Principal's Message

Centaurus Parents:

Our school has been selected to begin our bond-funded building improvement project! Design work for the project will start this spring and we need members of our school community to serve on the Design Advisory Team (DAT) for the project. The DAT is a group of representatives from the school community who will work with other design team members to clarify the scope of work described in the [Critical Needs Plan for Centaurus High School](#). As the primary users of the building, the DAT members have the most knowledgeable perspective on how the building needs to function. The DAT helps the architect understand the users' needs to enable him/her to design a building to support those needs. You can read more about the role and responsibilities of the group in the [Design Advisory Team Guidelines](#).

The first two meeting dates will be:
Thursday, May 18th from 5:30-7:30

Thursday, May 25th from 5:30-7:30

Once convened, the DAT members will determine regular meeting dates and times. The DAT will not meet during the summer.

Please note that this bond project will not be as big as our last major renovation (2016), and the DAT will not have to give feedback on items such as HVAC, electrical, flooring, etc. The main areas of focus for the DAT will be in the following areas, and we will break into smaller groups based on interest and background:

Career and Technical Education (CTE)

Athletics Facilities (Pressbox, Dugouts, Fields, etc)

Special Education Classrooms

Centaurus High School

[Please complete this quick application](#) by Friday, May 5th if you would be interested in serving as a DAT parent representative for Centaurus High School. You will be contacted directly by Daniel Ryan if you are selected. This is fun and rewarding work. I encourage everyone to consider joining.

Principal,
Dan Ryan

Thank you Eco Warriors!

A big shout out to Eco Warriors and the effort those students put into raising money to plant trees. There are four new trees lining our sidewalks because of them! It's going to be beautiful!

Chamber Orchestra

Our Chamber Orchestra did an amazing job last week at the State Contest. We received "straight ones", which means we received top scores from all three judges and an overall Superior rating. The kids sounded absolutely amazing and Ms. Murphy is so proud of all of them!

After Prom

A Special Thank You from Centaurus Safe Night After Prom

After Prom takes a team of WARRIORS to put together! There are so many Warriors who stepped up and provided an incredible night for our Juniors and Seniors!

To all the parents who gave anything... from \$20 to \$1000, we thank you! This would not be possible without your generous donations!

To all the volunteers who gave up a night of sleep and took time off of work, your presence means everything to these kids who are rebuilding high school memories!

To the amazing business support as well as past parent support! See the list of business supporters below and be sure to tell them, "Thank you" if you visit their restaurant or use their services!

To the YMCA... We have the best After Prom because we can host it at the Y! From swimming to ice skating, this is the best place to have After Prom! Thank the Y if you exercise there or use their facilities!

To the After Prom Committee for their hustle this year! Beth Zоргdrager, Chief Organizer and Entertainment Coordinator, Jennifer Graham, Treasurer, Debby Berger, Volunteer Coordinator and Secretary, and Kathy Warling-Smith, Communications and Dine-Out Fundraising. Analissa Hilt, Prize Room, Dan and Torri and Kane, Business Donations, Jody Miller, Merchant Coordinator, Susan Miranda, Senior Poster Hall, Val Sameshima, Food Room, and other Go Getters... Food Delivery @ School

With the number of delivery services available, we have seen a rise over the past few years in students ordering food for delivery at school primarily during student lunch periods. However, we have also been having food delivered to the school while students are currently in a class, which is disruptive to the learning environment. If you know your student uses one of the food delivery services, please make sure that they know to not have anything delivered during class time. Thank you for your support with this.
