Principal's Den

Dear LES families,

I can't believe this is the last Principal's Den of the school year! Wow! This year absolutely flew by! Before you know it, summer vacation will be here!

Thank you to all the families that came to support our music and art program during our Fine Arts Day. We were so happy to share a day of music and art with you. The LES musical, Aristocats, will be performed over 2 evenings in May. A flyer with information on how to purchase tickets will be coming home soon.

The end of the year is a time for celebrating the accomplishments of our little lions! Grade levels will be conducting their end of the year awards day celebrations and picnics over the next several weeks. Be on the lookout for information from your child's teacher regarding awards celebrations.

My staff and I hope you have a restful summer filled with all the joys that summertime brings. Happy Summer!

Respectfully,

Mrs. Patton

Summer Screen Time

The lazy days of summer are filled with summer camps, family vacations, and sleeping in. Summer months can also mean an increase in the use of technology for children. Mrs. Giles serves as our Building Level Instructional Technology Specialist, and she has found a great resource for parents that helps families establish screen time guidelines. I've also attached a family tech planner for you to use with your child. We hope this is useful as you begin to plan out your child's summer vacation.
