Dear Alumni:

It is always difficult to write a valedictory, but more so when it has taken ten good and fruitful years to graduate from MCI!

One of the most rewarding experiences that I have had is the revival and strengthening of alumni ties to the School — publication of an *Alumnus*, the organization of a strong and growing living endowment, the Alumni Fund, and the establishment of an alumni office and an alumni secretary. Now this devoted and able alumni secretary, Mr. Edward R. Stanley, has been chosen by the trustees to lead MCI in the years ahead. No man on the staff has stronger or warmer ties to MCI than Mr. Stanley. The old School is in good hands.

It would be difficult to imagine years more filled with rewarding personal relationships for me and my family than these years at the School. This business of education is, at its best, a human thing. Education is not schedules, text books, grades and budgets, but it is the enthusiasm of people for each other and for learning about themselves and about life. These enthusiasms we have felt and shared in our good years here.

We will keep in touch and watch with real interest and affection the progress of "dear old MCI."

Cordially,

Co. Howard Niblock

Dear Fellow Alumni:

If this letter, which I am told will occupy page three of the 1956 Alumnus, were to be written in the form of a news story, I am not sure just what the headline would read. It might be "Principal Niblock Resigns," or "Convert Weymouth Hall To Boys' Dorm," or "New Science Building To Be Erected At MCI." At any rate, those are the major news items of the year at MCI, and I think you will all agree there is no dearth of news for this issue of your alumni magazine.

With all this important news, it is obvious that things have been happening at MCI. Living as I do quite near the campus and with a daughter in the junior class, I have kept in fairly close touch with the situation. Many of you, I know, will be sorry to learn that Mr. Niblock is leaving after ten good years, even as you will be glad to learn that the school is finally to have a new classroom building. Probably you will greet the news about the change in Weymouth Hall as I did — with mixed feelings of regret that the girls' boarding department must close combined with a sense of relief that the school has finally reached a most difficult decision to deal decisively with a problem that has bothered for some years.

As you read of all these changes, I hope you will not forget to bear in mind that your Alumni Association and you as individual alumni have a definite concern with all that is going on at MCI. It is our school — just as it was our school when we were students on its campus — and we have every reason to be proud that this is so. Many of us who live in Pittsfield were present at the annual Town Meeting in March, when the town, without a dissenting voice, gave MCI a splendid vote of confidence by voting to contribute \$50,000 toward the cost of erecting the new science building, If people with no direct connection with the school (and there were plenty there that day who have none) think so highly of MCI as to favor such a measure, those of us who are its graduates should certainly want to be equally strong in our support.

Last year, the annual Alumni Fund yielded \$3,309.05. This year, and in the years ahead, MCI will be faced with extraordinary expense in meeting the costs of the new science laboratory and classroom building. I hope the 1956 Alumni Fund will reflect the loyal support of all 2,600 alumni at least as strongly as the 4,000 citizens of Pittsfield demonstrated their support of the school at the Town Meeting.

Next August — Saturday, August 4th — all of us will have an opportunity to demonstrate our affection for MCI and for our MCI friends in yet another way. That is the day set aside for the annual Midsummer Reunion. It will be a special reunion year for the members of the six and one classes, with top honors going to the class of 1906 on its golden anniversary, but it will be a day for any and all of us who share fond memories of MCI to return once more to the campus. I hope to see many, many of you then.

Sincerely,

Da Canchette Cregnole

Principal W. Howard Niblock Resigns

MCI Trustees Elect Edward R. Stanley as Fifteenth Principal

Two announcements of interest to friends of MCI everywhere have come from the Board of Trustees in the early months of 1956. The first, on January 12, bore the sad intelligence that Principal W. Howard Niblock had submitted his resignation, effective at the end of the school year, in order to accept a position as principal of the Winchester, Mass., High School. The second, made on April 2, reported the appointment of Edward R. Stanley, executive alumni secretary and assistant to Mr. Niblock, as the School's 15th principal.

In ten years at MCI, Principal Niblock has made a host of friends for himself and for the School. His resignation was accepted by the Board of Trustees with deep regret at MCI's loss and with equally deep satisfaction that Mr. Niblock was to continue his service to education at one of the finer public secondary schools in the New England area. He will carry to his Winchester position the warm good wishes of a host of MCI friends and the knowledge that they confidently expect his continued success as an educator.

W. Howard Niblock came to MCI in the fall of 1946, after serving for nine years as director of guidance at the Mount Hermon School. A graduate of Bowdoin with a B. S. degree, he holds an M.A. in psychology and an Ed. M. in secondary education from Harvard. Last June he was honored by Nasson College with an honorary L.H.D. degree in recognition of his outstanding contributions in the field of secondary education in Maine.

During his tenure at MCI, Mr. Niblock has been prominently associated with a number of major educational organizations. He has served as chairman of the Educational Policies Committee of the State Principals Association and was named a member of the Standing Committee of the Independent Schools of New England. He is a member of the New England Council of Secondary School Principals.

His accomplishments at MCI during the past decade have been many. To him, for example, the School owes a major share of the credit for the reactivation of the MCI Alumni Association. The physical plant has been improved under his leadership, with notable changes made in the Institute Building and Alumni Hall. A new industrial arts shop — widely recognized as a model facility for this important area of secondary education throughout Maine — was erected during his term of office. And, of course, the careful groundwork for the rapidly maturing plans for a new science laboratory and classroom building received his constant attention.

It is, however, in the area of human relations that Principal Niblock has made his greatest mark at MCI. His warm friendship and his wise counsel have meant much to hundreds of students. He has worked hard and long to build up a faculty of which MCI can justly be proud.

With Mr. Niblock's decision to resign, MCI loses not one but two valued friends. Mrs. Niblock has been a gracious hostess to faculty, students, and friends of the School throughout her husband's tenure of office. She well deserves the praise she has received for her many, many thoughtful services to MCI.

The Niblocks and their three sons—William, an 8th grader; Neddy, a 6th grader; and Tommy, a 3rd grader—will be moving to Winchester, where they have purchased a home, this summer. Their friends among the alumni will be happy to learn, however, that the Niblocks still plan to spend their summers at their camp on Lake Sebasticook in nearby Newport.

His successor, Mr. Stanley, is no stranger to many of the alumni, having joined the staff in 1939 following his graduation from Bates College with an A.B. degree magna cum laude. His graduate study has been in the fields of Near Eastern and Russian history and secondary education and was pursued at the University of New Hampshire.

Mr. Stanley was a social studies teacher and assistant housemaster at MCI from 1939 to 1942, when he was granted leave of absence for wartime duty with the Army Air Forces. Immediately following his discharge in 1946, he returned to MCI as director of a program of accelerated courses for veterans. In

the fall of that year, he rejoined the faculty as a social studies instructor and assistant housemaster. In 1949, he was assigned as senior English instructor, and in 1951 he became the School's first full-time executive alumni secretary. He has served as director of public relations for the School since 1940. In 1954, Principal Niblock named Mr. Stanley as his assistant. Since that year also, Mr. Stanley has been serving part-time as editor of the Pittsfield Advertiser, a newspaper owned and directed by Trustees Joseph R. Cianchette and Roy U. Sinclair.

Mr. Stanley is married to the former Dorrothy Knight Shorey and the couple have three children: Carol Shorey '55, a student at the Northern Conservatory in Bangor; Wayne Shorey, a sophomore at MCI; and Marcia Stanley, age two years.

Two Fine Gifts

During the year, MCI has been enriched by two much appreciated gifts — each very different from the other, yet each a valuable addition to your MCI. From Mrs. Dorothy D. Roberts of Pittsfield, the School received last July a very fine and interesting intaglio of "Elsie Venner", heroine of Holmes' story of the same name and done by Daniel Chester French, who did the famous "Minute Man" at Concord, Massachusetts, and so many other pieces of sculpture. Mrs. Roberts made her gift in the name of Leona Elizabeth Cross '55, her granddaughter.

In September, MCI received a letter from Ione Garcelon '37 informing the School that her aunts, Mary Weymouth Dodge '74 of Yarmouth, Maine, and Carrie S. Weymouth '80 of Amherst, Massachusetts, wished to present a life-sized portrait, done in crayon and framed, of their father, the Reverend Nathaniel Weymouth. This splendid portrait of one of the School's founders has since been received and hangs in Weymouth Hall, named after the Reverend Nathaniel Weymouth.

The School is grateful for these fine gifts.

New Science Building is MCI's Answer to Increasing Enrolment

Trustees Vote Unanimously to Erect New Structure, 100 ft. x 70 ft., Opposite Alumni Hall

A new science laboratory and classroom building, assuring outstanding facilities for instruction in biology, chemistry, physics, general science, and home economics, will shortly be erected at Maine Central Institute. The decision to add this important structure to MCI's physical plant was reached by the Board of Trustees at their annual meeting last August after months of study by individual trustees and members of the staff. Construction will begin as soon as steel can be obtained; final work on the plans preparatory to ordering the steel is being accomplished by Trustee Joseph R. Cianchette's chief engineer as the Alumnus goes to press. It is hoped that part, at least, of the new building will be ready for occupancy during the 1956–7 school year.

The new building is to be located on the south-west side of the campus, behind the house known to many of the alumni as the Doctor Bryant home and to more recent alumni as the Ralph Cianchette house. It will be situated roughly opposite Alumni Hall and will help to complete the quadrangle of the front campus.

Of brick-faced steel construction, it will be modern in every respect. The basic plans for the building are the product of countless hours of work on the part of Paul W. Legge, MCI's highly regarded instructor of chemistry and physics. These plans incorporate many of Mr. Legge's ideas for the utilization of space and the convenient arrangement of equipment to facilitate science instruction on the secondary school level.

The building will be a two-story structure, 100' long by 70' wide. On the first floor will be located a biology and general science laboratory and classroom, 42' x 34', with two smaller rooms for zoological and botanical experimentation, each 15' x 14'. This department will also be provided with a storage room 34' x 8'.

On the right side of the first floor will be two large laboratories set aside for home economics: a foods laboratory 34' x 34' and a sewing and classroom 34' x 21' 6". This department will also be equipped with a storage room and a fitting room.

THE "NO VACANCY" sign has been out all year for Paul W. Legge's chemistry and physics sections at MCI. Conditions like these have inspired the School's trustees to undertake the construction of a new science laboratory and classroom building.

Also on the first floor will be a science library 11' x 21', lavatories for boys and for girls, a heating room, and a generous storage room for janitorial equipment.

On the second floor, the left section will be devoted to a physics laboratory 34' x 29' 6" and a physics classroom 34' x 27' 6". Storage space for this subject will be located between the laboratory and classroom, with easy access from the one to the other.

In the right section of the second floor will be found a similar set-up for chemistry, with the laboratory and classroom each the same size as in the case of the physics rooms. A small darkroom for the School photographer and for student photography work will be located in this section.

In the central portion of the second floor are to be a student project room 29'6" x 15'6" and an optical room. These will make possible special experiments which must be left set up for prolonged periods of time without disrupting the work in the regular laboratory sections. There will also be an audio-visual room, suitable for use as a general classroom, 33' x 27'6".

The need for this building has been long developing. The School has had no new classroom building in ninety years. As a consequence, the Institute Building has become more and more crowded each year, until finally the point has been reached when the prospect of still greater enrolments cannot be faced without a decision either to cut back enrolment or to increase facilities.

Coupled with this general need for more space for more students in all subject fields, there has been developing a particularly acute situation in the teaching of science at MCI. The School's present science facilities are very frankly outmoded, as well as outgrown. In a single laboratory, originally intended to serve twelve students, the School has been attempting to give laboratory experience to classes as large as thirty-six. The result, obviously, is far from a happy one. Only the fact that MCI is fortunate to have the services of an outstanding teacher in chemistry and physics has served to retrieve a situation that could easily be an even more serious one, were the instruction to be less than superior.

Trustees Acknowledge \$50,000 Gift

On March 10, 1956, the citizens of Pittsfield met at the annual Town Meeting and gave Maine Central Institute an outstanding vote of confidence with the passage of an article in the town warrant calling for an appropriation of \$50,000 to assist MCI in meeting the cost of erecting a new science laboratory and classroom building. When the Moderator, Clair L. Cianchette '41, called for discussion, Trustee Earle N. Vickery '04 spoke briefly of the need for this additional facility to improve the MCI program for all the students of the School, and the article was passed without a dissenting vote.

MCI - its trustees, its faculty and staff, and its students now and in the years to come - should be deeply grateful to the people of Pittsfield for this splendid evidence of community support for the School. With the provision of outstanding secondary school training for students from Pittsfield homes as one of its major responsibilities since its founding in 1866, MCI will go ahead with renewed determination to meet the needs of the town of Pittsfield in the field of secondary education.

The new building is estimated to cost approximately \$150,000. Pittsfield's generous gift will take care of

one-third of that cost. The remaining \$100,000 will have to be provided from other sources. The Trustees have indicated their willingness to invest the School's endowment in this essential project, and that should take care of a second \$50,000. The remaining third must either be borrowed or obtained from friends of the School everywhere — all those who have a real interest in seeing MCI continue to fill well the important role it has filled for ninety years. The Alumni Fund this year and in the years ahead will be of tremendous importance to the School in meeting the heavy commitment the new science building represents.

SENATOR SMITH JOINS BOARD OF TRUSTEES

United States Senator Margaret Chase Smith was elected to a four year term on MCI's Board of Trustees

at the Board's annual meeting last August. In announcing Senator Smith's election, President Harry W.

UNITED STATES SENATOR MARGARET CHASE SMITH joined the MCI family last August when she was elected to a four year term as a member of the Board of Trustees. Senator Smith, long a friend of MCI, honored the School by serving as the baccalaureate speaker for the 1954 Commencement Exercises.

Rowe '06 stated that he and the other members of the Board were convinced that in Mrs. Smith they had obtained a trustee whose devotion to education is a matter of record.

Senator Smith, a native of Skowhegan, is no stranger to MCI, having served as the School's baccalaureate speaker at the 1954 Commencement. A frequent visitor to Pittsfield, she

often refers to it as "my second home."

Senator Smith, who has earned widespread esteem for her work first as a Representative from Maine's Second District and later as a member of the Senate, has received recognition from major institutions of higher learning in Maine and elsewhere. Bowdoin, Colby, and the University of Maine have honored her with degrees, as have many other institutions, including Columbia, Hamilton, Temple, the University of New Brunswick, Wesleyan, and Smith. In the citation accompanying the Litt. D. degree conferred upon Senator Smith in 1955, authorities at Temple University declared her to be "...one who would not surrender principal to political expediency, who stood unterrified and unmoved amid raging winds of demagoguery, who matched hysteria with that common sense which is one of Maine's most famous products.'

Re-elected at the same time were four members of the Board: Thomas F. Connor of Pittsfield, since deceased; State Senator Roy U. Sinclair of Pittsfield; Dr. Ninetta M. Runnals of Dover-Foxcroft, dean emerita of women at Colby College; and Charles A. Snow '05 of Fryeburg, retired superintendent of schools.

Girls' Boarding Department Closes in June

Trustees Vote Conversion of Weymouth Hall to Boys' Dormitory to Meet Demand for Space

After serving MCI as a girls' dormitory for forty-four years, Weymouth Hall will be filling a new function for the School when classes open next September. The Board of Trustees, at their annual meeting last August, voted to close the girls' boarding department at the end of the current school year and to utilize Weymouth Hall as a second boys' dormitory beginning in September, 1956.

The decision to cease accepting girl boarding students was not an easy one for the Trustees to reach. Many, many fine girls have attended MCI as boarders over the years; their contributions to the School and to School life have been highly valued and far out of proportion to their numbers. They have almost without exception become loyal alumnae. To close out the department which has made it possible for them to attend MCI was not a decision to be made lightly nor was it so made.

For a number of years now, the Trustees have been faced periodically with the question, "What shall we do about the girls' boarding department?" Always before, their answer has been, "Keep it, strengthen it, but do not abandon it." This answer has been given in spite of recurrent deficits in the operation of Weymouth Hall since 1941, deficits which have run as high as \$6,263.39 in a single

In recent years, however, a new pressure has been brought to bear upon the Trustees. That pressure has been a steadily increasing demand for boarding space for boys. Last year, the School had to refuse admission to a number of promising candidates for want of boarding space, in spite of the fact that MCI conducted no student campaign in an effort to interest boys in attending the School. The demand for boys' boarding accommodations is very evidently rising, and MCI seems to be the choice of an increasing number of boys from Maine and other parts of New England.

Coupled with this condition has been the unfortunate fact that no such demand for girls' boarding accommodations at MCI has been in evidence. Quite the contrary has been true. Weymouth Hall has been operated for some years now with no more than 20 or 21 girls, often as few as 14. Such an operation obviously is uneconomical, particularly when the School is refusing to accept considerable numbers of male applicants.

This year affords a case in point. With only 19 girls in Weymouth Hall, Alumni Hall is filled to capacity with 70 boys. The demand on the time and energies of the masters of the faculty is increasing as the boarding load increases, yet so long as MCI operates a girls' dormitory, a substantial fraction of the total faculty must be made up of women. With Weymouth Hall a boys' dormitory, it will be possible to increase the number of men on the staff, and it should be possible to run the building at a profit, or, at least, without incurring

The School is still coeducational, and the faculty will continue to number women in key positions. The elimination of fifteen to twenty girls from a total school population of 416 (233 boys and 183 girls) cannot seriously effect the policy of coeducation at MCI, which the School and its Trustees still hold to be the best policy.

It is to be hoped that the net result of this major change in the policy of MCI will be to make it possible for a larger number to enjoy the advantages of preparatory school training in the years ahead.

Alumni Elect Iva Cianchette Cregnole '35

REPORT OF THE ANNUAL MEETING, AUGUST 6, 1955

Over 100 alumni and guests were on campus to attend the fifth annual midsummer reunion of the Maine Central Institute Alumni Association.

Registration of alumni began Saturday morning with an informal reception in the Bigelow Room highlighting the afternoon program.

The 1905 class was honored at a golden anniversary luncheon at the Lancey House at noon, and again at the evening banquet where the members were presented a scroll of appreciation for 50 years of loyalty to the school. The members of this class were surprised with a decorated anniversary cake at the afternoon reception. They had as their special guest Prof. George Ramsdell, pro-fessor emeritus of mathematics at Bates College, and teacher, coach, and submaster at MCI from 1903 to

The 1945 class celebrated its tenth reunion with an afternoon meeting at the Coffee Shop.

The Lancey House catered to the evening banquet which was served buffet-style in Parks Gymnasium. Rev. Charles H. Johonnett, 1887, of Palmyra, the oldest alumnus present, offered grace. Dinner music was played by Dr. Robert Parker.

Alumni Executive Secretary Edward R. Stanley presided at the business meeting in the absence of the president, Clair L. Cianchette. The secretary's report was accepted as it appeared in the 1955 MCI Alumnus. The report of the treasurer, Miss Alma Patten, was read by Willard Lehr, Jr., and accepted.

Preceding a roll call of classes, a letter was read from Roscoe Nelson, 1883, of West Hartford, Conn., and special recognition was accorded William Murray, 1895, of Cape Elizabeth, present for his 60th reunion.

Earle N. Vickery, 1904, was presented an inscribed silver bowl as a token of appreciation for his many years of service to the school as treasurer of the Board of Trustees, and as a loyal alumnus.

The following officers were elected by single ballot following the report of the nominating committee:

President — Iva Cianchette Cregnole,

1935, Pittsfield. Vice president — Cornelius Clauson, 1948, Waterville.

A REALLY THOUGHTFUL GIFT was the 1905 class' 50th anniversary presentation of raised bronze letters for Weymouth Hall and Alumni Hall. The Class of 1905 chose this means of expressing their love and loyalty after fifty years. The letters are being affixed to the front of the respective buildings, where they will remain a monument to the donors. Shown above admiring the gift are (left to right) Principal W. Howard Niblock and Alumni Secretary Edward R. Stanley.

New Science Building

From page 5

Science enrolment has been growing—even faster than total school enrolment. Whereas ten years ago, only 31% of MCI's student body were enrolled in science courses, today 50% are taking one or more science courses. With the School's present single laboratory, sectioning in physics and chemistry is impossible; even more serious, biology students have been without laboratory facilities entirely. (Provision of a demonstration table with special equipment for one of the regular classrooms during the past year has remedied this situation somewhat.)

The new building means, in short, a new life for a fine old school. Elimination of the present science and home economics laboratories and classrooms from the Institute Building will allow badly needed sectioning to take place in other subjects, as additional classroom space will be available. The provision of superior facilities for instruction in the sciences will mean that MCI will be in a position to offer far richer courses for boys and girls who plan to continue their education in science-related fields. The addition of finer facilities for home economics will enrich the MCI program for dozens of girls each year - those for whom "home ec" in college is a goal as well as those for whom the MCI program is terminal education.

MCI Spirit

Each year MCI is gratified to receive stout support from its friends and graduates. This support takes many forms, in each of which it is deeply appreciated. Some render their support through donations to the annual Alumni Fund; others help the School in different ways, either through their active participation in the endless task of assuring that MCI enrolls a sufficient number of the best students or through the equally important task of seeing that the School's good name continues to be well received throughout the area it serves.

Now and again, however, the benefaction of an individual alumnus stands out from the others. Such an instance occurred this year, when a graduate of the School, whose wish for anonymity must be respected, expressed the desire to underwrite an MCI education for some deserving boy. Your alumni secretary selected a young man of exceptionally fine character to receive this support. This boy has so conducted himself throughout the year as to reflect great credit upon MCI and upon his unknown benefactor. Members of the faculty who know him well, predict that he will always reflect credit upon the School.

The alumnus who chose this means of demonstrating his loyalty to MCI and his appreciation for all that MCI

ALUMNUS COVER

The cover of this issue of the Alumnus is an artist's conception of the new science laboratory and classroom building, drawn by Evelyn Webendorfer Austin '46 and presented to your Association. The Association is also indebted to Vaughn Heffren '42, commercial artist, for a second drawing of this building which has been reproduced to assist the trustee members of the Building Committee in their work in establishing the financing for the new facility.

For Excellence in Home Economics

At Commencement Exercises this June, an MCI girl will be made proud and happy with the granting of a new award for excellence in the study of home economics. The award was created on Homecoming Day, August 6, 1955, when Ida Tibbetts Schenk '05 (Mrs. William F.) expressed her desire to make it possible for the School to give well-deserved recognition for outstanding achievement in this important study.

Mrs. Schenk, who only recently retired after a lifetime of service as a teacher of home economics, has in her own career set a high standard for any girl interested in the subject. Her devotion to her students and to the subject she taught is commendable and eminently worthy of emulation. The School is grateful to Mrs. Schenk for making possible the encouragement of girls demonstrating great interest in home economics.

The citation for this award will read as follows:

The Ida Tibbetts Schenk Home Economics Award is given annually to that girl who, in the opinion of the Home Economics instructor, has made the most notable progress in mastering a subject of vital importance to the preservation of the basic institution of our society — the American home. The donor of this award, Ida Tibbetts Schenk, a loyal alumna of Maine Central Institute in the Class of 1905, has devoted a lifetime to the teaching of Home Economics in the secondary schools and through this gift endeavors to encourage others from her alma mater to follow in her footsteps. This year the Ida Tibbetts Schenk Home Economics Award of \$10 is granted to

News From the Champions

With track and baseball yet to come, MCI is already assured of another fine sports record for 1955-56. Last fall, Coach Norbert Young's harrier pack, sparked by the consistent 1-2 finishes of William Daly of North Leeds and Harry Gordon, Jr., of Pittsfield, walked off with the state title in cross country at the University of Maine. Not to be outdone by the harriers, Coach Davis Wiggin's Husky gridiron squad annexed the fifth consecutive state title in football by defeating all its prep school foes in a season that saw MCI bow only to the Colby College Frosh.

Harriers Take Title

The Husky cross country squad, bedeviled by lack of balance throughout much of the regular season, came up with a winning combination at the State Meet. Bill Daly, undefeated throughout the season, easily placed first to take the gold medal, while teammate Harry Gordon ran true to form and annexed second place, giving him the silver medal for the second consecutive year. MCI's Pomeroy placed 7th, McGowan 8th, Woodrow 13th, Clark 14th to wind up the scoring for the Huskies. When it was all over, the score was MCI 28, Fryeburg Academy 36, Corinna Union Academy 68.

Post Fine Records

The 1955 gridiron season was a good one from start to finish, as the Huskies opened up with a 32-0 win from Higgins Classical and closed with the traditional Veterans' Day game against the same club, which the Huskies won 38-0. In the second game of the season, Coach Wiggin's charges fought a heavily favored Maine Maritime eleven to a 13-13 deadlock. Bridgton Academy then fell before the Huskies, 39-6, before a powerful Colby Frosh club defeated MCI, 27-0, in the season's only loss. Hebron, the other serious contender for Maine prep honors, bowed out against MCI, 39-0, and the Bowdoin Frosh also lost, 6-0. In the next to the last game, MCI fought a hard battle to wind up with a 7-7 tie against the University of Maine yearlings.

Meanwhile, Coach Paul Legge's MCI Undergrads, a varsity squad for younger, less experienced boys, playing under Maine Principals' Association eligibility rules, also enjoyed a fine season. The Pups played a five game schedule, winning three, tying one and losing one. The season's results follow:

MCI 13 — Higgins Jayvees 13

MCI 13 — Bangor Jayvees 32 MCI 28 — Dexter Jayvees 0

MCI 28 — Dexter Jayvees 0 MCI 20 — Dexter Jayvees 13

MCI 21 — Lawrence Jayvees 13

Coach Legge was assisted throughout the season by Coach Clarence Smith, and the two coaches were kept busy with a large and enthusiastic squad of boys who obviously appreciate the fact that MCI's support of double varsities makes possible wider participation in interscholastic athletics than would be possible with single squads in the major sports.

Plenty of Pep

Girls' sports, too, were not neglected, with Coach Janet Cyr and her field hockey club playing a five game schedule against Cony High of Augusta, the Kents Hill School, and Wilton Academy. The Huskies won only one of their five games, but their enthusiasm for the sport was certainly equal to that of any of the School's championship squads in other sports. Those alumni who were in Pittsfield on the day of the girls' victory and who heard the prolonged pealing of the Institute bell can attest to that.

Crown Wears Well

If it be true that basketball is the king of winter season sports, then surely at MCI at least no king ever bore his crown with greater right than did Coach Bert Pratt's MCI Huskies in the basketball season just closed.

MCI REGAINED THE PREP CROWN in cross country, thanks to Coach Norbert Young's up-and-coming squad of hill and dalers, paced by Bill Daly of North Leeds and Harry Gordon, jr., of Pittsfield, son of Harry Gordon '32, whose mile record at MCI still stands.

STILL CHAMPIONS OF MAINE, Coach Davis Wiggin's MCI Huskies were undefeated against prep school competition in the 1955 season. Their victims included Higgins (twice), Bridgton, Hebron, and the Bowdoin Frosh. Ties with the potent Maine Maritime and Maine Frosh clubs were highlights of a season that saw the Huskies lose only a single contest—to the Colby Frosh. (Photo by Cecelia Shatney '49)

After a record undefeated season, during which they met the best competition open to a preparatory school in Maine, the Huskies won their sixth consecutive Maine State Championship and their fourth consecutive Northern New England Championship. On top of all this, for the second consecutive year the Huskies reached the finals in the New England Preparatory School Tournament at the Boston Garden. There, unfortunately, they lost their first game of the season and with it the New England title, as Huntington School defeated MCI, 75-70. The final season's record was 20 wins to a single defeat.

In the regular season, Coach Pratt's forces, all of whom are Maine boys, piled up the following impressive record:

MCI 106 — Me. Maritime Acad.	65
MCI 86 — Me. Maritime Acad.	50
MCI 98 — Bates Jayvees	68
MCI 91 — Bridgton Academy	51
MCI 85 — Bowdoin Freshmen	83
MCI 105 — Portland Junior Col.	63
MCI 103 — Winter Harbor Navy	66

MCI 92 — Bates Jayvees	83
MCI 87 — Colby Freshmen	79

In the state tournament at Orono, the Huskies had no difficulty in defeating Coburn, 103-56, in the semifinals and then overpowered Bridgton Academy for the third time in the season, 89-52, to retain the title.

The next week, the Huskies moved

into the quarter finals of the New England Preparatory School Tournament, meeting the New Hampton School of New Hampshire at Bates College. Their 84-67 win gave the Huskies the mythical Northern New England title for the fourth consecutive year and the right to meet a powerful Cushing Academy quintet in the semi-finals at Tufts College. MCI enjoyed a decisive victory over Cushing, 103-78, and lost in the finals to Huntington, 75-70.

Squads For All

Though the varsity squad captured the headlines, MCI fielded four other basketball teams, each playing its own schedule and each well-equipped

and well coached. Coach John Dana '49, fresh from a season as captain of varsity basketball at the University of Maine, ran two squads, the undergraduate varsity, or "Undergrads" as they are known on campus, and the undergrad jayvees. The former posted a 5-7 record in a season that saw them pitted against the Kents Hill School varsity, Hartland Academy, Corinna Union Academy, Erskine Academy, HCI Jayvees, Hermon High, and Clinton High. The undergrad jayvees gave promise of fine material coming along for the undergrad varsity by winning six to a single loss.

Coach Beverly Pratt's girls varsity played an eight game schedule, winning two and losing six, while Coach Janet Cyr's girls jayvee squad split even in their four game schedule.

THE 1955–56 HUSKIES, undefeated until the final game in the New England Preparatory School Tournament, are shown above as they annexed MCI's sixth successive Maine Preparatory School title in basketball. (Photo by Cecelia Shatney '49)

BACK WHEN

1902 — The football season opened inauspiciously with HCI defeating MCI at Charleston, 16-0. Stevens and Clay were the ends, Lucas and Mathews the tackles, Foster and Goodwin the guards, Davis the center. In the backfield, Vickery and Sweetland were the halfbacks, Richardson the fullback, and Hartford the quarterback. Later in the season, the team picked up, defeating Pittsfield 12–0 and Brewer High 12–5... The alumni section of "The MCI" reported the recent marriage of Mae E. Walker '90 to W. E. Spear, a prominent Pittsfield jeweler. Also included were these notes: Ethel B. Vickery '97, teacher of modern languages in the high school at Calais; Nellie Rand '99, teacher at Canaan; O. M. Bean '02, clerk for the Tibbetts Clothing Co.; Maude E. Cleaves '02, teacher in Smithton . . . Hugh F. Goodwin was editor-in-chief of "The MCI", with Harris V. Mathews '04 as superintendent of athletics and Mary M. Webster '04 as superintendent of alumni.

FORTY-SIX YEARS AGO

1910 — Powers Hall was "loaned" to the students for basketball "thru the kindness of the trustees"... Clifford Burrill was manager of varsity football... The basketball team had an indifferent season, losing to Belfast High, Coburn, the Newport A. A., and HCI. They won, however, from the Pittsfield Town Team, the Delta Upsilon team at Colby, and from Coburn in a return match. The

A Good Omen

Although indoor track was not scheduled at MCI this year, Coach Norbert Young anticipated the outdoor season a bit and entered five men in the well known Bowdoin Interscholastics March 3. With only a couple of practice sessions at the tracks of nearby colleges, the group did well for themselves, winning three medals and placing MCI 4th, tied with perennial winner, Philips Exeter, in the field of nine prep schools. Bill Daly of North Leeds turned in an outstanding performance in winning the mile in 4:45.8, 11.1 seconds ahead of Huntington School's Kelleher, who was in second place. Al Guerra of Framingham, Mass., gave MCI another gold medal when he won the broadjump with 20' 2", closely followed by teammate Mike Riley of Oakland at 20' 1"

last game of the season was apparently the best, with MCI nipping Coburn, 22-21, thanks to Capt. Ames' foul line accuracy in the final seconds of play. The line-up for MCI included Homstead and Mace as forwards. Ames as center, and Burton and Drake as backs . . . The alumni section of the February 1910 "The MCI" listed Charles H. Johonnett '87 as a Methodist minister in Damariscotta: Dorothy Elliot '92 as a teacher in Skowhegan High School; Fred Burrill '93 as superintendent of schools in Island Falls; Elizabeth Walker '94 as a nurse in New York; Ethel Crabtree '96 as a teacher in Mansfield, Mass.; Harry P. McAllister '01 as in the insurance business in Worcester, Mass.; Clair Turner '07 as a student at Bates; Merton Larrabee '09 as a student at Colby . . . F. Harold Bickford was editor-in chief of "The MCI," with Hazel Young as assistant editor-inchief. Bessie S. Clark was in charge of essays and Fern Hoxie '11 in charge of editorials. Marjorie F. Swazey '11 and Earle A. Harding '11 had charge of locals and personals, while Eugene H. Drake was athletics editor. Leon R. Allen '11 was alumni editor. The business manager was Irving B. Loud, while Clifford L. Burrill '11 was his assistant.

TWENTY-ONE YEARS AGO

1935 — The School mourned the loss of George Mansfield Parks, a graduate in the class of 1885, who showed his esteem for MCI through a lifetime of loyal support. An outstanding benefactor, he had provided funds for the construction of the George M. Parks Athletic Field, and he was the donor of the largest single contribution toward the cost of erecting Alumni Hall. At the time of his death, it was learned he had left a bequest to cover the cost of erecting a memorial gymnasium . . . Coach Marion Dickson's girls' varsity basketball team had a 3-8 season, with Higgins, Clinton, and Madison as the vanquished opponents. Joan Garcelon was captain of the squad . . Coach Al Birch's varsity basketball squad won only one game — against the alumni - and was hampered throughout a 13 game schedule by lack of experienced players. John Dickson was captain of the squad. . . Eleanor Lane and Paul Houston, both sophomores, won the Alumni Prize Speaking in Powers Hall on March 21 . . . Marion Crawford won the best speaker award as MCI defeated Good Will High School in the preliminaries of the Bates League in debating.

THE HUSKY HARRIER PACK in the 1947 season gave a good account of themselves, defeating Lee Academy, the Colby Frosh, the Bates Frosh, the Farmington State Teachers, the Maine Jayvees, and Kents Hill. In the State Meet, the Huskies, coached by Maurice L. Earle, were second to Hartland Academy.

Frederick Waldron received the same recognition in the debate against Hartland Academy. MCI won the Good Will debate, 3–0, but lost to Hartland, 2–1... The juniors sponsored a card party in Powers Hall on March 1 as a means of adding to the class treasury... Gertrude Mann was editor-in-chief of the junior edition of "The MCI", with Marie Dodge as her assistant editor.

NINE YEARS AGO

1947 — With Mrs. Sanger M. Cook as director, the MCI Orchestra boasted twenty-four in its complement. The Orchestra performed at chapel exercises, at plays staged in Union Hall, and, as usual, with great distinction at the annual Pop Concert . . . Margaret Webb was president of the Girls' Athletic Council, with Theresa Sirois as secretary and Marilyn Cianchette as publicity manager . . . Les Leggett and Bill Paradis were co-captains of football. Coach Legge's charges posted a 2-4 record, defeating Ricker 32-2 and the Maine Jayvees 7-6. Single point losses to Maine Maritime and Bridgton marred the season's record . . . After defeating Coburn twice in the regular season, a favored MCI varsity basketball club lost the state title to the Tigers at Orono, 50-46. The next day, the team won the consolation game from Hebron, 60-44. Jack Leet was captain; Paul Legge, coach . . . Leon Fish was senior president, with Gene Henderson as vice president, Irene Bunker as secretary, and Ed Pinkham as treasurer . . . The School's musical organizations presented a Christmas Concert, with the boys' glee club and the girls' glee club playing prominent roles . . . Ewart Hodgins was editorin-chief of the Talisman, student newspaper . . . The Y-Teens, successor to the Girl Reserves, was an active organization on campus under the leadership of President Marilyn Cianchette and Mrs. Maurice L. Earle, faculty advisor . . . Pete Connolly set the pace for MCI in cross country. Coach Earle's charges finished fourth in the State Meet . . . Highlights of the hockey season under Coach Maurice Earle were a 2-0 win over Waterville and a 4-4 tie with Coburn.

HARVARD BOOK PRIZE

Through the generosity of Mr. George P. Milne of Pittsfield, who is retired from his position as a master at St. Paul's in Concord, New Hampshire, MCI will be granting a Harvard Book Prize at the 1956 Commencement. This award is made to an outstanding junior boy and is based on demonstrated excellence in character and scholarship.

For That MCI Friend

About five years ago the MCI Band Boosters, a local group which single-handedly earned enough money to outfit the MCI Marching Band with uniforms, sponsored the sale of MCI Memory Plates. These met with such a fine response that your Association undertook to sponsor the sale of MCI Memory Trays and Wastebaskets. Like the plates, the trays and wastebaskets met an eager market with the friends and graduates of MCI. Unfortunately, the supplies of all three items are exhausted.

Your Association, however, now has a new memory item that may rate consideration on the gift suggestion lists of friends of the School. The MCI Memory Ashtrays, pictured above, are companion pieces for the Memory Plates, yet sell for only a dollar each. They are available in Pittsfield at the Alumni Office or at Banks Boot Shop on Main Street. Alumni living away may order them from the Alumni Office by adding 15c for mailing charges to each order for 1 to 3 ashtrays, 25c to each order for more than 3.

ALUMNI ELECTS

Secretary — Sylvia Snow Lehr, 1942, Pittsfield.

Treasurer — Alma F. Patten, 1909, Pittsfield.

Executive Committee:

Four years -

Ruth Trickey Parker, 1936, Pittsfield.

Willard Lehr, Jr., 1942, Pittsfield.

Three years -

Carl R. Wright, 1943, Skowhegan. Evelyn Webendorfer Austin, 1945, Pittsfield.

Two years -

Francis Smiley, 1920, Pittsfield. Eleanor, Toothaker, 1930, Pittsfield.

One year -

Harry H. Friend, 1943, Pittsfield. Verna Coffin Farrow, 1916, Waterville.

Nominating committee -

Donald Humphrey, 1926, Pittsfield. Roland Reilly, 1936, Pittsfield. Ralph Gould, 1938, Pittsfield.

After the dispensation of routine business, Principal W. Howard Niblock described the current situation at the school and introduced members of the faculty who were present as guests. He outlined the rapid growth in enrolment at MCI, which now approximates 400, and expressed appreciation to the Alumni Association for its support, which he termed a

"living endowment."

Harry Rowe, chairman of the Board of Trustees, announced that, during its annual meeting held earlier in the day, the Board approved the embarkation of a program for the erection of a \$150,000 science building on the campus to house four large laboratories and smaller supplementary rooms. He stated that it is the hope of the Board that the building will be ready for student occupancy by fall of 1956.

In a report of alumni activities, Mr. Stanley described construction improvements made in the Institute Building and Alumni Hall during the past year through donations to the

Alumni Fund.

After adjournment, dancing and socializing were enjoyed in the Mural Dining Room at the Lancey House. Music was furnished by a trio led by John N. Foss, 1954.

Respectfully submitted, SYLVIA J. LEHR, Secretary

Track Improved

MCI, whose track and field facilities have long been among the best in the State of Maine in secondary school ranks, now has an even better plant for outdoor track, thanks to the generosity of Joseph R. Cianchette, member of the Board of Trustees. The latest in the long list of Mr. Cianchette's benefactions is the addition of a straightaway on the east side of the quarter mile oval on Parks Field. With the extension, according to Norbert B. Young, coach of track and cross country, it will now be possible to run hurdle races at the approved distances at MCI meets.

The work was accomplished when Mr. Cianchette provided a shovel, a bulldozer, trucks, and a crew of men to do the necessary excavating and filling to complete the job. As usual with J. R. Cianchette construction projects, the new straightaway is a fine piece of work and a welcome addition to the School's sports facilities.

Notes From the Campus

ASSEMBLIES — Through arrangement with the School Assembly Service, MCI has brought a number of unusually interesting programs before its students at assemblies this year. Beginning with Alfredo Cavalieri, talented violinist, on September 30, the schedule has included Miss Norma Brandel, who spoke on November 7 on her experiences as a student travelling in Europe; Glenn L. Morris, who presented a scientific program, "On the Beam"; and Capt. John Dry, whose subject was "Down to the Sea in Ships." In addition, of course, there have been student assemblies, rallies, career conferences, and special programs provided from talent available in the community.

CHAPELS - Again this year, chapel exercises have been enriched by the fine work of a robed student choir, directed by Mrs. Frances Piper, chairman of the English faculty and an accomplished vocalist in her own right. The exercises have been held in the George Parks Memorial Gymnasium, rather than in Powers Hall, as an inevitable consequence of the growth of the School and the utilization of Powers Hall as a study hall. Speakers have included the Reverend Daniel Fenner, vice-president of the Bangor Theological Seminary; the Reverend Charles Thomson, head-master of the Good Will School; the Reverend Homer Hughey, pastor of the People's Methodist Church in Newport; the Reverend Bruce Cummings, pastor of the First Baptist Church of Pittsfield; the Reverend Ray Blachly, pastor of the Church of the Nazarene in Pittsfield; the Reverend Robert Fiske, pastor of the First Universalist Church of Pittsfield; John L. Baxter, jr., of H. C. Baxter and Bro., Hartland; Brother Aubertus of the Xaverian Chapter in Bangor; Norval B. Lewis, senior English master; and Principal Niblock.

DRAMA — Miss Joan Hall and Miss Sylvia Cunningham, sophomore and freshman English instructors respectively, have served as faculty advisors to MCI's Masquers, student drama group, this year. The highlight of the Masquers' year came with the presentation of the School play, successor to the senior play, in March. The play chosen was "Who Killed Aunt Caroline?", a three-act mystery by Grant Richards. Thirteen MCI stu-

NEW LIFE FOR AN OLD HALL — When the Hon. Llewelyn Powers generously provided the funds for the establishment of Powers Hall, he probably did not realize quite how long his gift would serve the youngsters of the State which he served as governor. Familiar to so many of the alumni as a place for chapels and assemblies, prize speaking contests, pop concerts, and senior plays, Powers Hall today plays an even more vital role in the School's life as the main study hall. The photo above, taken from the stage, shows just half of the spacious study hall.

dents were cast in the performance, which was well received by a sizeable audience. In early April, Principal and Mrs. Niblock opened their home to the Masquers, as well as to the students who had participated in prize speaking at MCI, for an evening of entertainment and refreshments.

PUBLICATIONS — Student journalism continues to attract a substantial number at MCI, with the Talisman, MCI's own newspaper, boasting one of the largest staffs it has ever maintained. The editor this year has been William Bryant, a senior from Bath and Errol, N.H., while Emily Snow Sinclair '49, secretary to the principal, has served as advisor. The Trumpet, with John Tibbetts, a senior from Columbia Falls who has been at MCI for three years, as its editor, will be published this June. Norbert Young is the faculty advisor for the School year-book.

SEMINAR — A special group of students with interest in the humanities has been meeting weekly in the In-

stitute Building with Norval B. Lewis, senior English master, and Mrs. Frances L. Piper, chairman of the English faculty. A typical evening meeting finds the group viewing slides of great churches, discussing a novel or piece of worthwhile nonfiction (for example, Hiroshima Diary) and adjourning after an hour or so to the home economics laboratory for refreshments provided through the courtesy of the School. Averaging 12 to 15 in attendance, nearly equally divided between girls and boys, the seminar has been a stimulating experience for the participants.

MUSIC— The musical organizations continue, as always, to fill a very important role in student life at MCI. At Christmas, the season was made more gay with a fine Christmas Carol Concert in George Parks Memorial Gymnasium. This was well-attended by townspeople as well as students and served a fine Yuletide purpose by providing a depository for gifts of food to be used to fill Christmas baskets for the needy in the community.

Continue on next page

On April 5, the musical organizations joined forces to stage another very successful Pop Concert. Choral groups, band, and soloists all performed creditably under the direction of Kenneth MacGregor. In May, selected members of the MCI choral groups and the entire Marching Band are slated to participate in the Eastern Maine Music Festival. Throughout the year, the Band has done yeoman's work at football and basketball games and at athletic rallies, adding much to the atmosphere at these activities.

STUDENT COUNCIL — A new student handbook, the first revision in a number of years, is expected in time for distribution next fall, thanks to the efforts of the 1955-6 Student Council, headed by James Cutler of Lewiston. Dale Hersey '57 of Pittsfield, son of Hugh and Evelyn Farnham Hersey '32-'30, has headed the council committee working on the project, which is reported to be coming along in fine shape. In addition, the Council has carried out its traditional function of supervising Freshman Day and sponsoring the annual Sno-Ball, at which this year

Spencer Havey and Ann Witham, Pittsfield seniors, were crowned king and queen.

F.H.A. — The Future Homemakers of America is easily the most active organization on the MCI campus. This year the group sponsored, among other activities, a highly successful Father-Daughter Banquet in the home economics laboratory. Dean Bert Pratt was the guest speaker. Antoinette DeRaps Buckley '49, faculty advisor to the club and home economics instructor, has worked closely with the girls throughout their program for the year.

WORK PROGRAM — As rising costs make it increasingly difficult for those of moderate means to enjoy the privileges of private secondary school education, MCI is keenly aware that it must do all in its power to offer opportunities for self-help to worthy students or suffer the consequence of having to seek to serve an

entirely different clientele than the School has served these ninety years. Accordingly, the School's student work program grows in importance. This year, thirty-five boys of the seventy housed in Alumni Hall earned a substantial fraction of the total cost of their MCI year by working on campus; most received in addition some scholarship assistance. In Weymouth Hall, fourteen of the nineteen girls were similarly aided through the provision of on-campus employment and the awarding of scholarship grants. Day students also were aided, with ten of them securing campus jobs to assist them with the inevitable expenses attendant upon student life.

PRIZE SPEAKING — This year the Alumni Association, which formerly supported the Alumni Prize Speaking Contest for sophomores, became the sponsor for a new Alumni Contest, in which freshmen as well as sophomores compete. Prizes were awarded to the winners in each division. The freshman winner of the ten dollar prize donated by the Association was Joan Heffren of Pittsfield, younger sister of Vaughn Heffren '42, Allison Heffren Perseille '43, Basil Heffren '46, and Leah Heffren '54. The sophomore winner of a prize in the same amount was Beverly Paige of Caratunk. As the Alumnus went to press, the ten finalists in the annual Manson Speaking Contest were putting the finishing touches on their original essays in preparation for that event. The School's speech director, Mrs. Frances Piper, chairman of the English faculty, was also in the process of selecting students to compete at a speech festival to be held at the University of Maine.

BOOK FAIR — In November, 1955, the English Department sponsored the School's first Book Fair in conjunction with the national observance of Book Week. With the cooperation of the Down East Book Store of Yarmouth, Parks Memorial Gymnasium was literally filled with books of every conceivable type. There were books for the very young, for the hobbyminded, for the lover of fiction, and for the admirer of biography. There was even a wide range in price, as well as in subject matter, so that the child with a dime to spend could leave the Book Fair with a book of his own choice. The School's share of the proceeds from the sale of books was added to the fund for the improvement of the MCI Library.

CROWNED KING AND QUEEN of the Sno Ball last February were Spencer Havey of Pittsfield, son o Arden and Arline Badger Havey '33-'35, grandson of Ray Badger '11, and brother of Allen Havey '54, and Ann Witham of Pittsfield, who joined the senior class last September, when her family moved to Pittsfield from Augusta. Crown bearers were Master Norman Moulton, jr., son of Norman Moulton, housemaster in Alumni Hall, and Miss Mary Lyon, son of Norman R. Lyon '38 and Mrs. Lyon, who is a member of the faculty.

W. HOWARD NIBLOCK

The Alumni Association salutes Principal W. Howard Niblock as he completes his tenth year as head of the School. The Association—its officers and its more than 2,600 members—deeply regret that this is to be Howard Niblock's last year at MCI; they rejoice, however, that he is leaving only to accept a fine position, commensurate with his talents.

To Howard Niblock and to his gracious wife go the heartfelt thanks of the alumni for their warm interest in MCI these ten years and good wishes for their continued success at their new school.

1955 - MCI BUILDERS - 1955

For the fourth consecutive year, the MCI Builders have made a major contribution to the MCI Alumni Fund — and hence to the welfare of the School. This year's Fund has been of assistance to MCI in the support of its expanding scholarship program, in the maintenance of a concert series which does much to enrich student life on campus, and in meeting the important incidental expenditures which are not anticipated in the annual budget, yet which must be met if the School is to function smoothly.

Without the support of the fourteen individuals who became MCI Builders this year through the medium of their gifts in the amount of \$100 or more, which totalled \$1,425.00, it would not have been possible for your Association to be of so great assistance to your MCI.

A SPECIAL CITATION

With the closing of the 1955 Alumni Fund, it is a pleasure for your Association to pay tribute to those alumni and friends of MCI whose gifts in the amount of ten dollars to ninety-nine dollars are responsible in such large measure for the success of the Fund. Each year since its origin in 1953, this citation has been issued to an impressive number of the School's supporters. Beginning with 59 names in 1953, the list grew to 60 in 1954 and last year reached 154 in conjunction with the School's limited objective capital funds campaign. During 1955, your Association is proud to report, the number earning this special recognition was 83.

A Living Endowment

The 1955 Alumni Fund, like the six annual funds which have preceded it, has meant much to MCI. The money it has yielded has helped provide a cushion between continually rising costs and a tuition income which, once set for the year, remains fixed. While the sum is not huge by the standards of our times, the \$3,309.05 realized is equivalent to the return on an endowment of \$82,726.25, figured at 4%. This, incidentally, is appreciably more than the \$2,469.99 received last year as income on the School's invested endowment.

Even more gratifying is the fact this living endowment comes to MCI from 297 individuals, who choose this way of expressing their faith in the School and their desire to see it continue its good works. The average gift amounted to \$11.14, less than last year's record \$24.30, achieved during a limited objective capital funds drive.

Those whose names appear in bold type are members of the Dollar-A-Year Club by virtue of the fact their gifts equal in dollars the number of years since their graduation from MCI.

CLASSNOTES

1874

The warm wishes of the alumni were sent to Mary Weymouth Dodge as she celebrated her 101st birthday November 6, 1955.

1883

The Reverend Roscoe Nelson, pastor emeritus of the First Church of Hartford (Conn.), was greeted by a large congregation as he preached the sermon on June 26, 1955, the 63rd anniversary of his becoming pastor of the church in 1892. Mr. Nelson served his church as pastor for 40 years, achieving a reputation as a forceful speaker. His sermon last June indicated he still possesses a forceful delivery.

1885

The Alumnus regrets to report the death of Fannie Willard Munds in June, 1955. Sorry, no more details available.

1886

The Alumnus regrets to report the death of A. May Drake Rice last July as reported to the Alumni Office by Mary Walker Spear '90. Mrs. Rice taught at MCI after graduating, and Mrs. Spear was one of her students.

1887

Friends and neighbors held a surprise party in his honor when the Reverend Charles H. Johonnett of Palmyra celebrated his 92nd birthday on November 7, 1955. The previous day, Reverend Johonnett made his own celebration by preaching in the Palmyra church which he had served as pastor for 30 years. Mr. Johonnett is in excellent health and again last summer enjoyed the distinction of being the oldest alumnus present at the Midsummer

Cecelia Haskell Burr is living in Wiscasset with her sister, Helen Haskell MacFarlane

1888

The Alumnus regrets to report the death of Chauncey C. Ferguson, 86, last December in a Lynn, Mass., hospitel. He was graduated from Bates College in 1892 and returned to MCI to teach the following year. Mr. Ferguson then taught in several New England schools before becoming superin-tendent of a West Brookfield-Sturbridge-New Braintree school union in Massachusetts. Later he became superintendent of the Milbury-Oxford school union, a position he held for 25 years prior to his retirement in 1938. He had been a resident of Milbury 45 years, serving as trustee of the Milbury library for a number of years. Mr. Ferguson was one of the better known collectors of Indian relics in New England New England. His interest in early American history was well founded, as three of his ancestors came to this country in the May-

The Reverend Joseph Bertram Coy is the sole surviving member of this class, according to the records in the Alumni Office. His address is 75 Odell Avenue, Beverly, Massa-

chusetts.

1889

Mr. and Mrs. Everett E. Libbey, who live on the Newport Road in Pittsfield, are spending the winter months with their daughter and family, Betsey Libbey Williams '37, in Lynnfield Center, Massachusetts.

1890

The Alumnus regrets to report the death of Clarendon Joseph Worthen on May 2, 1955, after a brief illness. Mr. Worthen, who was 84 years old, was known throughout Maine as a trotting horse owner and had been a dealer in horses in Bangor for many years.

In January, Mary Walker Spear resigned from the Pittsfield Tuesday Club and was made an honorary member. Since breaking her hip several years ago, she has been more or less confined to her home on Main Street.

The Alumnus regrets to report the death of

Florence Hilliker Hanson at a Hartland hospital on February 23 following a long period of failing health. She had lived in St. Albans almost her entire life. Survivors include her grandsons, Winston E. Hanson [25] at Parion Hanson [24]. '35 and Brian Hanson '49.

1892

Dorothy M. Elliot, 10 Coburn Avenue, Skowhegan, sent cordial greetings to everyone at MCI and thoughtful words of praise for the school.

The Alumnus regrets to report the death of Annie Holmes Smith, 92, at a Hampden convalescent home on December 15, 1955. A life-long resident of Hampden, she had been

a teacher in the local schools.

The Alumnus regrets to report the death of Mary Connor Lawrence at her home in Unity on November 15, 1955, after a long illness. Mrs. Lawrence spent the greater part of her life in Illinois and California until her husband's retirement ten years ago. She was the last descendent of Col. James Connor, a Maine colonel in the Revolutionary War.

The Alumnus regrets to report that word has been received of the death of Leon R. Rowe. Mr. Rowe, who provided the Alumnus with an interesting set of autobiographical notes for publication in the April, 1953, issue, returned from Argentina about three years ago. His death occurred very suddenly as he was on a business trip in the South. A native of Newport, Mr. Rowe had been engaged in the export and import of wool waste throughout most of his long lifetime. So far as the *Alumnus* has been able to ascertain, he is survived by his wife, the former Annie von Maibom, an authoress whose works have been published under the name "Anne Rowe."

The news of Mr. Rowe's death reduces to four the number of living members of this class. In addition to Dorothy Elliot, they are Florence Young Bean of 116 Academy Street, Poughkeepsie, N. Y.; Maude Brackett Hyde of 34 Winchester Street, Brookline, Mass.; and Hattie French Peabody of

8 Lee Street, Lincoln, Me. 1893

1905

The alumni secretary was pleased to learn from Adah Clark Brown that she is gaining and now is able to go out for short periods of time. Her main purpose in writing was to inquire if the Alumnus had been sent and perhaps lost in the mail — so glad she enjoys it that much. She also mentioned having met Norma Tewksbury '40 and Lelia Patten Gilman '01 in California. Address: 1309 Minna Street, Apt. 4, San Francisco 3, California.

A letter from the class secretary, Charles Snow of Fryeburg, reveals that Mildred Schermerhorn is "not too well." To her at 508 East Second Street, Jamestown, New York, go the best wishes of the alumni.

Ida Tibbetts Schenk, a devoted home economics teacher if ever there was one, reports that she has reached retirement age and has finally completed her long teaching assignment. If one may judge by appear-ances, Mrs. Schenk, who was at the Mid-summer Reunion for her 50th last summer, is by no means ready for retirement.

Mary Sweetland, who lives at 26 Linden Avenue in Cranston, Rhode Island, has partially restored her beloved bird sanctuary, destroyed by the 1954 hurricanes.

Eva Springer Allen writes that she is now retired from teaching and lives at 8 Roberts Square in Bar Harbor.

Myrtle I. Pushor of 37 Atwater Street Westfield, Mass., is teaching at Westfield High School. In the same town we find Hazel Pushor Reagan living at 40 Atwater Street.

All of us at MCI hope that you do not feel that you need an invitation to visit the School at any time, and certainly not on Homecoming Day, August 4, 1956, but if you do, this is it! You may be assured of a warm welcome whether or not you are a member of the one and six classes, many of which will be holding special reunions.

If you need accommodations overnight, Alumni Hall will be available to provide housing. Simply drop the alumni secretary a postal card, letting him know how many will be in your party, and he will take care of the rest. Unfortunately, the School does not own and cannot provide bedding or towels, but comfortable beds with private baths are yours for the asking - and there is absolutely no charge.

Whether you accept this invitation or avail yourselves of the superior accommodations at the Lancey House, please come. The bigger the crowd, the better the time. Remember, YOU can never enjoy a Homecoming Day until you attend one!

Thanks to Ray Badger '11, we now have a correct address for Joseph L. Badger: Holly Hill, Camden, Me.

A new address finds Delbert O. Fuller at Isle of Springs, Me.

GRACE MILLS COOK '91 REVIEWS LIFETIME OF MCI TIES

Sixty-five years is a long time to keep memories of ones Alma Mater fresh and endearing, but the ties that have bound Grace Mills Cook of the Class of 1891 to MCI are strong and enduring.

As a vivacious young student of the "Gay Nineties," Grace Mills came from her home in Palmyra, entered into the exciting life of the campus, met the man who was later to be her husband, and graduated with but one goal in mind — to assist her fiance through medical school and on to a doctor's career.

After her marriage to Jesse E. Cook of the Class of 1890 and his graduation from Dartmouth Medical School, they located in Unity, Maine, where for the next fifteen years their life was a busy one, filled with the long hours of hard work and fascinating

experiences that go with the life of a country doctor.

This period of her life came to an end with the death of Doctor Cook in the fall of 1909, when she moved with her son Sanger to her ancestral home in Palmyra. There she taught school, took care of her aging parents, and looked after the education of her child, who followed in his parents' footsteps and was graduated from MCI in 1917. After his graduation from Bowdoin, he returned to MCI as a teacher, and his mother came to live with him.

In the years that followed, Mrs. Cook took an active part in the life of Pittsfield, getting particular enjoyment from the events on the campus. She especially enjoyed, and does today, speaking contests. While a student herself, she used to take

part in "elocution" exercises and later never failed to attend the Manson Essay Contests and Freshman and Sophomore Prize Speakings.

Today, as she looks back over the years, she marvels how closely her life has been associated with MCI; not only did both she and her husband graduate from the school, but her son, after graduating, taught on the campus for nearly twenty years, and her daughter-in-law, Ruth Plummer Cook, was head of the music department for nearly twenty-five years.

As one of the oldest graduates of the school, and one who has watched its progress for more than half a century, she retains a deep interest in all its activities and is confident that the future promises continued growth and service.

About Homecoming Day

Plans are already underway to make the sixth annual Midsummer Reunion on August 4, 1956, an outstanding event in the history of your Alumni Association. The executive committee has been giving consideration to ways and means of improving this annual affair, and it is to be hoped that out of their planning will come an even better time for all.

The five previous Midsummer Reunions have met with a generally favorable reception from those who have attended. Your Association's officers have tried conscientiously to improve each year's program, paying careful heed to the suggestions advanced by individual alumni.

This year, acting on the suggestion of an interested alumnus who no doubt was speaking for a good many, we plan to alter still further the pattern of the Homecoming Day program.

One thing, however, will never change: the whole affair will only be a success if it is well attended. You, as an individual alumnus, can never have a good time at Homecoming Day unless you make the effort to attend. If you do, we'll venture to predict you'll enjoy yourself.

Several of the reunion classes (this year, those ending with "6" or "1") are already making plans for special class gatherings during the day. The members of those classes are being contacted by interested classmates, and everything points toward fine reunions for those groups. It should be

remembered, however, that Homecoming Day is not the exclusive property of a few reunion classes; to the contrary it is a day set aside for all who have attended MCI to return once more and to enjoy meeting old friends amid familiar surroundings.

Why don't you begin now to make your plans for a day back at MCI on August 4?

Pittsfield Revisited

Pittsfield played host to a most enthusiastic visitor last summer when Fred Salley, a member of MCI's Class of 1888, paid his first visit to his hometown in fifty-two years. Now a resident of Clearwater, Florida, Mr. Salley made his headquarters at the Lancey House and seemed thoroughly to enjoy re-visiting old friends and familiar places during his week's stay. His last previous visit to Pittsfield took place in 1903.

Mr. Salley left Pittsfield following his graduation from MCI and joined the staff of the Messenger Paper Company in Chicago. He remained with this firm until his retirement as vice president of the company six years ago. He now lives in retirement with his wife in Clearwater and speaks enthusiastically of his Florida home

Among those visited by Mr. Salley while he was in Pittsfield were Mrs. Foss Parks, Miss Amorette Porter '05, Miss Minnie Porter '01, and Earle E. Friend, sr., '19, whose father, the late Harry Friend '88, was one of his MCI classmates.

Thomas F. Connor

MCI lost one of its most loyal friends of longest standing on October 13, 1955, when death claimed Thomas F. Connor, dean of Pittsfield merchants and forty years a trustee of the School.

Earlier generations of MCI graduates will well remember Mr. Connor, who was a prominent Main Street merchant for decades before his retirement in 1930. In later years, he lived a quiet life in his attractive home on Franklin Street.

Mr. Connor was a prominent Mason, being a past master of Meridian Lodge of Pittsfield, a past high priest of Ira Berry Chapter of Royal Arch Masons, a past district deputy grand master of Maine District No. 22, a member of the Past District Deputy Grand Masters' Association, a member of the Association of Past High Priesthood, and a past worthy patron of Bethlehem Chapter, Order of the Eastern Star. He was also a member of the Waterville Commandery, Knights Templar; the Augusta Lodge of Perfection, Princes of Jerusalem and Rose Croix; Portland Consistory: and was a 32nd Degree Mason.

In addition to his long service to Maine Central Institute and to the Masonic Order, Mr. Connor had been generous of his time and talents in the service of his town. He had been town treasurer for fifteen years and had served a similar period as a member of the Pittsfield Cemetery Trustees.

The 1956 Alumni Fund

This year marks the eighth year your MCI Alumni Association has sponsored an annual alumni fund. It would probably be the understatement of the year to say that it promises to be the most important of the eight.

With the School committed to the construction of a \$150,000 building in order that it may continue to provide superior educational opportunity to its students, MCI will more than ever be grateful for all the support her alumni can provide.

Every dollar your Association can turn over to the School's treasurer this year is another dollar the School will not have to borrow and pay interest on.

Pittsfield's citizens have already demonstrated their belief in the School's worth. If the 2,600 who make up the Alumni Association will, through the medium of the 1956 Alumni Fund, register their faith in MCI, the School should complete this essential improvement with flying colors. The result will be a better MCI in the years ahead — a school that will stand as a memorial to all those who have through their loyal support made possible its continued service.
