Summary:

The teams met for day three of negotiations. Today, the following topics were discussed:

Appendix E: Calendar Definitions

Article 16: Vacations

The teams began the day by reviewing thirty-two versions for the 2023-2024 classified work year calendars impacted by the student calendar fall break being extended to a full week for next year. A conceptual agreement has been reached for all 2023-2024 classified work year calendars. Next, we brainstormed more options for Article 16 and will evaluate those options at the next meeting. As a reminder, compensation for the 2023-24 school year was agreed upon last spring with any benefits increases being passed onto employees and a 5% raise in salary.

The teams continue to work collaboratively utilizing the Interest Based Bargaining process. Negotiations will reconvene on May 10, 2023. Feel free to contact any of the above negotiation team members if you have any questions.
