

General Conditions and Procedures

- A. The superintendent shall determine and recommend a fee schedule applicable for use of school facilities.
- B. Application for use of school facilities shall be made to the building principal. When principals receive applications, they shall coordinate the use of the facilities.
- C. Alcoholic beverages, illegal drugs, and smoking shall not be permitted in school facilities or on school property at any time.
- D. Sponsoring organizations shall provide sufficient, competent adult and/or special supervision, and the amount of adequate supervision shall be agreed upon at the time the authorization is issued.
- E. All applications for use of school facilities shall hold the district free and without harm from any loss or damage, liability or expense that may arise during or be caused in any way by such use or occupancy of school facilities. Each application for use of facilities shall be evaluated as to the need for the applicant to provide proof of bodily injury and property damage liability coverage. If required, such proof of insurance must be provided prior to the use of school facilities and the insurance certificate must name Nooksack Valley School District as additional insured.
- F. In the event that property loss or damage is incurred during use or occupancy, the amount of damage shall be decided by the superintendent or his/her designee and approved by the Board. An invoice for damages shall be presented to the group using or occupying the facilities during the time the loss or damage was sustained.
- G. Because of the value of the district's playing fields to the community's total recreational opportunity, all residents may use the fields. The use must be appropriate and compatible with each playing field and its surrounding area. Such use shall not result in destruction, damages, or undo wear or pose a hazard to children or others. Activities that endanger others or cause damage to fields and lawns are restricted. Should damage to fields and lawns occur, the superintendent or his/her designee shall make reasonable effort to obtain restitution for the damage.
- H. When directed by the administration, a custodian or other authorized staff member must be on the premises when any non-school group is using school facilities.
- H. The superintendent or his/her designee possesses the authority to make the final decision on fees and use of school facilities by a group. The group may appeal such decision to the Board.
