

LEHIGHTON AREA MIDDLE SCHOOL

The Marvelous Middle School March Madness was held this week. Monday and Wednesday students completed the Science CDTs. This is important to identify strengths and weaknesses of the Science curriculum. CDT testing was taken by half of the students on Monday while the other half of the students participated in March Madness activities. On Wednesday, the students tested or competed in the opposite activity. During March Madness each college team homeroom competed in basketball games, foul shot competitions, completed research about the colleges that they are representing and created LAMS Marvelous March Madness logo designs. The 7th and 8th grade band played for the Finals Competitions that were held on Thursday and we even had a student dress as the college mascot for their homeroom.

Here are the winners of Boys Foul Shot Competition, Graphic Design of March Madness Logo, Hand Drawn design of March Madness Logo, and winners of March Madness Basketball Competition (1-Arizona, 2-Villanova, 3-Texas).
