

Subject Area: ART
Course Title: ART 2AB
Two semester course
Five units credit per semester
Level: I (II) III

ESSENTIAL COURSE OBJECTIVES:

1. Given instruction in composition and design, the student will demonstrate the ability to produce products which exemplify these concepts.
2. The student will produce products which exemplify the concept "form follows function."
3. The student will produce products in which the chosen medium (e.g., water color, oils, tempera) complements the art form.
4. Given instruction in the basic proportions of the human figure, the student will demonstrate the ability to apply this information to his/her own art work.
5. Given a variety of experiences in observing and creating various art forms, the student will demonstrate the ability to discuss these art forms and tell why he/she likes or dislikes them.
6. The student will show evidence of artistic growth through his/her ability to use both familiar and new materials independently.
