School Description

Principal's Message

Paloma is growing in a number of ways. Our student population is approaching 3200. The growth will continue for the foreseeable future and will impact the facilities until Liberty High School opens in August 2021. At the start of this school year we completed construction on and opened an additional classroom building near the J building, an expansion of walkway space to and from the J building as well as a new stadium entrance, snack bar, and restroom facilities. These new facilities allow our campus to grow and provide students with a shaded space to eat lunch.

The efforts of our staff and students to improve instruction at PVHS have not gone unnoticed. PVHS is the only school in PUHSD to make gains in 2018 and 2019 in both the math and English sections of the California Assessment of Student Performance and Progress (CAASPP). In fact, in 2019 PVHS grew test scores in both math and English by 20+ points! This is a result of great instruction by our teachers and hard work by our students.

As a community we recognize that the world is a complicated place for teens today to process and we have added supports for student needs not just in academics but also in overall emotional and social needs. Wildcats have access to programs such as AVID, PLUS, Link Crew, Black Student Union, GSA, College and Career Foundations, and Mental Health Alliance. The staff continues to work together to find ways to help our students become the leaders of the future.

These concepts are embodied by our Mission and Vision Statements that ask each Wildcat to R.O.A.R. with pride!

Vision Statement:

The vision of Paloma Valley High School is to work with the students, staff, parents, and community members to meet the diverse needs of all students by preparing them to be responsible citizens and meet their post-secondary education or career goals.

Mission Statement:

The mission of Paloma Valley High School is to provide a safe educational environment which develops students to be RESPECTFUL of all individuals and property, OPTIMISTIC about their current and future endeavors, AMBITIOUS about their academic and extracurricular passions and goals, and RESPONSIBLE for their actions, decisions and accomplishments... ROAR.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

All textbooks used in the core curriculum at Paloma Valley High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 18, 2019, the Perris Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 5:11-12 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Perris Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Paloma Valley High School's original facilities were built in 1995; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Ongoing facilities maintenance includes plumbing, electrical , HVAC and site roofing repairs.

Gym floor refinishing project.

Roofing repairs.

Stadium turf maintenance program

B restrooms modernization

LED Lighting upgrades throughout exterior of campus

Every morning before school begins, the custodian and plant supervisor inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Two day custodians and six evening custodians are assigned to Paloma Valley High School. The day custodians are responsible for:

- Cafeteria setup/cleanup
- Lunch area setup/cleanup
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

PVHS continues to communicate and involve parents and families in school activities. Facebook is the primary vehicle used to educate parents about school activities. It has become immensely popular with Paloma families. Twitter and to a lesser degree Instagram have also been integrated into our communication efforts. Coffee with the Principal has continued to be scheduled and has increased in popularity. The discussions are two way streets where ideas, issues, and information are exchanged and shared. Parent committees including PELI, School Site Council, and parent volunteers groups (including band boosters and athletic parent volunteers) are utilized to provide direct input into school operations, goals, and activities. The PELI (Parent Engagement Leadership Initiative) has gained momentum over the past year and are working directly with administration and our Community/Parent Liaison, Luis Robles, on a variety of projects including canned food drives, social media training sessions for parents, and college readiness workshops for parents. Paloma also offers Adult English as a Second Language class every Tuesday and Thursday evening. Those interested in participating should contact Luis Robles as the Community Liaison.

We encourage parents to contact Josie Delgadillo, the principal's secretary at (951) 672-6030, ext 22101 or Luis Robles for more information on how to become involved in Paloma Valley. Band parents work through Tyler Richardson the band director and athletic volunteer parents work through the coach of the specific sport. Here is a small list of activities where parents can become involved:

- Opportunities to Volunteer
- Fundraising Activities
- Games
- Banquets

- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Site Safety Plan was developed for Paloma Valley High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in the fall of 2019. Minor changes have been made on an ongoing basis each year to address the changing dynamics of the school.

The objective of Paloma Valley High School's Disaster Response & Crisis Management Plan is to provide the maximum practical protection for students and personnel primarily, and district property secondarily, in the event of a disaster. Paloma Valley has a strong school safety team consisting of teachers and classified employees that provide recommendations to administration so that adjustments can be made as the community and student population changes. To meet this objective, we have been preparing students and staff to be ready for a disaster or school emergency. Paloma Valley students and staff participate in emergency drills once a month with the exception of August and June. The Paloma Valley staff continues working with the District to update the emergency response plan and incorporate the National Incident Management System (NIMS). The Perris Union High School District Risk Management Officer maintains a current file of employees who complete Federal Emergency Management Agency (FEMA) courses including: IS 100 (Incident Command for Schools), IS 700 (NIMS) and IS 200 (Incident Command for Single Resources and Initial Action Incidents). These courses provide staff with the skills necessary for real life emergencies. Paloma Valley's Disaster Response & Crisis Management Plan has three major goals: a) To have buildings, furnishings, equipment, and emergency supplies in condition such that injuries and damages will be minimized, and the actions needed in time of disaster may be carried on effectively b) To provide staff and students with appropriate instruction and practice, and parents with information, so as to effectively help each person respond properly in an emergency. c) To set up overall organization and specific procedures to be followed at a time of disaster, including the rendering of aid to victims and the protection and care of students until they can be safely reunited with their parents.

The plan meets the guidelines for California's Standardized Emergency Management System (SEMS). The site administrator acts as the Incident Commander, with the principal's designee to be appointed in the event that the Incident Commander is unable to perform his duties. To ensure accountability for emergency response procedures, personnel are assigned specific duties to perform in the event of emergencies. These include turning off water, gas, and electricity. Drills are conducted regularly using an Incident Action Plan to pre-plan and determine the object of the drill, along with After Action Reports to document lessons learned. To be more effective during disasters, pre-determined areas will identify the various stations, i.e., student holding, command post, and student release. The District has installed three repeaters and distributed hand-held radios. Each site now has radios to use for day to day communications as well as a built in emergency communication system. The radios have been incorporated into our site's emergency drills. Having qualified and trained staff helps to ensure a safe and secure environment for the student population during the school day and in an emergency/crisis response incident. The Paloma Valley staff continues working hard to be ready for all emergency situations. Paloma Valley has assessed the available emergency supplies, and continues compiling necessary supplies for potential emergency situations.

Egress and Ingress to the campus have been effectively created at Paloma Valley High School. Both classified and certificated personnel have report times that are significantly prior to student arrival. Locks are in place on all staff gates and all staff members have keys to these gates. Time is spent in staff meetings discussing the importance of keeping staff gates locked and not permitting students to enter or exit campus through staff gates. The main gates to the campus are unlocked at approximately 6:15 a.m. and are re-locked at approximately 10:00 p.m. unless there is an activity taking place that prohibits the gates from being locked at that time. A campus supervisor is assigned a late afternoon shift that ends at 5:00 pm. The role of the "late shift" campus supervisor is to ensure that all students on campus after school hours have a purpose for being there. A full evening custodial crew is on campus until 11:00 pm.

The regular school hours are 7:45 a.m. – 3:10 p.m. Two daytime custodians are scheduled during student hours with the focus on picking up trash and maintaining clean restrooms for students and staff. A full team of campus supervisors are also on campus during student hours. All unauthorized persons entering the campus must sign in and identify their purpose and destination. In addition, parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information. We encourage alumni to return and visit our campus, however, if they plan to visit staff during the school day, we require that they request, then schedule an appointment prior to the visit. If approved, we have the appointment on file with the campus supervisor “check-in” desk and are aware they are coming. All visitors are required to show ID and are provided a highly visible “Visitors’ Pass” unless they are a district employee.

Paloma Valley High School is a place of learning. Every aspect of the school is monitored and maintained to provide an optimum learning environment for students, staff and community.

Professional Development provided for Teachers

Staff development has been on-going from the first day staff returned to school. It has centered around the needs of the school and the staff in order to meet our district LCAP goals as well as our site WASC goals. A team of stakeholders met in spring 2019 to align WASC goals to LCAP goals following our WASC accreditation visit and to develop our PD plan for the coming school year. In the spring of 2019 a Professional Development team was assembled of teachers, program leaders, and administrators. This team meets bi-weekly to assess PD need, develop PD sessions for staff that meet those needs, and then administer PD sessions during Friday Collab time. In the first semester of 2019-20 this team has developed and conducted 16 different professional development sessions for staff ranging from topics of teacher clarity, collaborative strategies, how to streamline gradebook systems, how to use online learning management system, and ed code laws surrounding student behavior. The team continues to build PD that is responsive to the needs of our staff and students.

Career Technical Education Programs

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Paloma Valley High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses.

During the 2019-20 school year Paloma Valley High School offered the following career technical education programs as elective courses:

- Video Production
- Photography
- Computer Information Technology/Computer Programming
- Engineering
- Automotive
- Biomedical
- Medical First Responder
- Retail / Student Store
- Business Technology

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
