

KLC | KLEIN LEADERSHIP COALITION | LEGISLATIVE PRIORITIES

Accountability | Measure What Matters

Klein ISD believes the accountability system should allow flexibility in valuing multiple measures of student achievement and success rather than relying heavily on high-stakes testing.

Budget | Adjust for Inflation

Klein ISD supports legislation that establishes a simple, fair state finance system with community-based governance, including additional allocations for per-student allotments in Texas public schools.

Care | Invest in Safety, Mental Health & Wellness, and Teacher Retention

Klein ISD cares deeply about the success, safety, and well-being of our students, teachers, and staff and advocates for legislation that provides additional resources to support top-notch care for our people.
