

- Are there specific dates for the fumigations to be completed for each school?
 - Tentative Dates are as follows;
 - Sonora (July 1 – 3)
 - Paularino (July 6 – 8)
 - Whittier (July 24 – 26)
 - Wilson (July 31 – August 2)
 - Pomona (August 7 – 9)
- There is an area that states that employees can only work M-F for 8 hours. Can we please get in writing that this can change to M-S and anything over 8 hours is approved for overtime?
 - Work will be allowed to occur on Saturday and Sunday if needed.
- Also, during a fumigation we will need the use of power and limited water at the schools.
 - Awarded contractor will have access to site power and water.
- Are we treating subterranean termites?
 - No, dry wood termites only
- Do we need to include wood repairs?
 - No, fumigation only
- Are we doing sheds?
 - Yes, include wood sheds
- Contractor shall monitor for activity and set traps as needed around portable classrooms to make sure there are no animals living underneath the portables prior to fumigation. Contractor will be responsible for removing any dead animals after fumigation.
- Contractor shall remove birds and nests prior to fumigation.
- Contractor will re-inspect the schools once per year during the summer for three years (during the warranty period).
