Notice of Community Information Meeting

Corona del Mar High School Sports Field Project

CEQA Process – Review of Recirculated Draft Environmental Impact Report

Dear Neighbor,

Since 2015, the Newport-Mesa Unified School District has been in the process of evaluating the impacts of the proposed project as required by the California Environmental Quality Act (CEQA). On August 11, 2017, the Recirculated Draft Environmental Impact Report (RDEIR) was published and made available for a 45-day review period. Written comments on the proposed project will be received through September 25, 2017.

In an effort to continue to inform the neighbors surrounding the school community of the planned project and the next steps, we would like to invite you to attend a community information meeting hosted by Newport-Mesa Unified School District staff. We will provide a general overview of the RDEIR and allow for questions during the scheduled meeting. Written comments can be sent to: feedback@nmusd.us prior to the September 25th deadline.
