

EVALUATION OF PROFESSIONAL STAFF (Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluating System (OPES)

Principals and assistant principals are evaluated in accordance with the statutory administrator evaluation requirements of RC 3319.02 and the State Board of Education (SBOE) adopted Ohio Principal Evaluation System (OPES) 2.0 Framework aligned with the Ohio Standards for Principals (2018) adopted under State Law.

Using multiple factors set forth in the OPES 2.0 Framework, principals and assistant principals will receive a final holistic rating of Accomplished, Skilled, Developing, or Ineffective. This rating will be based on a combination of observations and supporting evidence using the administrator performance evaluation rubric.

Essential Components

Essential components of the evaluation process consist of the development of a professional growth or improvement plan, two formal observations of at least 30 minutes each, walk-throughs, and a final summative conference.

Professional Growth and Improvement Plans

A professional growth or improvement plan will be developed annually with each administrator and be based upon the results of previous evaluations available within the District and aligned to an existing building or District continuous improvement plan and/or goals. The District has discretion to place an administrator on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

High-Quality Student Data

The evaluation uses at least two measures of District-determined high-quality student data (HQSD) to provide evidence of student learning attributable to the administrator, the data may be used as evidence in any component of the evaluation, where applicable. When applicable, the value-added progress dimension must be included as one of the measures of HQSD.

The high-quality student data instrument used must be rigorously reviewed by locally determined experts in the field of education to meet all of the following criteria:

- align to learning standards;
- measure what is intended to be measured;
- be attributable to the administrator;
- demonstrate evidence of student learning (achievement and/or growth);
- follow protocols for administration and scoring;
- provide trustworthy results;
- not offend or be driven by bias;

AND the HQSD must be used by the administrator to:

- measure student learning (achievement and/or growth) and progress toward achieving State and local standards;
- facilitate the critical reflection and analysis of HQSD as part of an ongoing cycle of support for improving student learning and enhancing educator professional practice;
- ensure each student's learning needs and styles, as well as strengths and weaknesses of an entire class, subject, or grade level are addressed through instruction.

Timelines and Additional Considerations

Each administrator subject to OPES must be evaluated annually and received a written report of the evaluation. The administrator must have at least a preliminary evaluation and at least a final evaluation in any school year the administrator's contract is due to expire. A written copy of the preliminary evaluation shall be provided to the administrator at least 60 days prior to any Board action on the contract of employment. This written copy of the first formal observation, signed by the evaluator, shall serve as the preliminary evaluation to meet the requirements of State law. The final evaluation (second formal observation) shall include a recommendation to the Board regarding a contract of employment for the administrator. A written copy of the evaluation must be provided to the administrator at least five days prior to the Board's acting to renew or nonrenew the contract.

The Board allocates financial resources to support professional development in compliance with State law and SBOE's evaluation framework.
