Pathway Completed: Culinary Arts

How did completing a CTE Career Pathway prepare you for life after high school—college and career?

By taking the culinary, foods, and baking classes it has prepared me for going into the culinary field. It made me realize what I want to do with my life and what I am strong in. It has been one of my few classes where I've done exceptionally well and thoroughly enjoyed myself. I never knew what I was going to do after highschool but through these classes and learning more about the jobs ~~possibilities~~ in the culinary world, it has made me excited for what's to come.
