Welcome to St George's

We are delighted that you are considering applying for a position at St George's. We are one of the leading and most academically successful British International Schools in Europe, with a rich history of providing a world-class education to expatriate and internationally minded families in one of the world's most iconic cities.

Our community - uniquely in Rome - comprises pupils from nearly 100 different countries and this infuses our school with vibrancy, inclusivity, tolerance, respect and support. Our highly qualified team of teachers includes many leading educationalists and experts in their field who inspire the pupils to genuinely be the best they can be.

We are committed to not only recruiting and retaining the best teachers, but also to ensuring that we constantly develop and improve the education that they provide for our pupils through a focus on training, coaching, research and innovation. Our close links with the world's highest performing and most aspirational universities ensure that our Georgians are filled with ambition and have the highest possible expectations for their future.

Whilst our IGCSE and IB results are among the best of any school of its type in the world, we believe that a truly outstanding education is about so much more than just examination results. Our focus on the nine Cs ensures our pupils become highly successful individuals who are equipped to excel whatever the global economy of the future looks like, but who are also proud of who they are and their own unique combination of qualities, talents, passions and challenges.

Our programme of co-curricular activities allows pupils to develop a wide range of interests beyond the curriculum. Our sports facilities are without parallel in the city. Our performing arts and music productions are breathtaking in both their ambition and scope. And, perhaps not surprisingly for a school with such close links to the city's diplomatic community, we have consistently excelled on the international stage in our Model United Nations endeavours.

With two campuses - a Junior School in the heart of Rome and a further Junior and Senior School based in La Storta in the city's northwestern suburbs, the school is seeking ambitious teachers who can contribute to the exciting next phase of our development.
