

THE ACHIEVE ACO LARGE EMPLOYER NETWORK

Quality care at an affordable cost

Lower your cost and improve health outcomes while giving your employees great local access with an award-winning member experience. The Achieve large employer network featuring HealthPartners and other top-notch providers lets you do this and more.

You'll achieve:

- **Lower costs** while knowing your employees are getting the best care. Save up to 6 percent when you switch to Achieve from the Open Access network.
- **Greater network options**, so finding the right care is easy. Large employers can pair the Achieve network and the Open Access or Perform network together.
- **Flexible plan pairing options** make mixing and matching even easier. Pick any benefit and network option. You can even pair the same benefit plan with two networks.

Your employees will achieve:

- **Access** to the best doctors and hospitals in the western and eastern metro—no referral needed. With primary, specialty and metro area hospitals to choose from, your employees are sure to find the best care possible.
- **National coverage** with the HealthPartners and Cigna HealthCare alliance, a national coast-to-coast network with no specialty care referrals required.
- **More choices** when you offer multiple plans—they get to choose the network that best works for them.
- **Online health management** with health care information available 24/7/365 and coverage for telemedicine providers, including virtuwell®.

Is the Achieve network a good fit for your company?

It's a good fit for companies that:

- Are headquartered in the Twin Cities metro or St. Cloud areas.
- Have the majority of their employees living in the Twin Cities metro or St. Cloud areas.
- Want to save money without sacrificing quality care

Accountable care organization (ACO)

Groups of health care providers that join together to give coordinated high quality care to their patients by sharing financial and medical responsibilities.

Who is included in the Achieve network?
