-------	-------------------------------------

Attendees
Board member Kandee Engle, Board member Deb Moore, Dan Hayes, Assistant Superintendent Mike Tanchevski, Ashley Cangelosi, Tim Shortridge, Rebecca Holloway, Gerlinda Patton, Shannon Sorrell, Lindsey Andrews and Nicole Bettger

Action Items
Topic
Discussion on Four Options for the future of Pataskala: Option 1: ESC Western Licking County Branch <ul style="list-style-type: none">Educational Service Center of Licking County would host a branch here including a school to service outside placement students from SWL and surrounding districts as well as office and meeting space.No cost to the District. ESC to pay for any renovations and maintain space. Option 2: Western Licking County CTEC Branch <ul style="list-style-type: none">Additional opportunities for pathways and programs to meet the needs of SWL students and potentially surrounding districts.Costs unknown at this time. Option 3: Preschool for Future Growth <ul style="list-style-type: none">Relocation of SWL preschool to prepare for future growthSignificant costs to the District as this is an option solely funded with District funds.No timeline for use Option 4: Alternative Behavior School <ul style="list-style-type: none">An additional school to help support the needs of learners outside the traditional classroom. This option could serve both SWL students and surrounding districts.District funded program so costs fall on the District.
Additional Options: STEM programming space Adult Learning Center Agriculture-tech building Multi-purpose building Complete revitalization of the building (hotel, bar/restaurant) Teacher cadet program Additional opportunities to support mental health with students

Additional notes:

- Leasing would be preferred over selling to keep the property and building in the school district in preparation for future growth.
- Need for preliminary costs for options presented.

Future planning:

- Date of May meeting TBD and will be shared publicly once selected.
