Mission Statement

MCI pledges to provide a rigorous, comprehensive educational program to a multicultural student body with a wide range of abilities and interests. In a safe and caring atmosphere, students will acquire knowledge, self-esteem, social responsibility and the critical thinking and communication skills necessary for global citizenship and lifelong learning.

OPERATING PRINCIPLES

In pursuit of its mission, the Institute finds the following principles essential to operation. Thus, MCI:

- is an independent school.
- does not discriminate on the basis of race, sex, age, sexual preference, disability, religion or national and ethnic origin in the administration of its educational policies, admissions policies, financial aid programs, athletics or other school administered programs and activities.
- favors for admission candidates who demonstrate intellectual aptitude, wholesome character and good citizenship.
- bases all decisions on the best interest of the student(s) involved and its impact on the total student body.
- defines clearly all policies of the school and the process by which each policy is administered.
- makes a substantial effort at achieving all decisions by consensus of those affected.
- recruits, retains and supports highly qualified teaching professionals, knowledgeable administrators and support personnel who, through their various professional endeavors, support the educational mission of MCI.
- builds and maintains its facilities in congruence with the Institute's program and mission. All decisions regarding facilities are made in the context of the school's heritage and setting.
- operates the school, a nonprofit institution, on a sound financial basis at the highest level of efficiency consistent with the Institute's program and mission.
- selects, informs and supports the Board of Trustees in its leadership role of providing the mission, governance and resources for the Institute, present and future.
- supports the alumni organization which provides for the needs of alumni, who in turn, support the Institute in the present and future.

Since the school's inception in 1866, we have been committed to student achievement. Today is no different and we continue to be committed to academic excellence. This is the heart of what we do. Beyond that is the development of the total person which entails everything from personal health and wellness to being a life-long learner and global citizen. The celebration of diversity has also become a focal point of the teaching process for all of us here at MCI. We are proud of who we are and the service we provide for every student at MCI. Being a student-centered school is the only way for us to exist.

At the center of what we provide today's student is academic achievement and without down-playing the value of the humanities and fine arts, it is critical to focus upon the ever-increasing requirement for all of our youngsters being well grounded in the sciences, mathematics and the use of technology.

As we move into the 21st century, the greatest challenge for our future generations is preserving the earth upon which we live, finding a better means of preserving the resources that exist as well as developing alternative resources to perhaps replace those that are fast being depleted.

The explosion of technology and the use of it in every walk of life in the past 20 years is mind boggling. It may have its pros and cons but it is a part of our lives and will only continue to expand. We need to provide our young people with the basic foundation upon which they can prosper in this world, remembering that today's youngsters need the same basics as when we graduated and more if they are going to have the opportunities we hope for them to experience. Math, science and technology are at the top of our list in terms of better preparing MCI students for the generations to come.

The greatest resource we have to insure that success is the need to employ an outstanding faculty and to pay them at the necessary level. We are now entering the second year of a five-year plan to bring our faculty salaries to an appropriate level. We also need to provide them the resources and facilities necessary to achieve the success we feel are so important.

We are truly running out of instructional space on campus. We have carved out space for technology, which formally was classrooms. Space for special services has also been taken from former classroom spaces. For two years now, we have been using a part of the lower level of Manson Hall for two math and science classrooms. We are now using the Ella Powell Room in the library as classroom space as well as the conference room in Weymouth Hall.

The student population from the local community has increased by nearly 100 students in the past four years and our boarding program has increased by 35 students over that same period of time.

*Math, science
and technology
are at the top
of our list in
terms of better
preparing MCI
students for the
generations
to come.*

*MCI:
A Proud Heritage
and Future Vision*

We are cramped. We need more instructional space and the academic area that will benefit the greatest by new facilities is math, science and technology.

In January of 1998, the MCI Board of Trustees embarked upon a capital campaign for the purpose of constructing a new math and science facility as well as to further enhance the school's endowment for greater support of faculty and staff salaries. The first phase of the campaign called the "silent phase" involves the solicitation of a relatively small number of donors.

The silent phase was initiated in January 1998 has resulted in total gifts and pledges of \$3,001,827. The trustees (past and present) have now pledged a total of \$1,268,184. The Maine Central Institute faculty and staff have pledged \$72,000 and the lead givers, which includes corporate giving, foundation support and pledges by private individuals totals \$1,661,612.

This demonstrates an extraordinary commitment to the school. Of that total, \$595,695 has been restricted by respective donors to the endowment. The Cianbro Corporation has projected the cost to construct the proposed building to be \$2,674,227. This coupled with the cost for the technology in the building, furnishings and architectural costs as well as the cost to raise the necessary revenue along with short-term interest expenses during the pledge period brings the total cash requirement to complete the building to \$3,565,052. Cash, pledges, and in-kind gifts committed to the new building total \$2,406,132 leaving a balance to be raised of \$1,159,000. It is still necessary for a number of large gifts be solidified prior to conducting a mass solicitation of the general alumni body. We are hopeful that by the beginning of the

year 2000, such a request can be made to the alumni body resulting in the successful completion of the campaign with over \$4 million raised as a result of the extreme generosity of those associated with the school. This campaign will move the institution truly into the next century with a state-of-the-art math and science facility. As we progress forward, we are excited about the progress made recognize that the campaign we have embarked upon will serve the youngsters of Pittsfield, Burnham and Detroit, the United States and around the world, to an extraordinary degree for decades to come.

At the same time, the school has embarked upon an annual commitment of \$50,000 from our operating budget to initiate the renovation of Founders Hall. All gifts to the Annual Fund will be committed to Founders Hall as well as enhancing technology on campus. During the past summer, two classrooms were totally remodeled, the trim painting was completed and new doors have been installed on the front of the building. By the end of the year, new doors will be installed on the back of the building. It will be necessary to develop an escrow fund for the annual commitment to replace the heating systems as well as bring the building into compliance with the Americans with Disabilities Act. Everyone's support in regard to the Campaign for MCI as well as the Annual Fund for Founders Hall and technology will be greatly appreciated.

Best regards,

Doug Cummings

Douglas C. Cummings, Head of School

**20th
REUNION**

Class of 1979 at their 20th reunion at Craig and Sherry Mayhew Littlefield's home. Kneeling (l - r): Ann Cianchette Ball, Debbie Feegel, Dena Frost Hall, Nancy Quint, Diann Marcoux, Shaw Rogers, Kelly Breau Fitts, Keathy Kelley, Trent and Judy Richardson. Standing (l - r): Bonnie Hicks, Lori Wyman, Sandra Moody, Robert Huff, Nina Hohman, Nelson Newhouse, Barbara Morris, Sherry Mayhew Littlefield, Cindy Leighton King, Jimi Fotter, David McGowan, Trudi Bickford Ames, Tammy Smith, Karen Cropley, Annette Bouffard, Ricki Pomerleau.

**60th
REUNION**

Class of 1939 at their 60th reunion (l - r) Mildred Merrithew Donovan, Barbara Treton Inman, Ervena Frederick Belcher, Eleanor Davis Perkins. Back row: Walter Sherman, Ray Whitney, Maynard Ames, Gordon Hollis, Harold Harding, Glenn Cookson. Absent from picture: Stanley Fletcher.

1999 Hall of Fame Inductee — Michael T. Savage '62

The Hall of Fame was developed in 1983 for the purpose of honoring those alumni and friends of Maine Central Institute who by their accomplishments, service, and/or support have made extraordinary contributions to the school.

The selections are made by a nominating committee made up of a member of the Alumni Association Executive Committee, a representative of the Board of Trustees, Head of School, Director of Alumni Affairs and a member of the faculty.

This year's inductee, Mike Savage, emulates all of the criteria for induction. As a student at Maine Central Institute, Mike Savage was involved in numerous activities including student government, basketball, baseball, football, Boys State, president of the Latin Club and National Honor Society. His career at MCI as a student culminated by being named the the class of 1962 Master's Cup recipient, the highest honor of all male students. Upon graduation from Maine Central Institute, Mike attended Bates College graduating in 1966 with a degree in business administration. From

there he went on to Amos Tuck Graduate School of Business Administration and then graduating from Dartmouth College in 1968 with his MBA.

Mike Savage served as controller at Hannaford Brothers for many years and as president and treasurer of Ecological Futures, Inc. He is currently president of MTS, LLC, a real estate investment company. Mike has been involved with other non-profit organizations serving as a trustee at North Yarmouth Academy, the Brighton Medical Center and Scarborough Public Library. He has been involved with the Social Planning Committee for the United Way in Portland and is an advisor for Junior Achievement for south-western Maine. Mike resides in Cumberland with his wife Priscilla Brown Savage. They have two grown sons, Andrew and James, and two grandchildren, Margaret Treat Savage and Henry Thomas Savage.

Mike Savage's service to MCI is above reproach. He has been an extraordinarily committed trustee for over twenty years. He has always gone above and beyond to ensure the best educational opportunities possible for the youngsters that attend Maine Central Institute.

Mike began his first stint as trustee from 1974-87; serving as vice-president from 1975-1977, and president of the Board of Trustees from 1977-1980. He rejoined the Board of Trustees in 1992 and currently serves as the treasurer of the Board of Trustees and as the chair of the Campaign for MCI.

As chair of the Campaign for MCI, he has worked diligently the past 18 months during the quiet phase of the campaign. Under Mike's capable leadership, the school has raised nearly \$3 million toward a goal of \$4.2 million.

The entire MCI Family applauds Michael T. Savage for his tremendous level of achievement, service to the institution and support of the school. The MCI Family is fortunate to have such an extraordinary person who has such a wonderful passion for the students who attend Maine Central Institute, its heritage, and its vision for the future.

Chuck Cianchette '48
congratulating Mike Savage
for his induction into the
MCI Hall of Fame

MCI's 1999 Hall of Fame
Inductee Michael T. Savage '62
and his wife, Cilla Savage.

On behalf of the faculty, staff and student body at Maine Central Institute, I am writing to express my sincere gratitude for the wonderful support so many people have given to Maine Central Institute during the past year. Our Annual Fund concluded on June 30, 1999, with 440 gifts averaging \$192 to total \$84,582. Seven percent of our alumni contributed to the Annual Fund last year, which represents 40% of the total dollars raised. We are also very thankful for the hard work and guidance of the Annual Fund chair, Gregg Patterson '69.

We are also pleased to report that we have a 53 percent increase in the number of class agents since October 1997. We now have 51 class agents who are actively engaged in communicating with their respective classmates as well as maintaining a close tie with the school. At the Alumni Reunion Weekend in August we had the largest turnout experienced in a number of years. At the Alumni Banquet, there were 280 people in attendance for dinner followed by a great turnout at JW Parks Golf Course as well as 80 people playing in the Alumni Scramble on Sunday morning. It was a great weekend overall.

The Alumni Open which was held on August 16 proved to be a very successful endeavor with 48 players participating for a net of \$7,500 for the Alumni Association and school. The lion's share of this is committed to the Alumni Association's pledge to the Capital Campaign. At Family and Friends Weekend, we had

another great turnout of young alumni at the Friday night football game and throughout the weekend. Over 300 people were served at the pizza party following the Friday night game.

The following pages provide information about all of the wonderful support provided to the school by alumni, friends, parents, employees and corporations during the past year. We have attempted to provide a record of all the gifts in accordance with the standards set forth by the Council for the Advancement and Support of Education (CASE). If we have misrepresented anyone's gift or have made a mistake in any way, please call or write me directly so that the matter can be rectified.

It is our sincere hope that we have not missed anyone and that no one goes unrecognized for their wonderful contributions to the school. We are greatly dependent upon them and look forward to their continuance.

I hope everyone finds the information contained in this Annual Report to be worthy and clear. Thank you very much for your wonderful generosity.

The Uniqueness of the MCI Experience

Average Class Size 15 to 1

Average Student/Teacher Ratio 11 to 1

Average Daily Attendance 95%

Humanities Program recognized by the National Endowment for the Humanities (team taught history and English)

Extracurricular participation:

150 students participating in music

75 students participating in theater

125-160 students participating per season

70 percent of the student body is involved in one or more clubs or activities

Comparison to other Maine Schools and Selected Counties

Commitment to Strategic Planning

- Curriculum development with clearly identified quality indicators
- Facilities long term assessment and prioritization completed collaboratively by all factions of the school
- Employee compensation in year two of a five-year plan to increase compensation to competitive levels.
- Development

Annual Fund — \$85,000-\$95,000/year

Capital Campaign — \$3 million pledged past 18 months

Last campaign in 1986 — total raised \$853,000

• Admissions

Since reorganization of the residential population (deletion of PG Football) enrollment has increased by 62 percent. We are within 10 students of totally replacing football contingent in three years with younger, more academically and financially capable youngsters. We exceeded net revenue generated prior to reorganization in year two.

Financial Aid-priority to Maine undergraduate students

• Endowment

Total in 1986 — \$750,000

Total in 1999 — \$6,900,000

- Budgeting is completed on a five-year projection basis

Cultural Diversity

Student Body 1999-00:

SAD 53	428
Other Maine Communities	22
Other American States	18
Other Countries	47

Students going on to college (five-year trend):

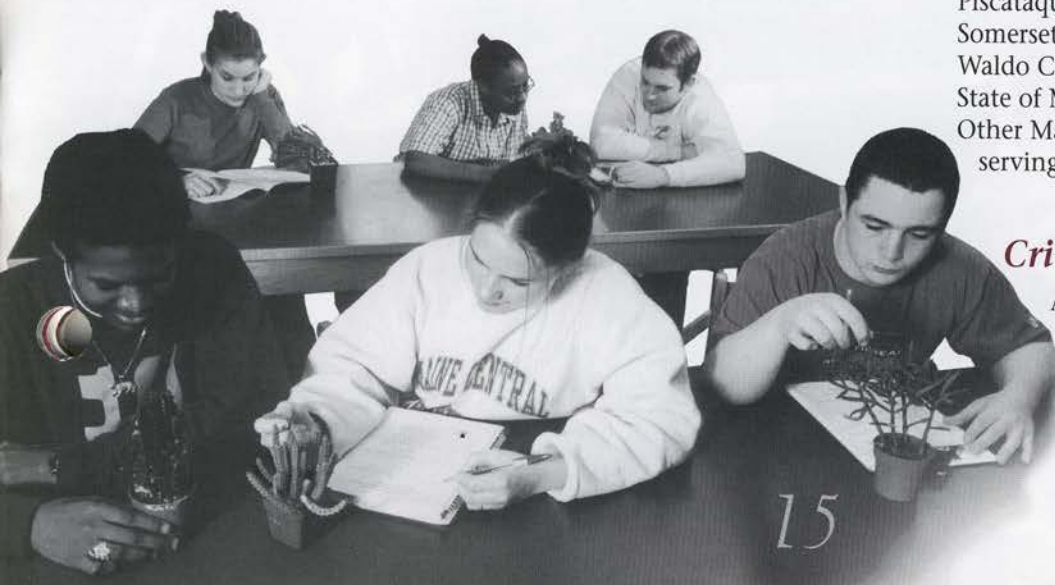

Maine Central Institute	78.45%
Cumberland County	68.3%
Penobscot County	63%
Piscataquis County	68%
Somerset County	46%
Waldo County	58.5%
State of Maine Public Schools	60.53%
Other Maine private schools serving the public sector	78.65%

Drop Out Rate-Five-year trend:

Maine Central Institute	0.74%
Cumberland County	3.46%
Penobscot County	3.06%
Piscataquis County	4.05%
Somerset County	3.62%
Waldo County	3.61%
State of Maine public schools	3.09%
Other Maine private schools serving the public sector	2.12%

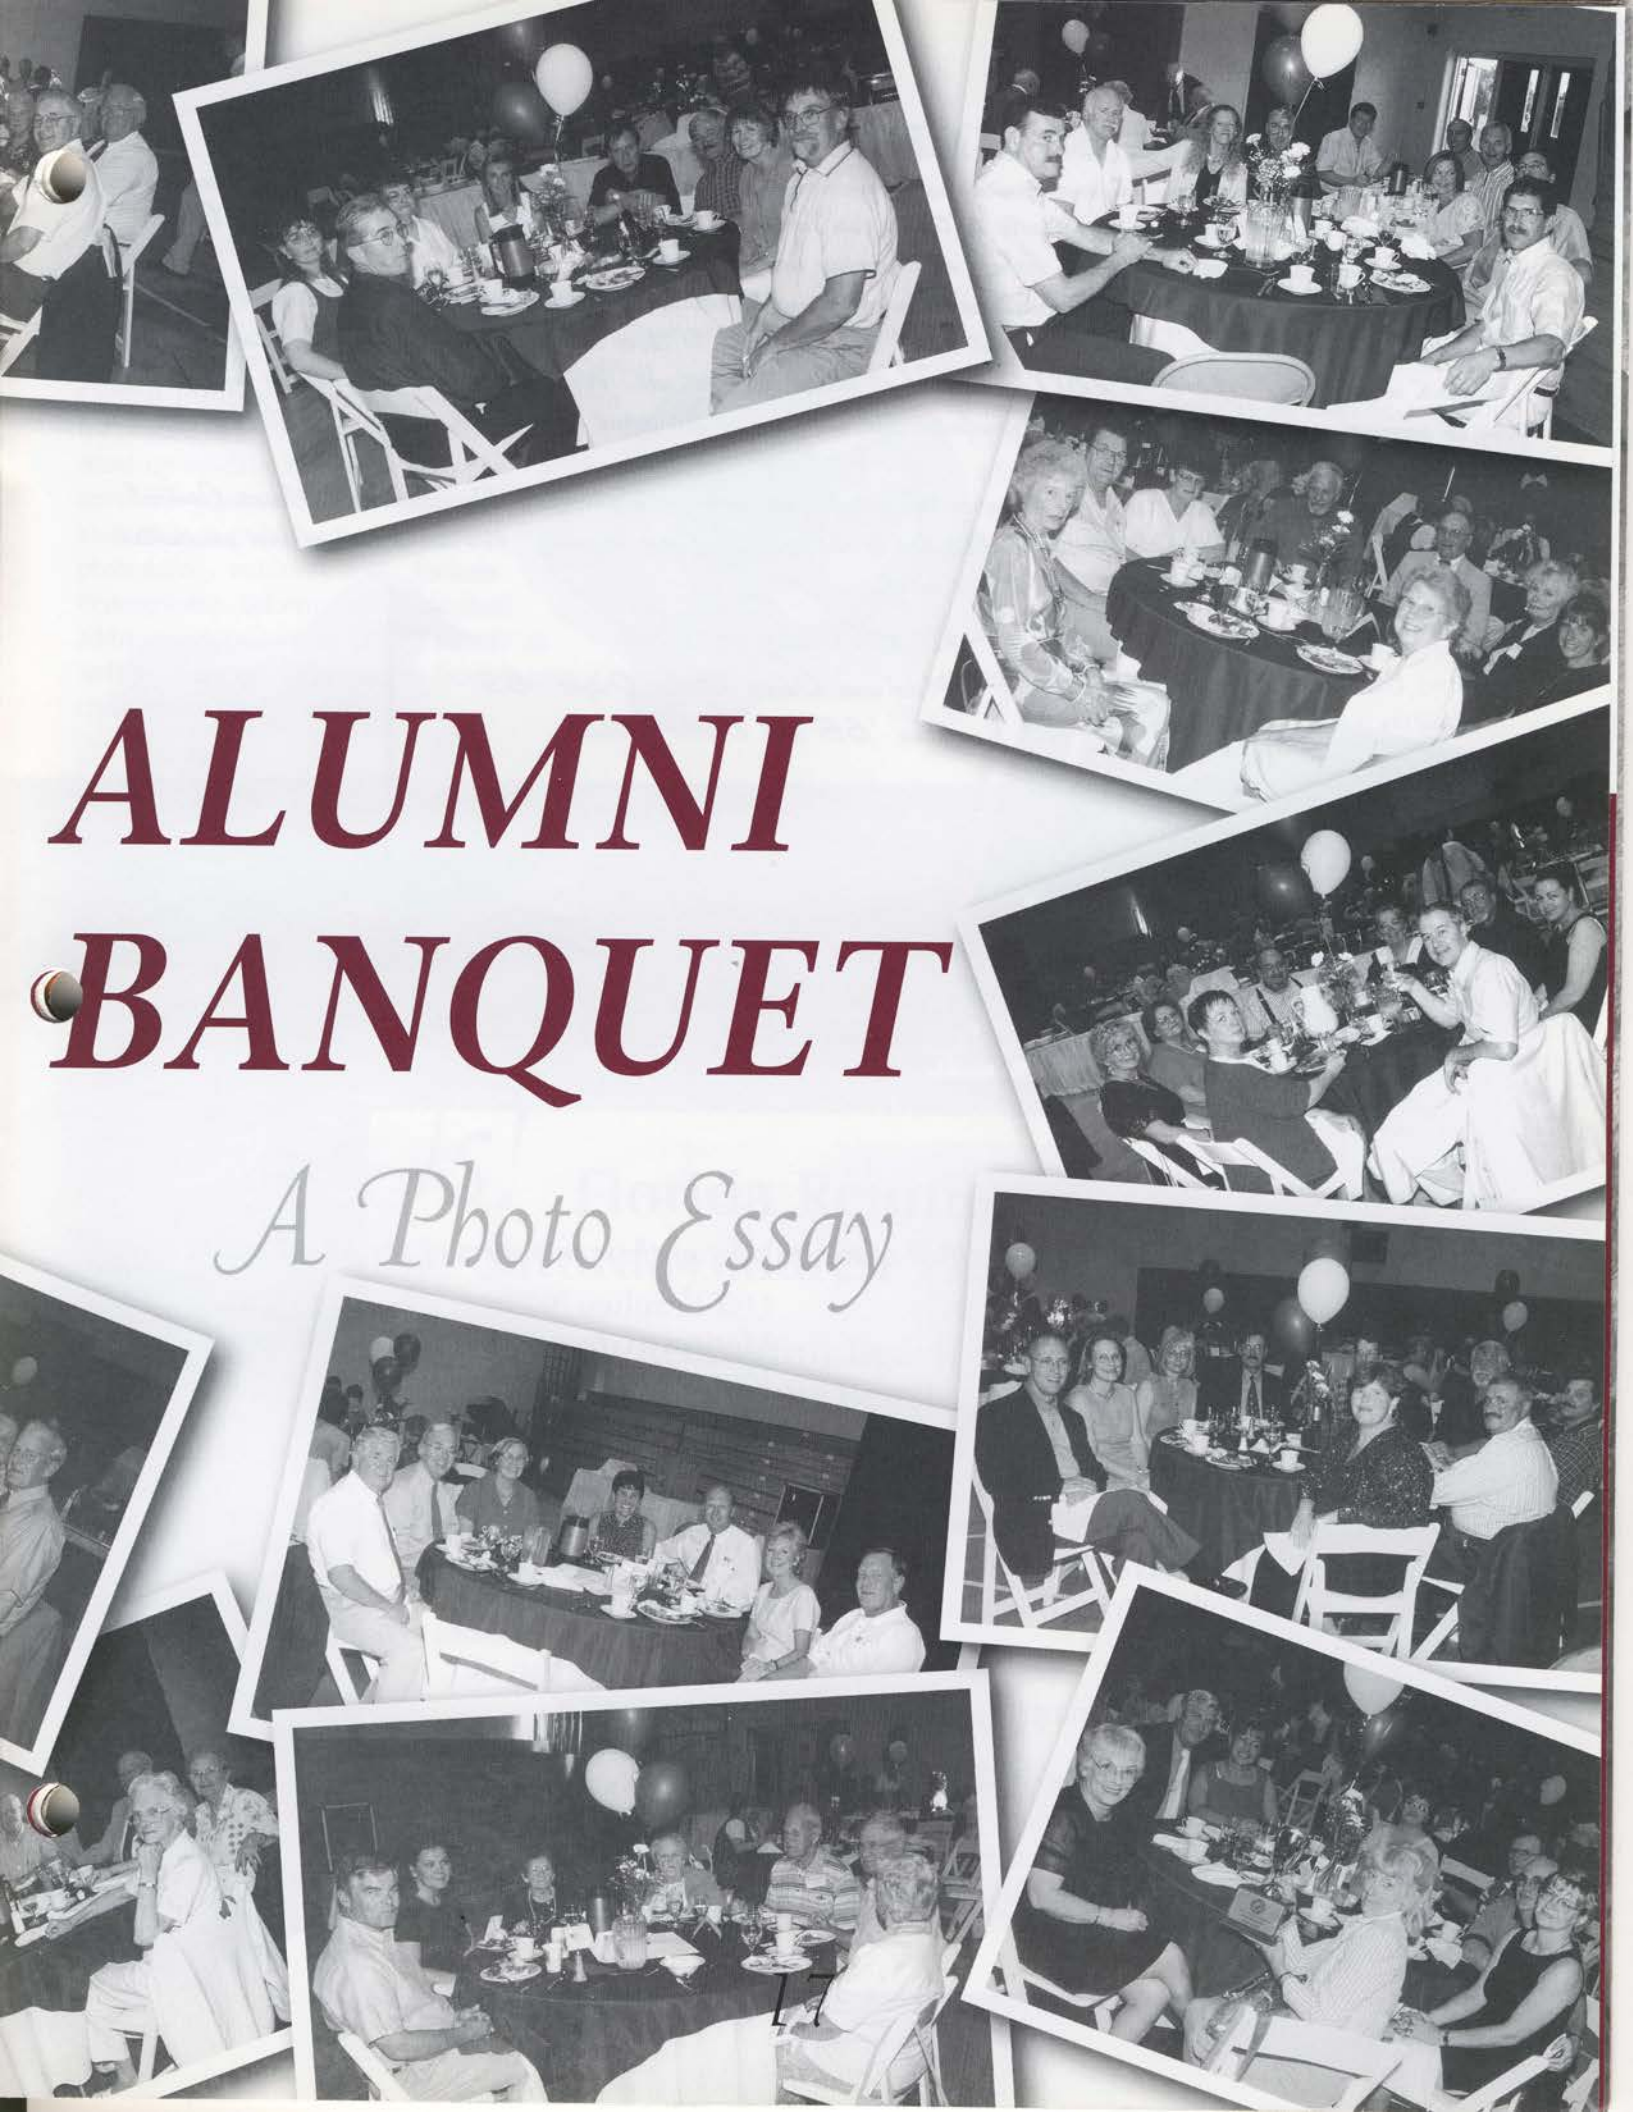

Critical Issues to be Addressed

ALUMNI BANQUET

A Photo Essay

FROM THE J.W. PARKS GOLF COURSE

We would like to take this opportunity to thank you for your support on Alumni Weekend. Myself, Dawn, Stan and Debbi all enjoyed seeing old friends and sharing in this celebration.

It is our goal at J.W. Parks to continue to improve our working relationship with Maine Central Institute. We will work each year to make next year's event better than the last. If there are any comments or suggestions, feel free to contact us at 207-487-9280 or e-mail at jwparks@mint.net. We welcome your suggestions and will use them to improve our service to you. The knowledge that we have of this event now should allow us to staff better and be more prepared for you in the future.

In our business, we must always remember the people that help us to succeed. The alumni of Maine Central Institute and their families have certainly contributed to the success of our business. We are proud of our association with the school and look forward to next year's event.

We will see you in August,

Mike and Dawn Kitchin Dugas '83

Stan '65 and Debbi Kitchin

* The Alumni Office tries its very best to make sure we have accurately recorded the names of alumni and friends who have passed away. It is difficult to keep track of those who live outside of our local news area, so please feel free to contact the Alumni Office if you know of the death of an alum or friend of MCI.

In Search Of All Maine Central Institute Alumni

Have you ever tried to get in touch with an old classmate, only to find that the last directory is five years old? Well, your troubles are over. The new Maine Central Institute Alumni Directory, scheduled for release in September 2000, will be the most up-to-date and complete reference of Maine Central Institute alumni ever published! This comprehensive volume will include demographic information, all e-mail addresses, spouse and family names as well as business information, bound into a class library quality edition.

MCI has contracted Bernard C. Harris Publishing Company, Inc., to produce the directory. Harris Publishing will soon be researching compiling the information to be printed in the directory by mailing a questionnaire to each alumni with an accurate mailing address. This questionnaire is being sent to give every alumni the opportunity to be accurately listed in the upcoming new directory. It's important that you return your questionnaire so that you won't be omitted or your information listed incorrectly. At a later point in the project, you will be contacted by Harris directly to verify that your personal data is accurate.

UPCOMING REUNIONS! 2000

Join Us!

Florida Reunion
Saturday March 11, 2000

North Redington Beach Hilton
North Redington Beach, Florida

Information will be mailed in January to Florida alumni (snow birds, too). If you do not reside in Florida and would like to receive information, contact the alumni office.

Summer Reunion
August 5-6, 2000

It's not too early to begin planning class parties! Contact your class agent or Mary Sawyer if you would like to volunteer to help with your class reunion.

Help Secure MCI's Future ... Join the Heritage Club

Most of us are morally committed to charitable giving. We give freely to those who call on us directly for help. Not so many of us, however, see ourselves in the role of philanthropists, capable of making significant gifts to noble causes. Yet, as we carefully plan our charitable support, we can

make a little go a long way. The long-term enhancement of excellent programs at almost every school depends on its endowment. Endowment income allows the school to fund programs, to keep pace with inflation and to weather economic storms. MCI must increase its endowment. Its growth will maintain the school's long tradition of excellence for many years to come.

Cash is the most familiar method of giving to MCI and also the easiest. The tax savings mean that the cash gift does not really cost you the full out-of-pocket amount. But cash may not be the best way for you to give.

The Heritage Club was created to honor those alumni and friends who have made bequests or planned gift commitments to MCI. Members of the Heritage Club include those members who have made direct provisions to MCI in their wills, who have named MCI as beneficiary in life insurance policies or who have included MCI in a charitable trust. The Heritage Club is more than a project to raise money for MCI. You will leave a living and lasting legacy to MCI.

By joining the Heritage Club, you have a number of giving options and can ensure that MCI will continue to exist for many years into the future. When considering a gift, select the best asset for your personal situation. Good planning in giving makes sense; there are substantial tax differences for each type of gift.

Securities or Real Estate

A gift of securities or real estate that has appreciated can be one of the most advantageous ways of giving to MCI. To provide an incentive, the federal government has allowed for the avoidance of tax on the appreciation of these gifts in most situations.

Bequests

Most people living in the United States die without benefit of a will. The state disposes of their property according to fixed laws, without thought to personal wishes of the deceased. The tax advantage of a charitable bequest may be substantial when considering the Federal Income Estate Tax ruling. The estate tax charitable deduction is unlimited and all estate tax assets given to charity are fully deductible.

Insurance Policy

A gift of an existing whole life insurance policy has valuable and attractive benefits. They include:

- a sizable gift without reducing income
- immediate and substantial tax relief
- deductions for future payments
- federal estate tax reduced or eliminated

A gift of a new policy with MCI named as the owner and irrevocable beneficiary gives you a charitable deduction for all future premiums including any unexpired premiums for the year of gift.

Name MCI as a beneficiary for part of the proceeds of policy that you will own and control. You do not receive a tax deduction now; however, you may reduce any federal estate taxes because the proceeds are a charitable gift.

MCI Heritage Club members include:

Norm '34 and Bunny '38 Bickford
Chuck and Helen Cianchette '48
Ralph W. Damren '64
Michael Fendler '70
Gary Fitts '69
Ralph "Buddy" Ingraham '75
Jeremy Lord '62
John R. Mosher '83
Susan Smith Norris '73
Gregg Patterson '69
Ralph "Buddy" Ingraham '75
Roger Percival '45
Michael Savage '62
Alice Sinclair
Carl R. Wright '43

The past is our heritage; the future is the heritage of those who follow. The MCI Heritage Club honors those who have chosen to extend their influence beyond their life span and wish to secure a bright future for MCI.

For more information contact: Head of School Doug Cummings at 207-487-5915.
