The Merced County Office of Education waives its right to require other Districts and offices to draw their warrants in the favor of the Merced County Office of Education, as provided by Public Contract Code section 20118 et. seq.

## B. PREPARATION OF BIDS

1. Before submitting a bid, each bidder is expected to thoroughly examine the specifications, General Conditions, and all other related contractual documents. Failure to do so will be at the bidders risk, and will not bar the bidder's obligation to perform if a contract is awarded pursuant to this Invitation to Bid.
2. Each bidder must become satisfied by personal examination and by such other means as may be preferred as to the actual conditions and requirements under which the contract will be performed.
3. **All bids must be returned in duplicate (this means the original *plus* one (1) copy of every bid document**, General Condition sheet, and Supply List of the group bid). Vendor must place company name at the top of each page of every supply list submitted. **Failure to do so will subject the bid to disqualification.**
4. No bid or modifications received after the time specified in this Invitation to Bid will be considered for award. Any bidder may withdraw his or her bid

personally or by written request at any time prior to the scheduled closing date and time for receipt of bids.

5. Changes, additions, counteroffers, or any other modifications which are not specifically called for in the bid will cause the bid to be rejected as not being responsive to the Invitation to Bid.
6. If any bidder finds discrepancies in, or omissions from, the bid documents, a written request for clarification may be submitted prior to **ten (10) days before the bid due date**. A copy of the request for clarification and the response thereto will be emailed to all bidders.
7. Corrections will be made by addenda issued to each bidder. All addenda issued during the time of bidding shall be incorporated into the bid. The MCOE will not be responsible for oral interpretations.
8. All information requested of the bidder shall be entered in the appropriate space on the form. Corrections, if necessary, must be initialed by the person signing the bid, in the margin adjacent to the correction. Failure to initial corrections may cause rejection of the bid.
9. All bids shall be signed in longhand in blue ink. The vendor must insert the company name and initial each page of the general conditions. Failure to identify, sign, and initial bid documents may cause rejection of the bid.
10. All items bid shall be new and unused.

### **C. PROTEST PROCEDURE**

Any Bidder submitting a Bid Proposal to the MCOE may file a protest of the MCOE's intent to award the Contract provided that each and all of the following are complied with:

- (1) The bid protest is in writing;
- (2) The bid protest is filed and received by the MCOE's Director of Facilities & Support Services, not more than Three (3) calendar days following the date of Bid Opening; and
- (3) The written bid protest sets forth, in detail, all grounds for the bid protest, including without limitation all facts, supporting documentation, legal authorities and argument in support of the grounds for the bid protest; any matters not set forth in the written bid protest shall be deemed waived. All factual contentions must be supported by competent, admissible and creditable evidence.

Any bid protest not conforming to the foregoing shall be rejected by MCOE as invalid. Provided that a bid protest is filed in strict conformity with the foregoing, the Director of Facilities & Support Services shall review and evaluate the basis of the bid protest. The Director of Facilities & Support Services shall provide the bidder submitting the bid protest a written statement concurring with or denying the bid protest. Based on this statement, the Assistant Superintendent of Business Services will render a determination and disposition of a bid protest by taking action to adopt, modify or reject the disposition of a bid protest. A determination by the Assistant Superintendent relative to a bid protest shall be final and not subject to appeal or reconsideration.

All the above requirements, including a final determination by the Assistant Superintendent, shall be express conditions precedent to the institution of any legal or equitable proceedings relative to this bid. In the event that any such legal or equitable proceedings are instituted and the MCOE is named as a party thereto, the prevailing party(ies) shall recover from the other party(ies), as costs, all attorneys' fees and costs incurred in connection with any such proceeding, including any appeal arising therefrom.

#### **D. PRICES AND UNITS OF ORDER**

1. MCOE requires standard packaging sizes for bidding and distribution. Prices must be listed and sold in units specified (i.e., EA., CS., BX., PK., etc.). Units of product must contain at least the amount of product specified. Items bid containing a quantity of product less than specified will be subject to rejection. Items bid containing a quantity of product greater than specified will not be given preference, except in the case of a tie bid, in which case the item with the greatest quantity of product, meeting all other requirements, will be awarded the bid.
2. All prices and notations must be typed or written in ink. Unless otherwise called for or specified, prices bid will be considered as net. Verify all prices before submission since they may not be corrected after bids are opened. Prices must be firm as a maximum cost with discounts applied. All prices will remain firm through July 31, 2023. Any proposed increase requests must be accompanied by written evidence from the manufacturer of the product(s), substantiating the increase. The MCOE reserves the right to either grant the increase or purchase the item(s) elsewhere.
3. State and local sales tax and use tax are not to be included in bids. Such taxes will be separately listed on billing invoices, and will be paid by the MCOE.

## **E. DELIVERY**

1. All items shall be bid F.O.B. destination, per Uniform Commercial Code Section 2-319 (b), to one location per Purchase Order.
  - (A). The bidder is required to absorb the delivery costs in the unit price of the item(s) for all items ordered (excluding sales tax).
2. The delivery date shall be stated as the number of calendar days following receipt of the order by the vendor to receipt of goods by the MCOE. Lack of ability to deliver by the specified delivery date will cause a bid to be rejected as not responsive to MCOE Requirements. Consistent late deliveries for bids awarded will be viewed as a material breach of the contract, and may be sufficient cause to remove bidder from the approved vendor list for subsequent bids. (See "Default section).
3. **THE MCOE REQUESTS BIDS ON ITEMS ONLY FROM FULL-TIME STOCKING DEALERS.** Therefore, it is required that the vendor will have the capability of supplying items awarded within **fourteen (14) calendar days** after receipt of Purchase Order.
4. **Exceptions to this delivery requirement must be noted for each such item on the bid.** The MCOE reserves the right to reject items if delivery dates specified do not meet the specified requirements.
5. The MCOE or school districts shall not be liable for any delivery, storage, demurrage, packing, or freight charges involved in the shipment of the item(s), except as here noted.

## **F. BRAND NAMES / SPECIFICATIONS**

1. If two or more brands are specified, followed by the word "only," bidders must bid the brands specified. Items not meeting this requirement will be subject to rejection. If items called for in this Invitation to Bid have been identified by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory. Bidders offering "equal" products including products or brand names of manufacturers other than the one(s) specified will be considered for award if such products are determined by the MCOE to meet fully the salient characteristic requirements referenced in the Invitation to Bid.

2. Bidders must indicate the manufacturer (or brand) name and stock number for each item bid. Unless the bidder clearly indicates that he/she is offering an "equal" product, the bidder shall be considered as offering a brand name product referenced in the Invitation to Bid, specifications, or related bid documents.
3. If the bidder proposes to furnish an "equal" product, the brand name (and/or stock number, if applicable) of the product to be furnished shall be clearly identified in the bid. The evaluation of bids and the determination as to the quality of the product offered shall be the responsibility of the MCOE and will be based upon information reasonably available to MCOE Purchasing. **CAUTION TO BIDDERS:** The MCOE is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the MCOE. Accordingly, to insure that sufficient information is available, the bidder must furnish as a part of his/her bid all descriptive material (such as samples, specifications, illustrations, brochures, lab reports, and other information) necessary for the MCOE to (1). determine whether the product offered meets the salient characteristic requirements of the Invitation to Bid, and (2). establish exactly what the bidder proposes to furnish and what the MCOE would be binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the MCOE.
4. If items bid are to be shipped in case lots only, the bidder shall so specify on the bid form and indicate the applicable case size. The MCOE reserves the right to award to other than the low bidder, if in its opinion, case lot shipments would restrict or prohibit the MCOE or school districts from placing orders.

#### **G. SAMPLES**

1. Samples of articles, when requested, shall be furnished free of cost of any sort to the MCOE. Each sample submitted must be marked in such a manner that the identification of the sample is assured. Samples submitted shall create an express warranty, per the Uniform Commercial Code Section 2-313.
2. Samples, when requested, must be received by the MCOE within ten (10) working days of the faxed or postmarked date of the request for samples. Failure to provide requested samples in a timely manner will cause the item to be subject to rejection.
3. Samples which are not destroyed by testing, or which are not retained for future comparison will be available for return to vendor for a period of thirty

(30) days following the evaluation period, upon written request, and at vendor expense.

## **H. HOLD HARMLESS**

1. The vendor shall save, defend, hold harmless, and indemnify the MCOE against any and all liability, claims, and costs of whatsoever kind and nature for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operations, or performance of work or supply of material under the terms of this contract, resulting in whole or in part from the negligent acts or omissions of contractor, and subcontractor, or any employee, agent, or representative of contractor or subcontractor.
2. The vendor shall hold the MCOE, its officers, agents, servants, and employees harmless from liability of any nature or kind, including the use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented invention, articles, or appliances furnished or used under this bid. The contractor agrees to defend, at his own expense, any and all actions brought against the MCOE or himself because of unauthorized use of such articles.

## **I. INSURANCE**

1. The vendor agrees to maintain insurance adequate for protection from claims under Workers Compensatory Acts, and from claims for damages for personal injury, including death and damage to property, which may arise from operations under the contract.

## **J. DEFAULT BY BIDDER**

1. The MCOE or school districts may, by written notice, terminate the whole or any part of its order under this agreement if:
  - (A). The vendor fails to deliver supplies within the time specified;
  - (B). The vendor fails to perform any of the other provisions of this agreement and does not cure such failure within a period of ten (10) days (or such period as the Purchasing Agent or Officer may authorize in writing) after receipt of notice from the Purchasing Agent/Officer specifying such failure.
2. In case of default by bidder, the MCOE may accept the bid of the next lowest responsive bidder or otherwise procure the articles or services from other sources and may deduct from any monies due, or that may thereafter

become due to the vendor, the difference between the price named in the contract or Purchase Order and the actual cost thereof to the MCOE. Prices paid by the MCOE shall be considered the prevailing market price at the time such purchase is made. The vendor shall not be liable for such excess costs if the failure to perform arises out of causes beyond the control and without the fault or negligence of the vendor. Such cause include, but are not limited to, acts of God, acts of the government, acts of the school districts or anyone employed by them, floods, epidemics, strikes, embargoes, unusually severe weather, or delays of subcontractors or suppliers due to such causes.

3. Default by the bidder will be judged sufficient cause to remove bidder from the approved vendor list for subsequent bids.
4. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the Purchasing Agent.

#### **K. ATTORNEY FEES**

1. In the event that suit or action is brought by either party in this contract to enforce any of the rights hereunder, the prevailing party shall be entitled to recover such additional sums as the court may adjudge reasonable attorney fees.
2. It is agreed that any legal disputes arising from this agreement will be subject to judgment by a Court in the County of Merced, California.

#### **L. WARRANTY**

1. All supplies furnished under this agreement will be free from defects in material or workmanship, and will conform with the specifications and other requirements of the contract. (Uniform Commercial Code Section 2-314).
2. The MCOE and school districts require prompt correction or replacement of any supplies that do not conform with the requirements of this agreement. When return, correction, or replacement is required, the vendor shall be responsible for all transportation costs and responsibilities for the return shipment of nonconforming supplies.
3. If the vendor fails or refuses to correct or replace the nonconforming supplies within a period of ten (10) days (or such longer period as the MCOE or school district may authorize in writing) after receipt of notice specifying failure or refusal, the MCOE or school district may deem the vendor to be in default of the contract.

**M. ASSIGNMENT OF CONTRACT**

1. The contractor shall not assign the whole or any part of this agreement or any payment due or to become due hereunder, without the written consent of the MCOE and all sureties who have executed bonds on behalf of the contractor in connection with this contract.

**N. AWARD OF BID**

1. The MCOE will award to the lowest responsive and responsible bidder, or else reject all bids. (Public Contract Code Section 20111). The MCOE reserves the following additional rights:
  - (1). To award items on the bid only to vendors who are the lowest responsible/responsive bidders for twenty (20) or more items. If a vendor is the lowest responsive and responsible bidder on twenty (20) or fewer items, that bidder will be disqualified, and the item(s) will be awarded to the next lowest responsive bidder. The MCOE reserves the right to award to a bidder who is low on fewer than twenty (20) items only if there are no other qualified bids for the item(s).
  - (2). To reject any or all bids, or any part thereof;
  - (3). To waive any minor informality or irregularity in the bid.
2. A written notice of award mailed to or otherwise delivered to the vendor within 10 days of the date of bid opening shall create a binding contract without further action by either party.

**O. SAFETY**

1. **A copy of the latest Material Safety Data Sheets (MSDS) shall be made available by the vendor to any requesting district for items requiring such information.** MSDS sheets shall conform to the requirements of section 5194, Title 8 of the California Administrative Code. Failure to submit requested MSDS may disqualify bid.
2. Bidders should be aware of the labeling requirements for art or craft materials as set forth in Sections 28795-28796 of the Health and Safety Code, ASTM D-4236, and other applicable codes. Items, as determined by the MCOE, which do not meet these provisions should not be bid, and shall not be awarded under this bid.

3. **Vendor must submit a copy of the approval from the State Fire Marshall for all items required to be treated with fire retardant (i.e., "Art Craft Paper").** Failure to submit requested approval documentation may disqualify bid.
4. **The vendor must supply the MCOE with written proof that an item is "CP" or "AP" certified as non-toxic for items as requested.** This may be indicated on the MSDS sheet, certification on a sample box, or other documentation. Failure to submit requested documentation may disqualify bid.
5. **The district values products which minimally impact air quality. All bidders are encouraged to seek out and include such products in responding to this bid, where applicable.** Notwithstanding the foregoing, bids will not be given preference based upon their inclusion of such products, nor will bids be given less consideration based on the absence of such products.

**P. PERMITS AND LICENSES**

1. The vendor and all of his or her employees shall secure and maintain in force such licenses and permits as are required by law, in connection with the furnishing of materials, articles, or services listed herein. All operations, materials, handling, transportation, labeling, and production shall comply with all Federal, State, and local laws.

**Q. INVOICES AND PAYMENTS**

1. Unless otherwise specified, the vendor shall render itemized invoices to the ordering district in duplicate for materials delivered under this Bid, per Section 42634 of the California Education Code.
2. All invoices and packing lists must reference the Purchase Order number. Payment shall be made within thirty (30) days after receipt of correct invoice(s) and acceptance and approval of supplies furnished under the terms of this Bid. The MCOE and school districts cannot pay late charges or finance charges.

**R. BID DOCUMENTS**

1. The complete bid packet includes each of the following documents: Invitation To Bid, General Conditions, and supply lists. Any of these, as well as subsequently issued addenda, shall be interpreted to include all the provisions of the other documents as though fully set out therein. The

Vendor Name: \_\_\_\_\_ Initials: \_\_\_\_\_

bidder should become fully acquainted with the conditions and terms affecting the performance of this agreement. Submission of a bid shall be taken as prima facie evidence of compliance with this provision.

2. In order to be considered for award, bids must be returned on forms furnished by the MCOE. Failure to do so will disqualify the bid. (Public Contract Code Section 20111.5(c)).

#### **S. CUSTOMER SERVICE**

1. Customer Service Representatives must be available during the school year to service the schools with technical knowledge and other assistance, when required.

#### **T. ORDER LIABILITY**

1. Any liability created by Purchase Orders issued against this agreement shall be the sole responsibility of the school district placing the order.

#### **U. CERTIFICATION OF NON-COLLUSION**

1. The prices quoted have been arrived at independently. Bid prices will not be disclosed to other bidders or potential bidders. Furthermore, I attest that no attempt has been or will be made to induce any other entity to refrain from bidding or to submit any complementary Bid on the proposed contract, and that the Bid is made in good faith.
