

AUTHORIZED SIGNATURES

The Treasurer authorizes designated depositories to honor any instrument bearing an authorized facsimile signature in a form as he/she may designate and to charge the same to the account as fully as though it bore a manually written signature.

A facsimile signature includes, but is not limited to, the reproduction of any authorized signature by a copper plate or a photographic, photostatic, or mechanical device. Written notice of the adoption of a facsimile signature is provided to the depositories. The notice includes a description of the device to be used and a sample of the facsimile signature. Written approval must be received from the depository before the facsimile signature can be used.

The Board purchases a surety bond to protect the loss of any public funds.
