attendance (ADA) totaled 47,692 students, which is a 2.6 percent increase from the prior year.
- District staff totals 6,825 employees, which primarily consists of 3,361 teachers and 991 teachers' aides and secretaries.
- The District maintains 45 campuses for instruction.
- The unemployment rate for the County is currently 5 percent, which is an increase from a rate of 4.4 percent a year ago. This compares to the State's unemployment rate of 4.7 percent, which is an increase from a rate of 4.1 percent a year ago.
- Property values of the district have increased 11.37 percent over the past year.
- The property tax rate will be increased to \$1.43 per \$100 of assessed value for 2016-17.

All of these factors were considered in preparing the District's budget for the 2016-17 fiscal year.

**Requests for Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Superintendent of Schools, Klein Independent School District, 7200 Spring-Cypress Road, Klein, Texas, 77379.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**AUGUST 31, 2016**

**Exhibit B-1R**

**Total Fund Balances - Governmental Funds (Exhibit B-1)** \$ 254,548,430

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The governmental capital assets at year-end consist of:

Governmental Capital Assets Costs	\$ 1,216,766,703	
Accumulated Depreciation of Governmental Capital Assets	<u>(248,191,215)</u>	968,575,488

Property taxes receivable, which will be collected subsequent to year-end, but are not available soon enough to pay expenditures and, therefore, are deferred in the funds.	9,127,687
---	-----------

Long-term liabilities, including bonds payable, compensated absences, workers' compensation, and net pension liability are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Liabilities at year-end related to such items consist of:

Bonds Payable, at Original Par	\$ (921,585,000)	
Premiums on Bonds Payable	(65,505,365)	
Deferred Charge on Refunding Adjustment	24,312,692	
Accrued Interest on Bonds	(3,381,372)	
Workers' Compensation	(1,749,903)	
Compensated Absences	(5,618,650)	
Net Pension Liability	<u>(108,093,967)</u>	(1,081,621,565)

Deferred outflows for pension represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.	65,577,260
--	------------

Deferred inflows for pension represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.	<u>(19,859,070)</u>
--	---------------------

**Total Net Position - Governmental Activities (Exhibit A-1)** \$ 196,348,230

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,**  
**AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO**  
**THE STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED AUGUST 31, 2016**

**Exhibit B-2R**

**Total Net Change in Fund Balances - Governmental Funds (Exhibit B-2)** \$ (135,228,488)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital Assets <i>increased</i>	\$ 132,624,844	
Depreciation Expense	<u>(23,704,048)</u>	108,920,796

The net effect of miscellaneous transactions involving capital assets (transfers, adjustments and dispositions) is an increase (decrease) to net position. (258,041)

Because some property taxes will not be collected for several months after the District's fiscal year end, they are not considered "available" revenues and are deferred in the governmental funds. Deferred tax revenues increased (decreased) by this amount this year. (366,433)

Issuance of bonds provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.

Par Value	\$ (152,870,000)	
(Premium) Discount	<u>(19,984,986)</u>	(172,854,986)

Payment to the escrow agent to refund bonds from refunding proceeds reduces long-term liabilities. 171,482,842

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 31,955,000

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due and includes the amortization of debt related items. The (increase) decrease in interest reported in the statement of activities consists of the following:

Accrued Interest on Current Interest Bonds Payable	\$ 193,111	
Amortization of Bond Premium	3,106,527	
Amortization of Deferred Charge on Refunding	<u>(1,397,393)</u>	1,902,245

The (increase) decrease in compensated absences is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. 260,934

The (increase) decrease in workers' compensation is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. 137,900

The net change in net pension liability, deferred outflows, and deferred inflows is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. The net change consists of the following:

Deferred Outflows increased (decreased)	\$ 52,373,126	
Deferred Inflows (increased) decreased	(4,091,732)	
Net Pension Liability (increased) decreased	<u>(56,550,373)</u>	<u>(8,268,979)</u>

**Change in Net Position for Governmental Activities (Exhibit A-2)** \$ (2,317,210)

The accompanying notes to the financial statements are an integral part of this statement.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

### I. Summary of Significant Accounting Policies

#### A. Reporting Entity

The Klein Independent School District (District) is governed by a seven-member Board of Trustees (Board), which has governance responsibilities over all activities related to public elementary and secondary education within the District. Because members of the Board are elected by the public; have authority to make decisions; appoint management and significantly influence operations; and have primary accountability for fiscal matters; the District is not included in any other governmental reporting entity. The accompanying financial statements present the District. There are no component units, entities for which the District is considered to be financially accountable, included within the reporting entity.

The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding sources.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Direct expenses are not eliminated from the various functional categories. Interfund services that are provided and used are not eliminated in the process of consolidation. *Governmental activities* normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Depreciation expense and workers' compensation claims have been allocated to all applicable functions in order to present the expenses of the District more accurately in the statement of activities. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to students or users who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The fiduciary fund financial statements reflect the District's agency fund, reporting only assets and liabilities, and do not have a measurement focus. The agency fund utilizes the accrual basis of accounting.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. Grant and similar revenues, revenues received from the State of Texas, and interest associated with the current

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *capital projects fund* is used to account for proceeds from sales of bonds and other revenues to be used for authorized construction and technology projects.

Additionally, the District reports the following fund type:

The *agency fund* is used to account for assets held by the District as an agent for student organizations. The fund is custodial in nature (assets equal liabilities) and does not involve measurement or results of operation.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services that are provided and used are not eliminated in the process of consolidation.

Amounts reported as *program revenues* include 1) charges to students or users for goods, services, or privileges provided and 2) operating grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and investment income.

### **D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balances**

#### **1. Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, investment pools, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the District, except for certain investment pools, are reported at fair value. The investment pools operate in accordance with appropriate state laws and regulations, and are reported at amortized costs or net asset value.

#### **2. Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Property tax receivables include unpaid property taxes at year-end along with penalties and interests assessed on these unpaid taxes and are shown net of an allowance for uncollectibles. Net property tax receivables are stated at the amount estimated to be collectible based on the District's collection experience. Revenues from property taxes are recognized when levied to the extent they are available. The District considers property taxes as available when collected. However, not all outstanding property taxes are expected to be collected within one year of the date of the financial statements.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

Property values are determined by the Harris County Appraisal District as of January 1 of each year. Prior to September 1 of each year, the District must adopt its annual budget and as soon thereafter as practicable, shall adopt a tax rate thus creating the tax levy. Property taxes for the current calendar year are levied on approximately October 1 of each year and are payable by January 31 of the following year. Property tax receivables are recorded as of the date levied. Unpaid taxes become delinquent on February 1 and a tax lien on real property is created as of July 1 of each year.

### 3. *Inventories and Prepaid Items*

Inventories consisting of supplies and materials are valued at weighted average cost and they include maintenance, transportation, office and instructional supplies, and food service commodities. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Food service commodity inventory is recorded at fair market value on the date received. Commodities are recognized as revenues in the period received when all the eligibility requirements are met. Commodity inventory items are recorded as expenditures when distributed to user locations. A portion of fund balance is restricted to reflect minimum inventory quantities considered necessary for the District's continuing operations.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid expenditures are recorded when purchased rather than when consumed.

### 4. *Capital Assets*

Capital assets, which include land, construction in progress, buildings and improvements, furniture and equipment, and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the governmental column in the government-wide financial statements. The District's infrastructure includes parking lots and roads associated with various buildings. The cost of the infrastructure was initially capitalized with the building cost and is being depreciated over the same useful life as the building. Capital assets are defined by the District as assets with an initial, individual cost which equals or exceeds \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings and improvements and furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	15-60
Furniture and Equipment	7-25

Land and construction in progress are not depreciated.

### 5. *Compensated Absences*

It is the District's policy to permit employees to accumulate earned but unused state personal and sick leave days and local sick leave days. Upon retirement, an employee is entitled to reimbursement for accumulated, unused days if the employee (1) has a minimum of ten (10) years of consecutive service in the District immediately preceding retirement; and (2) begins receiving benefits under the Texas Teacher Retirement System (TRS) on an unreduced pension/annuity immediately upon separation from the District. An eligible employee will be reimbursed for an unlimited amount of unused personal and sick leave days. Compensation

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

for unused days is based on the daily rate of substitute pay effective at the time of the employee's retirement. Employees hired prior to September 3, 1974 may opt, upon retirement, to be paid at their daily rate in effect at the time of their retirement for up to thirty (30) days of accumulated local sick days. All accumulated personal and sick leave for qualifying employees is reported in the government-wide financial statements. A liability is recorded in the governmental funds for only the amount of personal and sick leave that is due to those employees who had retired, but had not yet been paid as of August 31, 2016.

Exempt staff members under contract July 1 through June 30 earn non-duty days based on the difference between the number of work days as set by the annual school calendar/the staff member's annual contract and the actual days worked by the staff member. All exempt staff members may carry no more than 25 days of accrued vacation or non-duty days (carryover days) to the following year and all non-exempt staff members working more than 226 days may carry no more than 200 compensatory hours to the following year. Staff members are paid for accumulated unused carryover days only upon termination of employment. In the government-wide financial statements, a liability is recorded for all accumulated carryover days as of August 31, 2016. A liability is recorded in the governmental funds for only those employees with carryover days that had retired, but had not yet been paid as of August 31, 2016.

### 6. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### 7. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditures) until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

The components of the deferred outflows of resources and deferred inflows of resources in the government-wide and fund level financial statements are as follows:

	Statement of Net Position	Balance Sheet - Governmental Funds	
	Governmental Activities	General Fund	Debt Service Fund
Deferred Outflows of Resources:			
Deferred Outflows from Pension Activities	\$ 65,577,260	\$ -	\$ -
Deferred Charge on Refunding	24,312,692	-	-
<b>Total Deferred Outflows of Resources</b>	<b>\$ 89,889,952</b>	<b>\$ -</b>	<b>\$ -</b>
Deferred Inflows of Resources:			
Deferred Inflows from Pension Activities	\$ 19,859,070	\$ -	\$ -
Unavailable Property Taxes	-	7,455,863	1,671,824
<b>Total Deferred Inflows of Resources</b>	<b>\$ 19,859,070</b>	<b>\$ 7,455,863</b>	<b>\$ 1,671,824</b>

# **KLEIN INDEPENDENT SCHOOL DISTRICT**

## **NOTES TO THE FINANCIAL STATEMENTS**

**AUGUST 31, 2016**

Deferred outflows/inflows of resources are amortized as follows:

- Deferred outflows/inflows from pension activities are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan, except for projected and actual earnings differences on investments which are amortized on a closed basis over a 5-year period.
- Deferred charge/gain on refunding is amortized over the shorter of the life of the refunded or refunding debt.
- Property taxes are recognized in the period the amount becomes available.
- District contributions after the measurement date are recognized in the subsequent year.

### **8. Net Position Flow Assumptions**

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

### **9. Fund Balance Flow Assumptions**

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). It is the District's policy to use restricted resources first, then unrestricted resources as they are needed. In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental funds financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. The District considers that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any unrestricted fund balance classification could be used.

### **10. Fund Balance Policies**

In the fund financial statements, governmental funds report fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which the amounts in the respective governmental funds can be spent. The District reports the following classifications of fund balance:

- Nonspendable fund balance - amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance - amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board. These amounts can only be used for the purpose intended, which requires formal Board action to establish (as noted in Board minutes), unless the Board modifies or removes the specified use by taking the same formal Board action. The amounts reported in this category include the campus activity fund balances in the special revenue fund.
- Assigned fund balance - amounts the District intends to use for a specific purpose. Intent can be expressed by the Board or by an official or body to which the Board delegates the authority pursuant to Board Policy CE (Local).
- Unassigned fund balance - amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The District has adopted a minimum fund balance policy for the General Fund. The policy requires the unassigned fund balance at fiscal year-end to be at least equal to two and a half months of regular General Fund operating expenditures. The District may reduce unassigned fund balance with Board approval.

# **KLEIN INDEPENDENT SCHOOL DISTRICT**

## **NOTES TO THE FINANCIAL STATEMENTS**

**AUGUST 31, 2016**

### **11. Pension**

In government-wide financial statements, pensions are required to be recognized and disclosed using the accrual basis of accounting (see Note IV.C. and the required supplementary information section immediately following the Notes to the Financial Statements), regardless of the amount recognized as pension expenditures on the modified accrual basis of accounting. The District recognizes a net pension liability for the qualified pension plan in which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified pension plan, or the District's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the respective pensions' fiscal year-end. Changes in the net pension liability during the period are recorded as pension expense, or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

## **II. Stewardship, Compliance, and Accountability**

### **A. Data Control Codes**

The Data Control Codes refer to the account code structure prescribed by the Texas Education Agency (TEA) in the *Financial Accountability System Resource Guide*. TEA requires school districts to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a statewide database for policy development and funding plans.

### **B. Budgetary Information**

The Board of Trustees adopts an appropriated budget for the general fund, debt service fund, and the *National School Breakfast and Lunch Program* special revenue fund on a basis consistent with generally accepted accounting principles. Budgetary information for the general fund appears in the required supplementary information subsection where the District compares the final amended budget to actual revenues and expenditures. Per regulatory requirements, the debt service fund and the *National School Breakfast and Lunch Program* special revenue fund are required to be reported with the original budget, final amended budget and actual revenues and expenditures. These schedules are included in the combining and individual fund statements and schedules subsection. All other governmental funds adopt project-length budgets. All annual appropriations lapse at fiscal year-end.

The following procedures are followed in establishing the budgetary data reflected in the financial statements.

1. Prior to August 20 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board.

The appropriated budget is prepared by fund, function, and campus/department. The District's campus/department heads may make transfers of appropriations within a campus/department. Transfers of appropriations between campus/departments require the approval of the District's management. Transfers of appropriations between functions require the approval of the Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level within a fund. The

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

District made several supplemental budgetary appropriations throughout the year, primarily in the general fund. These revisions are further detailed in the notes to the required supplementary information.

### C. Encumbrances

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as restricted, committed, or assigned fund balances as appropriate. The encumbrances do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Encumbrances are reported in the financial statements as restricted, committed, or assigned for specific purposes in the governmental funds. As of August 31, 2016, significant encumbrances included in governmental fund balances are as follows:

	<b>Encumbrances Included in:</b>	
	<b>Restricted Fund Balance</b>	<b>Assigned Fund Balance</b>
General Fund	\$ -	\$ 1,475,204
National School Breakfast and Lunch Program	53,245	-
State Textbook Fund	180,000	-
Capital Projects Fund	3,158,078	-
<b>Total Encumbrances</b>	<b>\$ 3,391,323</b>	<b>\$ 1,475,204</b>

## III. Detailed Notes on All Funds

### A. Deposits and Investments

*Cash Deposits:* The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the Texas School Depository Act. The depository bank pledges securities which comply with state law and these securities are held for safekeeping and trust with the District's and the depository banks' agent bank. The pledged securities are approved by the TEA and shall be in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance.

*Investments:* The District's investment policy is in accordance with the Public Funds Investment Act, the Public Funds Collateral Act, and federal and state laws. The District further limits its investments to obligations of governmental entities as permitted by Government Code 2256.009, certificates of deposit, commercial paper investments limited to investment pools, no-load money market funds, fully collateralized repurchase agreements, or investment pools.

For fiscal year 2016, the District invested in U.S. Treasuries and Government Agency securities, municipal securities, the TexPool Local Government Investment Pool, the Texas Association of School Board's Lone Star Investment Pool, and Texas CLASS Investment Pool. The District had investments in two custodial accounts at U.S. Bank whereby RBC Global Asset Management and Public Trust Advisors were hired as Investment Advisors. TexPool is duly chartered and overseen by the State Comptroller's Office and administered and managed by Federated Investors, Inc. The State Street Bank is the custodial bank. The portfolio consists of U.S. Government securities, collateralized repurchase and reverse repurchase agreements, no-load money market mutual funds regulated by the Securities and Exchange Commission (SEC) and rated AAA or equivalent by at least one nationally recognized statistical rating organization, and securities lending programs. Lone Star Investment Pool is duly chartered by the State of Texas Interlocal Cooperation Act, is administered by First Public, LLC, and managed by American Beacon Advisors and Standish. The State Street Bank is the custodial bank. Lone Star Investment Pool is restricted to invest in obligations of the U.S. or its agencies and instrumentalities, other obligations insured by the U.S., fully collateralized repurchase agreements having a defined termination date, secured by obligations described previously, reverse repurchase

## **KLEIN INDEPENDENT SCHOOL DISTRICT**

### ***NOTES TO THE FINANCIAL STATEMENTS***

***AUGUST 31, 2016***

agreements, and SEC-regulated no-load money market mutual funds that invest exclusively in the obligations described above. Texas Class is organized under the Sixth Amended Act. Texas CLASS is administered by Public Trust Advisors, LLC and all funds are held by the custodial agent, Wells Fargo N.A. Texas CLASS may invest in obligations of the U.S. or its agencies and instrumentalities; repurchase agreements; SEC-registered money market funds rated in the highest rating category by at least one NRSRO; and commercial paper rated A-1, P-1, or equivalent by two nationally recognized rating agencies.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. GASB Statement No. 72, Fair Value Measurement and Application provides a framework for measuring fair value which establishes a three-level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2 inputs are inputs—other than quoted prices included within Level 1—that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

The District, including fiduciary funds, has recurring fair value measurements as presented in the table below. The pools are reported as a cash equivalents in the financial statements. The District's investment balances and weighted average maturity of such investments (excluding the Non-TRS Pension Trust Fund) are as follows:

	Fair Value Measurements Using							
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Percent of Total Investments	Weighted Average Maturity (Days)	Credit Risk

	<b>\$ 287,271,230</b>							

Investment Portfolio Weighted Average Maturity

184

*Investment Pools* are measured at amortized cost or net asset value, i.e. fair value. Such investments are not required to be reported by levels in the table above.

*Money Market Funds and certain U.S. Treasuries* classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

*Municipal Securities, U.S. Treasuries and U.S. Government Agency Securities* classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The Texpool and Lone Star investment pools are external investment pools measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, investment pools must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity and diversification requirements within the investment pool. The investment pools transact at a net asset value of \$1.00 per share, have weighted average maturity of 60 days or less and weighted average life of 120 days or less, investments held are highly rated by nationally recognized statistical rating organization, have no more than 5% of portfolio with one issuer (excluding U.S. Government Securities), and can meet reasonably foreseeable redemptions. Texpool and Lone Star have a redemption notice period of one day and no maximum transaction amounts. The investment pools' authorities may only impose restrictions on redemptions in the event of a general suspension of trading on major securities market, general banking moratorium or national or state emergency that affects the pools' liquidity.

The Texas CLASS investment pool is an external investment pool measured at net asset value. Texas CLASS's strategy is to seek preservation of principal, liquidity and current income through investment in a diversified portfolio of short-term marketable securities. The District has no unfunded commitments related to the investment pool. Texas CLASS has a redemption notice period of one day and may redeem daily. The

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

investment pool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities market, general banking moratorium or national or state emergency that affects the pool's liquidity.

*Interest Rate Risk:* Interest rate risk is the risk that changes in interest rates may adversely affect the value of the investments. The District monitors interest rate risk utilizing weighted average maturity analysis. In accordance with its investment policy, the District reduces its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio as a whole to no more than 540 days (18 months), with the exception of bond proceeds that are matched to a specific cash flow, diversification and by holding securities to maturity. In addition, the District shall not directly invest in securities maturing more than twenty-four months from the date of purchase unless matched to a specific cash flow.

*Custodial Credit Risk:* The District's agent holds securities in the District's name; therefore the District is not exposed to custodial credit risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker/dealer) to a transaction, the District will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The District's policy requires that the investments of the District shall be secured through third-party custody and safekeeping procedures as designated by the District.

*Credit Risk:* State law and the District's investment policy limits investments in all categories to top ratings issued by nationally recognized statistical rating organizations. The District's ratings and credit risks are reported in the table above.

*Concentration of Credit Risk:* The District's investment policy requires the investment portfolio to be diversified in terms of investment instruments, maturity scheduling, and financial institutions in order to reduce the risk of loss resulting from over-concentration of assets in a specific class of investments, specific maturity, or specific issuer.

Certain investments are reported by the District at fair value. The amount of increase in the fair value of these investments during the year ended August 31, 2016, is included in investment earnings as follows:

Investment Earnings	\$ 1,222,909
Net Increase in Fair Value of Investments	70,415
<b>Total Investment Earnings</b>	<b>\$ <u>1,293,324</u></b>

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

**B. Receivables**

Receivables as of year-end for the District's individual major funds and nonmajor other governmental funds, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Debt Service</u>	<u>Capital Projects Fund</u>	<u>Other Governmental Funds</u>	<u>Total</u>
<b>Receivables:</b>

Sixty-five percent of property taxes receivable is not scheduled to be collected in the subsequent year.

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period or in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

	<u>Unearned</u>
Athletic Tickets (General Fund)	\$ 45,129
Escrow Local Taxes (General Fund)	27,498
Facility Rentals (General Fund)	28,942
Tuition (General Fund)	18,425
Miscellaneous Revenue (General Fund)	49,120
Grant Funds Received Prior to Meeting all Eligibility Requirements (Special Revenue Funds)	88,563
<b>Total Unearned Revenue For Governmental Funds</b>	<b>\$ 257,677</b>

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

### Construction Commitments

The District has active construction projects as of August 31, 2016. The projects include the construction and equipment of school facilities. At year end, the District's commitments with contractors are as follows:

<u>Project</u>	<u>Remaining Commitment</u>
2016 Facility Renovations - MEP Projects	\$ 991,172
2016 Facility Renovations - Roofing	673,679
Intermediate #10	1,248,443
Klein High School and Klein Collins High School Baseball Field Lighting	1,469,079
Klein Cain High School	55,365,437
Klein Oak Music Wing	8,528
Mahaffey Elementary	393,350
Wunderlich Intermediate Renovations	5,092,807
Various Commitments	147,263
<b>Totals</b>	<b>\$ 65,389,758</b>

The commitment for construction and equipment of school facilities is being financed by general obligation bonds secured by tax revenues.

### **D. Interfund Receivables, Payables, and Transfers**

Interfund balances consist of short-term lending/borrowing arrangements that result primarily from payroll, warehouse ordering and other regularly occurring charges that are paid by the general fund and then charged back to the appropriate other fund. Additionally, some lending/borrowing may occur between two or more nonmajor governmental funds.

The composition of interfund balances as of August 31, 2016, is as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
<b>Governmental Funds:</b>		
General Fund	\$ 6,232,060	\$ 2,488,628
Debt Service Fund	33,645	-
Capital Projects Fund	-	4,473,835
Nonmajor Governmental Funds	2,454,983	1,758,225
<b>Totals</b>	<b>\$ 8,720,688</b>	<b>\$ 8,720,688</b>

Interfund transfers are defined as "flows of assets without equivalent flow of assets in return and without a requirement for repayment." The following is a summary of the District's transfers for the year ended August 31, 2016:

<u>Transfers Out</u>	<u>Transfers In</u>	<u>Amount</u>
General Fund	Other Governmental Funds - Nonmajor	\$ 68,750
<b>Total</b>		<b>\$ 68,750</b>

The transfer from the general fund to nonmajor governmental funds was made to enhance certain supplemental operations that are accounted for in the *National School Breakfast and Lunch Program* special revenue fund.

### **E. Long-term Liabilities**

The District's long-term liabilities consist of bond indebtedness, workers' compensation, compensated absences, and net pension liability. The current requirements for general obligation bonds principal and interest expenditures are accounted for in the debt service fund. Other long-term liabilities are generally liquidated with resources of the general fund.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

**Changes in Long-term Liabilities**

Long-term liability activity for the year ended August 31, 2016, was as follows:

	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>	<b>Due Within One Year</b>
<b>Governmental Activities:</b>					
<b>Bonds Payable:</b>					
General Obligation Bonds	\$ 958,300,000	\$ 152,870,000	\$ (189,585,000)	\$ 921,585,000	\$ 35,790,000
Deferred Amounts:

<b>Total Long-term Liabilities</b>	<b>\$ 1,068,517,652</b>	<b>\$ 246,926,819</b>	<b>\$ (212,891,586)</b>	<b>\$ 1,102,552,885</b>	<b>\$ 37,563,885</b>

\*Additions includes a reduction of the provision

**General Obligation Bonds**

The District issues general obligation bonds to provide funds for the construction and equipment of school facilities, buses, and refunding general obligation bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the District. These are issued as 5-30 year current interest bonds, term bonds, and serial bonds with various amounts of principal maturing each year.

The following is a summary of changes in the general obligation bonds for the fiscal year:

<b>Series</b>	<b>Interest Rate</b>	<b>Original Issue</b>	<b>Maturity Date</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>
2005	3.50-5.50%	\$ 58,000,000	2031	\$ 17,200,000	\$ -	\$ (17,200,000)	\$ -
2007	3.50-5.50%	45,000,000	2032	16,775,000	-	(16,775,000)	-

2015A	3.00-5.00%	224,600,000	2045	224,600,000	-	(6,085,000)	218,515,000
2016A	2.00-5.00%	137,500,000	2038	-	137,500,000	-	137,500,000
2016B	3.00-5.00%	15,370,000	2031	-	15,370,000	(2,125,000)	13,245,000
<b>Totals</b>				<b>\$ 958,300,000</b>	<b>\$ 152,870,000</b>	<b>\$ (189,585,000)</b>	<b>\$ 921,585,000</b>

The 2010B taxable series Build America Bonds entitle the District to receive a subsidy payment from the federal government equal to 35% of the amount of each interest payment on these taxable bonds. In March 2013, sequestration began involving mid-year reductions from the federal government. The District's subsidy payment for August 2016 was reduced by 6.8 percent.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

On May 9, 2015, the authorized voters of the District approved the issuance of \$498,100,000 in general obligation bonds. As of August 31, 2016, the District had \$374,866,112 in authorized but unissued bonds remaining from the 2015 bond election.

In May 2016, the District issued \$152,870,000 of unlimited tax refunding bonds. The proceeds of the refunding bonds were used to legally defease \$157,630,000 of previously issued District bonds in order to lower its overall debt service requirements. The reacquisition price exceeded the net carrying value of the old debt by \$183,099,601. The amount is netted against the new debt and amortized over the life of the new debt. The refunding resulted in a debt service savings of \$26,527,071 and an economic gain of \$19,762,570.

In prior years, the District defeased certain outstanding general obligation capital improvement bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts and the liability for the defeased bonds are not included in the District's financial statements.

At August 31, 2016, the following outstanding bonds are considered defeased:

2008	General Obligation Bonds (maturing 2018-2025, callable August 1, 2017)	\$	8,375,000
2008A	General Obligation Bonds (maturing 2020-2025, callable August 1, 2018)		26,335,000
2008	General Obligation Bonds (maturing 2026-2033, callable August 1, 2017)		12,575,000
2008A	General Obligation Bonds (maturing 2019-2038, callable August 1, 2018)		94,430,000
2009B	General Obligation Bonds (maturing 2020-2034, callable August 1, 2019)		17,975,000
<b>Total</b>		<b>\$</b>	<b><u>159,690,000</u></b>

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

Annual debt service requirements to maturity for general obligation bonds are as follows:

<b>Year Ending August 31</b>	<b>Principal Value</b>	<b>Interest</b>	<b>Total Requirements</b>
2017	\$ 35,790,000	\$ 40,636,148	\$ 76,426,148

2044	15,955,000	1,060,400	17,015,400
2045	14,095,000	466,500	14,561,500
<b>Totals</b>	<b>\$ <u>921,585,000</u></b>	<b>\$ <u>559,283,209</u></b>	<b>\$ <u>1,480,868,209</u></b>

The District is subject to a legal debt margin in which the net indebtedness shall not exceed 10 percent of all assessed real and personal property in the District. At August 31, 2016, the legal debt margin was \$593,711,011.

In accordance with the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, bonds must satisfy certain arbitrage rebate requirements. Rebatale arbitrage is the excess of the amount earned on investments purchased with bond proceeds over the amount that such investments would have earned had such investments been invested at a rate equal to the yield on the bond issue. Rebatale arbitrage must be paid to the U.S. Treasury at the end of each five-year anniversary of the bond issue and upon final redemption of all outstanding bonds of the issue.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

**F. Fund Balance**

Other committed fund balance includes the following commitments of funds:

**General Fund:**

Future Budget Deficits \$ 14,045,900

**Nonmajor and Other Funds:**

Earned but unspent funds in special local programs including campus activity 5,378,336

**Total Other Committed Fund Balance** \$ **19,424,236**

Other assigned fund balance includes the following assignments of funds:

**General Fund:**

Coca-Cola Funds \$ 4,231,712

Outstanding Encumbrances 1,475,204

Long-term Investments 50,748,874

Compensated Absences 5,618,648

Operating Costs of Future School Openings 10,750,000

Land Purchases for Future School Sites 4,000,000

**Total Other Assigned Fund Balance** \$ **76,824,438**

**G. Revenues from Local, Intermediate, and Out-of-State Sources**

During the current year, revenues from local, intermediate, and out-of-state sources consisted of the following:

	<b>General</b>	<b>Debt Service</b>	<b>Capital Projects</b>	<b>Other Governmental Funds</b>	<b>Totals</b>
Property Taxes	\$ 177,524,788	\$ 63,387,018	\$ -	\$ -	\$ 240,911,806

**IV. Other Information**

**A. Risk Management**

**Property/Liability**

The District is exposed to various risks of loss related to property/liability losses for which the District carries commercial insurance.

In addition, the District is a member of the Texas Association of School Boards Joint Account Self-Insurance Fund (Fund). The Fund was created to formulate, develop and administer a program of modified self-funding for the property and/or liability coverage for its membership, provide claims administration, and develop a comprehensive loss control program. The District pays contributions to the Fund for its automobile and school liability coverage. The District's agreement with the Fund provides that the Fund will be self-sustaining through member premiums and will provide, through commercial companies, reinsurance contracts.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

### Workers' Compensation

The District established a limited risk management program for workers' compensation in 1988 by participating as a self-funded member of the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and Chapter 504, Texas Labor Code. As a self-funded member of the Fund, Klein ISD is solely responsible for all claims costs, both reported and unreported. The Fund provides administrative service to its self-funded members including claims administration and customer service.

The general fund services all claims for risk of loss to which the District is exposed. Premiums are paid into the general fund by the *National School Breakfast and Lunch Program* special revenue fund on behalf of those employees paid from this fund. These interfund premiums are used to reduce the amount of claims expenditures reported in the general fund.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities also include an estimated amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from stop-loss or subrogation, are another component of the claims liability estimate. An excess coverage insurance policy covers individual claims in excess of \$400,000 up to the statutory limits for any given claim. There were no significant reductions in insurance coverage from the prior year. Settlements have not exceeded coverages for each of the past three fiscal years.

Changes in the balances of claims liabilities during the past two years are as follows:

	Year Ended 8/31/2016	Year Ended 8/31/2015
Unpaid Claims, Beginning of Fiscal Year	\$ 1,887,803	\$ 2,155,864
Incurred Claims (including IBNRs)	491,292	623,132
Claim Payments	(629,192)	(891,193)
Unpaid Claims, End of Fiscal Year	<u>\$ 1,749,903</u>	<u>\$ 1,887,803</u>

### **B. Contingent Liabilities**

The District is a defendant in a legal claim arising principally in the normal course of operations. In the opinion of the District's management, the potential losses, after insurance coverage, on all allegations and legal claims, will not have a material effect on the District's financial position, results of operations or liquidity.

The District participates in a number of federal and state financial assistance programs. Although the District's grant programs have been audited in accordance with the provisions of the Single Audit Act through August 31, 2016, these programs are subject to financial and compliance audits by the grantor agencies. The District is also subject to audit by the TEA of the attendance data upon which payments from the agency are based. These audits could result in questioned costs or refunds to be paid back to the granting agencies.

### **C. Defined Benefit Pension Plan**

#### Plan Description

The Klein Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

### **Pension Plan Fiduciary Net Position**

Detailed information about the TRS's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

### **Benefits Provided**

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLAs). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan Description above.

### **Contributions**

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83<sup>rd</sup> Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 84<sup>th</sup> Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for Plan fiscal years 2016 and 2017. The 83<sup>rd</sup> Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for Plan fiscal years 2015 and 2016.

	2016	2015	2014
Member	7.2%	6.7%	6.4%
Non-Employer Contributing Entity (State)	6.8%	6.8%	6.8%
Employers/District	6.8%	6.8%	6.8%

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**AUGUST 31, 2016**

The contribution amounts for the District's fiscal year 2016 are as follows:

District Contributions	\$ 9,721,927
Member Contributions	\$ 22,583,094
NECE On-behalf Contributions (State)	\$ 15,257,975

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

**Actuarial Assumptions**

The total pension liability in the August 31, 2015 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2015
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	8.00%
Long-term Expected Investment Rate of Return	8.00%
Inflation	2.50%
Salary Increases Including Inflation	3.50% to 9.50%
Payroll Growth Rate	2.50%
Benefit Changes During the Year	None
Ad Hoc Post-Employment Benefit Changes	None

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2014 and adopted on September 24, 2015.

### Discount Rate

The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2015 are summarized below:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>	<b>Expected Contributions to Long-Term Portfolio Returns*</b>
<b>Global Equity</b>			
U.S.	18.0%	4.6%	1.0%
Non-U.S. Developed	13.0%	5.1%	0.8%
Emerging Markets	9.0%	5.9%	0.7%
Directional Hedge Funds	4.0%	3.2%	0.1%
Private Equity	13.0%	7.0%	1.1%
<b>Stable Value</b>			
U.S. Treasuries	11.0%	0.7%	0.1%
Absolute Return	0.0%	1.8%	0.0%
Hedge Funds (Stable Value)	4.0%	3.0%	0.1%
Cash	1.0%	-0.2%	0.0%
<b>Real Return</b>			
Global Inflation-Linked Bonds	3.0%	0.9%	0.0%
Real Assets	16.0%	5.1%	1.1%
Energy and Natural Resources	3.0%	6.6%	0.2%
Commodities	0.0%	1.2%	0.0%
<b>Risk Parity</b>			
Risk Parity	5.0%	6.7%	0.3%
Inflation Expectation	-	-	2.2%
Alpha	-	-	1.0%
<b>Total</b>	<b>100.0%</b>		<b>8.7%</b>

\*The expected contribution to returns incorporates the volatility drag resulting from the conversion between arithmetic and geometric mean returns.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

### Discount Rate Sensitivity Analysis

The following table presents the District's proportionate share of net pension liability for TRS calculated using the discount rate of 8.0%, as well as the District's proportionate share of the respective net pension liability if it was calculated using a discount rate that is 1-percentage-point lower (7%) or 1-percentage-point higher (9%) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
TRS	\$ 169,362,873	\$ 108,093,967	\$ 57,060,777

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2016, the District reported a liability of \$108,093,967 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District are as follows:

District's Proportionate Share of the Net Pension Liability	\$ 108,093,967
State's Proportionate Share of the Net Pension Liability Associated with the District	171,194,816
<b>Total</b>	<b>\$ 279,288,783</b>

The net pension liability was measured as of August 31, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2014 through August 31, 2015.

At August 31, 2015, the employer's proportion of the net pension liability was .30579369% which was an increase of .1128287% from its proportion measured at August 31, 2014. The change in the employer proportion of the net pension liability was primarily due to proportionality adjustments for contributions.

### Changes Since the Prior Actuarial Valuation

The following are changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period:

#### **Economic Assumptions**

- The inflation assumption was decreased from 3.00% to 2.50%.
- The ultimate merit assumption for long-service employees was decreased from 1.25% to 1.00%.
- In accordance with the observed experience, there were small adjustments in the service-based promotional/longevity component of the salary scale.
- The payroll growth assumption was lowered from 3.50% to 2.50%.

#### **Mortality Assumptions**

- The post-retirement mortality tables for non-disabled retirees were updated to reflect recent TRS member experience. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.
- The post-retirement mortality tables for disabled retirees were updated to reflect recent TRS member experience. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.
- The pre-retirement mortality tables for active employees were updated to use 90% of the recently published RP-2014 mortality table for active employees. Mortality rates will be assumed to continue to improve in the future using a fully generational approach and Scale BB.

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

### Other Demographic Assumptions

- Previously, it was assumed 10% of all members who had contributed in the past 5 years to be an active member. This was an implicit rehire assumption because teachers have historically had a high incidence of terminating employment for a time and then returning to the workforce at a later date. This methodology was modified to add a more explicit valuation of the rehire incidence in the termination liabilities, and therefore these 10% are no longer being counted as active members.
- There were adjustments to the termination patterns for members consistent with experience and future expectations. The termination patterns were adjusted to reflect the rehire assumption. The timing of the termination decrement was also changed from the middle of the year to the beginning to match the actual pattern in the data.
- Small adjustments were made to the retirement patterns for members consistent with experience and future expectations.
- Small adjustments to the disability patterns were made for members consistent with experience and future expectations. Two separate patterns were created based on whether the member has 10 years of service or more.
- For members that become disabled in the future, it is assumed 20% of them will choose a 100% joint and survivor annuity option.

### Actuarial Methods and Policies

- The method of using celled data in the valuation process was changed to now using individual data records to allow for better reporting of some items, such as actuarial gains and losses by source.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2016, the District recognized pension expense of \$32,661,485 and revenue of \$24,392,506 for support provided by the state.

At August 31, 2016, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences Between Expected and Actuarial Experience	\$ 662,954	\$ 4,154,148
Changes of Assumptions	2,784,892	3,856,319
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	26,621,137	11,815,371
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions (Cost-Sharing Plan)	25,786,350	33,232
District Contribution after Measurement Date	9,721,927	-
<b>Totals</b>	<b>\$ 65,577,260</b>	<b>\$ 19,859,070</b>

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

The \$9,721,927 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended August 31, 2016. Other amounts reported as deferred outflows of resources (deferred inflows of resources) related to pensions will be recognized in pension expense as follows:

**Year Ending August 31:**

2017	\$	6,421,890
2018		6,421,890
2019		6,421,890
2020		10,360,347
2021		3,654,634
Thereafter		2,715,612
<b>Total</b>	<b>\$</b>	<b><u>35,996,263</u></b>

### D. Retiree Health Plan

*Plan Description.* The Klein Independent School District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas (TRS). TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS website at [www.trs.state.tx.us](http://www.trs.state.tx.us) under the TRS Publications heading, by calling the TRS Communications Department at 1-800-223-8778, or by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701-2698.

*Funding Policy.* Contribution requirements are not actuarially determined but are legally established each biennium by the Texas legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.00% and .65% of public school payroll, respectively, with school districts contributing a percentage of payroll set at .55% for fiscal years 2016, 2015, and 2014. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than .25% or greater than .75% of the salary of each active employee of the public school. For staff member funded by federal programs, the federal programs are required to contribute 1%.

Contributions made by the member, State, and District for the years ended August 31, 2016, 2015, and 2014 are as follows:

#### Contribution Rates

Year	Active Member		State		School District	
	Rate	Amount	Rate	Amount	Rate	Amount
2016	0.65%	\$ 2,038,752	1.00%	\$ 3,005,757	0.55%	\$ 1,725,097
2015	0.65%	\$ 1,903,725	1.00%	\$ 2,801,754	0.55%	\$ 1,610,844
2014	0.65%	\$ 1,758,158	1.00%	\$ 2,584,683	0.55%	\$ 1,487,672

For the current fiscal year and each of the past two years, the District's actual contributions were equal to 100 percent of the required contributions. The contributions made by the State are on behalf of the District and have been recorded in the governmental funds' financial statements of the District as both state revenues and expenditures. These contributions are the legal responsibility of the State.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care receives

# KLEIN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2016

retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended August 31, 2016, 2015, and 2014, the subsidy payments received by TRS-Care on-behalf of the District were \$1,220,986, \$863,502, and \$727,297, respectively. These payments are recorded as equal revenues and expenditures in the governmental funds' financial statements of the District.

The Early Retiree Reinsurance Program (ERRP) was established by section 1102 of the Affordable Care Act enacted on March 23, 2010. Under ERRP, TRS receives payments for a portion of the cost of providing health benefits to retirees between the ages of 55-64 and their covered dependents. The amount of the subsidy payment for 2016, 2015 and 2014 was not readily determinable because it was included as a gross amount with Medicare Part D. These payments are recorded as equal revenues and expenditures in the governmental funds' financial statements of the District.

### E. Shared Services Arrangement

The District participates in a shared services arrangement for a Regional Day School for the Deaf with seven other school districts. Approximately 23 percent of the students served by the shared services arrangement are attributable to the District. The District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. Cypress-Fairbanks Independent School District is the fiscal agent manager and is responsible for all financial activities of the shared services arrangement.

Presented below are the revenues and expenditures as of August 31, 2016 attributable to the District's participation in the shared services arrangement:

#### Revenues

State Revenue Distributed by TEA	\$	353,701
Local Revenue Paid by District		519,643
<b>Total Revenues</b>	<b>\$</b>	<b><u>873,344</u></b>

#### Expenditures

Payroll Costs	\$	870,237
Contracted Services		1,565
Miscellaneous Expenses		1,542
<b>Total Expenditures</b>	<b>\$</b>	<b><u>873,344</u></b>

The accompanying notes to the required supplementary information are an integral part of this statement.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**AUGUST 31, 2016**

**I. Budget**

**A. Budgetary Information**

Each school district in Texas is required by law to prepare annually a budget of anticipated revenues and expenditures for the general fund, debt service fund, and the *National School Breakfast and Lunch Program* special revenue fund for the fiscal year beginning September 1. The Texas Education Code requires the budget to be prepared not later than August 20 and adopted by August 31 of each year. The budgets are prepared on a basis of accounting that is used for reporting in accordance with generally accepted accounting principles.

The District annually adopts legally authorized appropriated budgets for the general fund, debt service fund, and *National School Breakfast and Lunch Program* special revenue fund. The following procedures are followed in establishing the budgetary data reflected in the fund financial schedules:

1. Prior to August 20 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget after a ten day public notice of the meeting has been given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board.

The appropriated budget is prepared by fund, function, and campus/department. The District's campus/department heads may make transfers of appropriations within a campus/department. Transfers of appropriations between campuses/departments require the approval of the District's management. Transfers of appropriations between functions require the approval of the Board. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the function level within a fund. All annual appropriations lapse at fiscal year-end.

**B. Variances with Final Budget**

The District's general fund budget differs from the original budget due to budget revisions that were made during the fiscal period:

- Amendments approved shortly after the beginning of the new fiscal year period for amounts restricted, committed, or assigned in the prior year,
- Amendments in early and late spring to revise estimates for local and state revenues based on the latest information on student attendance numbers and tax collections, and
- Amendments during the year for unexpected occurrences.

The net increase of \$9,005,290 estimated revenues, including other financing sources, was primarily due to the additional state aid received as a result of TEA Hold Harmless payments, higher than expected Weighted Average Daily Attendance, larger than estimated property values, state aid earned from property value reductions; and an increase in other financing sources from insurance payments for the April 2016 flood and storm damages.

The net increase of \$6,613,950 to appropriations, including other financing uses, was primarily due to utility costs being less than anticipated, increase in salary and benefits for additional positions, increase in general supplies for technology, and an increase in contracted services for various initiatives.

**KLEIN INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**AUGUST 31, 2016**

**II. Pension**

**A. TRS – Actuarial Assumptions for Contribution Rate**

*Actuarial Assumptions.* The information presented in the preceding table was used in the actuarial valuation for determining the actuarially determined contribution rate. The assumptions are as follows:

Valuation Date	August 31, 2015
Actuarial Cost Method	Ultimate Entry Age Normal
Amortization Method	Level Percentage of Payroll, Open
Remaining Amortization Period	33 Years
Asset Valuation Method	5 Year Smoothed Market
Actuarial Assumptions:	
Inflation	2.50%
Salary Increases	3.50% to 9.50% Including Inflation
Investment Rate of Return	8.00%
Ad hoc Post-Employment Benefit Changes	None
Benefit Changes During the Year	None

## **NONMAJOR GOVERNMENTAL FUNDS**

---

### **SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

## **KLEIN INDEPENDENT SCHOOL DISTRICT**

### ***FUND DESCRIPTIONS***

#### ***NONMAJOR GOVERNMENTAL FUNDS – SPECIAL REVENUE FUNDS FOR THE YEAR ENDED AUGUST 31, 2016***

ESEA Title I, Part A, Improving Basic Programs – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, allocated to local educational agencies to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards developed for all children.

IDEA, Part B, Formula – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, granted to operate educational programs for children with disabilities.

IDEA, Part B, Preschool – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, granted for preschool children with disabilities.

IDEA, Part B, Discretionary – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, granted for high risk children with disabilities.

National School Breakfast and Lunch Program – To account for receipt and expenditure of funds received from the U.S. Department of Agriculture, passed through the State Department of Agriculture and Texas Education Agency, to provide breakfast and lunch to school children and for other allowable child nutrition program purposes.

Career and Technical – Basic Grant – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, granted to provide Career and Technical education to develop new and/or improve Career and Technical education programs for paid and unpaid employment.

ESEA Title II, Part A, Teacher and Principal Training and Recruiting – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, provided to local education agencies to increase student academic achievement through improving teacher and principal quality, and increasing the number of highly qualified teachers in classrooms and highly qualified principals and assistant principals in schools and to hold local education agencies and schools accountable for improving student academic achievement.

ESEA Title III, Part A, English Language Acquisition and Language Enhancement – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, granted to improve the education of limited English proficient children, by assisting the children in learning the English language and to meet challenging State academic content and student academic achievement standards.

Medicaid Administrative Claiming Program – To account, on a project basis, for funds allocated to local educational agencies for reimbursement of eligible administrative costs for activities attributed to the implementation of the Medicaid State Plan.

ESEA Title VI, Part A, Summer School LEP – To account, on a project basis, for funds received from the U.S. Department of Education, passed through the Texas Education Agency, for summer school programs for Limited English Proficient (LEP) students who will be eligible for admission to kindergarten and first grade at the beginning of the next school year.

State Supplemental Visually Impaired (SSVI) – To account, on a project basis, for funds received from the Texas Education Agency passed through Region IV Education Service Center, to provide educational and related services for students with visual impairments.

## **KLEIN INDEPENDENT SCHOOL DISTRICT**

### ***FUND DESCRIPTIONS***

#### ***NONMAJOR GOVERNMENTAL FUNDS – SPECIAL REVENUE FUNDS FOR THE YEAR ENDED AUGUST 31, 2016***

Non-Educational Community-Based Support – To account, on a project basis, for funds received from the Texas Education Agency, passed through Region IV Education Service Center, for the provision of non-educational community-based support services to students with disabilities who would remain or have to be placed in residential facilities for educational reasons without the provision of these services.

Advanced Placement Incentives – To account, on a project basis, for funds awarded from the Texas Education Agency to school districts under the Texas Advanced Placement Award Incentive Program.

State Textbook Fund – To account, on a project basis, for funds provided through the Texas Education Agency to aide public school districts in the purchase of adopted instructional materials, technological equipment, and technology services.

State Funded Special Revenue Funds – To account, on a project basis, for funds from the State of Texas and the Texas Education Agency, awarded for reading materials for school libraries and professional development.

Campus Activity Funds – To account for transactions related to a principal's activity fund that benefits students.

Klein ISD Education Foundation Grant – To account, on a project basis, for funds received from the Klein ISD Education Foundation to the Klein ISD for educator grants. These funds provide equipment, materials, and support to enrich, maintain, and expand programs needed to meet the District's stated mission of excellence in education.

Miscellaneous Donations – To account for donations made to the Therapeutic Education Program and the Visually Impaired Program by individuals and businesses for the benefit of students in these programs. The Therapeutic Education Program is a special education program serving students with disabilities which impact the students' social and behavioral functioning. The program serves a variety of students including many who reside in Child Protective Services residential treatment facilities within the District. The goal of the program is to successfully transition these students into the regular campus populations. The donations for the Visually Impaired Program are used to purchase various types of equipment.

Unite for Understanding – To account for funds received from community donations to help with the promotion of cultural diversity, equity, and mutual respect by providing a safe sanctuary environment for students through the collaboration of community and school leaders, social service organizations, and parents. Additional funds are generated through the creation and sale of items that promote and support cultural sensitivity.

Miscellaneous Grants – To account for funds awarded by other local sources with restricted purposes.

Jason Project-Chevron – To account for funds awarded by Chevron to implement online science curriculum, as a supplement and resource to the Klein ISD curriculum in grades K-12. The Jason Project offers innovative curriculum that aligns to the Texas Essential Knowledge and Skills standards, professional development for science teachers, and materials for student use.

Dual Credit Program – To account for funds awarded from Lone Star College System. The funds will allow high school students to earn dual course credit for immediate award of both high school credit and college certificate and/or associate degree credit.

Aquaponics Project – To account for grant funding for the addition of an Aquaponics garden at Wunderlich Intermediate to serve as a learning environment for student education and involvement.

## **FIDUCIARY FUND**

---

### **AGENCY FUND**

The District's agency fund is used to account for assets held by the District as an agent for student organizations. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operation.

## STATISTICAL SECTION

---

The statistical section of the Klein Independent School District's Comprehensive Annual Financial Report presents detailed information (both of current and historical) as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the District's economic condition and overall financial health. To assist financial statement users, this section is categorized as follows:

### **Financial Trends**

These schedules contain trend information to assist in understanding how the District's financial performance and position have changed over time.

### **Revenue Capacity**

These schedules contain information to help assess the factors affecting the District's most significant local revenue source, the property tax.

### **Debt Capacity**

These schedules present information to assist in assessing the affordability of the District's current debt burden and its ability to issue additional debt in the future.

### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to aid in understanding the socioeconomic environment in which the District operates and to facilitate comparisons over time.

### **Operating Information**

These schedules contain information about the District's operations and resources to assist in using the financial statement information to better understand and assess the District's economic condition.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

**KLEIN INDEPENDENT SCHOOL DISTRICT**

(1) Beginning with fiscal year 2011, GASB Statement No. 54 provides more clearly defined fund balance categories.

(2) The increases/decreases in fund balances are explained in the governmental funds section of the Management's Discussion and Analysis on page 22.

(3) The fluctuations were primarily due to the unspent bond proceeds for capital projects.

<b>Debt Service as a Percentage of Noncapital Expenditures (2)</b>	13.35%	13.48%	14.35%	14.36%

- (1) Expenditures for instruction have risen over the past ten years due to fast student growth.
- (2) Noncapital expenditures consist of total expenditures less capital outlays noted in the reconciliation of governmental funds to governmental activities. Debt service includes principal and interest only.
- (3) Fluctuations are due to changes in annual construction contracts.
- (4) Due to a change in Texas coding requirements, other intergovernmental charges includes Harris County tax appraisal fees which were recorded in general administration in prior years.
- (5) Increase is due to an increase in students resulting in additional state aid.

(1) The value is the appraised value at original certification and fluctuates due to property owner protests and preliminary appraisal values at the time of certification.

(2) Tax Rates are per \$100 of actual taxable value.

(3) The tax rate was reduced as a result of State legislative reform.

(4) Information to present more categories of assessed value is not readily available.

Source: Harris County (Texas) Appraisal District annually provides the District's tax office with appraised values for properties within the District's taxing authority. Appraised value equals assessed value. Assessed value less exemptions equals actual taxable value. Actual taxable value times the tax rate set by the District's Board of Trustees each fall equals the tax levy.

(4) The District voted its maintenance tax under former Article 2784e-1 which provided for a maximum maintenance tax rate of \$1.50 per \$100 actual taxable valuation. Effective with the 2006-07 fiscal year, State legislation limits the rate to the lesser of \$1.50 or the sum of the product of the "state compression percentage" multiplied by \$1.50 plus \$0.17 (contingent upon voter approval). Section 45.003(b)(1) of the Texas Education Code provides for an unlimited tax rate for debt service if the District has met the ability to pay standards as outlined in Chapter 45 of the Texas Education Code.

(1) Assessed value less exemptions equals actual taxable value. The beginning actual taxable value net of adjustments times the tax rate set each fall by the District's Board of Trustees equals the total net tax levy. The net tax levy for prior years reflects ongoing adjustments applied to that year's tax levy.

Source: Harris County (Texas) Appraisal District provides the District's tax office with appraised values for properties within the District's taxing authority.

<b>TOTAL OVERLAPPING AND DIRECT DEBT</b>			<b>\$ 1,948,182,647</b>
Ratio of Total Overlapping Debt and Direct Debt to Actual Taxable Value for Fiscal Year Ended August 31, 2016 (5)			<b>12.51%</b>

- (1) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District.  
The percentage of overlapping debt is estimated using taxable assessed property values. Percentages were estimated by determining the portion of the overlapping taxing authority's taxable assessed value that is within the District's boundaries and dividing it by the overlapping taxing authority's total actual taxable value.
- (2) Formerly North Harris Montgomery CCD.
- (3) Meadowhill Regional MUD formerly Dove Meadows MUD.
- (4) Details regarding the District's outstanding debt can be found in the Notes to the Financial Statements.
- (5) Actual taxable value equals: \$ 15,567,321,931
