School is Closed

(COVID-19)

an interactive, adaptive social story

Click the speech bubble to start!

Created by @Martha_Speech

My school is closed.

Turn the page

@Martha_Speech

My school closed because my
principal and teachers
want to keep me safe.

Tap one of the girls reading at home!

When I stay home, I am not around other people who may have the COVID-19/coronavirus.

@Martha_Speech

Tap the boy resting on the couch!

The COVID-19/coronavirus makes some people feel sick. They should rest at home and drink lots of water.

@Martha_Speech

Tap the germ on the table!

The COVID-19/coronavirus is spread by germs. We share germs being around other people and touching objects.

@Martha_Speech

Tap an emotion!

I may feel sad, disappointed, angry,
worried or happy that school is closed.

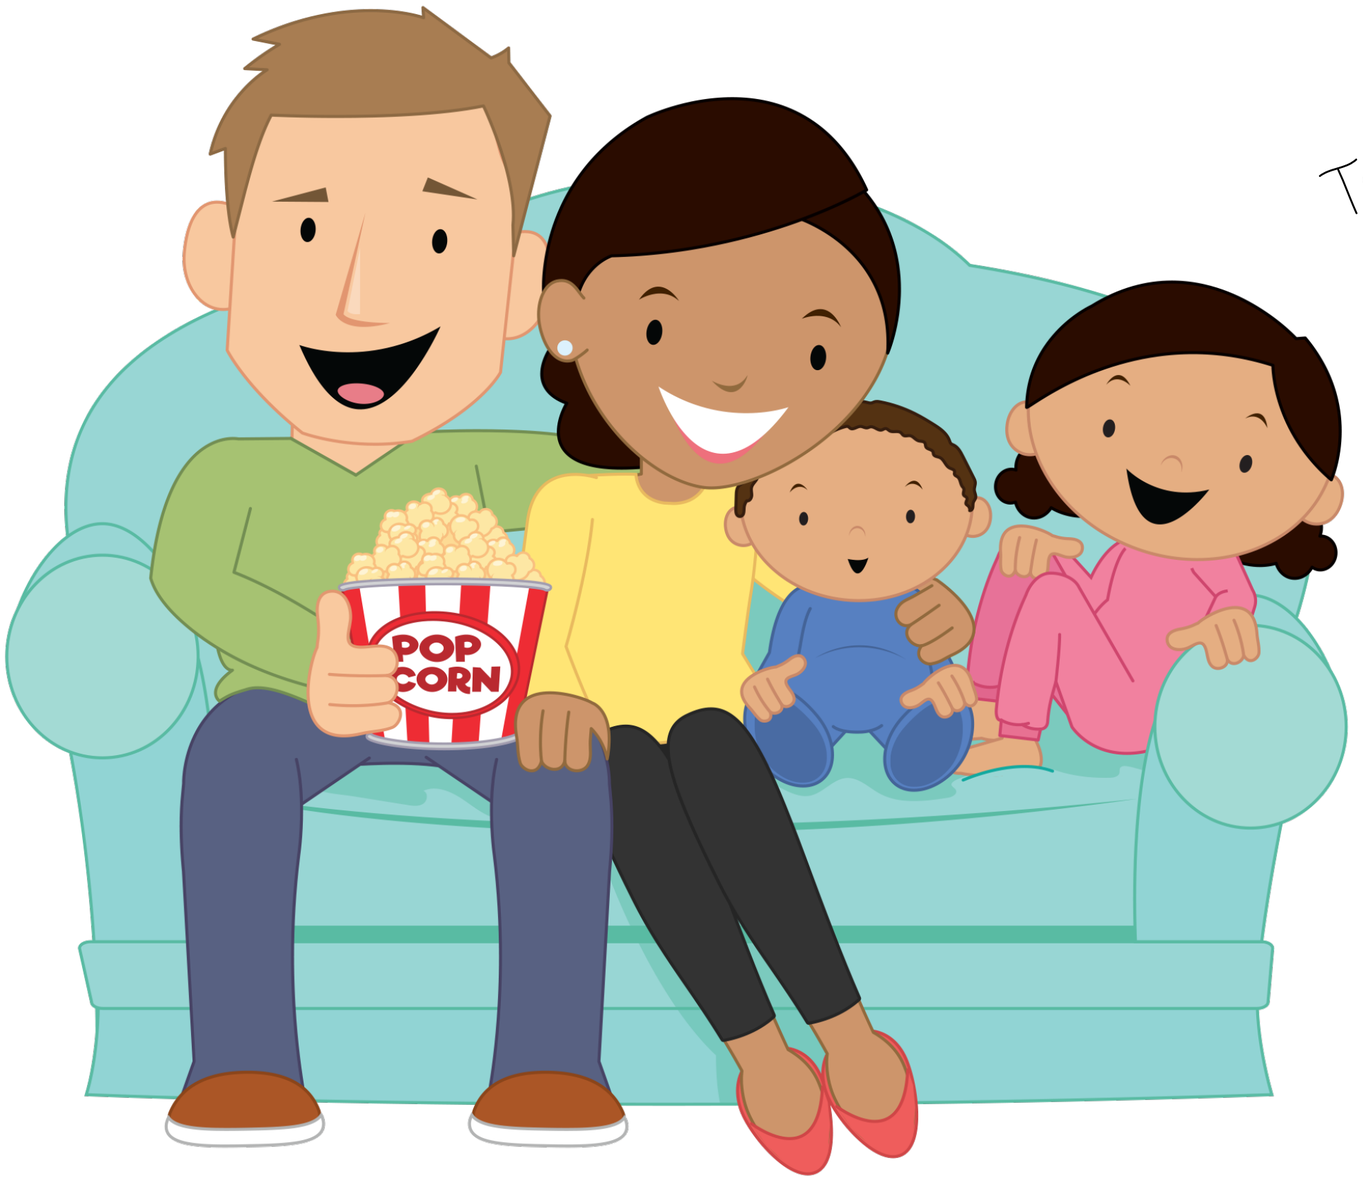

@Martha_Speech

I can tell an adult how I'm feeling.

@Martha_Speech

Tap the family spending time together!

While school is closed, I spend time with my family and wait to see my friends.

@Martha_Speech

Tap the friend on video chat!

If I miss my friends, I can ask an adult if I can call them on the phone or video call. I can make them a card.

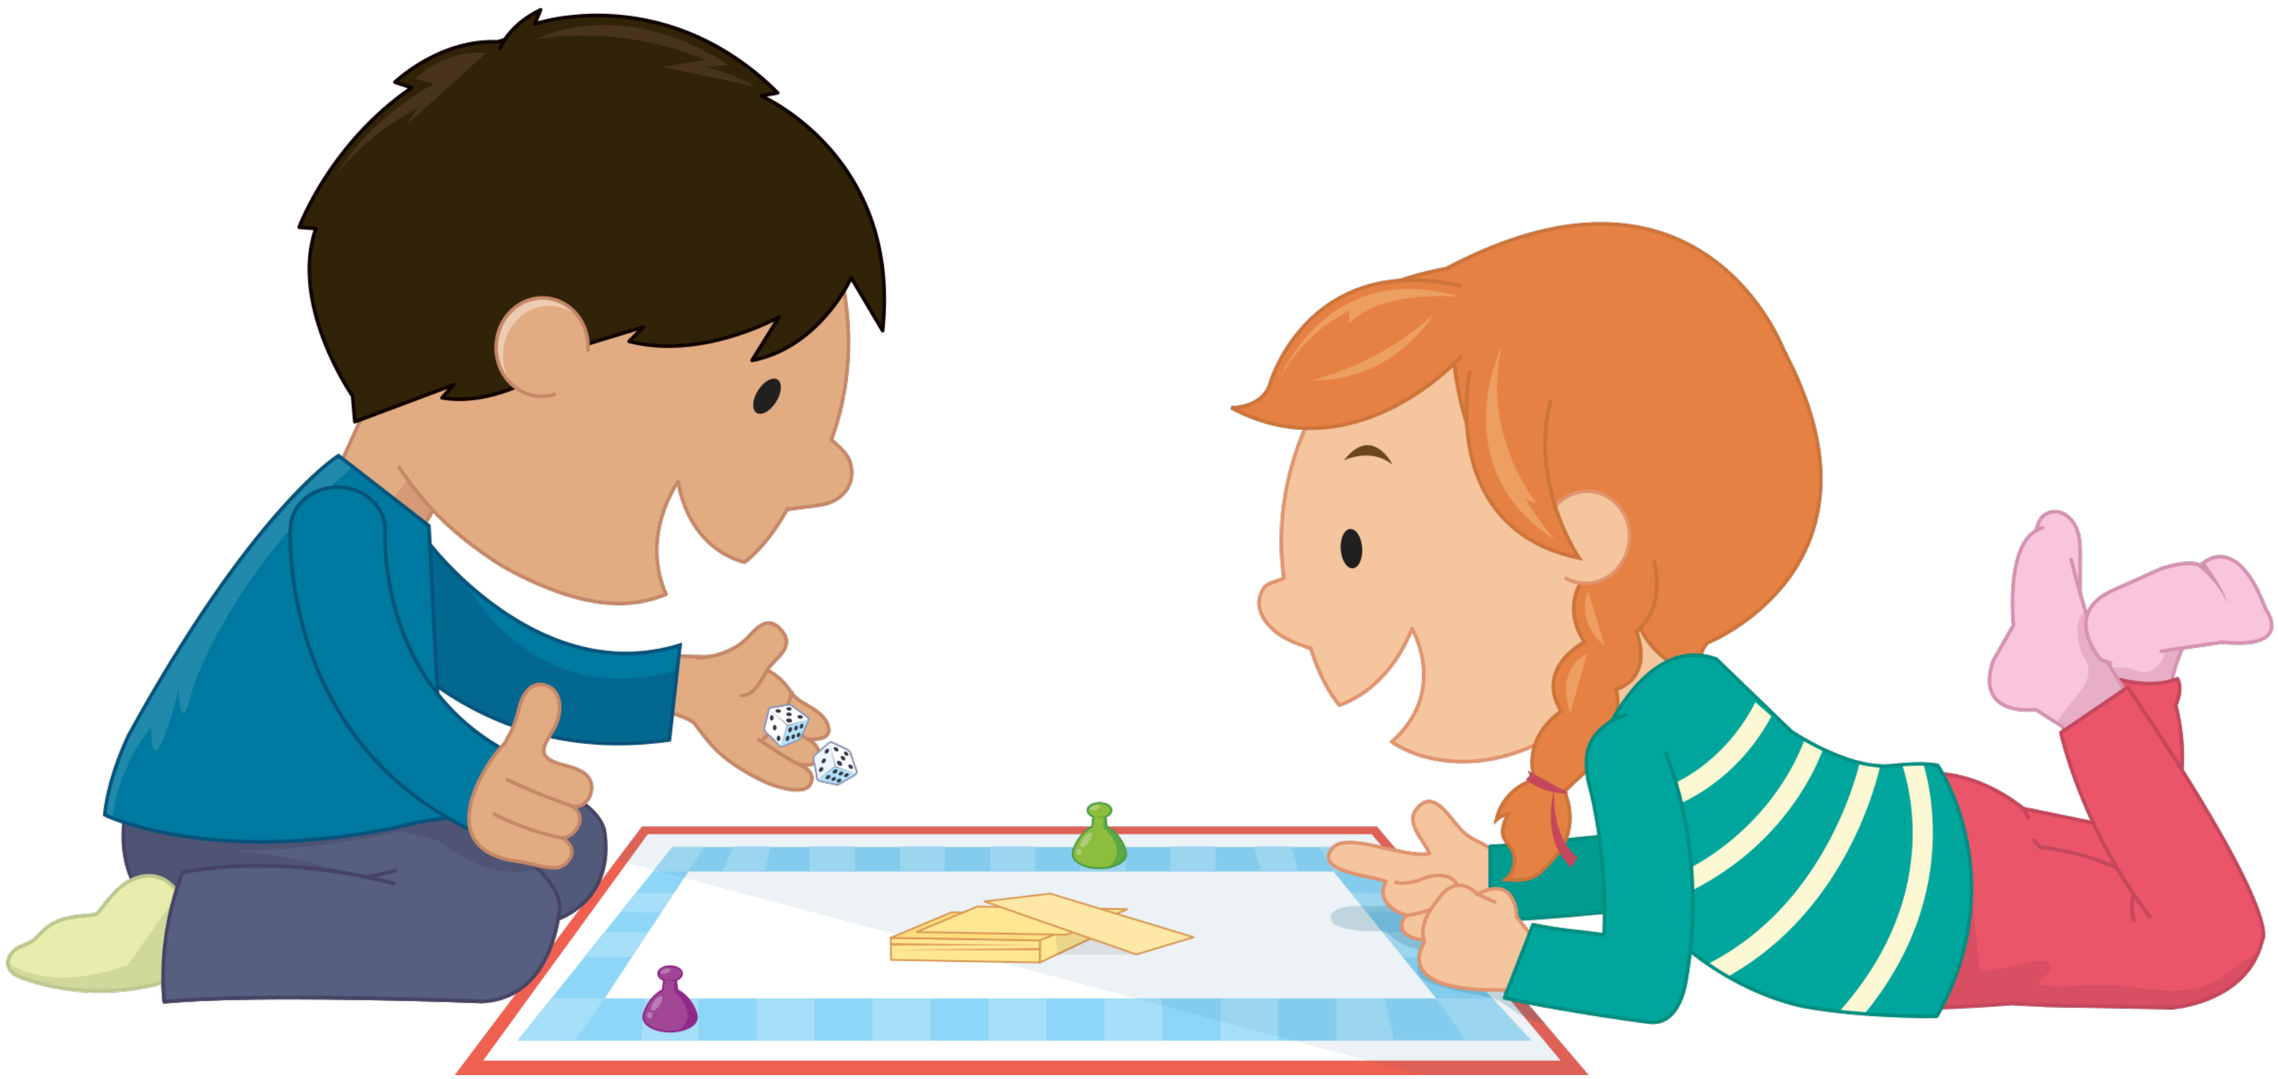

@Martha_Speech

Tap the boy learning from home!

While I am at home, I may do some learning for school.

@Martha_Speech

I can play games with my family and read books.

Turn the page

@Martha_Speech

I can ask my parents if we can go for a walk or play outside.

@Martha_Speech

Tap the girl washing her hands!

I wash my hands to stay healthy.

@Martha_Speech

Tap the hand sanitizer!

If water and soap are not available, I use hand sanitizer.

@Martha_Speech

School is closed so that we stay safe.
I can still have fun at home and learn
new things!
