Title

Recognition of Creekland Middle School Students -- Placed at State Technology Student Association Career Skills Competition

Requested Action

School Board Recognition of Creekland Middle School Students -- Placed at State Technology Student Association Career Skills Competition

Summary Explanation and Background

Cherokee County School District students earned honors at the state Technology Student Association career skills competition, with top winners advancing to nationals!

The annual statewide event offers middle and high school students the opportunity to compete in a variety of contests focused on technology related career skills. The top three winners in each contest earn a spot in the national Technology Student Association (TSA) competition to be held this summer in Louisville, Ky. Nearly 3,000 students competed at the state event, with 85 different contests offered.

Creekland Middle School is CCSD's only middle school with a TSA chapter and saw one of its teams earn first place at the state competition! The team of eighth-graders Graham Bauch, Henry Diaz, Jack Gluckson and Brad Rodriguez won the Off the Grid contest. The team is coached by teachers Anne Benton, Connie Garrison and Logan Hostetter. The school also earned top 10 placements in six other contests.

Priority Area

Student Achievement: Access and Opportunity

Financial Impact
