

WAUNAKEE COMMUNITY SCHOOL DISTRICT DESIGN AND CONSTRUCTION UPDATE

WORKING TOGETHER for a STRONG FUTURE

Vol. 03 | APRIL 2023

CREWS BEGIN MOVING DIRT

Waunakee Community School District is excited to announce that construction has started at the site of the new Heritage Elementary School. We will be hosting a groundbreaking ceremony on May 18, 2023, that will include all our Heritage students and staff for this special celebration. Due to space, the ceremony is by invite-only for our families and community. There will be a livestream by our High School Warrior Media team.

HERITAGE ELEMENTARY SCHOOL INTERIOR

After months of engagement with students, staff, and WCSD administration, EUA, the district's architect, presented interior renderings of the new Heritage Elementary School. At the Board of Education meeting on April 10, EUA presented interior renderings of the new Heritage Elementary School, including information on the new school's layout and color palette.

Heritage Elementary will be the home to early childhood thru fourth-grade students, and will be organized according to a neighborhood concept. Grade levels will be organized together, along with small and large instructional spaces to facilitate student interaction and group work.

The interior color palette, inspired by nature, features warm wood tones accented by a range of greens, blues, and purples. The colors serve to brand grade-level neighborhoods and provide easy navigation through the building. You can view the full EUA Heritage Elementary interiors presentation to the Board of Education on the [district website](#).

WCSD PARTNERS WITH LOCAL CONTRACTORS

The Waunakee Community School District is proud to partner with local suppliers and subcontractors on the construction of the new Heritage Elementary School. The community supported the district during the Fall 2022 facilities referendum, and we strongly believe in supporting our local business community.

Heritage Elementary School local partners to date include Professional Engineering, Endres Manufacturing Company, Advanced Concrete, and Badgerland. There will be numerous additional opportunities for area contractors to bid on work at both the new Heritage Elementary School and the new Waunakee Community Middle School. Waunakee area contractors interested in bidding on this should reach out to Vogel Bros. Building Co. at (608) 241-5454.
