Periodic Certification for Employees:

FOR: Employees funded in part by federal grants, AND the tasks or work performed by the employee is the same regardless of the funding source.

I, _____ (EE's supervisor) hereby certify that _____ (employee) work(s) in a position at _____ (school) which is partially funded through a single (or multiple) federal program(s), as well as other local or state funding sources, AND the task(s) and work performed are similar regardless of funding source.

Task(s) or scope of work: _____

The Task(s) or work performed for all funding sources that fund this position are the same in scope (including to whom the services are provided and the classification of type of students' needs) and compliant at all times with the allowable work criteria under the federal grant program.

Because the work performed is the same in nature and scope, this certification attests that there is no need to perform a time study based on daily tasks as all tasks performed qualify for federal funding.
