Major Issues:

❶ Enrollment Changes

Past Data and 2013-14 Count on 09-13-13

	07-08	08-09	09-10	10-11	11-12	12-13	2013-14 As of 09-13-13
Enrollment	7,508	7,551	7,618	7,665	7,595	7,584	7,715
Change from previous year	+170	+43	+67	+47	-70	-11	+131

Most Up-to-Date Enrollment Data

- Our funding is based on the official enrollment date of 09-13-13.
- On 09-13-13 our preliminary enrollment was 7,717, but there may be minor changes before the final report is submitted.
- We have used an enrollment of 7,725 as the basis of the advertised budget.
- We will continue to monitor enrollment until the final ADM report is submitted.
- The State funding formula provides approximately \$5,000 per student.

Major Issues:

② New Account Numbers

- The State continues to change the account numbers we are required to use:
 - 2008: restructured accounts
 - 2010: changed all insurance account numbers
 - 2014: changed stipend account numbers
- When account numbers change, we keep the old ones and add new ones
- In 2007, the General Fund budget contained about 270 entries, in 2014 it contains about 910

Major Issues:

③ New General Fund Formula

- ✓ Revenue projections from the State are now on a fiscal year basis for the first time.
 - The state budget for fiscal 2014 includes July 2013 through June 2014.
- ✓ Our budgets are still required to be adopted on a calendar year basis.
 - Our budget for calendar 2014 includes January 2014 through December 2014.
- ✓ Changes the timing of income
 - FDK revenue delayed 6 months
 - Revenue for new students is moved forward 6 months
- ✓ Requires us to project revenue in six-month increments

Major Issues:

③ New General Fund Formula
