Lancaster City Schools continues to be The Place to Be for Learning, Caring, and Succeeding. We have had to make changes in our operations over the last two years in response to the global pandemic. We will maintain our commitment to safe and secure schools, responsible budgeting, and a caring culture for our students and staff.

Our academic focus areas remain early literacy, social-emotional development, and individual student growth. Our **Portrait of a Graduate** has been fully developed to provide a framework of expectations for all students as they finish high school and move into meaningful employment, post-secondary education, or enlistment into military service. We want Lancaster City Schools to provide a solid educational foundation that allows our graduates to succeed no matter where they choose to go after high school.

We are prepared to break ground on the new Lancaster High School, which will complete the transformation of all of our buildings into 21st-century learning facilities. Our transportation, maintenance/custodial, food service operations, and central office team will all be moving to our new district office facility on Coonpath Road during the 2022-2023 school year.

Lancaster City Schools provides an excellent educational environment for everyone we serve. We appreciate our community's tremendous support to ensure our students have the best opportunities available for them each day.
