Any students with further questions please come to the main office to speak with an administrator.

RIGHTS AND RESPONSIBILITIES FOR STUDENTS

The Miller Place High School community is committed to maintaining an academic atmosphere in which students can learn and grow. This community includes the administration, teachers, staff, parents, and students.

Students have the responsibility to:

1. Contribute to maintaining a safe and orderly school environment that is conducive to learning and to show respect to other persons and to property.
2. Be familiar with and abide by all district policies, rules, and regulations dealing with student conduct.
3. Attend school every day unless they are legally excused and be in class, on time, and be prepared to learn.
4. Work to the best of their ability in all academic and extracurricular pursuits and strive toward their highest level of achievement possible.
5. React to direction given by teachers, administrators, and other school personnel in a respectful, positive manner.
6. Work to develop mechanisms to control their anger.
7. Ask questions when they do not understand.
8. Seek help in solving problems that might lead to discipline.
9. Dress appropriately for school and school functions.
10. Accept responsibility for their actions.

11. Conduct themselves as representatives of the district when participating in or attending school sponsored extracurricular events and to hold themselves to the highest standards of conduct, demeanor, and sportsmanship.
12. Return all school materials including but not limited to textbooks, calculators, library books, athletic uniforms and equipment.

Students have the right to:

1. Take part in all district activities on an equal basis regardless of race, creed, national origin, religion, gender or sexual orientation or disability.
2. Present their version of the relevant events to school staff authorized to impose a disciplinary penalty in connection with the imposition of the penalty.
3. Access school rules and, when necessary, receive an explanation of those rules from school staff.

ACADEMIC COMPUTING LAB

Room 240 is the high school's Academic Computing Lab. The lab is open 7:00 a.m. to 2:00 p.m. when a Computer Lab Assistant is on duty. Absolutely NO FOOD or BEVERAGES are permitted. The student's academic purpose for being in the lab must be stated upon signing into the lab. A full range of computing software is available to all students who have returned a signed Computer Network Acceptable Use and Internet Safety form (BOE Policy # 4526). Additionally, room 125 will be open for student use after school from 2:00 p.m. to 3:00 p.m.

Use of School Computers

Each year students will be granted an account, for that academic year, to use the School District's computer network. Users of the District's computer equipment shall have no expectation of privacy. The District reserves the right to access all files and monitor all uses of the District's computer technology equipment at its own discretion in order to ensure the equipment is not being used inappropriately. Students should not distribute their user names or passwords due to the student's responsibility for all proper and improper account usage.

The District prohibits the use of any computer hardware/software in any inappropriate, fraudulent or destructive manner, including, but not limited to:

- ◆ Sending out unauthorized messages
- ◆ Entering a code-protected file
- ◆ Plagiarism
- ◆ Altering a software program
- ◆ Vandalizing hardware or software components
- ◆ Copyright infringement
- ◆ Attempting to access non-approved sites (YouTube, Facebook, etc.)

Acceptable Use Agreements

An acceptable use agreement for student use of the District's computer network is sent home annually. It describes the student's access to the network and expectations for acceptable use. Parents are expected to review this agreement with their child. Students are required to sign the agreement and to abide by District policies and regulations in the use of the District's computers. These agreements are kept on file in the building principal's office.

Failure to abide by these regulations may result in disciplinary action up to and including suspension from school and/or revocation of system access and related privileges.

ACADEMIC MISCONDUCT

A student should not engage in any form of academic misconduct. Such acts are treated seriously. A student found to be engaging in such acts will incur an academic penalty and will be subject to disciplinary procedures. Examples of academic misconduct include: plagiarism (Plagiarism is defined as the act of passing off as one's own the ideas or writings of another), cheating, copying, altering records, or assisting another student in any of the above actions. Any unauthorized display or use of an electronic device during an exam will result in a zero for the exam and disciplinary action according to the electronic device procedures.

ATTENDANCE POLICY

Regular school attendance is a major component of academic success. The Board of Education expects to:

- ◆ Encourage full attendance by all students
- ◆ Identify patterns of student absences as an intervention tool
- ◆ Encourage and improve academic development at Miller Place High School.

All absences must be accounted for. It is the parent's responsibility to notify the school office by telephone on the morning of the absences or in writing within 24 hours of the absence or tardiness. Students who sign in late to school for any reason other than the ones listed below will be charged with an unexcused absence and will receive discipline.

Excused absences are defined as absences due to:

- ◆ personal illness,
- ◆ death in the family during immediate grieving,
- ◆ practicing religious observance,
- ◆ government imposed quarantine,
- ◆ required court appearances,
- ◆ attendance at health clinics for health reasons,
- ◆ approved cooperative work programs,
- ◆ Military obligations or such other reasons as may be approved by the Superintendent.

These are excused absences but are counted toward the total number of classes missed. A visit to the Guidance Counselor, Social Worker, Psychologist or the Nurse of 20 minutes or longer will count as an excused absence and will count as a missed class.

Students are expected to attend all scheduled classes. Classroom participation grades can be adversely affected by poor student attendance. Any student who misses a class is expected to consult with his/her teachers regarding missed work upon returning to class.

1. High school students must maintain 85% attendance to be eligible for credit.
 - ◆ **Twenty-seven (27)** absences in a full year course that meets every day will result in no credit given for the course.
 - ◆ **Fourteen (14)** absences in a semester course (half year) that meets daily will result in no credit given for the course.
 - ◆ **Seven (7)** absences in a semester (half year) course that meets every other day (physical education classes) will result in no credit given for the course.
2. Student will be considered absent from class if they are absent more than twenty minutes of the period.
3. The District reserves the right to withdraw students from the BOCES programs to which they are registered when they fail to maintain a minimum attendance rate of 85%.
4. Students who are in “no credit” status before the end of the school year are obligated to continue to attend the class. Failure to do so will result in the implementation of school disciplinary procedures and the denial of summer school privileges.
5. Students who are unable to attend a class on a given day/period due to their participation in a school sponsored activity (e.g., music lessons, field trips, etc.), must arrange with their teachers to make up any work missed. Participation in these events will not count towards the total number of absences.
6. Students who miss classes or portions of the class are expected upon returning to class to consult with their teacher for missed work. Successful completion of the work does not mitigate against the loss of course credit; the absence will remain an absence even when the work has been completed.

7. Any absence of five or more consecutive school days requires that a student be re-admitted through the Health Office with a physician's note certifying that the student may return to school. It is strongly suggested that parents keep a record of their children's absences to be checked against school records should a question arise.
- ◆ All Students must take scheduled midterm and final examinations. **Only students who are legally absent, with a doctor's note, will have make-up privileges.** Students who are illegally absent will receive a "0" for the midterm or final exam and will not be permitted to make-up the exam. Students who are legally absent will receive an incomplete for the test until the exam is made up. State exams have no make-up privileges, and must be taken during the next testing session.

LATENESS TO CLASS

Students are expected to arrive to class on time. After three unexcused lateness's to class a cut will be processed and a student will receive discipline based on the cut step process.

LATENESS TO SCHOOL

A student who arrives to school after his/her first period begins is to report to the office and sign in for a late pass. A parental note must accompany the student when they arrive with an acceptable excuse for the lateness. Missing the bus or over sleeping is not an acceptable excuse for lateness. **The note will not be accepted after 24 hours.** Discipline will be assigned on the appropriate step if the reason for the late is unexcused. No student will be admitted late to first period class without a pass. **It is the responsibility of a student who is late to school to sign in at the office immediately upon arrival.** Failure to do so will result in disciplinary action. (*Present, Not Signed In*).

THE NATIONAL HONOR SOCIETY

Common rules of courtesy should be used when speaking to food service workers and other personnel. ***The school reserves the right to refuse to serve unruly or uncooperative students.***
7. Students may not have a scheduled lunch period in certain circumstances. These students are asked to bring a bag lunch to class whenever possible. Food and drink is not permitted in a computer lab, music room, art room, science classroom or physical education class. Please check with the individual teacher before bringing food into the classroom.

CELLULAR PHONES/ELECTRONIC DEVICES

Cellular phones are only permitted in common areas during the academic day. Common areas include the hallway, cafeteria, senior lounge and court yard. Students are NOT permitted to use ear phones during the academic day, as it limits the ability to hear and presents a safety concern.

The display of cellular phones, ear phones and other electronic devices are prohibited in the classroom setting. Students are prohibited from taking photos or videos on school grounds unless it is for appropriate academic purpose or school related event with prior approval. If a student is observed displaying their phone or electronic device in the classroom setting, the device will be confiscated and the student will be subject to discipline according to the following steps:

- Step 1:** ----- You will receive a warning AND
 - The item will be returned at the end of the day
- Step 2:** ----- Your parent will be contacted AND
 - The item will be returned at the end of the day.
- Step 3:** ----- Your parent will be contacted to retrieve the item.
- Step 4:** ----- Your parent will be contacted to retrieve the item AND

 - One day of In School Suspension
- Step 6:** ----- Your parent will be contacted to retrieve the item AND
 - Two days of In School Suspension
- Excessive:** --- Your parent will be contacted to retrieve the item AND
 - Out of School suspension

Failure to comply with a faculty members request to confiscate the electronic device will result in additional discipline for insubordination. An exception to the cellular telephone use policy may be granted by the supervising adult.

Electronic devices and cellular phones should not be left unattended or unsecured as the school cannot be responsible for lost or stolen items.

CODE OF CONDUCT FOR SPECTATORS AT ATHLETIC CONTESTS

Miller Place High School encourages the attendance of students, parents and interested members of the community at all athletic events. Section XI (the governing body of athletics in Suffolk County) further encourages active support of activities that lend themselves to stimulating student achievement, good sportsmanship, and school spirit. Our collective goal is to create an atmosphere that is conducive to healthy athletic competition, is safe for those involved, and which provides the ideals of sportsmanship and sound educational practices. **Section XI guidelines for spectators are listed on the website.**

Students attending an off-site contest may be subject to discipline as a result of inappropriate conduct.

A student's dress, grooming, and appearance, including hair style/color, jewelry, make-up, and nails, shall:

1. Be safe, appropriate, and not disrupt or interfere with the educational process.
2. Recognize that extremely brief garments or garments designed to expose midriffs such as tube tops, net tops, halter tops, spaghetti straps, plunging necklines (front and/or back), see-through garments, short skirts, short shorts, and other garments like these that are excessively revealing are not appropriate.

Skorts will follow the rule stated for shorts.

DRUG AND ALCOHOL POLICY

The Miller Place Union Free School District recognizes that smoking or the use of illegal drugs or alcohol by students in school buildings or on school grounds is a hazard to a student's mental and physical development. The following regulations have been established to help ensure the welfare of the individual student as well as the general welfare of the school population.

1. Students who possess, sell, or exchange drugs and/or alcohol within the boundaries of school property will be subject to criminal charges.
2. Students are under the authority of the school while attending any school sponsored activity whether on or off school property or beyond the instructional day.
3. Any teacher who is reasonably convinced that a student is under the influence of alcohol or drugs will report the student to the school nurse and Administration. If the school nurse believes the physical condition of the student warrants further medical attention, she will notify the school administration and/or medical personnel. The administration will notify the student's parents and the student will be subjected to the rules and regulations regarding substance abuse and the eligibility policy of the high school.
4. If sufficient suspicion warrants such action, the school administration reserves the right to test for alcohol consumption.

EXTRA-CURRICULAR ELIGIBILITY POLICY

All students in the Miller Place High School must make learning their priority. Students having difficulty in their course work as noted in their five (5) week academic progress report are encouraged to seek additional assistance to avoid ineligibility. To continue participating in extra-curricular activities they must maintain an acceptable academic level of performance.

1. First quarter eligibility is determined by final grades earned the previous school year. Academic eligibility for the remaining quarters is determined by the grades in the marking period directly preceding. Students participating in summer school will have those transcripts used to calculate final averages.
2. Students with a combination of two (2) or more failing/ non-credited quarterly grades in a marking period are ineligible for participation in any school-sponsored extra-curricular activity the following quarter.
3. Suspension from school (including In School Suspension) makes the student ineligible to participate in any extra-curricular activity that day.

4. A student who is ineligible may appeal to the Extra-curricular Eligibility Committee at a committee meeting to **provide evidence of extenuating circumstances** that might have had an adverse impact on his/her academic performance.
5. The student's teachers, coaches, and/or advisors will be notified of the time and location of the Extra-curricular Eligibility Committee appeal.
6. A student granted probationary status by the Extra-curricular Eligibility Committee must attend academic probation. They will be monitored by a bi-weekly progress report that is submitted to an administrator in charge of eligibility by the student.
7. A student who participates in any extracurricular activities over two quarters **MUST** attend the first academic eligibility appeals committee meeting.
8. If the appeal is denied, reinstatement may be granted at the beginning of the next marking period if the student is no longer failing two (2) or more classes.
9. Suspensions (including In School Suspension) from school, absences from academic probation, or poor biweekly reports may result in a student losing probationary status for that marking period.

EXTRA-CURRICULAR PARTICIPATION WHEN LATE OR ABSENT

Our high school Eligibility Policy states that students must be in attendance by the end of second period (8:37 a.m.) in order to be eligible to participate in ANY after school activity for that day.

Students, who sign out of school, prior to the end of the academic day, may not participate in extra-curricular activities for that day unless prior approval has been obtained from the administration.

FIRE DRILLS AND EMERGENCY EVACUATION

The building principal is responsible for conducting fire drills in order to instruct students and staff in exiting the school building in an emergency in the shortest time possible and without confusion and panic. Fire drills shall include instruction on fire drill exits and fire alarm boxes, as well as fire drill procedures.

All students are expected to cooperate with staff members during fire drills, and to leave the buildings in a quiet and orderly manner. The exit route is posted in each room. Students must stay with their teacher. Distracting behavior will be subject to either teacher or administrative discipline, and may merit a penalty.

In case of an emergency (such as a fire drill or a bomb threat), it is imperative that all students immediately comply with the directions of staff and emergency personnel. If an evacuation of the building is necessary, all students must follow the directives of school personnel. This must be done as quickly and as quietly as possible. ***Any students who deliberately disrupt the orderly evacuation procedure or who leave school property without permission will be subjected to suspension from school.***

BULLYING and HARASSMENT

The Dignity for All Students Act is a New York State Anti-Bullying law that was signed into legislation and is in effect as of July 1, 2012. The Dignity Act promotes civility and creates a safe, nurturing environment for students who are harassed and/or bullied by their peers or school personnel while students are on school property or at a school sponsored function, based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender identity, or sex.

The Miller Place School District is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. The school district prohibits harassment, bullying, hazing or any other victimization based on race, creed, color, sex, national origin, religion, age, economic status, marital status, sexual orientation, physical appearance, and/or personality characteristics.

Harassment may take the form of comments, name-calling, jokes, stalking, perpetuating rumors or gossip, offensive gestures or language, assault or any other behavior that is designed to annoy, intimidate or cause fear. If, after an investigation, a student is found to be in violation of this policy, the student will be disciplined by measures up to and including suspension and/or expulsion.

NON-DISCRIMINATION

No student shall be denied membership or participation based on race, sex, religion, national origin, sexual orientation, disability, or handicapping condition in a school program or curricular or extra-curricular activities. Vocational Education opportunities will be offered without regard to race, sex, religion, national origin, sexual orientation, disability or handicapping condition.

Every student shall have access to the full range of programs and services set forth in state and local regulations to the extent that such programs and services are appropriate to the student's special educational needs.

RACIAL HARASSMENT OF STUDENTS

Students, who believe they have been victims of racial harassment from other students, or from District employees, should report the incident(s) to the building principal. Any incident of racial harassment should be reported orally or in writing. If the incident is reported orally, the building principal shall make a written record of the same. Reports of alleged racial harassment will be held in confidence and subject to all applicable laws. Racial harassment of students consists of different treatment on the basis of race and is recognized in two different forms:

1. when the District's employees or agents, acting within the scope of their official duties, or other students, treat a student differently than other students solely on the basis of race; or
2. when the education environment is not kept free from discrimination because the harassing conduct is so severe, pervasive, or persistent that it interferes with or limits the ability of a student to participate in or benefit from the services, activities, or privileges provided.

SEXUAL HARASSMENT OF STUDENTS

Students, who believe they have been victims of sexual harassment from other students, or from District employees, should report the incident(s) to the building principal. Any incident of sexual harassment should be reported orally or in writing. If the incident is reported orally, the building principal shall make a written record of the same. Any person who participates in hazing or related initiation activity, or conspires to engage in hazing will face immediate disciplinary action, up to and including suspension, expulsion, exclusion and loss of participation privileges in extracurricular activities. In addition, persons participating in hazing will be referred to law enforcement authorities and may face prosecution.

The library is a privilege and this privilege can be revoked if appropriate behavior is not demonstrated. The duration of time before re-admittance will be determined by the administration. Lost or damaged materials must be replaced at the expense of the borrower.

LOCKERS

Each student is assigned a locker for the storage of books and equipment. It is the student's responsibility to see that the locker is kept locked and in order at all times.

- ◆ These lockers are school property provided to students for the lawful possession of personal property such as books, coats, book bags, etc.
- ◆ Each locker has its own lock and combination, which should not be shared with anyone else.
- ◆ Valuable items should not be left unattended or unsecured as the school cannot be responsible for lost or stolen items.

Students are encouraged to only use their lockers before school, at lunchtime, and after school. Students should get school materials for morning classes before first period. Material needed for the afternoon classes should be secured after lunch.

Lockers remain the exclusive property of the School District and their use must comply with all of the rules and regulations of the School District; therefore, students have no expectation of privacy with respect to lockers. Should reasonable suspicion warrant, the administration may open and search lockers with or without the permission of the student. At the end of each school year, lockers will be checked for maintenance and repair. Anything left in the locker will be discarded. Students must completely clean out their lockers at the conclusion of the school term. ONLY SCHOOL ISSUED LOCKS will be permitted for use on any locker. All others will be removed.
