A Message from the Superintendent

Senior year for most graduating classes can be extremely stressful. But perhaps no graduating class has faced adversity like the Class of 2021. Despite the fact that this collective group of students had the latter half of their junior year and the entirety of their senior year severely impacted by the COVID-19 pandemic, the Class of 2021 persevered. They didn't simply get through this difficult time, they thrived—in the classroom, on stage, and on the fields. I will forever be impressed with their incredible achievements. So please do not forget the past year, or state how hard it was, or not worth it, because it taught you so much: patience, willpower, grit and perseverance.

With the world opening up more and more every day, and the first glimpse of a post-COVID world now fully in view, my hope for Miller Place families is this summer: You are able get out and go have some fun. You've earned it. Take trips to the park or the beach, read together, watch movies, go for walks, travel and enjoy all that our beautiful community, county, and country has to offer. We've all been so caught up in our collective efforts to beat this pandemic, we need to make sure we take a moment to relax, unwind and focus on being happy. And when school is back in session in the September, we'll all be ready to continue learning and achieving—together.

Dr. Marianne F. Cartisano
Superintendent of Schools

A Message from the Board of Education

Congratulations to the Class of 2021! As Dr. Cartisano put it, the challenges you've all overcome these past 18 months is nothing short of remarkable. We are all so incredibly proud of you and your accomplishments. The accomplishments you'll read about in this newsletter, on our website and on our social media channels make clear one thing: There is simply no limit as to what Miller Place students can achieve, no matter what the circumstances.

As the weeks go by until the start of the 2021-2022 school year, I want to encourage each of you to stay in touch with your school district and stay engaged in learning. Education never has been, and never will be, limited to a classroom or a computer; learning is available simply everywhere we go. Biology lessons abound in the park; history is alive in every downtown on Long Island. Take it all in, and you will never stop learning. Also, please pay a visit to our website every now and then to stay up to date on all district news, particularly as we approach the fall. Have a wonderful summer, Miller Place. See you soon.

Johanna Testa
Board of Education President

ART NEWS

Miller Place High School Hosts Annual Senior Art Show

The talented student artists at Miller Place High School recently had the spotlight shine brightly on them during the high school's annual Senior Art Show. It was a well-deserved showcase for some incredibly talented young artists. Various photography, ink, charcoal, pencil, painting, and sculptural displays showcased the students' creative work and displayed different artistic techniques. The projects on display exhibited a wide variety of concepts and themes, demonstrating the extraordinary talent of MPHS artists. The event even featured jazz music performed by the high school's own student musicians.

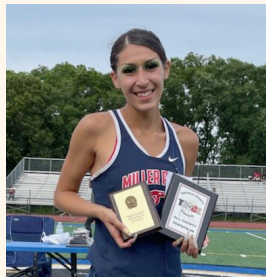

ATHLETICS CORNER

Lady Panthers are Champs!

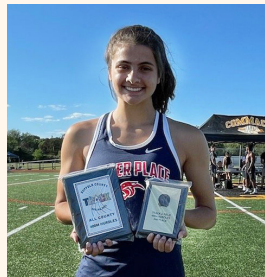

The incredible softball team at Miller Place High School is officially the best team in the county, as the Lady Panthers captured the county crown with a decisive victory over Bayport in mid-June in the Class A softball championship game. Thanks to clutch hits by Madison Power and Jessica Lavarone, as well as a key walk by Julia Lent, the Lady Panthers cruised to a 7 to 1 victory. Congratulations to our championship team, and a special shout out to Coach Timmons!
